University of Newcastle Science & Engineering Challenge

The Science and Engineering Challenge is a nationwide STEM outreach program presented by the University of Newcastle in partnership with communities, Rotary clubs, universities and sponsors.

Through the Challenge, students experience aspects of Science and Engineering which they would not usually see in their school environment. The Challenge runs a range of programs but focuses on inspiring students in year 10 to consider a future career in science and engineering by choosing to study the enabling sciences and mathematics in years 11 and 12.

THE STRUCTURE OF THE SIMULATED UMAT DAY

Whether you are in Year 10, 11 or 12, our face-to-face full day UMAT workshop is an excellent chance for you to assess your UMAT knowledge and discover what areas need the most attention. The workshop includes 5 hours of tuition time to cover every section of the UMAT, the various types of questions to be encountered and how to tackle them, and of course Medical Interviews.

After a short lunch break, students will be sitting full strength, 3 hours UMAT mock paper under strict test conditions. Our past students always say that this part of the day is a very similar experience to the one when attempting the real UMAT. So why not put yourself through this experience and identify your strengths and weaknesses before the actual big day.

The Simulated UMAT Day is finalised by scoring the test, answering students' questions, and providing advice and recommendations. Make sure you take the opportunity to meet and discuss the UMAT with our expert teacher and ask any questions you may have.

Please note, places for this event are strictly limited and registration is required.

Register online at <http://www.nie.edu.au/simulated-umat-day-form/>

Alternatively, browse our website to see what you can gain by truly preparing yourself for one of the biggest days of your life. If you are serious about a career in health and considering structured UMAT preparation, we also highly recommend our Platinum, Premium or DLP UMAT Courses.

TAFE and COLLEGE INFORMATION

Year 10 - Stage 5 – 100hr TAFE Courses

Tafe have just released two 100hr courses in our area available to Year 10 students. See table below. If you would like to apply for either of these courses please see me ASAP for an application form.

They will be delivered one day per week, across Terms 2 and 3.

It is the expectation of the school that students attending these courses catch up on all work missed during their attendance at TAFE. This equates to 20 days of school missed and work to catch up on. Plus; please be aware that students are to make their own way to and from TAFE and are not supervised by a teacher from Cronulla High.

WORK EXPERIENCE OPPORTUNITIES

GoIT Girls work experience program

Tata Consultancy Services (TCS) would like to invite your students to participate in the GoIT Girls work experience program.

Science, Technology, Engineering, and Mathematics (STEM) are at the forefront of innovation across the globe. However, in Australia, growth in the IT industry faces two significant challenges; a skills shortage and an under representation of women in the industry.

The TCS GoIT Girls work experience program aims to:

- Inspire students to consider future studies and a career in IT
- Provide insight into varied roles within an IT company and the business world
- Empower students to design and develop IT projects
- Complement the school curriculum

The program has four focus areas:

1. Technical IT skills
2. Employability skills
3. Female role models in technology
4. Experiences within the technology industry

Program dates:

Sydney

19 March – 23 March 2018

4 June - 8 June 2018

27 August - 31 August 2018

19 November - 23 November 2018

Time:

The program takes place at the TCS office from 9.30am – 4pm each day.

Location:

Sydney - TCS office, Level 6, 76 Berry Street North Sydney

Eligibility:

We would like to invite your female students in year 10 and 11, aged 15-17, to participate in the program. Note, students do not require any background in IT to participate.

For more information and to apply, please ask students to visit www.tcs.com/go4itanz
