St Andrews LUTHERAN COLLEGE

Middle/Senior School Bulletin

Issue 15 / 30 November 2018

Middle & Senior School News

Congratulations to the Graduating class of 2018. You are an amazing group of young people and we thank you for your individual and collective contributions over your time here at St Andrews. Year 12 Graduates, may God bless you and keep you safe through the journey of this life and may you remain confident in God's love and plan for you. Above all else, seek joy, be hopeful and continue to share your light with the world!

As the year draws to a close and we finalize the students' reports, I would like to also offer a word of thanks to the students, one and all, for their exceptional approach to College life throughout the year. Their vibrancy is truly the heartbeat of our College. I would also like to thank our College Parents for their unwavering support and partnership. We appreciate the relationships we hold with you and your children. I am grateful for the manner in which our students adapted to change while renovations and construction of the new Science and Middle School facilities got underway. We are grateful that our new Centre for Scientific Inquiry will reopen for the start of the school year and the Year 7 and Year 8 block soon thereafter. The Middle School Celebration evening on Wednesday was a wonderful showcase of the talents and endeavours of our Middle School in 2018 and we look forward to the launch pads for learning, the new buildings will bring.

I also want to acknowledge the dedication and commitment shown by our Teaching Staff, for their work towards coaxing, coaching and inspiring our students to strive to achieve to their true potential. The work they do in and out of classes is what keeps our students learning, growing and developing as learners and as well-rounded individuals. Non-teaching Staff, Teacher Aides, Groundsmen, Administration, Library, Tuckshop, and Uniform Shop also go above and beyond to ensure this is a College of flourishing and so to them we are also most grateful.

A special mention of farewell and thanks to the following staff:

- Mrs Janette Jestrimski for her long and dedicated service to the College since before it began and to Trevor Sickerdick and Kerry Bahr, members of our grounds crew all move into retirement after many years of service to St Andrews.
- Ms Christie Jestrimski (Middle School Administration) and Mrs Julie Lister (Teacher Aide) are also leaving us after many years of faithful service.
- Ms Fiona Steele has been appointed as a Head of Department Mathematics at St Michael's College and soon to be married, Mr Bernie Laverty and his finance are relocating to Melbourne. Both of these exceptional teachers will be missed.
- Mrs Liz Polentas is taking leave next year to complete further study before retuning in 2020. Mrs Tamlyn Jones will be on maternity leave and Mr Graeme Schache and Mr Tony Carter will both be on Long Service Leave at the commencement of the year.

SEMESTER TWO REPORTS AND THE START OF 2019

Reports will be available on Parent Lounge to parents in the first week of the holidays. Please use the feedback contained in the reports as a means of affirming your child's effort and progress throughout the final semester, and also as a basis for setting new learning goals for 2019. We are working towards notification of class lists through Parent Lounge in late January.

All Middle and Senior School classes resume on **Wednesday 30 January 2019.** Our Year 7 students (2019) will attend an Orientation Day on Tuesday 29 January from 8.30am – 3.00pm and new students in Years 8 to12 will attend an afternoon session (12.30pm – 3.00pm). This is compulsory and ensures a smooth start for our new students. Also, please remember that traffic congestion is likely on the first day, so please exercise extra care and patience.

As we prepare for the long summer break, I'd like to encourage parents and families to stay connected. I believe the most powerful thing we can do is to stay connected. Stay connected with your child by being open to talking through your boundaries and expectations and also their ideas and thoughts around independence, trust and their world in general. Stay connected to one another. If your child is wanting to spend time with peers or to sleep over at another family's house and you are feeling uncomfortable or unfamiliar with the family, call the parents and talk about your boundaries and expectations and their boundaries and expectations. Adolescents often use generalised statements like, 'everyone is going', 'no one else's parents are calling' or 'don't you trust me' to push boundaries and to become more independent. The balance of how much freedom/ independence afforded a young person is a difficult juggling act for parents and very dependent on the individual, the family values and context. From personal experience, I know how challenging that balance can be. Finally, please stay connected with staff at the College. We are here to help and while there are limits and complexities to how we might be able to offer support, we will always take a restorative and Gospel centred approach and do our best to help. My hope and intent in raising this is that it might prompt family discussions at home and/or conversations amongst staff and parents.

St Andrews is a community of flourishing where everyone is someone and wherein more than a good education, an education for good remains at the forefront of our journey. This is our last bulletin for 2018. May the coming Christmas season be a timely reminder of God's blessings and the joy of knowing that Christ gave us the ultimate gift in sending his son to save us all.

Have a very blessed Christmas.

