St. Joseph's College
Gregory Terrace

Conducted by the Christian Brothers

1992

ST JOSEPH'S COLLEGE, GREGORY TERRACE

MISSION

1988-1992

**We, the boys, parents, teachers and all at Gregory Terrace,
from foundation led by the Christian Brothers,
continuously create our community, *the Terrace Family,*
through our gifts, faith and personal involvement.
Our community's action is
Catholic faith, personal formation and scholarly development.
Our community enjoys a strong tradition and the capacity to change.**

Our community's religious, academic and extra-curricular life
continuously seeks and affirms
each boy's worth, dignity and vocation.
Our community encourages, and rejoices in,
each boy's reaching for excellence in every dimension of his life.
Our community reveals and develops
each boy's abilities, faith, character and leadership potential.
Our community prepares each boy
for his own free, informed, conscientious choices
in study, work and life.

Our community's life, fusing faith and culture,
includes its prayer and liturgical celebrations,
its religious education, its learning activities,
its practice of justice, of discipline and of respect for others.
This life will draw each member
to generous personal response to Jesus Christ,
to live Catholic values,
to serve humanity and Australia,
and to grow towards maturity
as a person of character, of education and of charity.

His Grace, the Archbishop of Brisbane, MOST REV. JOHN A. BATHERSBY D.D.
Patron of the College

PRINCIPAL'S REPORT

To write a report of any year in a school's life is a daunting task. What do you include? What do you delete? What do you highlight? What is written is a statement of the values and standards that this College espouses.

In 1992 this College has continued to strive to live out its Mission. In a society which is constantly changing, this College has made the paradigm shift from a hierarchical authoritative structure to a devolution of authority to the individual so that he takes charge of his life and his actions.

What we have seen is the continued personal struggle which is part of the human condition of eleven hundred individuals to live up to a set of expectations, to be continually challenged to face the reality which is their existence and to be supported and encouraged in their tentative steps in this area. Gratitude needs to be expressed to those who have carried the burden of implementation and maintenance of this innovation.

For these people, there have been times when the temptation to withdraw from the vision, to revert to a safer, easier stand, to truncate the process because the outcomes were slow to eventuate, would have tested people of weaker calibre. But they have persisted in the knowledge that what is attainable is far better than its opposite.

I pay special tribute to the staff of this College who have valiantly striven to rethink their methodology of teaching and to personalise their approach to their students. They have maintained their academic professionalism and have dared to express in real terms their commitment to the welfare of the individual and to his personal growth.

No-one will lay claim to the fact that Terrace has reached the level to which we have aspired but no-one doubts that we have begun the journey along a path of development which has a definite goal, few guidelines but no direct route. In asking a group of professionals to rethink their attitudes to school and teaching, I was always conscious of the demands it would have upon people's reserves of personal strength. That each staff member has responded is the pre-eminent reason that Terrace has stood out to be different from the society in which it finds itself.

For 118 years now, St Joseph's College has been at the forefront of Catholic Education in the State. But it is in the 'throw-away' society of today that the education offered on this campus is needed now more than ever. Yes, there were glorious periods in our history when this College challenged society in many ways. Today it must challenge once again. It can no longer hide behind its tradition and live on its past. It must lead in the areas of concern which face all of us as we live out this last decade of the twentieth century.

The strength of this College is its ability to confront issues, its ability to see things as they are and its ability to redress wrongs where they exist.

1992 has been a year when this community has been called to be authentic. Its authenticity has been questioned and I believe each questioning has only served to confirm and strengthen its resolve to be Catholic, to be Christian.

History can record the faults that have been committed in the name of Christianity - cynically I wonder why history is not equally effusive in its writings of the good Christianity has achieved in our world. Similarly, history may record the faults that this College has committed during 1992 but it can never question the motive for the actions of its community.

"This community's life will draw each member

* to generous personal response to Jesus Christ
* to live Catholic values
* to serve humanity and Australia
* and to grow towards maturity as a person of - character - education - and charity."

The young men who are this College are striving towards maturity. That growth is painful and cannot be belittled in any way. The characters they develop are the result of the experiences they are exposed to in their homes, at school and in society. Theirs is no easy task. To develop into men of character in a society which publicly espouses values contrary to Christianity, in a world where truth has become subjective and is judged by the might of the most powerful, in a community where morality has given way to situation ethics, takes strength, inner strength, which needs encouragement and support from parents, teachers and the public generally.

Young people the world over will sit in judgment on this twentieth century, and of what will they convict us? Our achievements technologically and universally will pale at the abysmal failure this society has been in the areas of justice, equality and human relationships.

If there is one crime that will convict this century more than any other, it is in the area of selfishness. Selfishness exhibits itself in many forms,

- the parent who places his/her own satisfaction above all other interests of family,

- the society that believes justice is done when laws for every action are promulgated without due reference to the natural law,

- the community who believes that equality is mediocrity and all are levelled to an amorphous group, and - the individual who believes that one's choices do not impinge on the choices of others.

I am bold enough to offer some words of advice to you as parents of the young men I have known, admired and loved. Strive to encourage your sons to live their lives on a firm basis of Christian principles. It is so easy for them (it's easy for us) to be caught up in the glamour and trappings of the society around them that they can shallowly regard Christian standards and values as antiquated and untenable. Society's example is contrary to the standards we espouse and it needs people to challenge those standards. I trust our young men will now, and in the future, do that.

DEAN OF STUDENTS

The past two years has been characterized by change and growth. 1991 saw the introduction of the House System and this year the impetus of change continued to gather momentum as the staff and students struggled to bring to this College a vision to take it into the nineties. That vision, I believe, is one of a College that is a community of people who share the common goal of developing in each of its members a person fully human in all aspects. Our goal as an educational institution must be one of educating our students to become contributing members of a secular society. The struggle lies in not simply mirroring society but in producing new images to present to that society as examples to which it must aspire. That is our challenge today. This College, and its years of tradition, are based on a desire for excellence. I translate this to mean - a desire for each member to use his gifts and talents to be the best person he can possibly be. To achieve this aim, we rely so much on the partnership of the home, where the everyday struggle of life sees the development of Christian values we, at St Joseph's, hope to nurture to their full growth.

During my short time at Terrace, I have often reflected on the qualities that make this College something different from the many other educational institutions across our State and nation. Terrace is unique, not because of its buildings, staff or facilities. It is unique because of the students who enter its gates. So many of the students who attend this College are quiet, unassuming young men, who eagerly commit themselves to the many challenges that education today demands of them. They possess a quiet confidence and self-assurance that the job ahead will be done and done to the best of their ability.

This attitude is evident on the sporting field, in cultural pursuits, within the classroom and generally in the way the young men of Terrace conduct themselves in the public forum. I see many, many examples of this unique character in the everyday activities of College life, which confirms to me that Terrace is alive and well in 1992.

The House system at Terrace has continued to play an important role in bringing the 'Terrace Family' vision to fruition. Each student is well known by at least one staff member of the College. In their tutor groups, the students have the opportunity to mix with a more diverse group of students than in the past. They will experience the struggles and joys each student encounters as he moves through the Year levels at the College.

Of prime importance is the leadership role afforded the Senior students through the structures of the House System. The responsibility to be positive role models is one that weighs heavily on the shoulders of these young men. By their example the younger students see clearly how the rhetoric of the vision can become the reality of the Terrace gentleman in a few short years.

To the outsider, it may appear that change to Terrace has brought chaos and confusion. However, when I see the admiration in the eyes of the younger boys as they talk to their Senior leaders and the obvious enjoyment the Year 12 men gain for this role, I know the change has been worth it. Each of the six Houses has developed its own unique qualities and character and will continue to develop over the coming years. The leadership of the House Deans has been paramount in providing the care and concern for the development of each individual student under his care. I thank them for their support and congratulate them on their achievements.

The College Captains and Prefect body have endeavoured to live out the ideals of their office and their support has always been generously given and appreciated. I wish them well in their future and I know they will continue to be Terracians of whom the College can be truly proud.

The work carried out every day by the sixty House Tutors, which so often goes unrecognized, is the foundation on which the ideals of the House system are built. The staff members of the College have had the best interests of your sons foremost in their minds and actions. Within the Tutor Group the relationships each student builds with his teacher and fellow students will ensure that the Terrace Family becomes a living entity. To each tutor I thank you for your work during 1992.

Finally, it would be remiss of me not to mention Br Magee and to say that he has always challenged me personally to guard the dignity and respect of each student as these qualities are fragile things, easily broken by an unthinking tongue or action.

I know he will bring to his new role the enthusiasm and energy he has displayed at Terrace over the past three years. I thank him for his guidance and tremendous support.

In concluding, I believe that the Terrace Spirit, which is so difficult to define, yet so easily felt when you become a part of this College, will continue to grow and affect everyone who enters the gates of St Joseph's College.

(Mr) MARK STOWER

GREGORY TERRACE FOUNDATION

1992 has seen the completion of our second major fund raising campaign. It raised approximately $1,000,000 which fell far short of the $2,500,000 which was forecast.

The recession, no doubt, contributed to this result, but on examination of the pledges given and the number of parents not contributing to the Foundation, it has been decided that, if the foundation is to be effective in providing new and improved facilities and buildings for the benefit of all students at Terrace, then a new approach is necessary.

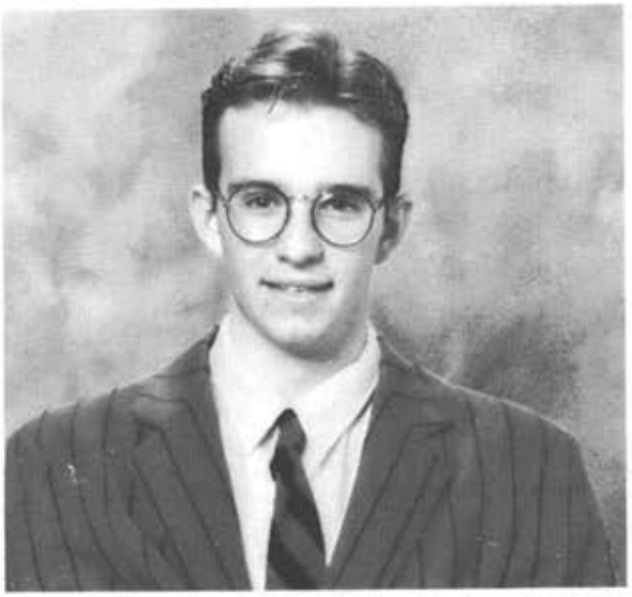
As a consequence of this, Br Magee announced at Orientation night for the new parents of Year 5 students, that all parents are expected to contribute to the Foundation if they are financially able to do so. He explained to parents the Foundation is responsible for providing funds to erect buildings and improve facilities and is therefore an integral part of the College financial structure.

It needs to be understood by ALL parents, that the fee structure at Terrace is very low compared with other denomination schools of similar standing, and if this is to continue the Foundation will have to provide all funds for future expansion and improvements.

(Mr) PETER FLYNN
Chairman

CAPTAIN'S REPORT

BENJAMIN P WHITE



1992 at St Joseph's College, Gregory Terrace was a success. At the beginning of the year I spoke of three general goals that would be the yardstick by which the next four terms would be judged. They were - improving the level of support for every activity of the College, cementing the new House System firmly in place and, finally, enhancing the unity both within the individual grades and between the grades. The Gentlemen of Terrace can claim to have met all of these aspirations. This year was not without its challenges but these were faced squarely and overcome. The students of 1992 strived to improve the College and, in doing so, they have succeeded in meeting these goals.

The first of these goals can be seen this year as the students of this College support one another as they competed for Gregory Terrace. This support was given unconditionally and fully, even when it seemed that we would not win. This is best illustrated in the 1st XV Rugby match against Ipswich Grammar. Even though Ipswich got away early, the Firsts never gave up and fought back strongly, only to lose narrowly. Part of this comeback could be attributed to the crowd who cheered enthusiastically, spurring the players on to better football.

This renewed effort to support the College can also be seen with the crowd at the 1st XI Soccer matches. The traditionally small group of spectators at the Soccer this year ballooned, producing a very audible, enthusiastic and sizeable crowd.

Culture also found itself well supported, and under the spotlight in 1992, with the inaugural appointment of Marco Palmieri as Music Captain. The school Musical was also strongly supported by the student body. The Gentlemen of this proud College certainly showed their pride for their school and their fellow students by their attendance at its events.

The second challenge for 1992 was to firmly cement the House System in place for the future generations of Terracians. The whole school was called upon to make it stronger, and the great majority of students and teachers answered the call. The new role of the inter-house events was essential to strengthen the new structure. For the first time, the Swimming Carnival became a spirited inter-house contest, with fierce competition coming not only from the swimmers in each House but also from a large number of "triers".

The inter-house Athletics also developed this House spirit and the idea of participation. The inter-house challenge also extended into the cultural arena, with the House Choir section of the Talent Quest hotly contested. This year saw the standard of this competition rise sharply and this is indicative of the further development of the House structure.

Unity in the school was the hardest of the three goals to achieve. On the whole, 1992 was a successful year in this area, with greater impact in some fields. There was some loss of identity of each year level, which was inevitable due to the nature of the House System. However, some of the negative effects were countered by "bonding" events such as the "Senior Day". The day trip to the Coast helped unify the Grade and allowed the further development of a "Senior" identity.

The real strength of the House System lies, however, not within the Grades, but between them. As a result, the greatest success of the year was the familiarity between all the year levels of the school. Students enjoyed the newfound closeness, which meant that a Junior School boy playing handball with a Senior at lunch was now a familiar sight. Cases of a Year Eleven student helping his Year Nine friend with a Maths problem and the Year Ten boy who walked a Year Eight student to the train station became more and more prevalent. Regardless of what else happened this year, this new personalisation of the College made 1992 a resounding success.

These were the goals that we, the students of 1992, set for ourselves at the beginning of the year. Realistically, we can say that we have achieved them. We did not, however, do it all ourselves. For the strong base upon which we built our triumphs, we have the Seniors of the last two years to thank. A group of Year Twelves two years ago formulated this vision of the House System, while the Seniors of 1991 pioneered its implementation. We also acknowledge the continual and valuable input and effort from the staff.

There is one other in this College whose contribution ensures the respect of all associated with Gregory Terrace. Since his arrival at this school three years ago, Brother Magee has toiled hard within the school community. In particular, his efforts to make the House System a functioning and practical structure deserve special thanks. It was his vision that saw him strive tirelessly to implement the structure that treated each person as a worthwhile human being. This year was his final one as Principal of this College and it is one he has every right to be proud of. 1993 sees the first ever Lay Principal at Gregory Terrace. I know that you, too, will support him in his efforts, as you supported Brother Magee.

Gregory Terrace and the House System are like a mountain. To get to any height takes a good deal of effort. Once you are there, however, it is a source of great satisfaction and a basis for you to continue to climb. Two years ago we were at the base of this mountain ready to start the climb towards the top. We struggled and laboured up the steep cliff face as we reached greater and greater heights. The further we progressed the higher we climbed and, therefore, the better the school became. Each new height we reached was a source of great pride and satisfaction.

At the start of this year the burden of the ascent was handed to the students of 1992. We took it on and we, too, climbed high. It is now our turn to hand it over to the students of 1993. I know that you will take on the challenge of the climb as we did. I know, also, that five years from now the students of 1998 will be ready to take on the challenge of climbing this mountain. While Gregory Terrace and the House System still exist, then that mountain will still be there. I hope that in the future when I send my children here, that that mountain is still being climbed.

VICE CAPTAIN'S REPORT

STEPHEN D CREAGH

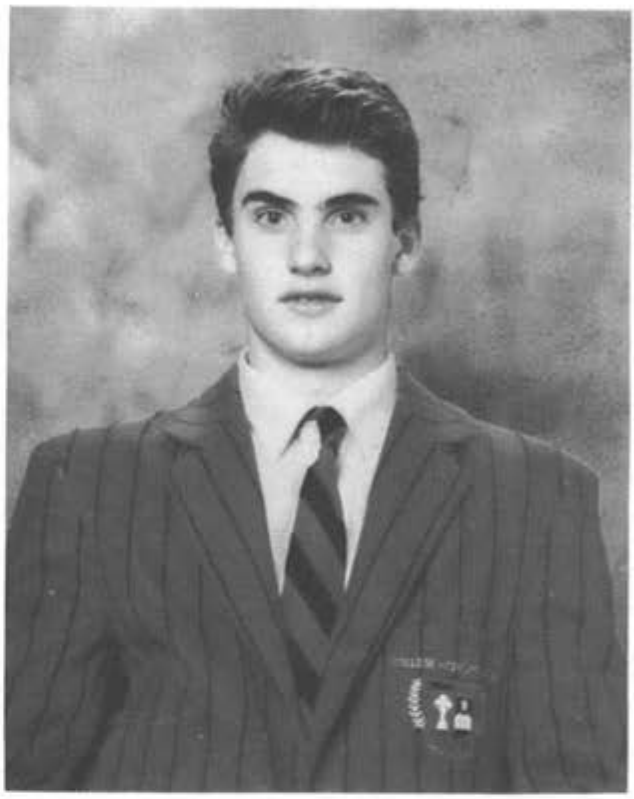
Idealistically, this year was going to be perfect. We would, as a school, be successful in every avenue we chose to pursue. Sporting prowess and academic excellence were inevitable, and Gregory Terrace in 1992 would reach its performance peak.

Realistically, however, this year has not flowed so smoothly nor been as exceptional as anticipated. We have not achieved the heights we had hoped on the sporting field, just as not all of us have excelled academically. But the fact of the matter is, with so much on the school calendar during the year, we could not possibly hope the scales would weigh up in our favour each and every time. If everything went exactly to plan, we would be living in a dream world, a mini-utopia, with no challenges or obstacles to overcome.

But through it all, the good and the bad, through the changes in school structures, both in appearance and administration, Terrace has always stood by its fine tradition.

But what is tradition? Is it a material object that may be grasped by one who reaches out to find it? Or is it of a spiritual nature, without a physical presence? I believe tradition to be the unspoken code of ethics, behaviour and dedication that holds such an overwhelming power over the life of each and every Terracian. I believe it is this code within us that preserves the spirit and feeling that Terrace has been from day one.

When this school began 118 years ago, it was the desire to help the needy that kept the school alive. But as it slowly expanded and the years progressed, students of Terrace were not always concerned with what the school would give to them, but what they could put into the school to help it achieve a status. It is this that exemplifies the true tradition of Gregory Terrace. And the only reason that one is so willing to inject so much of his time and effort into Terrace is due to his great love for it. This is how we have maintained the tradition of the Terrace of the past - by feeling so much admiration for the school and the men who attended it well before we were born, by putting in 100% and by



participating in every possible way, and by becoming part of the College that has served the members of this community for so long.

I recently had the pleasure of attending the annual Old Boys' Dinner held at The Brisbane Club. Never before have I seen a group of men, obviously so affected by their time at this school, being so enthusiastic and concerned about it. And never before have I heard a group of men, some who have been away from the grounds for over 60 years, sing the school song with such sincerity and warmth as did those men on that night.

