Application Package

PROGRAMS TO SUPPORT LEARNING

Cronulla High School has a committed and enthusiastic teaching staff who are determined to maintain and to further improve our record of adding value to your child's performance. We have a number of programs in place to support student learning, some of which are described below.

The Learning and Citizenship Passport

Student achievement in the areas of Learning & Citizenship is recognised and re-enforced at Cronulla High School by the use of multi-level merit system. Students are responsible for maintaining their Folder and all certificates for the entire time they are at Cronulla. Students can reach bronze, silver and gold levels through their efforts. The award of the gold medal includes a \$100 cheque from the P & C in recognition of long and outstanding achievement.

Our merit system is based on six key learning and citizenship skills and values:

- | | |
|-----------------------------|-------------------------|
| 1. Critical Thinking Skills | 4. Interpersonal Skills |
| 2. Academic Skills | 5. Creativity Skills |
| 3. Citizenship Skills | 6. Self-Managing Skills |

Recognising Achievement

Academic, sporting, cultural and community achievements are recognised and rewarded at Cronulla High School with a range of prizes and awards over and above the Learning & Citizenship Passport. Cash performance incentives are donated to the school by businesses and individuals in the community. These groups actively support our goal of recognising student achievement. These include: academic, sporting and performing arts awards and scholarships. The P&C also fund awards to the first three place-getters in each year's HSC and subsidise the costs of students representing the school in a variety of activities covering leadership, sporting, performing arts, debating activities etc. This array of awards ensures that achievement is publicly recognised and valued across the school.

Teaching Teams

All teachers of extension classes meet together regularly as a team to discuss the progress of individual students and to jointly plan learning programs for the 7C class. This helps to ensure that innovative teaching methods are shared and that each student's learning is carefully monitored.

Homework Centre

The Homework Centre will run every Wednesday, before and after school. Two teachers will be in the library from 8am to 8:40am and 3:10 to 4pm, to help students with their studies, whether it be homework, assessment tasks, or just providing a space for students with computer and printer facilities. The Homework Centre is a valuable tool for students to maximise their study time.

Careers Adviser

A full time careers adviser will work with students from Year 9 onwards. Work placement opportunities begin in Year 9, so that students may experience a variety of careers and begin defining their goals for the future.

Welfare Team

Counselling and advice on personal, emotional and family issues are available from the school counsellor, year adviser and girls' supervisor. All staff members, including the principal and deputy principals, are committed to helping students with any problems they face.

Information Technology

Computer based learning is integrated across the curriculum and each student in Years 7 and 8 undertakes Computing Studies. The library computers as well as those in the library's computer room are available to students at recess and lunchtimes.

Cronulla High School is a BYOD school. Information regarding recommended devices can be found on the school website www.cronulla-h.schools.nsw.edu.au under the Media / BYOD tab.

Extra Curricular Activities

A wide range of activities are available including:

- Duke of Edinburgh's Award
- Junior & Senior Dance Ensembles
- Junior & Senior Drama Ensembles
- School Concert Band
- Instrumental Ensembles
- CHS Vocal Group
- Resuscitation and First Aid Certificate Courses
- Senior Student Mentor and Study Support Schemes
- Mathematics, Science, English and Computing Competitions
- Debating and Public speaking
- Student Leadership Training
- Environmental Group
- Interschool Snowsports Team
- FI Challenge
- Short film festival

THE SELECTION TEST

The Australian Council for Educational Research (ACER) provides and marks our selection test. We supervise the students who sit the test.

The test aims to:

- Provide an independent and objective measure of student performance and
- Identify a student's relative strengths and weaknesses.

The selection test comprises the following sections:

Reading Comprehension	-	45 minutes
Written Expression	-	25 minutes
Mathematical Reasoning	-	40 minutes

A short break will be given between tests 2 and 3.

Costs associated with testing

A **\$50 fee** is required to cover the cost of external testing, marking and reporting results.

Reporting Results

Parents will receive letters detailing their child's individual results. Cronulla High School will make offers of places in the 7C (for Cronulla) extension class based on the order of merit. A waiting list will also be established. Additional information may be attached to the test registration form. This may be taken into account by the school in cases where students achieve similar levels of performance in the selection test.

IMPORTANT - PLEASE NOTE:

Offers of Placement in 7C will only be made to students who have submitted an active application for Cronulla High School via their own current primary school. It is important that Cronulla High School is chosen as the **first preference** regardless of whether the student is within the Cronulla High School zone. These forms are the *Expression of Interest for Placement in a NSW Government Secondary School* forms which are distributed by primary schools in Term 1.

These applications are not to be confused with the attached registration form for the Extension Class.

Students from non-government schools can obtain an application form direct from Cronulla High School.

TO REGISTER FOR AND SIT FOR THE SELECTION TEST:

Return the completed registration form with **\$50** payment to Cronulla High School by

Thursday, 14 March 2019

Selection Test Date:

Thursday 4 April 2019 9.30am
