

College Mobile App

The Livingstone Christian College mobile app allows parents and carers easy access to important information and updates from Livingstone, both generally and specific to their child.

The mobile app is available for iPhone and Android devices on Google Play and iOS App stores.

[Click here](#) to download the app on the iOS App store.

[Click here](#) to download on the Google Play store.

Alternatively, locate the app simply by searching for the name of the College in the app store.

The following information is available to parents within the app:

- **Alerts** – displays important notices to notify parents of urgent matters.
- **Newsletter** – displays links to the fortnightly College newsletter.
- **Spaces feed** - displays information from the Edumate Spaces system.
- **Timetable** - displays their student's timetables, including events and excursions.
- **Calendar** - displays items from the Edumate school calendar.
- **Absences** - allows parents to review unexplained absences and submit reasons.
- **Tasks** – displays their student's current assessment tasks listed by their teacher.
- **To-Do** – displays to-do items in relation to their student's upcoming appointments and events.
- **Contacts** - a directory of contact details.
- **Links** - a directory of useful web links.

Please note: Most sections of the app are publicly accessible however as the app also displays information specific to an individual parent or carer, some sections require you to login with your Edumate parent portal username and password.