And as we , too, will soon be Old Boys, every student has the urge to follow in the footsteps of our forefathers, to give everything they have got to the school, not for the fringe benefits, but because they want to do it and they believe it is right, because Terrace will always be recognised by the red and black, and each day when we wear our uniform we draw to the public our connection with the College and thus our dedication to it, emphasising the need to follow the tradition that has been laid down before us.

Ideals are a necessary part of life to show our ambition and to have something to aim for. But in the long run, the perfect thing is the reality that we must face every year, because it shows what Terrace has actually done on its own merits, not what everyone else wanted us to do.

It is this reality that allows us to maintain the past, whilst setting new standards and expanding on the old. And it is this reality that forms the basis of our tradition, because tradition involves both the good and the bad. You must experience failure before you can succeed. Our strength is to learn from these failures, to grow stronger because of them, so that the future Gentlemen of Terrace will be able to look back for inspiration, as indeed we have and shall continue to do until we leave this College for the last time.

VICE CAPTAIN'S REPORT

JAMES F O'LOAN

What is it about this place that attracts people from all over Queensland, and why is it that the words 'St Joseph's College, Gregory Terrace' command respect in the community at large? It is the spirit of Terrace. A spirit which carries the Terrace Family through its occasional low points and on to the higher points of academic, sporting and cultural achievements.

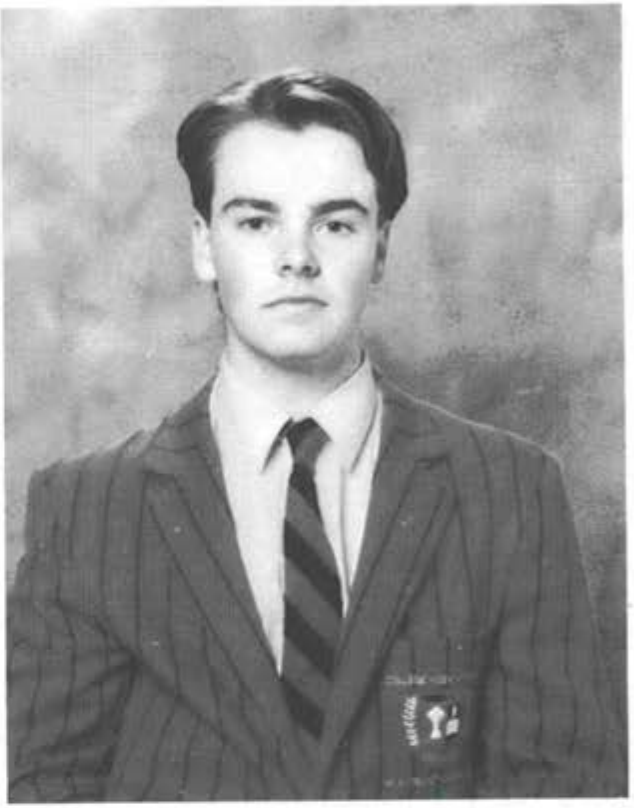
During the past twelve months this school has enjoyed more success than many of us here ever realise. The smiling faces we see tonight of the prize winners, who deserve our recognition, are the most visible examples of Terrace's student achievement. However, I assure you that approximately 1100 success stories - in one way or another - walked through the College gates this morning.

One thing which has always struck me about this school is the warm sense of belonging I have felt from it since I began here in 1985. Yet the Terrace of today is arguably an even warmer place. Not because of the change in students, staff or buildings, but because of the change in the school environment.

This environment has allowed all students at this school to mature in an atmosphere of greater freedom. Only the young men from Grades five to twelve can truly understand this. By no means am I suggesting that there is a shortage of problems to work through, or that every student thoroughly enjoys every day here; what I am suggesting is that every day each student has the opportunity to learn something new outside the classroom.

This unique and challenging school environment has everything to do with the Terrace Family. A family of individuals, who confront their problems - which are the problems of society - openly, in an effort to rectify them. Within this lies the true strength of Gregory Terrace.

The influence and importance of the Terrace Family is enormous and probably something those outside this school would have difficulty comprehending. It is for this reason, and this reason alone, that St Joseph's College, Gregory Terrace, is at the forefront of institutions seeking to develop the whole student: a young man who can appreciate the efforts and support of these around him.



The benefits from the Terrace Family show themselves all year round, but I do think that many of us take the benefits we receive for granted.

For instance, why do the teachers behind me think nothing of giving up their time to help a student outside of class, or freely devote many hours a week to coach sporting or cultural teams? Why do old boys form committees to support the students and assist in the provision of superior facilities? Why do parents form committees and do the countless and often thankless things they do? Finally, why does each student strive to improve as a person in order to become what many of us refer to as a Gentleman of Terrace?

The answer is simple. All the efforts of the Terrace Family aim to achieve one goal - to help the individual to grow and mature in an environment which allows him to do so freely.

When a young man leaves this school, what can he say epitomises Gregory Terrace? The answer for each would probably be different. No matter what example that young man gives, his explanation will be based upon his feeling: a feeling that every one of us fortunate enough to grow up in this unique atmosphere carries with him for the rest of his life.

Above all, it is a feeling of belonging to something very special - the Terrace Family.

There is one man in particular who has given this College a touch of warmth. After experiencing and observing the way in which Br. Magee expresses his genuine concern for each individual through his untiring support and belief in the dignity of all, no matter what the circumstance or how big the mess, one thing I finally understand: why they call men like him - Brother.

DIRECTOR OF SPORT

1992 proved to be yet another amazing feat of participation, co-operation, dedication and determination by students, staff, parents, friends of the College, Old Boys and Administrators from all nine G.P.S. schools with regard to sport.

I firmly believe that 1992 saw more 'Men of Spirit' involved in Primary and Secondary sport and cultural activities than in any year of my involvement with the College.

This involvement is essential in a student's growth and development. Whether the competitor be a champion or not, he is first a Terracian, and all who support the Red and Black will marvel at those who attempt to put "Terrace To The Fore".

Obviously not all sport programmes contain numerous top line coaches. As well, not all teams can be provided with the "BEST" coaches. However, the College has sought to provide excellence in coaching, for which the results of this scheme can be clearly seen.

Considering this scheme of appointing high calibre coaching expertise in the various sports has only just been born, the next four years of sport at Terrace can only provide a sports curriculum of which any school would be envious.

Term One (and the preceding holidays) saw those totally dedicated "early bird" rowers and swimmers churning up the water with great vim and vigour. These athletes' dedication to their training and sport can only be admired.

The Secondary swimming team performed bravely to finish a creditable fourth place in the closest G.P.S. finish for years; (13 points separated first and fourth place). Mr Neil Wharton is to be congratulated on presenting such an excellent swimming squad which, again, showed its tremendous depth by outpointing all schools in the relay events - a TRUE measure of a team's REAL depth and ability.

The Primary swimming squad, coached by Mr Michael Mac Dermott and Mr Steve Golding, gave notice of wonderful swimming years ahead for Terrace. These young men trained constantly and diligently to record excellent results throughout the season. In the major C.I.C. Championship, Terrace finished in third place.

A major contributing factor in the interest for swimming stems from the fantastic Inter-House carnival held at the Valley Pool early in the season. The College, as a whole, is to be congratulated on their efforts and co-operation on the day. The House spirit and organisation by Senior students was commendable.

The beginning of the rowing club season was very successful, with a number of excellent results in the lead up regattas. With the Rowing Master, Mr John Bowes, and his loyal band of rowing coaches and supporters providing qualified and time-consuming coaching, the Club showed that the standard of performances was continuing.

The 1993 rowing season welcomes a new streamlined coaching and administration scheme which can only enhance the performance of the rowing club.

Cricket in 1992 was highlighted by outstanding improvements in coaching personnel but, more importantly, the quality and quantity of the training sessions.

With Mr David Carroll (M.I.C. Cricket) and Mr Jack McLoughlin (Director of Coaching) at the helm, Terrace Cricket greatly improved its results and performances since the implementation of the new coaching scheme in 1991.

With this increase in the standard of coaching expertise, as well as the increase in positive performances, comes an ever increasing number of cricketers wanting to play the game. With teams nominated in out of season club and warehouse competitions, the emphasis on playing experience can only help when it comes to the next years G.P.S. and C.I.C. seasons.

The foundation of any sport is its junior competition. For the first time, a number of senior school coaches were moved into the Primary cricket area to help foster and develop the necessary skills of cricket. It is of no surprise that the Primary cricket results were very rewarding and encouraging.

The First XI had a mixed bag of fortunes in 1992 but were always competitive with all teams in the G.P.S. competition. The team finished ninth in the competition, but realised that, with more "orchestrated luck", the results could have been better.

For the first year an unofficial Volleyball competition was organised between G.P.S. member schools. Terrace supplied a 1st and 2nd VI, as well as an Under 15 team. Both Open teams were extremely successful, winning the majority of games in excellent style. The players' teamwork and skills were amazing, considering the lack of experience in this exciting sport. The Under 15 team, while not winning as many matches as the Opens, still enjoyed successes on the court and can only benefit from the unique experience.

Thanks to Mr Glenn McConville, Miss Sue Cox and Mr Russell Muir, who coached the three teams during the season. The 1st VI finished a creditable third, while the 2nd VI remained undefeated in the competition.

The 1992 Rugby and Soccer seasons bore witness to my earlier statement of the massive participation by all concerned at the College. The College fielded approximately 33 Rugby teams and 8 senior Soccer teams. This obvious willingness to pursue excellence in both Rugby and Soccer was just what Mr Mark McBain (Rugby Coaching Director) and Mr Mike Mulvey (Soccer Coaching Director) were looking for from the players and the coaches. Terrace Rugby and Soccer are extremely fortunate to acquire the services of such talented Directors. In the coming years, their knowledge of the players and coaches, coupled with the players' and coaches' comprehension of the Directors' ideas, Terrace will continue to develop these winter sports to greater heights.

Rugby in the Primary school once again showed that the future of the game at Terrace is in good hands. The players and coaches were constantly learning and experiencing the Director's fundamentals to training and playing. The improvement in these young men was outstanding and they are all to be congratulated on their performances. Special mention to the 11Bs who, for the second year running, remained undefeated.

Secondary Rugby took on a new training format for 1992. All under-age teams trained as one age group at the first training session of the week, and then followed up with one team training session.

Coaches, Mr David Logan, Mr Michael Carroll and Mr Dennis Mulherin are to be sincerely thanked and congratulated for their commitment and dedication to both the 1st and 2nd XVs.

Soccer results and performances in 1992 were the most successful since entering the G.P.S. Soccer competition. This success is largely due to the standard of coaching; the enthusiasm of the players and the tremendous loyal band of Soccer supporters who never stop trying to help advance the opportunities for the sport.

The standard of play throughout the age groups was extremely positive. Obviously not all teams can be winners, but with plenty of hard work, patience and the development of Mr Mulvey's coaching programme, the signs are good for the future of Terrace Soccer. I would like to thank Mr Glenn McConville for all his help and support in the organisation of Soccer matters in 1992. His efforts are just another reason why Terrace Soccer is such a worthwhile experience for any interested player.

The 1st XI, coached by Mr Ray Knight, enjoyed a very successful and rewarding season. Their sound defence, coupled with some lightning attacks and excellent ball skills, saw the team in a position to win the Premiership on the final round of competition. To the team's credit, the final game was won; however, as fortunes have it, they were denied the Premiership and finished in second place. This performance was the best ever by a Terrace 1st XI since the introduction of the competition and all the players are to be congratulated on such a fantastic season.

During the Rugby and Soccer season, the inter-House Cross Country and Track and Field Championships were held at Victoria Park and Nudgee College respectively. These competitions produced some amazing performances - due largely to the fact that most athletes competed; and competed with a fierce determination and will to win.

These competitions enabled the Athletic Coaching Director, Mr John Lucas and Middle Distance Coach, Mr Tony Booth, to produce a list of secondary athletes that would enable Terrace to perform at a high level, and in doing so, resurrect Terrace Athletics from the grave.

Unfortunately, not all our BEST athletes could muster the courage to do so. In these, one on one sports, one's fortitude is surely tested. It appears some athletes who perform in high level TEAM sports, must do their share of "hiding" when the pressure is exerted.

Despite this fact, the Cross Country runners did produce some outstanding performances at G.P.S. Although Terrace finished in equal eighth position, it was the momentum created that will hopefully carry on in the years to come. Certainly in Mr Booth, we have an outstanding, credentialled coach, who can lift our athletes to bigger and better things - if they are willing to let him!

The College has appointed Australian Sprint Coach, Mr John Lucas, as Director of Athletics Coaching on a four year plan. It is Mr Lucas's expectation that Terrace will feature strongly in the G.P.S. competition in the year 1995. Prior to that, the emphasis is going to be firmly placed on our younger athletes who, to this date, are showing very pleasing results. It is such a pity that not enough young athletes are taking advantage of our talented coaching staff. The amount of learning and cross reference to other sports that is forthcoming is just NOT utilised. There are some outstanding athletes competing for Terrace; however, our lack of depth (or more to the point, our lack of true athletes not interested in competing) is a REAL cause for concern. The team competed with a fierce desire at G.P.S. to finish better than ninth position. This result will be the second step to continuing the momentum started by the Cross Country athletes.

Running alongside the Track & Field season were the Basketball and Tennis seasons. It is a pity that a number of our best athletes are pulled in a tug-of-war between all these sports. I must thank all those athletes who did endeavour to represent the school in two sports at this time. Your efforts are to be congratulated, and you are the real men of Terrace.

The College appointed Mr Steve McLeod (Basketball Director of Coaching) and the Fancutt Organisation (Tennis) to undertake the responsibility of continuing and improving the high standards of performances that these sports have enjoyed in recent years.

The number of Basketball teams and students interested in playing Basketball is incredible. Because of the extent of pressure by interested numbers, the standard of our team performances in the various G.P.S., B.B.I. and inter-House competitions has been tremendous. These performances reflect the players' deep desire, as well as the strong, committed and well-qualified coaching staff the College has endeavoured to provide.

Under the new direction of the Fancutt Tennis Organisation, Terrace Tennis suddenly took on a much more professional outlook and approach to training and playing. In Term 1, Fancutt Tennis was able to take control of our C.I.C. Tennis teams, who were able to produce some thrilling results and performances. Fancutts have then run classes for any interested students at the College, as well as being appointed official coaches for the various G.P.S. teams.

The Fancutt's impact on the players has been obvious. Although not always showing in the results, their ideas and attitude about playing tennis is. Terrace is indeed delighted to have such talented coaches in charge of, historically, our most successful sport.

For the second year in a row, Terrace participated in the Under 15 and Open Australian Rules competition. Although the results were not as favourable as last year, it was tremendously encouraging to see so many players prepared to don the red and black for yet another football season. Mr John Bowes is to be complimented on his enthusiasm and efforts to continue the participation of the College teams in the competition, as well as taking on the coaching duties once again.

Once again in 1992, Mr Ken Hainstock continued his development of Terrace Gymnastics by running two training sessions per week for much of the year. One session was purely for interested Primary students while the second session was designed to enhance the skill and expertise of the secondary gymnastic team. With the help of some excellent gymnasts from outside the school, the standard of Terrace gymnastics is gradually improving. The interest generated by Mr Hainstock's enthusiasm is a sure sign of Terrace's improving fortunes in the G.P.S. competition.

Obviously a sports programme that Terrace provides cannot function without the help, co-operation and commitment of so many people. I would like to pass on my thanks to all who helped in some fashion in the running of the 1992 Sports programme. Special thanks to Mr Luke Robba who assisted in running and organising the Primary sports programme. Without the help of so many devoted people, the students of St. Joseph's College would not experience the highs and lows; the comraderie; the discipline; the enjoyment and the thrill of competing for Terrace.

A POINT OF VIEW

Since returning from my Sabbatical study leave I have become aware of a very unfortunate trend at Terrace.

It is obvious that a lot of students feel the only reason to compete is so that can receive some sort of apparel (e.g. Chinook, T-shirt, Jersey) or reward (e.g. Tour), while neglecting the more obvious reasons for competing that have been mentioned above. It appears to me that it's all a matter of what we look like and what we can take AND NOT WHAT WE PLAY LIKE.

In the words of a famous President: "ASK NOT WHAT YOUR SCHOOL CAN DO FOR YOU BUT WHAT YOU CAN DO FOR YOUR SCHOOL".

(Mr) M BROAD
Director of Sport

THE CULTURAL LIFE OF THE SCHOOL

A constant effort is being made at Terrace to produce graduates who, while being proficient in sport and academic areas, are not culturally bereft. To this end the College is constantly urging the students to participate in the many activities that will develop this aspect of their person. Already great success is attending these efforts.

In the first place I should wish to extend very sincere thanks and congratulations to those members of staff, permanent and visiting, who have demonstrated such patience and enthusiam which have resulted in their efforts being so well rewarded. It was Milton who said, "They also serve who only stand and wait.", Tancred who wrote, "Everything comes if a man will only wait." and De Maistre who proffered the advice,"To know how to wait is the great secret of success." Too often students, and some adults, want instant success. When it comes to cultural activities instant success is rarely possible and so this great virtue of patience, waiting, is vitally necessary to produce something of which we might be proud.

Music in all its diverse forms, Drama and its ancillary, Theatre Sports, Debating and Public Speaking, Chess and Art are cultural subjects and interests that are offered here at Terrace. These are slowly becoming more and more popular as students come to the realisation that these are very suitable subjects for young, sports-loving, active Australians to pursue. Perhaps they and their parents are also realising that one's development is rather lopsided if the cultural aspects of education are neglected.

One of the most ambitious undertakings of the Performing Arts department in the school was the hugely successful staging with All Hallows of the Musical, 'West Side Story'. The untold blood, sweat and tears, not to mention the innumerable hours of patient waiting, was more than amply rewarded by the outstanding performances that these students from both schools provided. There are many valuable lessons to be learnt by students who participate in such a mammoth undertaking as a Musical of this magnitude and I am sure that many, if not all, derived great benefit from the discipline and co-operation that were so necessary for success.

A number of our musicians played in the Orchestra for the Musical and provided a difficult accompaniment which would have challenged a professional group of players. Conductor, Mrs. Linda Carrington, trained this orchestra so well that its performance is worthy of separate mention. Under the direction of Mrs. Carrington who has assumed a full time role in the Music Department of the College, the Concert Band, the Intermediate Band and the Training Band have all performed well while the Stage Band under the direction of Mr Ross Capern has gone from strength to strength.

A school like Terrace is fortunate to have musicians who can turn their instruments to most things and this tends to add a dignity to formal functions not otherwise enjoyed. The Academic and Induction Mass, the St. Joseph's Day Mass in the Cathedral, the Talent Quest, Chelsea Flower Show, the College Speech Night to mention a few have been functions that have enjoyed music provided by the students.

Mr Stephen Stanfield who teaches strings has taken control of the College Orchestra and capitalising on the excellent foundation provided by Mrs Fran Williams has the orchestra playing well. Many budding instrumentalists in the Training and Intermediate Bands will graduate very soon to the Concert Band and the Orchestra.

