Year 10 - 12 BYOD Technology

Students are required to provide their own device for educational purposes within the classroom.

The device requirements and specifications are based around function rather than a mandated device type or brand. Minimum device specifications are listed below.

Technology device roadmap

Throughout a student's journey in Years 7-12, it is anticipated that students will require two devices. A new device in Year 7, which should have a life span until approximately the end of Year 9. The second device purchased will then support students as they complete their final school years. Device function in Years 7-9 are mandated. Device requirements in Years 10 -12 become an open BYOD.

Software Offerings

All students at the College have the following software available to install for use on their device.

Microsoft Office

All students at the College receive a free Office 365 license, which is covered under our school licensing agreement with Microsoft.

This licence covers the following software

- Word
- Excel
- PowerPoint
- OneNote
- OneDrive (1TB cloud storage)
- Outlook

Adobe

The College provides Adobe Design and Web licensing for products such as Photoshop and Dreamweaver for students who may be doing electives which require this software.

Autodesk

A student version of this suite is available to all students. Our Design Technologies lab has this software pre-installed in the lab for student use. Alternatively, when students reach Year 10 they have the option to install this on their own device if they continue studies in the Design Technologies pathway.

JIBI HIFI Purchasing Portal

St Andrews has partnered with JIBI HIFI to offer educational pricing on technology for members of the St Andrews community through an online portal. **Purchasing through this portal is optional.**

Typically, these products are non-retail products, meaning you will not find them in the JB-HIFI stores. All orders placed online will be delivered to a JB-HIFI store nominated by you for collection, including the Burleigh Heads store.

The portal provides:

- Access to a wide range of purchasing options including Apple and windows devices
- Products specifically selected for Education use
- Extended warranties and insurance options
- Options for accessories ie. Protection cases, bags etc.

The College also highly recommends that families purchase a sturdy case and insurance in case of accidental damage.

JB Hi-Fi BYOD Online provides families with access to a wide range of education-specific laptops, tablets, accessories and insurance, at an affordable price.

Products differ from those available in retail stores, as they are education specific and selected for their compatibility to school's ICT infrastructure and curriculum, as well meeting the student's needs at home.

The devices selected are designed to enhance learning experiences:

**Products specifically selected and approved** for Education use

**Robust devices** suitable for school environment

**Enhanced performance** and **speedy connectivity**

**Extended battery life**

The BYOD portal provides a simple step-by-step process that allows you to purchase your devices, accessories, extended warranty and insurance all from the one place. The portal will give you access to:

**A customised dedicated online portal** for managing your device purchases

**Education specific products**, not available in retail stores

**Extended warranties and insurance** options

**Pick up** from your selected **JB Hi-Fi store**, or **from your school** (where possible)

**Finance options** including interest free finance

**A wide range of accessories** to support your device

**Education specific discounted pricing**
