

Conveyance Allowance Application

School Transport Assistance Scheme (STAS)

The instructions must be read before completing this form.

Please remove this page and keep it for your records.

Applying for conveyance allowance

Complete this form if you wish to apply for conveyance allowance assistance.

Fill in all questions on the form. If you do not, it may delay processing of your form.

Only the parent/guardian shown on this form at Question 1 may alter or amend travel or personal details for students listed in this application.

You can log onto www.qspatial.information.qld.gov.au/IQAtlas and click on the image Queensland Atlas to access your lot and registered plan number. Once in the atlas, under the search tab on the left hand side of the screen at point 2 enter your address and click find. The lot and plan number will display at point 3. Alternatively, look at your rates notice or contact your local council to get your lot and plan number.

Send the completed form to your nearest Department of Transport and Main Roads office. Office locations are listed over the page. Applications can only be accepted for the current school year and must be received by 31 December.

The department confirms student attendance with schools before payment can be made. If you submit your form after school has finished for the year you will not be paid until after school resumes the following year.

Parents/guardians must advise the department of any changes to bank account details. If you don't, your payment may be delayed.

A new application is required to be completed within seven days when a child changes school and/or address.

You will be advised in writing of approval details before the first payment is made in June.

If the student has been travelling on the local bus service as a School Transport Assistance Scheme (STAS) eligible student and then stops using this service you must tell the department within seven days.

Eligibility

Eligibility for STAS is dependent on the applicant meeting all relevant criteria of the scheme. The distance criteria, as well as other general conditions must be met before assistance can be approved. Full details can be found at www.translink.com.au/schooltransport.

The following conditions relate to conveyance allowance.

1. Students must be enrolled at an approved school.
2. Primary school students (years prep -6) must live more than 3.2 kilometres by the shortest trafficable route from the nearest state primary school. In addition, non-state students must also live more than 3.2 kilometres from the nearest non-state school of the type attended.
3. Secondary school students (years 7-12) must live more than 4.8 kilometres by the shortest trafficable route from the nearest state secondary school. In addition, non-state students must also live more than 4.8 kilometres from the nearest non-state school of the type attended.
4. Measuring: The distance from your residential property to the school is measured by the shortest trafficable route over roads open for public use. Distances are measured from the vehicle access point of your residential property alignment nearest to the school, to the closest entrance to the school. No measurements are made on private property. In calculating this distance the single journey is used. However, in cases where the distance to and from school varies because of different routes (that is, one way roads) the average distance is taken.
5. For non-state school students residing outside the Brisbane City Council local government boundary, additional provisions for an allowance are available, irrespective of the distance to the nearest state primary and/or secondary school (refer class D below).
6. School transport assistance is only available from one address and to one school facility. This address must be the principal place of residence of the student's parent or guardian. For students under shared guardianship, parents must decide from which address they will apply for assistance.
7. In assessing eligibility of students, the minimum frequency of travel is 20%, this is, two trips per week.
8. Student from overseas, interstate or on student exchange programs are not eligible to receive transport assistance.

Note: More detailed eligibility information regarding the conveyance allowance scheme, including rates of payment, may be obtained by contacting the nearest departmental regional office listed over the page.

Types of conveyance allowance

The following is a summary of the different types of conveyance allowance that are payable for eligible students. It is a summary only and parents do not need to determine what type of assistance they are eligible for. This will be done by the department.

Class A Payable to parents or guardians of students who are conveyed by private motor vehicle to primary/secondary school, provided that the students do not reside within 3.2 kilometres of a kilometre-based school bus service. This allowance is paid on a per vehicle basis.

Class B Payable to parents or guardians of eligible students who reside in the area of the Brisbane City Council and use a Brisbane Transport fares-based bus service to travel to school, or to a railway station in order to attend school. Parents are entitled to a refund of the assessed fare. Documentation verifying such expenditure may be requested.

Class C Payable to parents or guardians of students who must be conveyed by private motor vehicle to a railway station or a school bus service (kilometre-based or fares-based) in order to attend school, provided the distance travelled is more than 3.2 kilometres to the designated service for the area in which they reside. The distance conveyed is measured from the student's residence to the nearest point on the bus route (not to the bus stop). This allowance is paid on a per vehicle basis.

** Please read and remove this tear off page (not to be returned with this application) **

Class D Payable for students living outside the Brisbane City Council local government boundary and attending non-state schools, if the students are:

- conveyed by private motor vehicle to school
- conveyed by private motor vehicle more than 3.2 kilometres to the nearest point from which another form of transport is available which can transport the student to school.

For primary school students (years prep-6), the distance to the nearest school of the type attended must be more than 3.2 kilometres. For secondary school students (years 7-12), this distance must exceed 4.8 kilometres. The class D allowance is not available for a student for whom class A or class C is payable, or for a student who lives within 1.6 kilometres of the route of a kilometre-based school bus service on which a student is eligible to travel at no cost to a school of the type attended. This allowance is paid on a per vehicle basis.

Please note:

- Conveyance allowance class A, C or D is paid on a per vehicle basis and is generally only payable for one vehicle. However, in extreme circumstances consideration may be given for the use of two vehicles (or one vehicle doing two trips). In these cases, full documentation including vehicle details and registration numbers may be required. A Statutory Declaration to the effect that two vehicles are being utilised on a full time basis may also be required.
- If claiming class B conveyance allowance, documentary evidence may be requested.
- Retrospective applications for travel in previous years will not be approved.
- Additional assistance may be available to families who reside on drought declared primary producing properties and who are eligible to receive conveyance allowance class A or C. To receive drought assistance, a drought assistance application must also be completed.

Assistance for isolated students

Conveyance allowance class I assists students in isolated areas. In addition to the general conditions of eligibility for conveyance allowance, to be eligible for class I, students must:

1. Reside more than 16 kilometres from the nearest state school, and the nearest approved bus service which can transport the student to school.
2. Reside outside the south east Queensland school transport zone (refer to map).
- 3(a). Reside in the seven week summer vacation zone, that is, the area in Queensland west of the 144th meridian of east longitude or north of the 16th parallel of south latitude and the following centres: Alpha, Aramac, Augathella, Barcaldine, Blackall, Cameron Downs, Charleville, Cunnamulla, Eulo, Hughenden, Ilfracombe, Isisford, Jericho, Longreach, Muttaborra, Prairie, Quilpie, Tambo, Wyandra and Yaraka.
or
- 3(b). Reside more than 50 kilometres, measured by the shortest trafficable route, from the main post office in the centres designated by the Director-General, Department of Transport and Main Roads (refer to list of designated centres).
4. Class I conveyance allowance is not payable for the same journey for a student in receipt of class A, C or D conveyance allowance or drought assistance (additional conveyance allowance).

Change of circumstances

A new application form must be submitted within seven days if a student changes school or address. If any other information on this form changes you must advise the department within seven days.

If a student is modifying bus travel arrangements, the bus company must be notified of the change. If applicable, the bus pass must be returned to the bus company.

A Statutory Declaration may be required to confirm the date used for amending bus assistance and commencing conveyance allowance.

The department reserves the right to withdraw travel assistance and recover monies paid if investigations show the student to be ineligible. Persons who intentionally provide false information to obtain a benefit may be liable to a \$7068 fine under Section 149 (3) of the *Transport Operations (Passenger Transport) Act 1994*.