With Speech and Drama now established in Years 9 and 10 it is proposed as a result of strong requests from the boys themselves to take this subject on to Year 11 next year. This subject will bear the name Theatre. As a spin-off of these classes drama is beginning to loom much larger in the school curriculum. A very talented group of Year 9 boys won the Junior Section of the Brisbane Arts Theatre Drama Festival in September when they performed the very touching drama A Thousand Cranes which tells the pathetic story of the bombing of Hiroshima. Ben Foat won the award for the Best Actor. Success for this group was all the more remarkable as they had little more than a week to prepare as it followed close upon the heels of the Musical. Mrs Sandra Hines deserves much of the credit for the success of these boys. Another successful group were some Year 10 boys who, under the direction of Miss Nicole Wright, won their heat of the Schools' Theatre Sports competition and subsequently came third in the final.

Debating has always been strong at Terrace. This year we had more boys wishing to participate than there were teams to accommodate them. This is a most valuable exercise for students as it teaches them to think logically on their feet, to articulate those thoughts, and to become more poised and develop greater confidence. Teams were fielded in both the QDU and the GPS Competitions. In addition there were some social debates. Staff members, some parents and old boys gave up much time to train teams and provide the adjudication. For all of this we are very grateful.

In the field of the spoken word we also have the Terrace Speakers' Club. This group has an affiliation with the Indooroopilly Toastmasters and, on occasion, visits this group for some of their Dinner Meetings. It is here that they learn the valuable arts of combining a meal with the various types of speeches that frequently accompany dining. This activity does much towards developing leadership skills and a variety of social graces.

A Senior and Junior Oratory contest is staged towards the end of the school year and, while this does not attract a large number of contestants, it does give those who enjoy speaking ability an opportunity to display their skills.

Art is yet another of the cultural subjects Terrace students are privileged to be able to study. Some fifteen boys entered work in the 1992 Coca Cola Excellence in Youth Art Exhibition. This exhibition is held annually and features the works of secondary school students throughout south-east Queensland. The aim of the event is to encourage the creative talents of young people and to provide an opportunity for a public showing of their art work.

The Association of Independent Schools of Queensland has established a collection of artistic productions created by students of member schools and the work of two of our senior students, Chris Morris and Tim Miley, has been included in a permanent display of art work in AISQ House.

Chess is yet another activity that Terrace students are involved in. During 1992 the College fielded teams in the B, D and E divisions of the Interschool Chess Competition which was conducted on Friday evenings from May to mid-October. By participating in this competition boys contested matches not only against GPS schools but also non-GPS private schools and State High Schools.

All of the above should leave little doubt in the minds of the readers that the College is doing all in its power to promote a wide range of cultural activities for the students to become involved in. We are always grateful to staff and parents who give so willingly of their time to assist in this important area of school life.

BARRETT

DEAN AND PREFECTS

Mr M Carroll (Dean); Sean Atkinson; Jason Britton; Adam Taylor

1992 has been a very successful and prosperous year for Barrett House. With the foundations of the innovative House System already laid, this year's seniors, tutors and students worked and co-operated very well as a cohesive, united group to consolidate and improve, not only upon the success of Barrett, but the House system as well.

The year began a little slowly for Barrett House, coming sixth in the swimming. Coming into the Cross Country and Athletics the emphasis was on support and participation, which had been stressed to the gentlemen from day one, shone through. Barrett recorded wins in both events and also come second in the House Choir and Talent Quest, placing us in second place for overall House of the year.

However, success for Barrett House does not just mean podium places for sporting carnivals. The support and participation in our raffles, BBQ's, and various other fundraisers for charity and the school has been impeccable. Also the students involved in cultural activities offered at the school was outstanding, a number of students participating in the musical, chess and debating.

All students, seniors, and tutors and our House Dean, Mr Carroll, must be congratulated on their efforts in making this, a successful year for Barrett House. Hopefully next year's seniors in 1993 can build yet again upon the status which the 1992 class has created.

JASON BRITTON (HEAD PREFECT)
ADAM TAYLOR

Absent: Declan Sherman; Matthew Maw; Liam O'Mahony.

KEARNEY

DEAN AND PREFECTS

Mr S Tilly (Dean); Michael Boyle; Luke Taylor; Gareth Gower

Under the guidance of House Dean, Mr Steve Tilly, 1992 has produced a mixed level of success for Kearney House. Following in the footsteps of our House patron, Brother James Ansolm Kearney, our students have excelled in the academic and cultural fields, the highlight of the year being our first and memorable victory over the other Houses in the Talent Quest.

Unfortunately, success in the sporting fields - such as the House Swimming, Athletics and Cross Country carnival - was limited, although there have been many brilliant individual sporting performances throughout the year both in and out of school. In particular, mention should be made of Adrian Looney, Year 7, whose feats in Gymnastics included 4 gold and 2 silver medals in the State Championships and 6th place overall in Australia; and Daniel McConaghy, Year 11, who played for the Australian Schools RFU Presidents XV against New Zealand.

Another high point of the year for Kearney House was our fundraising efforts, including a chocolate drive and a rice and cordial day. The proceeds, almost $1 000.00 from Kearney House alone, were sent to the Somalian Relief Fund. Kearney Year 11 students independently sponsored a child in Thailand for 12 months. We would like to thank the ten Kearney tutors, Mrs Ariotti, Ms Cox, Miss Sargent, Mr Broad, Mr Golding, Mr Hainstack, Mr Kennelly, Mr McConville, Mr Tindall and Dr Webb for giving much time, care and consideration to the students.

Finally, our House Dean has been a fine example for his students and, with his expertise, he will undoubtedly lead the Kearney students to further successes in years to come.

MICHAEL BOYLE (HEAD PREFECT)
GARETH GOWER
LUKE TAYLOR

TUTOR GROUP 1 - MRS J ARIOTTI / MR S GOLDING

3rd Row: Matthew Tilly; Samuel Graham; David Manifold; Nicholas Crimmins.

2nd Row: Brendan Griffin; Peter Colwell; Daniel Kloza; Michael Ferris; Alex Noskoff; Thomas O'Rourke; Thomas Bauer.

Front Row: Matthew Seeto; Simon Andree; Thomas Mitchell; Luke Marrinan; John Jackson; George Byrne.

TUTOR GROUP 2 - MR K HAINSTOCK

3rd Row: Liam Hayes; Damian Neilen; James Whiteoak; Phillip Petty.

2nd Row: Matthew Crawley; Paul Lindsay; Michael Curley; Brett Shaw; Julian Yates; Christopher Seet; James Green.

Front Row: Ashley Quinn; Donny Gambaro; Duncan Corness; Cameron Murchison; Brendan Grice; Mark Humphries.

Absent: Rhys Gower.

MAHONEY

DEAN AND PREFECTS

Mr W McCulloch (Dean); Salvatore Russo; Robert Kuter; Mark Serafini

1992 was a year to remember for both the students and teachers of Mahoney House. The House had led in continuing the Terrace ethos and tradition of excellence in every facet of College life. The determination which established the era of Mahoney House dominance was firmly reinforced this year.

Although Mahoney House was only able to triumph in one event on the House competition calendar, its consistency and spirit laced with determination has enabled Mahoney to stand proudly as the rightful leader on the College ladder. The main characteristic, however, of the House's success was the remarkably high level of participation by all Year levels in every contest.

Mahoney was not a House endowed with musical talent. However, the drive and energy of the more than able conductor of the House Choir, Mrs Linda Carrington, enabled Mahoney to take honours in its first year of all-out competition. The electrifying atmosphere preceding the choral performance was channelled into a remarkable display of vocal quality. Despite cunning tactics of other Houses, the unstoppable 'sky blue and red' was able to achieve a more than credible second place in the Swimming carnival. Although the talented swimmers of Mahoney House contributed immensely to the performance - its standing when all was said and done came down to the selfless individual effort of those who had no expertise in the lanes.

The Senior members of Mahoney have excelled in every extra-curricular activity that the College offers. Jurgen Landmann and Michael Stewart were presented with awards of excellence that acknowledged their contribution to the College. Mahoney Seniors also captained the Swimming, Track and Field, Cross-Country and Tennis Teams of 1992.

To be congratulated are Peter Tuton (Australian Junior Swimming Pan Pacific Games), David Clarke (Australian Cross Country Titles) and Charles Pizzato (World Chess Titles) for outstanding achievements.

However, Mahoney Houses's awesome achievements stemmed not from the performance of outstanding individuals but the spirit of the House as a whole.

The milling congregations of flocking hoards of non-Mahoney students to the prestigious flats of the mighty sky blue and red displayed Mahoney House system approach as the most desirable. The strength of the House lies solely within the hearts of the inhabitants a deeply set mortar of spirit that drives the House's phenomenal success to satisfy the burning desire of first place.

It has been said that Mahoney House in an 'arrogant' house, If 'arrogant' means undeniable pride its a physical representation and an embodiment of Spirit. This reputation is more than enjoyed by the house as it graphically demonstrated for Houses the need to rise to Mahoney's soaring heights.

The fundraising activities proved to be spectacularly successful, culminating in Mahoney being the first House in the College to acquire a distinctive badge. The Mahoney 'family' was extended to include parents and family through the House Dinner. The interaction of students and parents, as well as the indispensable tutors, enabled the House to grow.

Many thanks must go to the nine tutors for maintaining a well disciplined body of young men. Thanks must also go to the House Dean, Mr William McCulloch, the most central part of Mahoney's existence. To say that the young men would die for him would be a fitting tribute, such is the pride and faith in him. Thank you all!

Despite threats and problems as all human institutions face, Mahoney House has followed the motto of Integer et Dilligems (Integrity and Diligence). The stronghold of faith and truth that embodies Mahoney House will withstand the test of time.

MARK SERAFINI (HEAD PREFECT)
ROBERT KUTER
SALVATORE RUSSO

TUTOR GROUP 1 - MR C CAWLEY

3rd Row: Sam Johnson; Lachlan Douglas; Anthony Gibb; Peter Coghlan; Peter Tuton; Michael Stewart; Christopher O'Connor.

2nd Row: Derek Maccarone; Sam Handy; Morgan McMeniman; Nicholas Macksey; Timothy Muir; Benedict Schodel; Toby Burgman; Stephen McEvoy.

Front Row: William Armstrong; James Clarke; Timothy Reid; Charles Pizzato; Stuart Fitzpatrick John Loth.

TUTOR GROUP 2 - MR R PERRY

3rd Row: Roland Bartel; Steven Carrick; Daniel Bridges; James English.

2nd Row: Nikolai Cella; Jacob Antolini; Adam Lane; Benjamin Lawson; Benjamin Sprenger; Scott Gillespie; Nicholas Heim; Mark Whittaker.

Front Row: Ashley Morris; Michael Horrigan; Patrick Beckett; Stuart Cox; John Hawkins; Anthony Dare.

TUTOR GROUP 3 - MRS M WAITE

3rd Row: Bradley Smith; Paul Cook; John O'Neil; Cianan Purcell; Patrick Davies.

2nd Row: Quentin Cregan; Jonathan Schrauwen; Christopher Day; Andrew Rayfield; Giang Nguyen; Simon O'Brien; Sean O'Gorman; Michael Hodge.

Front Row: Adrian Erzetich; Matthew Bint; Paul Chan; Cameron Stirling; Andrew Spike; Simon Reid.

3rd Row: Tim Noonan; Jarrod Brooks; Terence Lunney; Jonathan Heim; Peter Gibson; Michael Noonan.

2nd Row: Paul Hawkins; Lawrence George; Daniel Bartlett; Craig Rayfield; Mark Power; Timothy Shannon; Dominic Condon.

Front Row: Benjamin Bridges; Stuart Jones; David Clarke; Christopher Luck; Christopher Phillips; Stephen Baker.

REIDY

DEAN AND PREFECTS

Mr R Celegato (Dean); Tomas O'Shea; Benjamin Lunn; Timothy Miley

1992 saw the second year of the newly established House System which Reidy has settled into quite comfortably.

The two levels of grouping (Years 5 - 8 and Years 9 - 11) have been capably led by Seniors, who, with the help of the three House Prefects and dedicated House Dean, Mr Ray Celegato, have incorporated a House spirit unique to Reidy.

Unfortunately, Reidy was unable to maintain the outstanding sporting position set last year. The participation of all the boys in the Swimming and Athletics Carnivals, and the Talent Quest was commendable.

Some individual achievements should be noted. Nicholas Stiles was selected as Captain of the 1st XV and then went on to Captain the Queensland Schoolboys Rugby Team. Daniel Clifford was named as Vice-Captain of Swimming and later in the year he was made Captain of X-Country and Vice-Captain of Athletics. Marco Palmieri was the Cultural Captain. We were also well represented in the Junior ranks with Daniel Guthrie gaining first place in the Queensland Diving titles.

Reidy also took part in a wide range of fund-raising activities that kept us on our toes throughout the year. The response by students of all ages to the M & M drive was magnificent and this fund-raising hype was also carried through to collecting for the Walkathon.

We have come together as a House Family this year with our successful House dinner in the College Hall and frequent House barbeques, where everybody had lunch together. This has allowed the friendly interaction between all of the Year levels.

Sincere thanks must go to the dedicated Tutors of Reidy House who became active participants in all facets of the House life. A special thanks to our 'middle man', Mr Ray Celegato who was there when anyone needed him. His influence on the lives of the Reidy students is immense and for that we are truly grateful.

On behalf of the Senior contingent of Reidy, I wish the House all the best for 1993, and I leave with the satisfaction of knowing that, next year, the Green, Red and Black will once again be on the attack.

TIM MILEY (HEAD PREFECT)
BEN LUNN
TOM O'SHEA

TUTOR GROUP 1 - MRS P BARRY (Terms I, III, IV) MR R PATCH (Term II)

3rd Row: Daniel Widdicombe; Daniel Petrie; Marco Palmieri.

2nd Row: Anthony Burke; Alan Doolan; Robert McDonald; Alexander Rohan; Samuel O'Connor; Benjamin Gordon; Matthew Cavanagh; Bernard Curran.

Front Row: Adrian Diente; David Massingham; Matthew Bowman; Adrian Jones; Conor Cunningham; Sean Boyd.

TUTOR GROUP 2 - MRS P MACUGA

3rd Row: Luke Hawkins; Daniel Clifford; Angus Scown; Nathan Stella; Stephen Byrne.

2nd Row: Adam Rada; David Darbyshire; Michael Knapp; John Duggan; John McNamara; Daniel Woolhouse; David White; John Burke.

2nd Row: Simon Scoble; Mark Dunsdon; John Dunne; Jude Woolhouse; Alexander Carrick; Simon Jones; John Clifton.

Front Row: Joshua Smith; Steven Tatnell; Benedict Petrie; Shigeki Yasuda; Phillip Jordan; Gianni Rosson.

TUTOR GROUP 9 - MR L HARVEY

3rd Row: Ben Clayton; Ian McPartland; Andrew McGruther; Paul Raven; Paul Mangano.

2nd Row: Andrew Thomson; David Fletcher; Robert Clifton; Kent Martin; Drew Lette; Adriano Rosson; Gregory Littleton.

Front Row: Matthew Gordon; Nicholas Jankovits; Stephen Knight; Peter Cook; Stephen Bures; James Kendall.

TUTOR GROUP 10 - MRS GILL

3rd Row: Anthony Isaac; Santiago Burridge; Sean Kennedy.
2nd Row: Christopher Allison; Paul Petraitis; Benjamin Davies; Ryan Squires; Benjamin Rodney; Timothy McDonnell.
Front Row: Clyde Netto; Christopher Reid; Anthony Ross; John Curran; Simon Millichamp; Mark Hoare.
Absent: Eugene Tati.

TREACY

DEAN AND PREFECTS

Mr A Pauley (Dean); Michael Doyle; Guy Kits; Darren Roberts

1992 may well be heralded as the coming of age of Treacy House, with the unveiling of our crest and motto. However, this could not have been possible without those firm foundations established in the House System's inaugural year, as directed by Mr Pauley and his Seniors of 1991.

Although Treacy cannot claim victory in any inter-house competitions, we did, however, establish ourselves as a force to be reckoned with in future years. Such successful achievements as second in the Talent Quest, third in the House Choir and Fourth in the Swimming, Athletics and Cross Country demonstrate the fine improvement made on Treacy's previous performances.

Through the considerable efforts of Duncan Spender, Senior 1992, and subsequent assistance from Mr Luke Harvey, the Treacy House crest made its debut. Through research and aesthetic creativity, Duncan Spender designed a Crest of significant symbolism. It depicts an eagle, the bird on the original Treacy family Coat of Arms, though this is of Australian descent. This bird is pictured 'flying high' to those ideals projected on the College Crest. The border designs represent the Irish background of our patron, Br Patrick Ambrose Treacy. The backing colours are red and orange, those unique to Treacy House.

The base of the whole House system is the Tutor Groups. These would be unable to succeed without the relentless efforts supplied by the tutors. Mr Hawthorne, Miss Wright, Mr Robba, Mr Patane, Ms Sinnamon, Mr Maidens, Mr Carroll, Mr Hinch and Mr Rose the tutors of 1992. They must be thanked and congratulated on their efforts in co-operating with the present school structure, and in helping to foster a House spirit. The Seniors leaders of each tutor group must also be mentioned for the support they provided to their tutors. Perhaps a sure sign of success of the House system is to know that a younger student can always approach a Senior for friendly advice no matter what the circumstances.

Many functions were held in the course of the year within Treacy. One such event was the well attended and highly successful House Dinner. This provided parents and teachers with the opportunity to socialise in a more informal atmosphere. Thanks must be directed to those Year 11 students who acted as waiters on the nights. House BBQ's were also held at various stages throughout the year, and James White and Mark Willcox must be thanked for the orgainization of these.

As the year comes to an end, members of Treacy can look back on a year of steady progress. We would like to thank all Treacy students for their diligent efforts throughout the year; we have thoroughly enjoyed the task of being your 1992 house leaders. Thanks also to Mr Pauley our House Dean for his encouragement and support.

Treacy House can look forward to a prosperous 1993 under the direction of Mr Pauley and his Seniors, the House tutors and the students of Treacy House from Year 5 to Year 11. 'Treacy fly high'

MICHAEL DOYLE (HEAD PREFECT)
DAMIEN ROBERTS
GUY KITS

TUTOR GROUP 1 - MR J HAWTHORNE

3rd Row: Duncan Spender; Christopher Drzewiecki; Damien Evans; Kevin Lau.
2nd Row: Michael O'Rourke; Anthony Kelly; Benjamin Hyde; James Brennan; Gareth Fraser; Michael Curnow.

Front Row: Andrew Poli; Timothy Harrington; Aaron Marschke; Stephen Willcox; John Josephson; Nicholas Butta.

WINDSOR

DEAN AND PREFECTS

Mr L Mobbs (Dean); Sam Keily; Damien Cavallucci; Hayden Pervan

In 1992, the gentlemen of Windsor House were relocated to the 'new' red, grey and white 'Windsor Flat'. The move marked the beginning of a new standard of 'Windsorians' and the further encouragement of interaction throughout the House. The leaders, wearing the traditional red blazers, ably led the House in 1992, giving their support, hard work and enthusiasm, along with the efforts of the Senior body, to completing the groundwork left from last year.