Virginia Warner
Deputy Principal / Head of Secondary School

How do you *'love your neighbour as yourself'* and make the world a better place? This is the question Year 8 students have been addressing in Christian Studies this term. Ideally, it is a question each of us considers regularly. As we do, it is possible that just maybe we may contribute to our world being a better place, because it sure could do with some help! Year 8B students have come across all sorts of great ways to 'Love Your Neighbour'. There are a plethora of websites that offer wonderful suggestions on what to do! One, in particular, investigates the parable of the Good Samaritan and lists off the following 11 aspects of what it is to love your neighbour

1. Love is proactive.
2. Love is observant.
3. Love is compassionate.
4. Love is responsive.
5. Love is costly.
6. Love is inopportune.
7. Love is healing.
8. Love is sacrificial.
9. Love is communal.
10. Love is promising.
11. Love is merciful.

A quick glance at these concepts reveals what we already somewhat know…. Loving our neighbour as our self is not an easy life orientation to aspire to! It is extremely challenging and yet we can understand how it is a noble and beautiful way to attempt to spend our time here that we are blessed with.

Jesus sets this incredible way of life before us as something to aspire to and the bar is so high… I know that I feel I can never attain the lofty heights put before us but thankfully, we are not left to strive towards this ideal on our own. Christ not only sets this as the gold standard to strive towards, He also provides us with the love and motivation with which can go some way to living out this awesome way of life. The beauty of God's great love for us, as evidenced by Christ's dwelling amongst us and ultimately sacrificing his life to rescue us from sin and death, motivates us to act in ways we struggle to be capable of, in our own strength. Loving your neighbour as yourself becomes more attainable when we know and trust that we are safe in our loving God's embrace. As we celebrate Christ's birth again this Christmas, I pray the reality of God's love for all people is experienced by us all so that we may be motivated by pure love, to love our neighbour as our self and make the world a better place.

Graeme Schache
College Chaplain

Flourishing in the Senior School

What an incredibly busy year. Firstly, thank you to the Senior School staff who go above and beyond supporting the learning and development of our young people. To the students, what a fun year it has been. Our daily interactions, quiet chats, engaging lessons, responses to curious minds and probing for better, better, better make it all worthwhile. As we round out the year with the presentation of the Senior Jerseys to our incoming Year 12 cohort of 2019 and celebrate the Top of Subject and Citizenships awards, it is an opportunity to also say thanks to parents for your faith in us and also to think about how we want to be better, better, better next year. As I promised the students my goal is that the Senior School is a place where they flourish, that we ensure our new seniors (the Year 10's) feel welcome and supported and that each student is achieving their personal best. More work, more fun, more kindness.

Part of recognising strengths and creating opportunities to flourish, began this week with our 2019 leadership applicants stepping outside of their comfort zones to run activities for the Year 10's, learn about leadership from an outside facilitator, Mr Tony Knox and for our Captains to run the final assembly. Nothing like hitting the ground running. I am really excited to work with all Year 12's next year and especially proud to announce the 2019 Leadership Team:

Captains
Lucy Turnbull & Brody Roper
Vice-Captains
Ashleigh Jablonski & Duke Lawson
Student Representative Council & Service Captains
Lauren Kattenhorn, Claudia Steele & Madeline Hoefler
Sports Captains
Misha Varley & Zac Micallef
Cultural Captain
Lily Fleming
House Captains
Wardjam Joel Jackson **Binging** Mitchell Blackborough
Jubi Georgia Eller **Gowandi** Jack Mason

If you have any queries or concerns please do not hesitate to contact me on tanias@salc.qld.edu.au

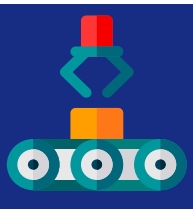
Middle & Senior School News

CLASS LISTS AND ELECTIVE CHANGES
Over the upcoming holidays we will be finalising class placements for 2019 and trying to organise any requested elective changes. It is worth remembering that all elective classes have capped numbers and, as such, in some instances a change may only be accommodated if another student requests movement from a particular subject. Nonetheless, we do offer a two-week window at the start of the new semester during which students can move if possible.

Core class placements are a more complex process and key staff have been working for some time to align the best opportunities for learning to occur in these areas. It is exceptionally rare for any requested change in core class to be considered. These are usually published in the week prior to the commencement of Term One.

THANK YOU
This is my final Bulletin article prior to Mrs Roper taking over this role for 2019. I look forward to assisting her in the Middle School next year as we enter an exciting new phase of schooling for our Middle School students. It has been a joy to lead this growing part of the College over the past six years and I wish Mrs Roper all the best for 2019. Thank you to all families for your contributions to the College for 2018 and I hope that you have a wonderful time together during the Christmas season.

Tom Casey
Head of Middle School



Middle School Design technology

This semester the Design Technology Department and IT department integrated the curriculum across the two learning areas. The students used various software programs to design, build and program their own theatre boxes. The integrated teaching and learning enabled the students and teachers to acquire skills across the different subject areas.

