

Connect to the School Wifi – Windows 10

Navigate to the wifi icon in the bottom right corner of the screen and click it to open the available networks.

Locate the **nswdet** connection and select connect.

Enter your internet username and password with the **@detnsw** extension.

Allow the laptop to connect. You will be prompted that further action is needed. Select the internet connection and select continue.

Once again enter your internet username and password with the **@detnsw** extension.