However, the strength of Windsor House this year was not in the individual, it was the performance of the House as a whole. It was, when these individuals came together with a commitment to the development of the House, that the Windsor House 'spirit' could be sensed. Take, for example, our win in the interhouse swimming this year. Our House was not a House of stars, but a House of depth and commitment. With this depth and the WIN-WIN-WINDSOR spirit, we came away with a true team victory.

After this great victory the Windsor House spirit was beginning to be increasingly felt by all 200 Windsorians, and, when the House was asked to participate in other events, the support was overwhelming. Areas, such as the Track and Field and Cross-Country competitions, were again taken in high spirit, with the Windsor men displaying their supremacy with consistent placings. The tradition, set from last year, in Windsor's cultural area was also upheld. To our credit and hard work these results signified Windsor House's new foundations were quickly being set within the school structure.

Special thanks must be given to the invaluable assistance of the House Dean, Mr Laurie Mobbs, who worked tirelessly in the development not only of the House but of each individual student. Without Mr Mobbs the year would not have run as smoothly and effectively as it did. Also, to the Tutors who continually supported and managed their students in a teacher-student relationship, thank you. The students in Windsor House also deserve thanks, as trust, as well as many other qualities, was always testing their characters; a feature this House System depends on.

Windsor House in its first two years has now firmly cemented its building posts in the ground. We can rely on future development to establish a well rounded House, a House structurally developed and co-ordinated. 'Windsorians' should always strive to 'build a House' that helps everybody, no matter how small or large the need is.

HAYDEN PERVAN (HEAD PREFECT)
DAMIEN CAVALLUCCI
SAM KELLY

TUTOR GROUP 1 - MR G McDADE

3rd Row: John Bartels; Rohan McKay; Dominic Cullen; Andrew Johnson; Rhett Das.

Front Row: Andrea Geissa; Ross Randell; David Tynan; Seth Remaut; Donald Mackintosh; Grant Steggall.

GEOGRAPHY

Geography has had another very successful year. The subject has emphasized skills in collecting and presenting original and topical data and the development of the ability to reason. Geography's integration of knowledge from a wide range of fields is valuable as the students develop a broad and balanced perspective on numerous issues. Students are urged to make reasoned judgements after the evaluation of information and to develop an interest in environmental and social issues which surround them.

At Year 8 level the basic Geographic concepts associated with landscape studies, and synoptic patterns are covered.

These concepts are best developed through Field Trips. This year, the Year 8 Geography students travelled to the North Coast to undertake studies at the Glasshouse Mountains and also to the beach at Alexander Headlands.

These skills are reinforced throughout the Year 9 and 10 course which includes topical regional studies.

The Year 9 students also undertook fieldstudies. They travelled to Oxley sewage treatment plant and also the Mt Crosby water treatment plant. Year 10 Geography students went to the Beerburrum State Forest to investigate the management cycle being used.

In the Senior Geography course, special emphasis is given to the integration of knowledge, problem solving and report writing.

These ideas are best obtained from field work. The Year 11 students did fieldstudies associated with Coastal Geomorphology, also River Mechanics and finally designs and types of Urban Shopping Centres. The Year 12 students undertook a fieldstudy associated with Resource Management.

The principal reason for this year's success has been the outstanding team of Geography teachers. These teachers undertook their duties with a high degree of commitment and professionalism. I must therefore extend my special thanks to Mrs Barry, Mr Harrington, Mr Tindal, Mrs Gill and Mr Delaney.

I trust this hardworking team will continue to promote Geography as a valuable and relevant academic subject.

MR DAVID CARROLL

MANUAL ARTS

1992 has been another busy year for St Joseph's College. Amidst this business 400 students regularly made the short walk from the upper school to the Manual Arts/Art block on the corner of Water and Rogers Streets. From their initial association with Manual Arts in Year Eight, students are able to select a course in woodwork (Shop A) or metalwork (Shop B). It is a great opportunity the school provides for those students beginning their Secondary education to try a subject they might not otherwise have chosen. It is always encouraging to see these young students eagerly making their way down Rogers Street just to get to SHOP on time. It is hoped that even from this brief contact, students learn skills unique to this subject.

In the higher Years 9 and 10, students further their development of manual skills. The reward for their efforts and learning is in the many varied projects they accumulate over the two years. Subconsciously they are also developing process abilities to think through problems to their resolutions. The reward for myself, Mr Damien Tehan, Mr Russell Muir and Mr Ken Hainstock, as teachers, is seeing the student who disbelieves he is capable, making more than a fair show of his talents.

Keep constructing gentlemen and one day you will find you have built your life.

(Mr) LUKE HARVEY
Head of Department - Manual Arts

PARENTS AND FRIENDS' ASSOCIATION

Following the 1991 review of the role of the Parents and Friends, the committee started this year with renewed vigour. A revision of the constitution has commenced and the committee looks forward to presenting this document to the parent body.

The opening function for the year was the annual 'Welcome to the New Parents' at Tennyson. This proved as successful as in previous years, despite problems caused by the weather. The major fundraising activity this year was the walkathon. It was quite successful considering the current difficult economic times. The event was held on a weekday this year and this added to the participation.

1992 was a politically active year with a State election held and a Federal election pending. The P & F has been very much involved in meeting representatives of the political parties to inform them of the true picture of Terrace - its vision, ethos and problems.

In a continuing effort to lessen the financial burden on parents, the P & F has embarked on new ventures. The stationery shop has joined the clothing shop in allowing parents access to quality products at reasonable prices. 1993 will see the introduction of the book hire scheme which promises to contribute much to parents and students in cost savings and provision of more resources.

The Parents and Friends on behalf of the Terrace family wish Br Magee success in his new posting and look forward to working with Dr McManus for the continuing growth of Terrace.

PETER J BALKIN
(President)

TERRACE LADIES GROUP

This year saw the twenty-fifth year since Br McBrien asked Mrs Cecily Neville to form a Mothers Committee at Terrace. The Terrace Ladies Group began its involvement at Terrace in 1967 and as such is, except for the Old Boys Association, the oldest support group at Terrace. To mark the occasion, the Terrace Ladies Group celebrated with present and past parents and friends at a Silver Anniversary Ball. It was a pleasing touch that Neil McBrien was able to be present with us all on this special occasion.

To recognise the vitality of the group this year also saw an in depth review into the role of the Terrace Ladies Group and its participation on the life of the College as we move towards a new century.

The Terrace Ladies Group has always been proud of its involvement within the life of the College and this year was no exception. We began the year with correspondence with the Provincial Leadership Team assuring them of our support for the College and offering the help of the ladies as Terrace begins a new era with the advent of a lay Principal.

Mothers were welcomed to our masses to celebrate the beginning and the end of the year, the parents of Year 12 leaders were served morning tea at the Induction Mass, teachers were brought afternoon tea at Parent-Teacher Nights, examinations were supervised, formals and semi-formals were decorated, parents were served supper at information and subject selection nights and lots of boys and their families were fed at Tennyson throughout the cricket and football seasons.

Among the functions held this year included a lovely At Home where under Mt Sion became alive with fairy lights and a powerful theatre morning as we followed Bryce Courtney's characters in the Power of One. The Terrace Ladies Group was also pleased to sponsor this year Fr Paul Glynn when he came to speak to the boys. Fr Glynn also agreed to speak to interested peoples and associated secondary schools, feeder schools and parishes were invited to join us on this night as we listened to his experiences in Japan. It was a moving experience and enjoyed by all.

The Christmas Fair this year also marked the farewell to Br Magee. This function always one of great joy and friendship was tinged with sadness as we bid farewell to a Principal who has always been very supportive and enthusiastic for the role of the Terrace Ladies Group within the College. We thank him very much for his support and wish him only the best as he continues to live his life as a wonderful example of the charism of Edmund Rice.

I would like to conclude as I finish my two years as President with a great deal of thanks to all the ladies who over the years have given so much of themselves not only in friendship to myself and other mothers but also so much to the boys of this College. Their work and support to the College is unstinting and often unnoticed but the results are immeasurable. I would also like to acknowledge the boys themselves. Their friendly acceptance of the mothers' involvement is one of the joys of working for Terrace and one that makes the effort involved all that much more worthwhile.

MRS MONICA THOMSON
(President)

OUTDOOR EDUCATION - MAROON

The last 12 months have seen significant change to the operation of the Gregory Terrace Outdoor Education Centre (G.T.O.E.C.) at Maroon and the programmes which it is able to offer the boys. In addition to some staffing changes, the programme has been reorganized with the lower Secondary students maintaining a Maroon based programme, whilst the upper Secondary students have the opportunity to participate in extension type programmes which are designed to develop an area of particular interest that the boys may have.

To the staff of the G.T.O.E.C., we welcome Mr Druery. He takes on the role of the House Tutor who has traditionally accompanied each group to Maroon. His presence on each secondary camp has given a lot of continuity to the programme and allows the operation of the Outdoor Education Centre to be a lot smoother on the rest of the school. The Primary school staff members still accompany the students on their camps to Maroon.

The lower secondary school Outdoor Education programme sees the Year 8 and 9 students undertaking a range of activities which include rockclimbing, abseiling, canoeing, ropes course, campouts, orienteering and horseriding. These help to train the boys for the Year 10 programme where they have to complete a three day expedition into the Mt Barney area. During this expedition they have to hike, navigate, rockhop, swim and course their way for about twenty kilometres from the lower to the upper portals on Barney Creek, and then navigate over a mountain range to find the canoes which they then paddle back to the G.T.O.E.C. During this whole expedition they are responsible for everything including their own menu preparation.

The upper secondary students were offered optional Outdoor Education Programmes, where the boys were able to select a pursuit of particular interest. The choice included ocean sailing, reef studies, whitewater canoeing and horseriding. Of these, there were only sufficient numbers for the ocean sailing and the horse riding. The ocean sailing trip used the Gold Coast Marine Academy and here eight boys lived on a forty-eight foot yacht for five days; during which time they sailed from the Southport Broadwater, via the

inside of Moreton Bay, to Tangalooma and then back across to the Manly boat harbour. The horse riding programme spent five days at Yarramalong where their activities included an overnight safari, a day's gymkhana event and a half day mountain ride up Little Mount Edwards. It is hoped to expand upon this concept of optional extension type trips next year which will hopefully broaden the horizons of the boys' Outdoor Educational experiences.

The year has been a busy one in the development of the Outdoor Education Centre. A sprinkler system has been put into the playing field which will hopefully help it withstand the wear and tear that the boys give it. In the ropes course area, two new activities "Fireman Sam" and "The Big Swing" have been established. These are designed to further challenge the Year 9 and 10 students.

Environmental factors once again affected the operation of the Outdoor Education programme. Lake Maroon has been closed to all aquatic activities because of toxic blue green algae. It is thought that this resulted from the drought/flood cycle which occured at the end of last year. This cycle caused a build up of natural nutrients which resulted in the bloom of the toxic blue green algae. When this is going to disappear is anyone's guess.

The last twelve months have also seen the implementation of a management plan by the National Parks service. This management plan brings in some restrictions to do with our usage of the National Parks however they are designed to better manage the area to maintain it for future usage. There is also the possibility that a lot of the area will be included in the Scenic Rim World Heritage Area. This demonstrates the natural beauty and ecological significance of the area which the boys visit during their Outdoor Education programmes. It is important that they are then properly maintained and managed for all users.

(Mr) MARK DEERY
Director GTOEC

INDUCTION MASS

I commit myself, and this Senior Year, to the Spirit of Terrace. These words were pledged by every Senior student on Friday, 31 January, at the Induction Mass, when all the Senior form, the eighteen Prefects and Head Prefects and the two Vice Captains and the Captain were officially handed the task of making Gregory Terrace a great school in 1992.

The Mass was impressive, especially to those parents or visitors who had not yet experienced our modern style celebrations. Father Hallam conducted the service very well, for he managed to reach the students and parents present yet still maintain the formality of the occasion. On the whole, the Mass was a success with participation from all quarters.

Once the Mass had concluded, the Induction Rite began with the Senior form being presented with their Senior badges by their House Deans. After this, with all Seniors still assembled on stage, the Head Prefects followed by their two House Prefects were presented with their Prefect badges. The two Vice-Captains were next, with finally the Captain being presented with his badge. The Captain then addressed the school, speaking firstly on the role of service leadership that would be shown during the year and on the Senior form's vision of the great tradition behind the red and the black. Their aim is that they will be tested and found worthy of these two colours. The Induction Rite concluded traditionally with the College song and some morning tea.

The theme of the day involved the element of service that was to be shown by the entire Senior form and the leadership team. It was heavily stressed in the College Captain's speech when he said Servant leadership will form the backbone of this year's leadership team. It was also present in the Senior pledge which stated that the Seniors were here to act for others and the College.

The gospel reading also revolved around service, this time with Jesus setting the example. He obliged the crowd by healing the sickness that ailed them in spite of the harassment from the pharisees and the scribes. Service featured yet again in Br Magee's address with particular reference to the College motto: To serve God is to be wise.

The day was a memorable one, especially for the Senior students and any of their parents. It signified the start of duties as Seniors and the start of their final year as a student at Gregory Terrace.

BEN WHITE
College Captain

CRICKET

Congratulations to all the boys who took part in the 1992 Cricket season. Your efforts were rewarded with results that have improved on previous years.

To the many teachers, parents and old boys who helped out during the season we thank you and look forward to your continued support next year.

Thanks are also extended to the members of the Cricket Supporters' Group for their contribution to Cricket and their organisation of the club Cricket at the school. Special mention must go to the outgoing President, Dr Tony O'Loan, for his great efforts during his time. Through his ability, Terrace Cricket has moved into a new age. Thanks again Tony.

To Mr Alan Kennedy and Mr Don Smith we thank you for your expert coaching and good advice which you pass on to the boys at Terrace.

Finally, we thank Mr Cricket at Terrace, our Director of Coaching - Mr Jack McLaughlin, for his dedication to Cricket at the College. Jack never wants any thanks for what he does but there is no doubt in my mind that he deserves the praise and thanks of every person associated with Cricket at the College. Thanks very much Jack.

DAVID CARROLL

1ST XI

The first Eleven of 1992 was a team full of enthusiasm and potential. After a thorough and encouraging pre-season, the team had good reason to look forward to the GPS competition confident of success.

In the first week of December last year, a number of players vying for selection in the First Eleven set off on a tour to New South Wales. The experience gained through defeats to the Canberra U/18 side and St Edmund's College, paid off with a win in the final match against The Armidale School. This week-long trip was most enjoyable and special thanks must go the Cricket Committee which supported the event, Mr Carroll who organised and co-ordinated the tour and Mr Houston who toured with the team. The reverence and no nonsense approach to conduct on the touring bus displayed by Mr Carroll and Mr Houston, were examples followed stringently by all members of the squad.

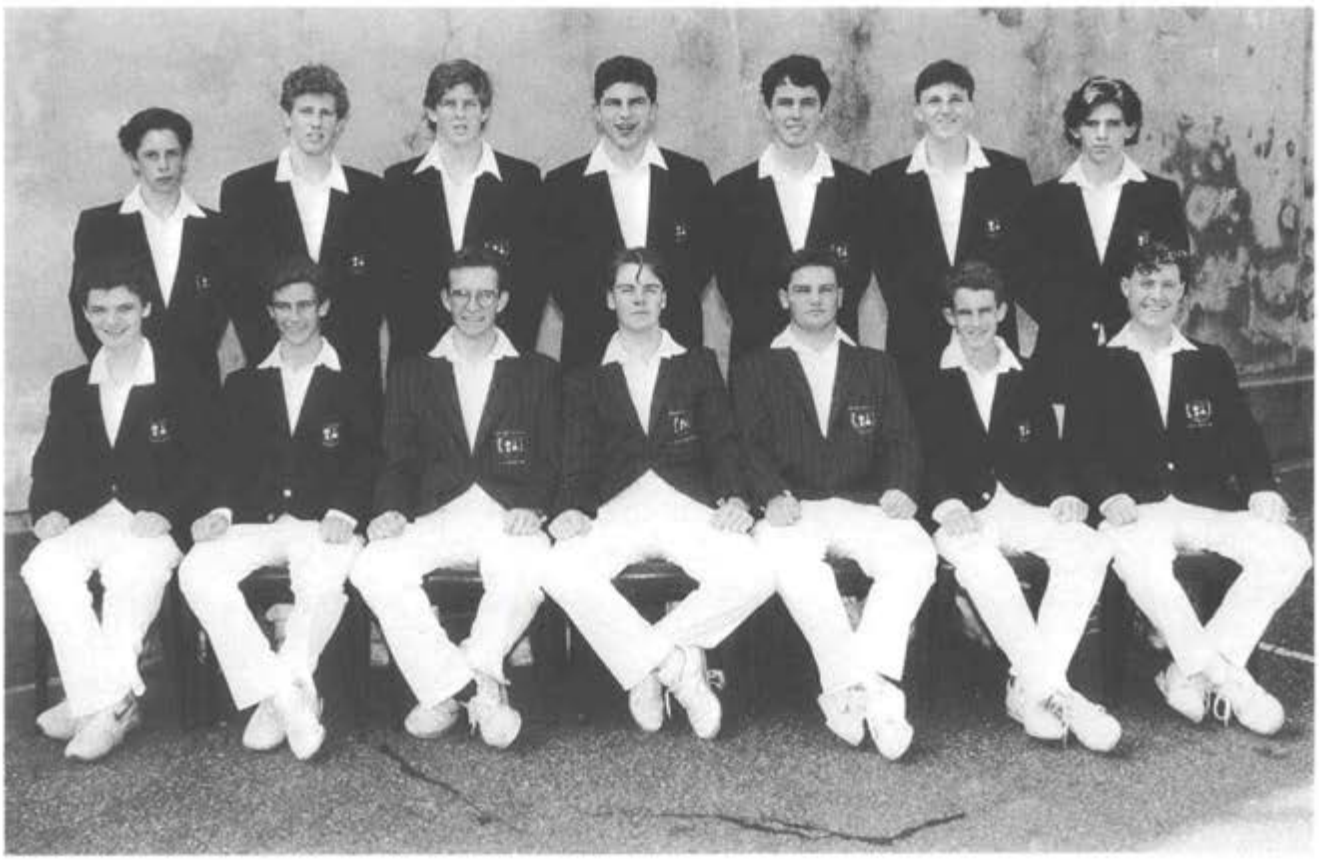
In January this year, a number of players represented the College in the annual Christian Brother's Cricket Week Competition. The team played consistent and aggressive cricket all week, recording five convincing victories from their five fixtures and were rewarded with a place in the final against Nudgee. Although they were defeated in the final, the team had become the most successful Terrace team in the annual carnival since 1982. With this in mind, they looked forward to their first GPS clash against BBC.

The first game against BBC was somewhat of an anti-climax considering the success of the pre-season. The fact that the team could not produce the goods with the bat was something that would plague them for the majority of the season. With a washout and subsequent draw against State High, the team travelled to Toowoomba hungry for victory.