The students were required to plan, design and produce a programmed theatre box. This project would provide the students with the required knowledge and skills and, a tangible product to share and communicate the journey with their parents/guardians. Students created their vector images/puppets in Adobe Illustrator and printed them on the laser cutter. They designed their theatre boxes using Inventor, a 3D CAD software program in the IT lab and then progressed to cutting and assembling the wooden boxes in the Design and Technology workshop. Fun began when the students had to start programming the servomotors that would operate their puppets using the Arduino Open Source software. Some students found coding a challenge, while for others, programming ignited interest, some even got their puppets to move using their TV remote from home.

ROBOTICS

On Saturday 17 November, students from the Robotics co-curricular club competed in the First Lego League (FLL) competiton at Emmanuel Anglican College, Ballina. Students had to work together to 'break out of their earthly contraints and go INTO ORBIT'. They had to choose and solve a real-world problem in a project whilst also having to build, test and program an autonomous robot to solve a set of missions on the 2018 FLL Robot Game. Throughout their experience they operated under Core Values celebrating discovery, teamwork and gracious professionalism. The Fortnite crew enthusiastically showed off their core values to the judges and were awarded with an 'honouring mention' at the end of the day.

Christian Studies

PEER MENTORING OPPORTUNITIES

The last couple of weeks have provided so many opportunities for St Andrews students to operate as peer mentors, creating positive outcomes for our youth. The SRC has continued to host 'ConXions BBQs' for Senior Leaders to connect with Middle School student interests, foster healthy relationships across the years and be receptive to feedback to enhance their leadership. Year 11 and Year 9 students have 'Buddied up' which helps all Year 11 students find their voice as leaders, building social skills and for the Year 9 students it forms another aspect of their 'Journey to the Edge' and transition to Senior years of schooling. Year 11 Christian Studies classes have continued with Service Learning projects which have had them work with early years learning and inquiry units. Year 12 men also participated in a service to call the Year 9 boys into a journey of manhood and challenge them to make the most of the varied experiences that are necessary on the journey of growth to be men of responsibility who chose to make positive contributions in their community.

Overwhelmingly, and obviously, the experiences are positive. These learning experiences capitalise on the importance of peer relationships for adolescents and create a positive peer pressure to support virtuous growth. These varied opportunities provide extra learning opportunities for both younger and older students, and the challenge before us continues to be making time for these wonderful experiences that enhance the St Andrews Community, nurturing individuals and empowering lifelong learning.

James Nelson
Director of Student Development

IC'18

On Friday 9 November, students from Year 7 to 9 participated in the pitching afternoon of Innovate and Create IC'18. IC'18 is a program designed by Bond University to build entrepreneurial capability by developing creative problem solving and inter-disciplinary teamwork skills. The students have interacted and heard from many guest entrepreneurs who have mentored their entrepreneurial efforts.

Judges for the afternoon were Dr Baden U'Ren (Bond

University), Mark Woodland (CEO Xplor), Derek Bartels (Director of Innovation and technology,LEQ) and David Bliss (St Andrews Principal). Derek was linked in from Finland via a Skype link. All students were outstanding in their presentation, a testament to the amount of work they all put into their ideas. The winners for the afternoon were Amali Batson (1st place), Hugo Gooley (2nd place) and Cooper Hersee (3rd place). Lutheran Education Queensland nominated an encouragement award and this went to Sienna Young. The first three placed students and a parent will be travelling to Melbourne on 1 February, 2019 to meet with IT experts that work out of Xplor Headquarters. This trip has been sponsored by Mark Woodland founder of Xplor who is extremely excited by the ideas these young students have come up with. Stay tuned for the next adventures of our up and coming entrepreneurs.

Head of Business

Sport News

AUSTRALASIAN FUTSAL TITLES

The second last weekend of school, two of our teams competed in the Australasian Futsal Titles held in Insports Cornubia. This is a wonderful achievement for both the 13 girls and 14 boys teams. Both teams competed admirably with the boys making it through to the semi finals. Unfortunately they lost 3-2 in a very even match to Newcastle State High, but played extremely well and came

close to their second consecutive Grand Final. Thanks to their coaches Mrs Leanne Pett, Mr Christophe Tanguy and our mentor coach Daniel Sciacca for all their time, effort and dedication.

SPORT AWARDS BREAKFAST

It was a real pleasure to gather early one morning before school and celebrate the amazing achievements of our students in school sport. Over a delicious breakfast, students were acknowledged by the school community and recognised for representing their school district, region, state and even their country. This year a special, new award was introduced, the Benjamin Fitzsimmons Spirit of Kokoda Award which went to Hayden Verschuure.