As the day unfolded, the team was left with a target of 216 to chase against the current leaders of the competition. The side toiled creditabley, falling just 14 runs short, thanks largely to fine innings; by Robert Gallagher and Dan McGrath. The following week the side would not be denied victory against Ipswich Grammar. In a nail-biter, it was left to Jules McLaughlin and Peter McIntosh to secure victory on the last all of the day.

The next fixture against Churchie was another story of, "So close, yet so far" with the team losing by a narrow margin. Unfortunately the match against Brisbane Grammar was a game in which the team played well below its potential and paid the penalty. Putting all negative thoughts behind them, the First Eleven seemed destined to leave Southport with a victory after an explosive bowling effort by Peter McIntosh to dismiss TSS for 162. Yet for some reason or another, the batsmen found the going tough and the team once again faltered with victory in sight.

In the final game at Nudgee, in wet conditions, the team showed what they could do with their backs to the wall. After being dismissed for 85 on an unpredictable and damp wicket, the team came out from lunch with all guns blazing. At one stage, Nudgee were 6 for 36 and the momentum of the game had clearly swung to the men in red and black. In an emotion charged encounter, credit must go to the opposition for clawing their way out of trouble in the closing stages. A most memorable performance was enjoyed by the team's workhorse, Jules McLaughlin, who snared seven victims in a fiery display of pace bowling.



1ST XI

2nd Row: D Goosem; R Gallagher; J McLaughlin; B Daly; W Douglas; D McGrath; P McIntosh.
Front Row:G Tutt; D Sherman; B White; J O'Loan (Capt); R Kuter; T Gordon; A Hatherly.
Coach: Mr D Carroll

As can be seen from the results of the GPS season, the First Eleven of 1992 will not be remembered for the amount of success they gained on the cricket field. The team was an outstanding fielding side which supported the efforts of their bowlers every match until the last ball of the day. If there was a more consistent fielding side in the competition, we did not encounter them.

The true strength of this side, lay in its character: week after week the side endured defeats by the narrowest of margins, yet not one did the First Eleven of 1992 throw in the towel. This was certainly exemplified by their spirited performance against Nudgee. Above all, the First Eleven have learnt many things during the time they spent together: Not only about cricket, built the fine line between success and failure.

It is using the season of '92 as a platform, that the younger members of the team, two of which are in Year 10, can look forward to the cricket season of '93 with even more determination. The majority of the side will leave the school at the end of the year and success must surely follow them it they use the experiences of the season positively in club cricket.

To the coaches; Mr David Carroll and Mr Jack McLaughlin, your enthusiasm, untiring efforts, knowledge and professional approach to the game is very much appreciated by the team, of which both of you were very much a part. We wish both of you every success in the future.

A special thanks must go to Mr Broad for his constant support and encouragement throughout the season. To the team's efficient and enthusiastic scorer, Gerard Tutt; thankyou. Last and by no means least, a warm and very special thanks is extended to the mothers of the players whose lunches were unanimously voted as premiers.

2ND XI

A star-studded line-up began the season on a high note with a confident win over BBC. The majority of the 2nd's had played together as a team before so this produced a tightly knit side with a tremendous team spirit.

At times the 2nd's did not play to their full potential and this was shown in two losses to TGS and IGS. There was seldom an outstanding individual performance but a full team effort was never lacking and this showed in our four victories. Some team members had a better season than others. Steve "Psycho" Carrick produced two marvellous performances with the ball and was presented on Assembly for taking a hat-trick and for the figures of 7 for 17 off 8 overs.

One other team member who deserves special mention was our coach, Mr M Stower, who put in a masterful effort and gave up a lot of time to make our final season of playing Cricket for Terrace more than worthwhile.

PETER FREDERIKSEN
Captain

2ND XI

2nd Row: D Robertson; B Daly; A Taylor; S Burridge; S Carrick; W Taylor; K Baines.
Front Row:G Gower; C (Ben) Kelly; P Frederiksen (Capt); B Lunn; D Widdicombe.

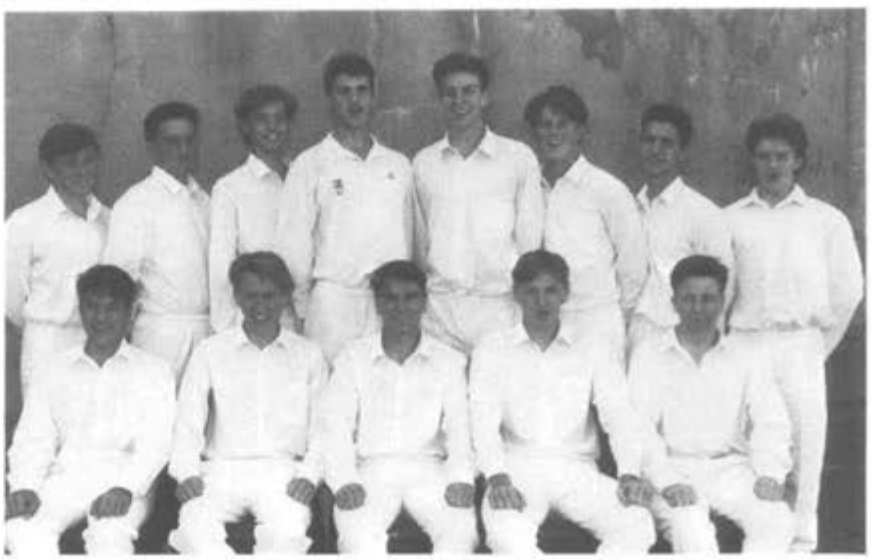
3RD XI

If success is a measure of how much the 3rd XI enjoyed their last season of cricket, then we were premiers.

After a friendly match against the 4th XI the thirds lost their first couple of matches, including a narrow two run loss to Toowoomba, after the middle order just failed in the last overs to score the required runs.

The season came to its climax with a powerful display against Brisbane Grammar and it sparked what was a strong end to the season. With tight bowling keeping Grammar to a low score, our opening three batters Duncan Spender, Justin McMillan and Ray Tiernan put us on line for an easy victory.

After yet another narrow defeat by TSS we were set for the showdown with



3RD XI

2nd Row: R Tiernan; M Edwards; J Marschke; S Creagh; S Evans; A Isaac; R Pose; R Schellbach.
Front Row:C Pennisi; J McMillan; C Hewitt; L Frost; D Spender.
Absent: T Pecoraro.
Coach: Br E Walker/Mr L Mobbs.

Nudgee College before rain ended the season early.

On behalf of the 3rd XI, I would like to thank Mr Mobbs and Br Walker for coaching us in our last season of cricket for Terrace.

CAHN HEWITT

4TH XI

The 4th XI was a very enthusiastic side which had the skills and spirit to match any other 4th XI side in the GPS competition.

We made a magnificent start to the season, winning the first two matches quite convincingly. However, it seems that luck was not with us, and, after losing players to the 2nd's and 3rd's, we lost our next two games to IGS and ACGS. With our confidence shot, it was obvious that we needed another win to regain the spirit that was lacking from the beginning of the season. With encouraging words from our coach, Br Magee, the 4th XI pulled off the best match of the season to upset the much fancied side of BGS.

We finished with a win-loss ration of 3:8, but this did not represent the team's true ability. Lastly, I would like to thank Br Magee and the supporting parents for making 1992 a very enjoyable season.

J BUTLER
Captain

U16A

The 16A's season was not as successful as we were anticipating at the beginning of the GPS competition, yet improvements in all the facets of the game were noticed. It was a team loaded with experience and potential - but the combination never really clicked. Two players were lost to the First XI at different times which only dirsupted the team more. There were displays of good batting, bowling and fielding, but never all three in the same game. Each game was a learning experience and we will all be able to take valuable experience to the open grades next season. We would like to thank Mr Pauley for his patience and his interest in us throughout the season.

U16B

This year, the 16B's had a most successful season with four wins and four losses. The highlight of the season was the team work which improved as the season progressed. Our batsmen - Kesh Baines (Capt), David Mann, Chris Reid, Simon Millichamp, Robert Calcutt, Dan Bartlett and Bernard Ralph supported our bowlers - Stuart Kropman, Ryan O'Sullivan and Chris Ariotti in great performances.

Thanks to first year coach Mr R Patch,

4TH XI

3rd Row: E Maughan; C Daykin; A Chapman.
2nd Row: S Kelly; M Chong; P Johnson; N Siebert; L Cole; R Schellbach; T O'Shea.
Front Row:N Hogan; B Lunn; J Butler (Capt); J Lowe; R McKay.

U16A

2nd Row: D Christ; B Dilk; D Goosem; J King; J Heim; H MacDonald; P Haegens; B Ralph.
Front Row:P Cridland; S Kropman; M Moy; D Stone; B Clarke; B Henderson.
Coach: Mr A Pauley

U16B

2nd Row: C Ariotti; D Carrick; D Mann; R O'Sullivan; P Haegens; B Ralph.
Front Row:D Bartlett; C Reid, K Baines (Capt); S Millichamp; S Kropman.
Coach: Mr R Patch

scorers Mr O'Sullivan and Mr Calcutt and umpire Mr Reid.

KESH BAINES
Captain

U16C

The main driving force behind the 16C's was the Captain, Stephen Curtis. Stephen showed splendid leadership and organisational qualities, and was the de facto coach of the team. Without his efforts there probably would not have been a 16C team.

The other members are also to be congratulated for their co-operation and enthusiasm.

(Mr) T TINDALL
Team Supervisor

On the scoreboard, the 16C's had a disappointing year. However, to judge the success of a team, we must look at more than its results on paper. For many of the players, this was their first year in GPS Cricket. Despite this, all players trained and played with commitment throughout the season with great improvement being shown. Special mention must be made of our supervisor Mr Tindall and three outstanding performances during the season:

Robbie Calcutt .....84 vs TGS
Chris Yates ..... 7/11 vs TGS
Philip Blizzard for a superb catch vs IGS.

Overall, much was learnt in one season of Cricket and all players should be congratulated for their determination.

STEPHEN CURTIS
Captain

U16C

2nd Row: D Gustafson; J Farrell; P Blizzard; J Gangemi; M Nolan; J Herron; M Mann.
Front Row:S Murphy; C Doolan; S Curtis; M Hanley; C Yates.

U15A

A season of inconsistency resulted in a season of mixed results. The failure of the top order to consistently post respectable totals saw the very capable bowling line-up placed under tremendous pressure. Batsman of the season, Chris Yates, managed two masterful half centuries, and Leg Spinner, Steve Kann, consistently collected wickets. The team fielded tremendously all year to restrict teams of the calibre of Downlands to sub-thirty totals. Solid performances and credible improvements were made by speedster, Robert Bishop, and support bowler, Stephen Cunningham. Many thanks to Mr G Delaney for his coaching expertise.

JASON ROBERTS
Captain

U15A

2nd Row: D Mackintosh; S Kann; R Bishop; S McCombe; S Cunningham; A Morris.
Front Row:A Macksey; D Condon; J Roberts (Capt); C Yates; A DeZilva.

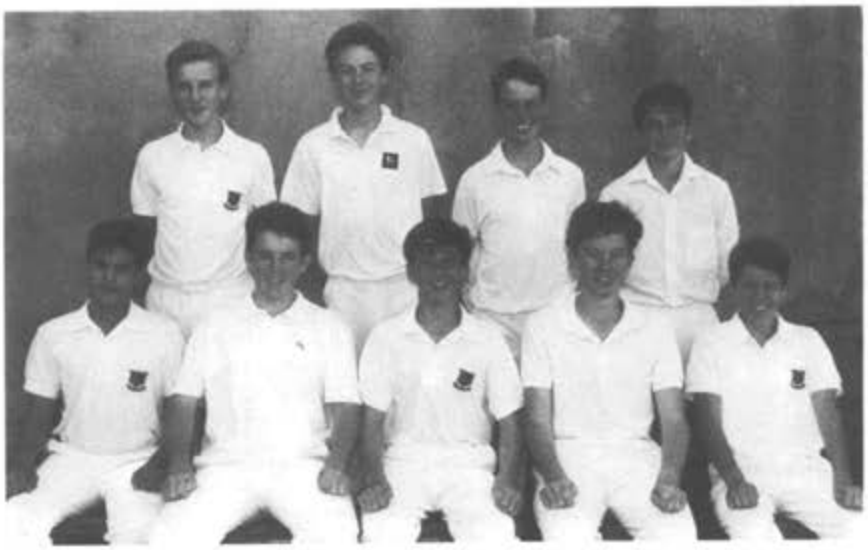
U15B

This season, the 15B's showed that we were a force to be contended with. Although the win/loss record we sported was not the most comprehensive to have been seen in past years, we still showed commitment and courage in our performances this year. The main problems lay in working as a team, a task made all the more difficult by the constant movement of players between the A's and B's. These problems were, however, often overshadowed by great individual performances from the likes of Andrew Morris, Aaron Macksey and Donald Mackintosh.

In the first game of the season, which happened to be a trial against Downlands, we put on a great show by defeating the opposition in a convincing fashion. Unfortunately, this was to be our only win of the season. We did, however, show great improvement throughout the season under the watchful eye of our coach, Ms Judy Keen. Ms Keen helped us to improve our running between wickets and our fielding, which, by the end of the season, seemed to be the better part of our game.

It was not a great season for us win-wise, but we all enjoyed ourselves thoroughly and tried our hardest. From the 15B's, thank you very much Ms Keen for a very enjoyable season.

DECLAN McMANUS
Captain



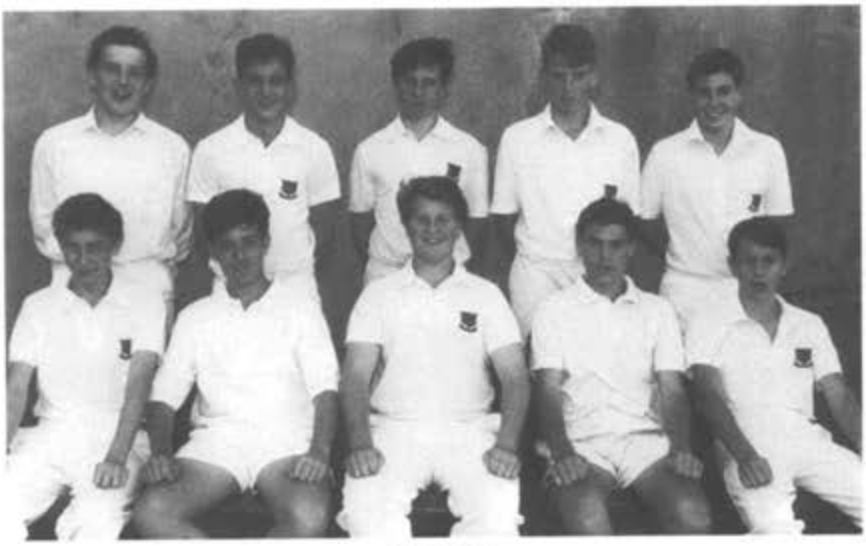
U15B

2nd Row: J Martin; P Curtain; C Bell; A Macksey.
Front Row:D Fenech; J Condon; C Allison; P Clapham; D McManus (Capt).

U15C

With no coach, the team, remained competitive throughout the season and had a great attitude towards the game. The highlight of the season was that of the Terrace/Grammar match. With Grammar not having lost one match all season, the game was turned around in our favour. It finished with a result of 63-84. A game we had longed to win.

MATTHEW RYNN
Captain



U15C

2nd Row: S Tutt; L Nicholas; G Ariotti; S MacKenzie; D Cannavan.
Front Row:S Wallis; R Impiombato; M Rynn (Capt); J Tracey; P Jordan.

U14A

The 14A team for 1992 comprised a group of enthusiastic young men, who took on the challenge presented to them by last year's coach. The team had an extremely successful season coming within a whisker of being the best team in their competiton. Many good performances were seen during the season with opening batsmen, Mark Baker and Matthew Hedditch having a great time demoralising all who stepped in their way. The middle order collapses, seen at the beginning of the season, were rectified by the big opening bowler, Terry Carrick, who slotted into the number three position

U14A

2nd Row: S Nash; D Prosser; M Baker; T Carrick; S Milanovic; R DeBarros.
Front Row:S Myers; T McDonnell; M Hedditch; A Thomson; D Hedditch.

very nicely. By the end of the season, under the expert guidance of their coach, Ranjit Manathunga, the 14A cricket team became a group of very competent cricketers.

If all the boys keep up their cricket, Terrace has much to look forward to in its cricketing future.

U14C

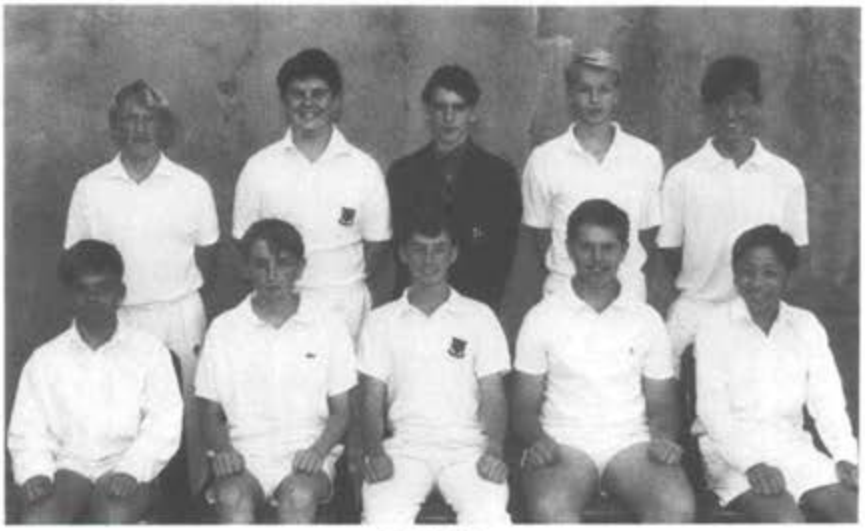
This season was one of mixed fortunes for the 14C's. Out of a total of seven games, which included one trial match (2 GPS rounds were washed out) the team finished with a credible record of 3 wins and 4 losses. Thanks to efforts with the bat from Andrew Simpson, Marcus Katter, James Martin, Liam O'Mahony and John Josephson, our team was quite often capable of scoring competitive totals. While, with the ball, Ross Randell, Jeffrey Hanley, Chris Phillips, Liam O'Mahony, Andrew Simpson and Aaron Marschke always troubled the batsmen with consistent bowling. I believe that this year's effort by our team only indicates better things to come.

Special thanks to our coach, Mr Greg Rapkins and our manager, Mr Kevin Martin, for their help throughout the season.

JAMES MARTIN
Captain

U14C

2nd Row: C Phillips; M Katter; J Josephson; A Marschke; J Hanley; M Humphries.
Front Row:S Norris; R Randell; J Martin (Capt); N Coghlan; A Simpson.



U14D

2nd Row: B Bridges; L Barker; B Pola; J Hooiveld; J Brown.
Front Row:W Henningham; J Beesley; S Scoble; J Hillman; J Ho.

U13A

The 13A Cricket team met with limited success in results but more than made up for it in enthusiasm. Ably led by our Captains Luke Johnston and Matthew Creagh the team won against Toowoomba and were unlucky to lose against Churchie and Ipswich by only one run. Thanks to Mr Don Smith for coaching us and Mr David White our manager.

U13A

2nd Row: G Bowman; R Clarke; B Hyde; M Gray; J McNamara; A Kerr; L D'Alterio.
Front Row:D White; M Creagh; T Boustead; S Featherstone.

U13B

The 13B Cricket side nearly achieved an unbeaten record, losing narrowly only once in the six games that were played. Individual skill levels were pleasing overall although sometimes erratic, but their determination to win was remarkable. Twice the 'tailenders' gained the runs required to win with not many balls left to face; and on a memorable day at Ipswich the side bowled and fielded magnificently to successfully defend a modest run total. Their splendid spirit was exemplified by a different player from the twelfth in the side voluntarily standing down each week. Their obvious enjoyment for the game coupled with their strong will to win gained them the best playing record of all the secondary school sides at Terrace and should be a real 'Boon' (sorry!) for Terrace Cricket for the next four years.

S TILLY
COACH

U13B

2nd Row: N Heim; G Fraser; S O'Connor; S Bowman; B Schodel; T Bauer.
Front Row: A Rada; P Lindsay; D Croft; M Tilly.
Coach: Mr S Tilly

U13C

The 13C's started the season well with a resounding victory over Downlands. Although the team didn't maintain this standard throughout the season they played well showing some gritty determination in the face of stiff opposition. This determination led to further victory and some valiant resistance against strong opposition.

It would be unfair to single out any player for special praise because all team members did their best in sometimes very difficult circumstances. Congratulations on a hard fought season and the best of luck for next year.

(Mr) D HOUSTON

U13C

2nd Row: W Evans; K Barker; T Vallely; E Romaniuk; T McMeniman; P McCafferty; S Martin; A MacDonald.
Front Row: D O'Rourke; M Proh; S Johnson; P Sherlock.
Coach: Mr D Houston

U13D

The 13D team improved with every match as the season progressed. Five players who began the season with our team won promotions to higher grades. Despite this loss, the replacements did not let the team down. David Knight was the most consistent batsman with a top score of 70. David shared the wicket-keeping with Stephen Petty and also captained the team. Michael Moloney consistently performed well with bat and ball. Dan O'Rourke, Matthew Tutt and Ben Toomey bowled well, while John Jackson saved many runs with enthusiastic fielding.

Two wins and two other very close results were the well deserved outcome for a very enthusiastic team.

U13D

2nd Row: M Cole; S Petty; P Petty; B Toomey.
Front Row: M Tutt; T Doneley; D Knight; J Jackson.

U12A

Winning four of their seven games and losing narrowly twice, the 12A's had a successful season. Anthony Kelly and James Stott scored over one hundred runs for the season. James was also the leading wicket taker while Anthony Burke, Stuart Bishop and Nicholas Lynagh supported him with some good performances.

U12A

2nd Row: T Mitchell; M Cavanagh; J Stott; S Bishop; G Lanza-Volpe.
Front Row:T Butler; D Walsh; A Burke; N Lynagh; T Edwards.

U12B

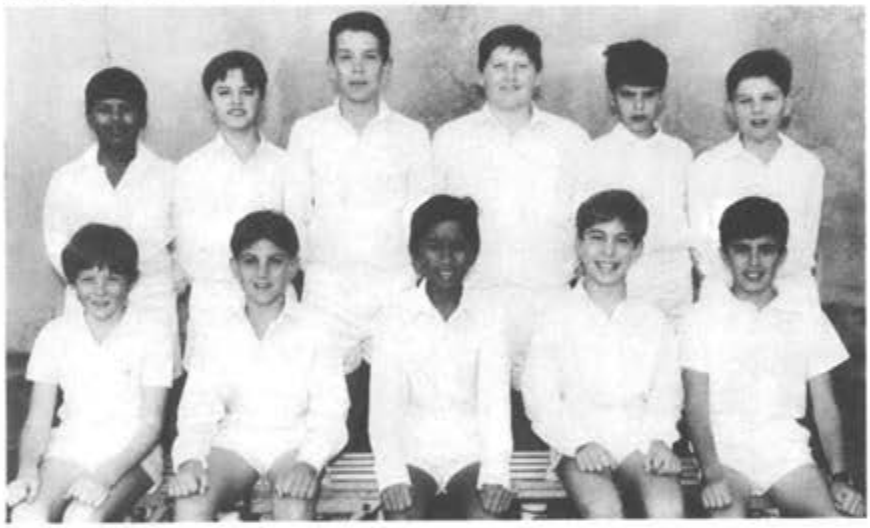
After winning their first two games the 12B's could not manage to keep up their momentum for the rest of the season. Tim Reid and Luke Johnston batted consistently, scoring over one hundred runs for the season. Jacob Antolini, Kieran Forster, Chris Effeney and Luke Johnston were the best bowlers.

U12B

2nd Row: C Pizzato; M Gregg; K Foster; A Isherwood.
Front Row:T Reid; M Goodyear; C Effeney; J Sivyer; S Norden.

U12C

With three victories and a couple of exciting finishes the 12C's had a most enjoyable season. Michael Mollema, Michael Jude, Richard Gallagher, Sam Handy and Patrick Davies batted well and were ably supported by Chris Nolan, Adrian Diente and Joshua Barton with the ball.



U12C

2nd Row: M Jude; M Hodge; P Davies; J Bartels; L Toohey; N McDonough.
Front Row:C Nolan; D Maccarone; A Diente; J Barton; C Conte.

U12D

Participation and keenness unfortunately did not produce the results this team deserved. Ably led by Julian Conaghan the team struggled in most games. Mark Power, Nick Gundelach, Ben Long and Cameron Farrelly put in some outstanding individual performances but rarely did the whole team put it together. Even though they only won one game and drew one, many of the games were close and exciting to the last over.

U12D

2nd Row: S Andree; A Petrie; A Williams; N Gundelach.
Front Row:C McIlwain; R Mollee; J Conaghan; A Bertelsen; C Farrelly.

U11A

The 11A's, this year, went through the season undefeated. The team scored 927 runs in 7 games, conceding only 38 wickets. David Laverty (146) and James Duffy (127) led the batting aggregate with Stephen Hogg (90) a close third. Aaron Daddow, Stuart Fitzpatrick and Adrian Jones contributed as well. David Laverty topped the strike rate with 115.45. The bowling honours were led by Mark Gilbride (8). Paul Slater was the most improved player and Matthew Bowman the most consistent. All players should be congratulated on their great effort and sportsmanlike behaviour in all games.

N FITZPATRICK

U11A

2nd Row: M Bowman, J Duffy; N Rinaudo; M Gilbride; M Vierow; S Hogg.
Front Row:M Sorbello; S Fitzpatrick; D Laverty; P Slater.

U11B

The 11B's had a good season this year, only losing one game out of six. This was against John Paul College. Our highest score was 132 against Villanova. Andrew Kerswell was our best batsman with 69 runs and our best bowler was Adrian Jones with 7 wickets but it was a team effort overall.

U11B

2nd Row: P Farrell; R Flynn; D Hayes; D Delahunty; Q Cregan; P Colwell; K Eather; T Kelly.
Front Row:A Silvestro; P Mather; S McEvoy; J Randall; A Davidson; L Arthy-Beardon.

U10A

2nd Row: C Mitchell; A Cella; P Murphy; S Quinn; T Siebert; D Effeney.
Front Row:T Edwards; D Purcell; S Bowes; B Andree; D Myers.

U10B

2nd Row: T Barton; C Osborne; B Casagrande; D Favell; G Byrne.
Front Row:C Rada; G Butler; A Dare; M Stafford; D Wallis.

5 KANGA

3rd Row: A Spike; J Callaghan; T Cowan; P LeClerq; C Marshall.
2nd Row: A Morris; N Macuga; A Carroll; B McMahon; P Clair; J Loth; C Hudson.
Front Row:M Nguyen; D Kelly; A McFarlane; D Brasch; G Levitt; M Bint; W Armstrong.

CRICKET SUPPORTERS GROUP

There were a number of significant occurrences during 1992.

A. GAMES

1. Five teams from Gregory Terrace competed in the QJCA (Bris Div.) Zone 3 played in fourth term between September and December, 1991. The teams achieved commendable success winning three premierships and being runners-up in the other two.

2. An open squad toured Canberra and Armidale in December, 1991.

3. The annual double-wicket competition for seventy players was played concurrently with the First IX challenge versus the Old Boys.

B. COACHING

1. 1992 continued the implementation of the cricket plan by the Director of Coaching. This included use of specialist coaches at training sessions and the issue and augmentation of school coaching manual.

2. The coaching director also held an all-day pre-season coaching seminar for coaches at Tennyson and the group organised and ran pre and post-season social gatherings primarily for coaches.

C. GROUNDS

1. The group organised the refurbishing of current turf wickets on advice of the QCA wicket consultant and provided soil and turf for this work. The group will liaise with the Tennyson re-development committee for the laying of turf wicket blocks on fields five and six and contributed to the Tennyson re-development funding.

2. The group is investigating with the Director of Coaching the upgrading of bowlers approaches at the Victoria Park Nets.

3. The group plans the introduction of a ground supervisor at Tennyson on match days to assist in organisation and co-ordination on those days.

D. GENERAL

1. Over the last twelve months there has been a progressive increase in all support group activities.

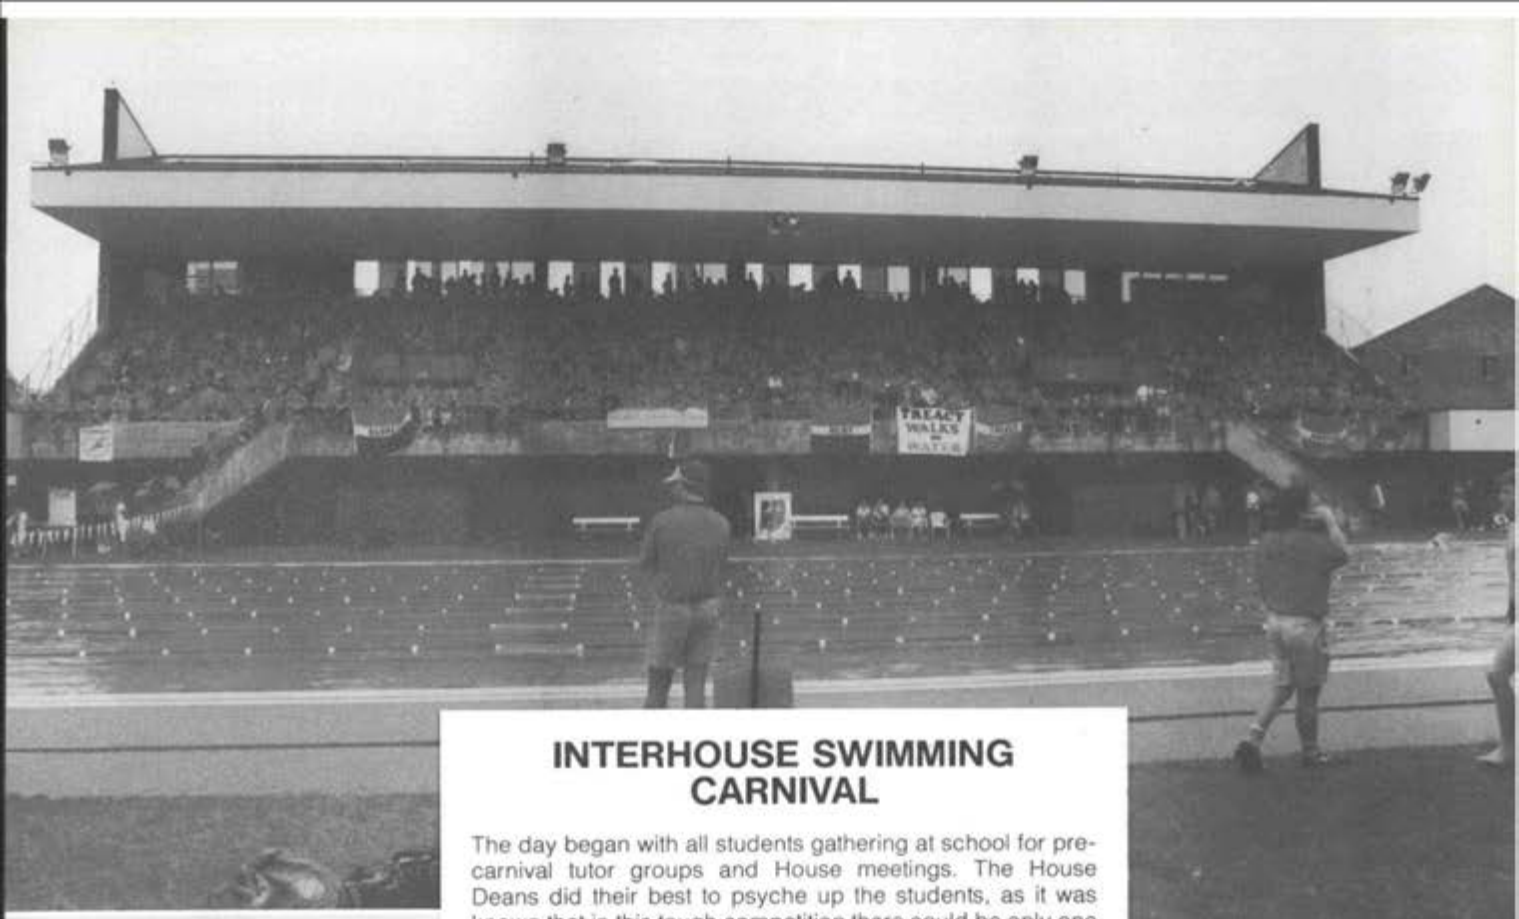
2. Apart from cricket meetings and QJCA sub-committee and associated responsibilities the group was involved in the following:
   (a) Sportsman's Dinner
   (b) Dance
   (c) Bingo
   (d) Tennyson redevelopment; and
   (e) Parents and Friends.

3. Grounds equipment and facilities will continue to improve with co-ordinated planning and funding. Coaching skills and better performance will be augmented by playing more often and at a better standard. The future will see further development and consolidated of the infrastructure related to the game which has been laid out.

4. Organisationally Terrace Cricket is in its best position ever. The challenge continues for sufficient committed parents and teachers to encourage the others and to develop an ethos for the game. This is more important, particularly in the face of increased competition for players.

We look forward to the continued support of the Terrace Cricket Supporters Group and warmly invite others who are interested in progressing the game to become part of the group.

A O'LOAN
(President)



INTERHOUSE SWIMMING CARNIVAL

The day began with all students gathering at school for pre-carnival tutor groups and House meetings. The House Deans did their best to psyche up the students, as it was known that in this tough competition there could be only one victor.

Ominous rain clouds loomed in the sky as all competitors began the walk to the Valley pool. As soon as the trek began, the rain poured forth in a vain attempt to ruin the day's proceedings; but it was not to be.