ELITE ATHLETE LUNCH

In Term 4 twenty five of our elite sporting athletes in Years 9 to 12 were invited to attend a special lunch. Ms Naomi McCarthy the Manager of the Universities Sports Unit came and spoke to the students about sport and study balance. This was a valuable experience for these students and hopefully will inspire them to continue with their hopes and dreams for the future.

QUEENSLAND ALL SCHOOL TOUCH

Once again St Andrews was represented by 5 teams at this highly competitive state wide tournament. Our 13 girls and Open mixed teams faired the best and were close to making the finals. However due to some close results and inclement weather they just missed out. This tournament was the culminating event for our Touch Excellence program which had seen us compete in 3 lead up tournaments preceding this major competition. The depth of student's skills and game understanding has certainly developed this year and I look forward to seeing this continue in 2019!

Libby Wood
Head of Sport

PAT 2019

A few reminders to families in our Performing Arts Tuition Program

All enrolments automatically roll over. Should your child not be continuing, please ensure that you complete a cancellation form on the College website.

Timetables will be finalised early in January. Waitlists are created and based on date of application. Priority for break times will always be given to Senior students.

Our PAT Fee schedule will change in 2019.
Fees are as follows
Individual $35 Pair $20
Group $12
NB – It is up to the individual tutor whether GST is applied to this.

END OF YEAR CONCERTS
Last week saw the last of our concerts in our End of Year Concert Series. We have almost all 900 enrolments in our PAT Program and almost of those young performers performed at an end of year concert. Special thanks to our wonderful team of PAT Tutors who work tirelessly to support our young musicians and actors.

CONGRATULATIONS PETER PAN
Recently our College Musical, Peter Pan was announced as finalists in the following categories for the Gold Coast Area Theatre Awards 2018.
Best Choreography of a Youth Musical
Best Director of a Youth Musical
Magic Moment of Theatre (Flying to Neverland)

With schools and theatre companies from all over the Gold Coast and surrounding areas involved in this, it truly is a special honour to be recognised.

Cilla Scott
Head of Arts

HI FROM THE P&F TEAM
What an amazing year it has been for our P&F. We have done such fun community events for the whole school this year. Such as the Prep welcome morning tea, Year 7 welcome afternoon tea, picnic in the park, 25th birthday bash, biggest morning tea, world teacher day and the Christmas carols.
Thank you for your support and also a huge thank you to all the staff who have supported and encouraged us to build the whole school as a community.

Congratulations to your new committee. These are the P&F members elected for 2019:

President
Amanda Ryan
Vice President
Jess Russell
Treasurer
Kyelie Baxter
Secretary
Nicole Ainger
Fundraiser
Jeff Bauman
Grants
Ellie Gardner

OUR SPONSORS
We would like to say a huge thank you to all of these incredible businesses that have supported our amazing school this year.

Streets Craftsman Furniture, Global Hardware, IQ Accountants, Currumbin RSL, Spicers Retreat, Issue1 at Robina Town Centre, Aspya Hair and Beauty Burleigh Heads Annabel Trends, Ingwersen & Lansdown Solicitors, Furniture n More, Billabong, Bunnings Burleigh, Burleigh Brewing, Cedar + Suede, Comuna Cantina Pacific Fair, Dan Murphy's, Reid Street Kitchen, Dracula's, Ella Bache Robina, Emma Read Artistry, Epic Skate, Greenfolk, International School of Music Palm Beach, JFK Woodfire Pizza and Bar, Lumber Punks Axe-Throwing, McDonald's, On Kliff, Pancakes on the Rocks Surfers, Plantation House Cafe, Pretty Mummy Cookies Co, Pure Living Pilates, Putt Putt Mermaid Beach, Skin Matters, Surfing Services Australia, Super Cheap Auto Burleigh, Tania Blanchard Creations, The Bathhouse Greenhouse, The Borrowed Nursery,The Collective Palm Beach, Vapiano, Xtend Barre Burleigh, Ze Pickle, Cross Carpets, Service Denim, Always Dry, Joy Coffee, Ragdoll Bar and Dining, Autobarn, BWS.

CHRISTMAS CAROLS
We hope you all enjoyed the Christmas Carols last Sunday. We have such amazing talent at St Andrews. Thank you so much for coming along. Thank you to all the incredible staff and volunteers that made this night such a success.

Nurses News

MEDICAL PREPARATIONS FOR NEXT YEAR!
Just a reminder that you can update your child's medical details on Parent Lounge. This information is used for general day to day care for your child, preparations for camps/excursions and class activities. You can now also upload attachments (asthma plans, anaphylaxis action plans, specialist notes etc). These documents can now be easily provided without the need for sending in a hard copy.

For any further information or support reach out to me at nurse@salc.qld.edu.au or (07) 55685900 (select option 5).

I pray God's protection and blessing over you and your family this Christmas and New Year.

Nurse Alisa