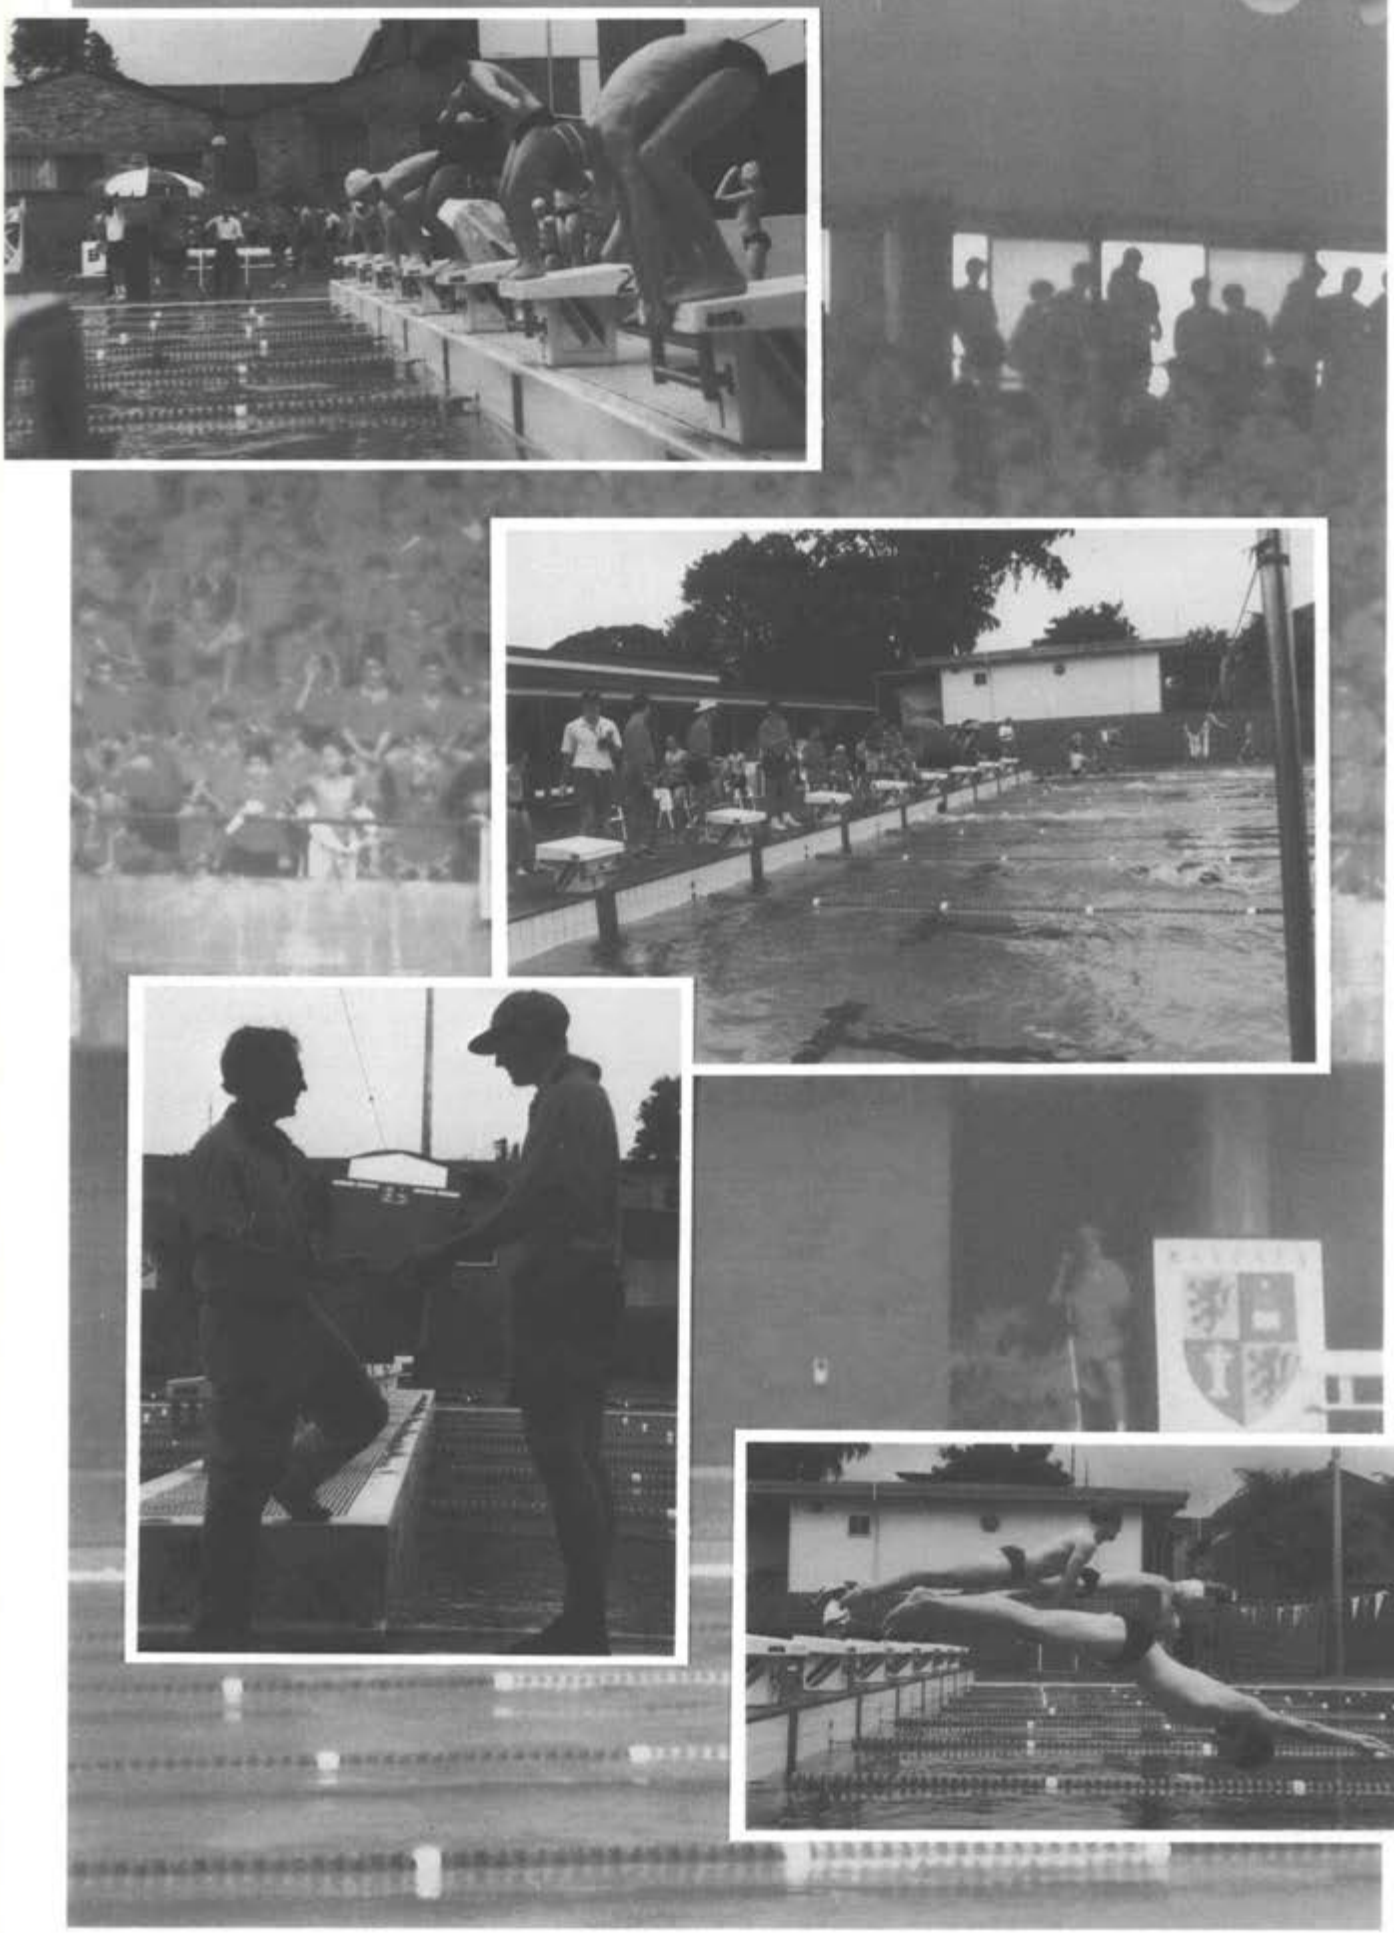
The first event of the day gave us a glimpse of the awesome talent that lay ahead. With impressive swims from all involved, the key to the Carnival was participation and it was excellent to see those students who were obviously not swimmers putting in a 100% effort.

All of the six Houses cheered with intensity to support the competitors who were down at the pool swimming. The cheers turned to silence, however, as the half-time scores were read out. The afternoon's events began after lunch, with Houses to pull out the big guns and hopefully take the lead. The Relays proved to be the most successful events of the day with most of the College taking part at some time or another.

The Carnival drew to an end with the completion of the All-Age Relay allowing judges to tally up the final scores and announce the winning House. It came as no great surprise when Hayden Pervan, Sam Kelly and Damien Cavallucci, the Windsor Prefects, were awarded the elusive shield for swimming's Champion House. In second place was Mahoney, followed by Reidy, Treacy, Kearney and Barrett.

An enjoyable day was had by all as students were dismissed by House Deans, with one in particular, Mr Mobbs, unable to wipe the smile from his face.

STEPHEN CREAGH



RELIGIOUS EDUCATION

Let me share with you three recent incidents from my Year 9 R.E. class - we're studying the Old Testament (the Hebrew Bible) this term. Today, in preparation for showing a video on the prophets Amos and Hosea, seven hundred years before Christ, I spoke of the divided kingdoms, the Civil War, between Israel in the north and Judah in the south. To introduce the idea of Civil War I spoke of Lincoln, and the North and the South in bloody conflict in the United States and I read from President Abraham Lincoln's Gettysburg Address of 19 November, 1863.

> "It is for us the living, rather, to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us - that from these honoured dead we take increased devotion to that cause for which they gave the last full measure of devotion - that we here highly resolve that these dead shall not have died in vain - that this nation, under God, shall have a new birth of freedom - and that government of the people, by the people, for the people, shall not perish from the earth."

I **think** the boys understood prophetic writing, prophets Amos, Hosea **and** Lincoln, and the power of prophetic leadership.

The second incident happened a week ago when a Year 9 boy waited after class to ask me to pray for his uncle who is dying of cancer. The third incident happened this week - I said to Simon, one of my non-stop talkers, if I were exiled to a desert island and was allowed to choose one companion for conversation, I'd choose you Simon, I said. Without missing a beat he said, "But I mightn't choose you, sir (only joking, sir)".

The Year 8 Religious Education program includes a day retreat and an evening Eucharist to which families are invited - both in Term One. Our Christian Service theme is the Disabled and we all visit the Sensitivity Centre at Craigslea School. We learn some good old and new ways of prayer and Catholic customs, and look at some saints and heroes, models of people who have tried to be Christians. Across Years 8 - 12 our four major topics are GOD, JESUS, CHURCH and MORALITY.

In all our work we try to avoid the extremes and isolation of the merely relevant, the merely doctrinal, the merely active or the merely academic. Having said that, we do tests and assignments, we do try to make connections with the boys' life experience, we do present a Catholic view of life, and we do, enthusiastically support Christian Service.

However none of this could be possible without the support of our dedicated Religious Education teachers throughout the school. Thanks must therefore be extended to Mr MacDermott, Mr Golding, Mr McDade, Mr Kennelly, Mr McConville, Mr Pauley, Mr Robba, Mr Carroll, Mr Harvey, Mr Mulherin, Mr Tehan, Mr Cellagato, Mr McCulloch, Mr Patane, Mr Denning, Mr Stower, Mr Tilly, Br Walker and Br Magee. I would also like to thank Fr Tony Hallam (Cathedral), College Chaplain, for his presence and leadership in liturgy.

RELIGIOUS EDUCATION, DONE WELL, IS A COMBINATION OF FOUR THINGS:

1. Handing on the Catholic Tradition

(i) Love of God and neighbour, Church teachings of key topics, our eternal destiny.
(ii) Catholic values and virtues, an informed conscience.
(iii) Understanding the Scriptures.
(iv) Prayer and liturgy, the Sacraments, Church seasons and feasts.

Dr. P. Webb

(v) Jesus Christ - His Incarnation, Death, Resurrection, and the lifestyle he teaches.
(vi) The Catholic Thing expressed in our history, saints, biographies, music, art, drama, literature, architecture.
(vii) An alive sense that we are the Church in the Modern World.

2. Honoring the Student's Stage of Development

(i) Self esteem, and the dignity of the human person.
(ii) Students' questions and issues discussed.
(iii) Teachers understand the needs of boys at different ages.
(iv) Students are taught to communicate with, and to support, one another.
(v) Students are gently challenged to mature towards Christian adulthood.
(vi) Students learn in appropriate ways how to relax, and to be alone with themselves and God.
(vii) Students learn how to form relationships, and the meaning of forgiveness, reconciliation and affirmation.

3. Continuing to Offer Good Education

(i) Audio-visual materials used.
(ii) Students read, do homework, write assignments, are tested on knowledge components.
(iii) Christian attitudes valued by the whole school are explicitly taught in Religious Education Programmes.
(iv) Each student's talents revealed and developed.
(v) Head and heart, mind, body and soul engaged.
(vi) School is one stage in lifelong Catholic education.
(vii) Teachers respect students' freedom as children of God.

4. Remaining Open to the Holy Spirit

(i) Realisation that God is the source and summit of our lives, actions and desires.
(ii) An enthusiasm (= God within) for life.
(iii) Learning ways of prayer, so that we are always praying.
(iv) A refusal to compartmentalize religion and life.
(v) Discernment of God's plan for my life - my calling or vocation.
(vi) An honest appraisal of my day to day practice of charity and honesty.
(vii) A confidence that the Holy Spirit is acting in our nation and in our world.

DR PETER WEBB (APRE)

YEAR 12 RETREATS

From Sunday 1 March to Tuesday 3 March students participated in one of seven Retreats of their own choice. At Camp Toowoomba, Mr Kennelly, assisted by Fr John Giles OFM and Mr Argent, offered an excellent set of reflective activities in which most students co-operated. Mr Denning and Mr Cawley, with Fr Tyson Donnelly MSC visiting, addressed the theme of Relationships at Shannon Park, outside Toowoomba, and students spoke of "improved knowledge of one another".

Edmund Park, Laidley, was the location for the Retreat led by Br Fredericks, Mr Carroll and visited by Fr Tony Hallam, School Chaplain. Theatrical dialogues and small and large discussion groups led to enhanced relationships, students reported. Participants in the Camp Stacey (Cunningham's Gap) Retreat reckoned it an "enjoyable and successful experience" and particularly appreciated the leadership of Br Chris Clementson FMS, Matthew Cathcart, Elizabeth Healy, Dr Webb and Mr Pauley: the Mass in outdoor setting and the silent friendship circle exercise, together with some very involving games, were regarded as highlights.

Br Magee met with the repeat Seniors for Retreat in the Brothers' House, and Fr Ashley Warbrooke visited. Each Retreat was thus offered Eucharist and opportunity for Reconciliation. At Helidon, the young team from Emmanual Covenant Community (who also supplied sessions at the Edmund Park Retreat) "were popular because they presented their views and gave their own experiences with God and they were only too willing to listen." Mr Stower and Mr Celegato, with Fr Ryan from the neighbouring parish church as visitor, led this Retreat.

At James Byrne Centre, outside Toowoomba, Br Walker and Mr Ludlow, with Fr Peter Steene MSC visiting, offered a Retreat on the theme of Leadership. The Relationship Tree exercise (where am I with God now) and an affirmation activity were among the features of "a valuable experience".

The preparation and faithful work by teacher-leaders, together with the generous support and planning work of Mrs Pat Good, R E Assistant, continue to be appreciated.

(Dr) PETER WEBB
Assistant Principal Religious Education

ASH WEDNESDAY

March 4, 1992, was not just a memorable day to Terrace students because it signified the start of Lent, but because of the outstanding ceremony held at school that day. The ceremony took the form of a whole school Mass in the Campbell Centre with the College Captain, Vice-Captains and Prefects, seated on the stage with Br Magee and Br Hempenstall.

The Mass began with the Senior leaders' journey to the altar through the school, offering palms, the cross and a candle, all symbolic to the meaning of the event. Ben White, the College Captain, narrated the Mass and asked for the full co-operation of the school. They responded with reverence, prayer and song, as the embers from the burning incense passed throughout the centre. The spiritual development of each participant and indeed the Terrace Family resulted.

Our appreciation and warmest thanks must go to Dr Peter Webb, and his assistant, Mrs P Good, for producing a smoothly run and meaningful Mass. Thank you for providing us with such an experience. Thank you also to Br Hempenstall for taking the time and effort to be with us on the day. His message that Lent is a time set aside by the Church to take stock of our lives and change the things in our lives that need changing was one that every student realised they had the power to do for themselves.

JAMES O'LOAN

GPS SWIMMING

Although the GPS Swimming Cup will not return to Terrace for the first time since 1987, no one should be disappointed with this year's efforts.

The season commenced in September 1991 with a pre-season training squad of forty-five with many others training outside the school.

As usual the season was a hectic period, consisting of numerous carnivals and a visit from Waverley College, Sydney. Our efforts at all carnivals were commendable and all age groups improved each time they swam.

Our first big night was the College Championships at Chandler on 7 March where three College Records were broken -

Under 16	100m Freestyle -	Peter Gibson	55.49
Under 16	50m Breaststroke -	Peter Tuton	32.09
Under 16	50m Butterfly -	David Dunworth	27.13

David Dunworth undoubtedly completed the swim of the Carnival in breaking the Record which was previously set by Mark Tonelli in 1973 with a time of 27.7.

The 1992 College Champions are -

U13
(1) D Guthrie; (2) J Smith; (3) J Vedelago; (4) L Johnson

U14
(1) D Clarke; (2) J Hooiveld; (3) J Carter;
(4) G Forde/D Townsend

U15
(1) L Wallace; (2) M Gordon; (3) M Crowdey; (4) S Bures

U16
(1) M Chappel; (2) P Gibson; (3) C Rayfield; (4) A Sexton

Open
(1) M Stewart; (2) D Carter; (3) D Clifford; (4) T Noonan

What was expected to be one of the closest GPS finishes for some time proved to be just that. With only fourteen points separating first and fourth placings, in reality Terrace was only two good swims away from victory.

As the team's results from this Carnival indicate, every boy swam to the best of his ability on the day. Some of the many outstanding performances include - (a) Luke Wallace's Backstroke win; (b) David Clarke's times for his two individual swims with an improvement of 2 seconds in each event; (c) the U13 Freestyle Relay team; (d) the U14 Freestyle Relay team where the U14 team missed the GPS Record by 0.06; (e) the Open Freestyle and Medley Relay teams. Again Terrace's strength in the Relay events were dominant, scoring 65 points out of a possible 70 in the last seven events.

Although this is not the result we had hoped for, everyone should be proud of his team's efforts.

Once again many people must be thanked for their help and support. Mr Paul Carter, President of the Swimming Supporters Committee and his active Committee members for their invaluable help, Mr Noel Fludder for his assistance and guidance in placing our swimmers, and to all the mothers and fathers who contributed to the Wednesday morning team breakfasts, numerous barbeques and end of season dinner. A special mention to all swimmers in the squad and their coaches for their dedication and enthusiasm throughout the season. On behalf of the College, I would like to thank the Year 12 swimmers and their families for their contributions to Terrace swimming which date back to 1985. A special thank you to Mr Tim Harrington and Mr Russell Harrop for the support they gave throughout the year.

The GPS team would also like to congratulate Michael MacDermott and the CIC swimming team for their great result this year.

NEIL WHARTON
Coach

CAPTAIN'S REPORT

At the end of 1991, the Terrace Swimming Squad, under the watchful eye of Mr Neil Wharton, began its quest for the 1992 GPS title. To win the premiership, the team would require a string base of swimmers in each age group so as to help push one another to their personal best and at the same time provide the Red and Black Machine with a powerful force to be recognised.

With most swimmers making a strong effort at the lead up carnivals, the team on a whole was therefore able to achieve some good results, such as winning both the Pool Fab trophy against Waverley and Nudgee as well our very own carnival. It was obvious however that three other schools, namely Nudgee, Churchie and State High were determined to stop the team from achieving its main objective.

The team on the day performed to the best of their ability, with many achieving Personal Best Times. However the school was to place fourth, a result that does not indicate just how close the carnival was, with the school finishing a mere 13.5 points behind Nudgee.

I would personally like to thank all Senior swimmers for their co-operation during the season and their dedication over the past five years. On behalf of the swimmers, I would like to thank Mr Wharton, Mr Harrop, Mr Harrington, Mr Broad, Mr Carter and the Swimming Committee, the small band of parents that supplied breakfast on Wednesday mornings and all parents, old boys, students and staff that supported swimming throughout the season.

MICHAEL STEWART

SWIMMING SUPPORTERS COMMITTEE

The 1992 swimming season was one of intense interest at Terrace. Many long standing Terrace records were broken and most swimmers produced 'personal bests' at the annual GPS carnival.

Unfortunately for too many, critics have written off the season based on the GPS results. It was always going to be hard to achieve win Number six. Perhaps the following quote from President Theodore Roosevelt puts the events of the season into some perspective.

Roosevelt said: "It is not the critic that counts, nor the man who points out how the strong man stumbled, or where the doer of deeds could have done them better. The credit belongs to the man who actually in the arena; whose face is marred by dust and sweat and blood; who strives valiantly; who errs and comes short again and again; who knows the great enthusiasms, the great devotions, and spends himself in worthy cause; who, at the best, knows in the end the triumph of high achievement; and who, at the worst, if he fails, at least fails while daring greatly, so that his place shall never be with those cold and timid souls who know neither victory nor defeat."

Many thanks to those parents who gave so much time during the season. A special word of thanks and farewell to John and Cathy Clifford and Alan and Margaret Stewart who have given tirelessly for more years than they care to remember.

Thanks to all those swimmers who once again proudly wore the Terrace cap. You all did your College proud.

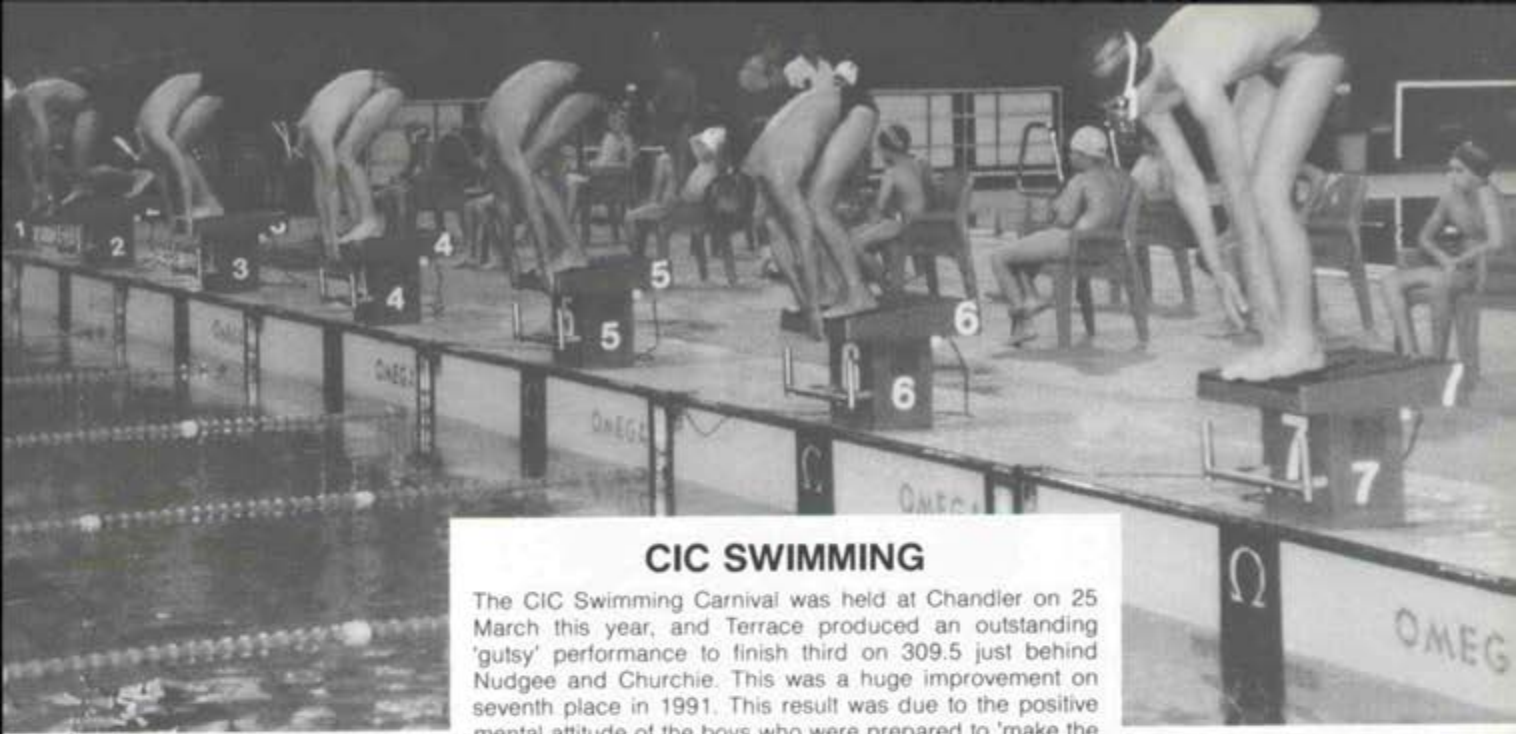
PAUL CARTER
(President)

GPS SWIMMING 1ST PLACEGETTERS

3rd Row: M Chappel; D Carter; J Olejnik; D Dunworth; T Clayton.
2nd Row: M Burke; L Wallace; S George; R Rayfield; D George; D Finn; G Steggall.
Front Row: M Stewart; M Steele; M Dunsdon; E Fitzgerald; P Tuton; D Cullen; A Rollason; D Clifford.

GPS SWIMMING PLACEGETTERS

4th Row: A Stewart; L Wallace; A Quinn; P Gibson; R Rayfield; M Chappel; D Dunworth; T Clayton; J Carter.
3rd Row: W Craven; C Rayfield; D O'Brien; D Carter; J Olejnik; A Sexton; S George; L George.
2nd Row: D Steele; M Burke; M Crowdey; M Vitanza; D McCormack; D George; M Tuton; D Finn; S Bures; G Steggall.
Front Row: M Stewart; M Steele; M Dunsdon; E Fitzgerald; P Tuton; D Cullen; A Rollason; D Clifford.



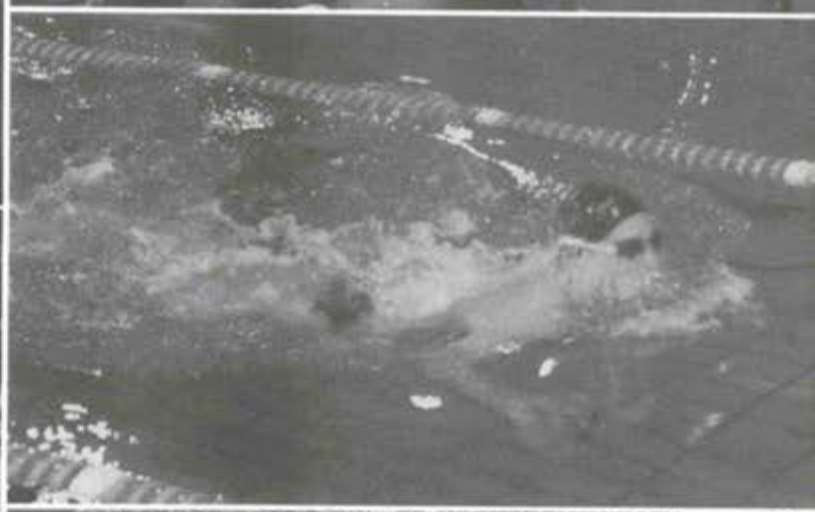
CIC SWIMMING

The CIC Swimming Carnival was held at Chandler on 25 March this year, and Terrace produced an outstanding 'gutsy' performance to finish third on 309.5 just behind Nudgee and Churchie. This was a huge improvement on seventh place in 1991. This result was due to the positive mental attitude of the boys who were prepared to 'make the hard yards' in the pool. The squad trained almost every day throughout the season and attended many carnivals. The first placegetters from the CIC Carnival are listed below.

Michael Vierow	1st	50m Freestyle	Under 11
David Darbyshire	1st	50m Freestyle	Under 12
David Macann	1st	50m Freestyle	Under 12
Chris Effeney	1st	50m Freestyle	Under 13
Billy Guthrie	1st	50m Freestyle	Under 11
Billy Guthrie	1st	100m Freestyle	Under 11
Billy Guthrie	1st	50m Backstroke	Under 11

A very successful season and all goes well for the 1993 season when Terrace should improve on its third place. A special thanks to all the parents who assisted during the year.

MICHAEL MacDERMOTT
Coach



ST PATRICK'S CONCERT

On the evening of 17 March, the Terrace community gathered to celebrate in music and song, the feast of the Patron Saint of the Emerald Isle, at the St Patrick's concert.

The audience, in excess of 400, were treated to a varied programme, opened by the combined Concert and Intermediate Bands under the baton of Mrs Linda Carrington. Other items included the Primary Vocal Group and the Year 8 singers conducted by Mrs Joan Watts; the Concert Band Ensembles; the String Group lead by Mrs Frances Williams; and the Orchestra directed by Mr John Varney.

Early in the programme, the audience was captivated by guest singer, Mrs Sharon Wharton's lyrical rendition of Galway Bay and her lively interpretation of With a Shillelagh under my Arm. The stage Band conducted by Mr Brad Esbensen, reminiscent of the Big Band era of the 1930's, performed a vibrant selection of standards including the ever popular On Broadway. Midway through the evening, the Primary Vocal Group led us all in a jolly Irish sing-a-long. This was followed by an item of traditional Irish Dancing, preformed by twenty-five young ladies of the Queensland Irish Association. The night's entertainment concluded in dramatic style with the Concert Band's polished interpretation of the Gaelic Rhapsody and Fantasia Espanol.

After the concert, the audience was treated to a sumptuous supper provided by the Terrace Music Association and were able to enjoy such authentic liquid refreshments as Guinness Stout and Irish Coffee.

A vote of thanks should be extended to all those who contributed to the evening's great success and especially to Mesdames Jacobson, Carrington and Watts for their organisation of the concert, to Br Walker for his compering and to the students who performed to their credit in a most professional manner.

PAUL BARBAGALLO
Year 12

ST JOSEPH'S DAY

On 19 March we celebrated the feast of our PATRON, St Joseph. The students and staff travelled to the city to celebrate Mass in St Stephen's Cathedral where our school had its foundations in 1875.

Fr Tony Hallam drew our attention to the quiet, simple life Joseph led in a small town in Israel, and the important role he played in the life of Jesus Christ.

The students were asked to consider how our patron "can assist each one of us grow into that human being we were created to be."

Upon their return to school, the boys gathered in house groups, where the tradition of a yearly celebration during lunchtime was maintained.

ROWING

1992 represented the most comprehensive planning for a Rowing season in Terrace's history. For the first time each age group had a pre-season Rowing Camp. The U15's had a week's camp at Maroon Dam under the watchful eye of Geoff Galt. Geoff was able to organise the camp so all coaches were able to attend, which showed the dedication and commitment of the U15 coaches. The U16's had a week's camp at Grafton, under the control of Vince Cavallucci and Hugh Morrison. Vince did a great job of organising the U16's throughout the racing part of the season. The Open's also had a week's camp at Grafton and a week's Rowing Tour of Sydney and Penrith. To Paul Brown, Stuart Ciocarelli, Tom Ciocarelli and Angelo Cavallaro, who all made the Rowing Tour a success thank you very much.

The Terrow Committee again worked very hard throughout the year to raise money for the Rowing. They were able to finance the purchase of two new racing fours - the Frank Heggie and the Gary Merritt, and a new racing eight - the B M Buckley II. Terrow was also prominent at regattas, working bees, dances etc... It is through Terrow that Terrace is able to have a fleet of boats equal to any other school. To all the Committee I thank you for your time, effort and commitment to Rowing.

Our Boatman, Mr Brian Jones, deserves special mention as he makes the Boat Club complete. Our fleet is kept in tip-top order by the endless hours of work done by Brian for the Rowing Club.

The Rowing Club has received terrific support from the school administration including the ladies in the office, the print room, Mr Peter Ford and the College Accountant - Mr Richard Kloza.

To all those who have helped with the Rowing - parents, coaches, Terrow and all the rowers, I thank you for your efforts.

Finally, to Br Magee, in his final year at Terrace, who has been a great support to the rowing, to me and most importantly, to the boys. I thank him sincerely and have enjoyed working with him over the last couple of years. From all those at Terrace Rowing - VALE BROTHER.

(Mr) JOHN BOWES
Rowing Master

My thanks to the coaches of 1992, your dedication was undeniably great. The time and effort you put in was outstanding. Also to Mr Bowes - the Rowing Master, who provided us with every opportunity. Thank you for the pre-season camps in which the U16's and the the Opens attended in Grafton and Sydney. Also the U15's camp at our Outdoor Education Centre, Maroon.

Thanks also to Christene Stapleton and Melissa, her daughter, for the wonderful and varieed breakfasts. We applaud the efforts of Mr Brian Jones who kept a very demanding Club in order this season.

Mark Serafini
Captain of Boats

ROWING AGE CHAMPIONS

S Lewis (U15); M Morrison (U16); B Wilson (Open)

ROWING - CAPTAIN/VICE CAPTAIN OF BOATS

M Serafini (Captain of Boats); M Doyle (Vice Captain)

Front Row: J McMahon; P Hunter; B Juratowitch; B Brown; B Dreyer; B Brant; B Byrne; C. Stringfellow; D Bartels.

TERROW

Start:

We started the year with a clean-up of the shed at New Farm. The clean-up included disposing of years of accumulated rubbish, rubbing down of walls and, in some cases, painting. Following this, framed photos and prints were hung in an orderly fashion, helping to give the shed more of a club feeling.

Shed Works:

The excavation works which had been going on for some time were finished off with a final and enormous effort put in by Joe and Vince Cavallucci. They had the area fully concreted and ready for the House Regatta which was held in early November.

Dances:

Following on from the previous years' experiences, Terrow staged highly successful dances at which we made quite a lot of much needed money. There were seven dances in the Terrace 1991 year. Terrow ran three of these and dances were planned for the 1992 calendar year. At the discretion of the Principal, Brother Magee, funds are distributed to the various support groups and on a needs basis. In that regard, we are very fortunate to have a Principal who is committed to rowing and I think we can draw comfort that Terrow gets its fair share. Like the other support groups, Terrow is called upon for supervisors whom I expect will be as willing to help under future Presidents and committees as they are under this and previous committees.

Bingo:

We have had another successful year of raising funds through bingo. Sincere thanks go to Redmond O'Hara who is our promoter and who is required to be on deck at bingo every week. Thankfully, Red has been assisted with calling back of winning bingo cards by Terrow supporters, most of whom are parents of rowers but some are parents of past rowers and friends of Terrow and Terrace. Thanks to you all.

Without bingo and all the help we simply could not help the Colege in meeting the cost of providing rowing equipment and services which are continually needed.

The Future:

The grand plan is for rowing to be relocated to Tennyson and you will hear a lot more about that as time goes on. Through the Facilities Sub Committee chaired extremely well by Lindsey Alford, a great deal of progress has been made towards selling New Farm with the proceeds being earmarked for new rowing facilities at Tennyson.

One of the great things which comes out of a perceived poor showing is a burning desire to "rectify the problem". Meetings chaired by John Rynne who is an Old Boy of the College, and considered by many to be one of, if not the best, coach in Queensland have resulted in:-

a. appointing a junior coaching director
b. recruiting age coaching directors for each age group, except open
c. introducing rowing to the junior school, but most importantly
d. enabling our Rowing Master to devote quality time to the job of rowing during the fourth and first terms.

Thanks:

Naturally there are many who should be thanked and I would like to do this on my own behalf and that of Terrow.

Graham West and Chris Carrigan as Vice Presidents for always being there when I needed them and even when I didn't. Ann Oneto who has performed the secretarial tasks with such vigour and so effeciently as well as organising catering along with Patti Cavallaro and Barbara Reordan, and all while starting a new travel business. Pat Jordan who continually provided me and the committee with up to date figures especially when he no longer had a son rowing.

Each and every one of Terrow who helped in many ways such as: towing tent trailers around the place, putting up and taking down tents, sometimes under pretty difficult circumstances, organising prizes and selling raffle tickets, selling souvenirs, towing boats of various kinds, providing boats and drivers, time keeping, catering, cooking, serving and you name it.

Donors of gifts, prizes, food and alcohol for raffles, functions and regattas. These included Tim Harrington, John Gibson, Tony Joseph, Seagrams (Lance Currie) and many others who refused to seek reimbursement for out of pocket expenses.

The band of helpers who provided refreshments and lunch for visitors and officials at the Terrace Regatta.

All of the committee for attending all those meetings, the wives and husbands of the committee for being understanding of the need for their spouses to be out at those meetings, the coaches and support staff and their wives and to you all.

Thank you for helping me have one of the most memorable and enjoyable years of my life.

PAUL SERAFINI
(President)

VOLLEYBALL 1992

1992 saw Volleyball introduced into the GPS system as a trial sport. A total of three teams were fielded - the Under 15, Seconds and Firsts. The first season of Volleyball has proved very successful in terms of the improvement in the playing ability and the performances of teams. The standard of play was very good and enabled all players to attain some team success in addition to developing their own game.

The Under 15 team stood out as the team who started off with very few skills but due to the efforts of their Coach, Mr Russell Muir, improved greatly to become a team which has developed many skills.

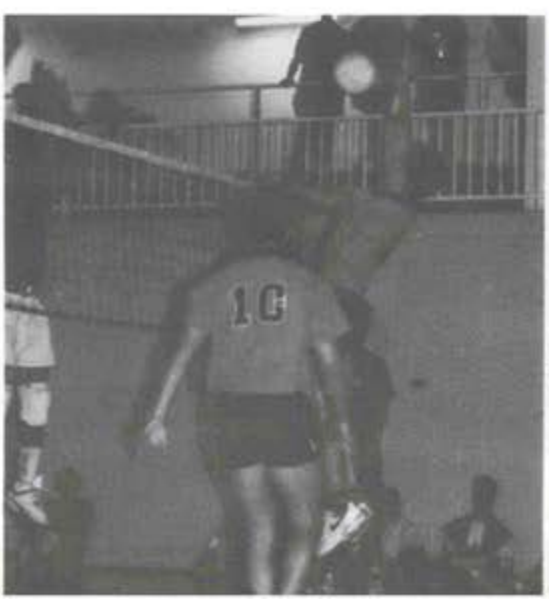
The Seconds were formed from a group of players who just failed to make the Firsts team and proved to be very successful. The Seconds, coached by Ms Susan Cox, finished the season undefeated, which was a credit to her and the boys.

The competition for a starting position in the Open Firsts each week was due to the enthusiasm and competitiveness of the players. The Firsts improved quickly after their first round of matches and proved to be one of the better schools in the competition, winning most of their games.

Towards the end of the season a two or two pairs competition was played at Terrace among the three teams. All teams were mixed age groups and ability levels with nine rounds of play-offs before the final between Terence Lunney (Firsts) and Mark Power (Under 15) and Anthony Gibb (Firsts) and Edwin Cooke (Under 15). The latter team took out the trophy for the Pairs Championship for 1992.

Finally, I wish to thank the other coaches, Mr Russell Muir (Under 15) and Ms Susan Cox (Seconds) for their tireless and enthusiastic work coaching and refereeing during the season.

(Mr) GLENN McCONVILLE



1STS

At the beginning of the first term of the 1992 year, we saw the introduction of an exciting game for both player and spectator in the GPS Volleyball. Because of the high level of activity and enjoyment, we had an enthusiastic response from fellow students, being able to field teams in Under 15, 1st and 2nd Divisions.

Being our first year in competitive GPS Volleyball, we had much to learn about the game, but as a result of hard work over the past season, players have been rewarded with many convincing wins. All divisions have experienced the taste of victory and displayed much improvement as each game was played.

All teams have shown great potential and, as they develop skills and gain match play experience, results will improve.

A special thanks must be extended to all those who expended time and energy to make Volleyball a success at Gregory Terrace. To the coaches: 1st VI - Mr G McConville; 2nds - Ms S Cox; U15 - Mr R Muir, many thanks for the season on behalf of all the players.

Finally a thank you to all staff who helped with coaching, and to the parents who supported their sons by being at the matches.

TIM MILEY

VOLLEYBALL RESULTS 1992

	BBC	TGS	IGS	ACGS	NC
1sts	1-4	2-3	4-0	5-0	4-0
2nds	3-2	5-0	Bye	2-1	3-0
U15	2-1	1-2	3-0	1-2	2-1

MEMBERS OF THE 1ST XI TEAM

TIM MILEY - Captain
A utility player who covered all aspects of the game superbly. Tim was a player who led by example and encouraged his players towards success.

ANTHONY GIBB - Vice Captain
A vital team member whose skills were our main avenue of attack.

ANDREW GORDON
Mr Perpetual Motion himself. Fiercely competitive and a player who always put his body on the line.

TERENCE LUNNEY
The seller of all sellers. They called him 'Bruce' - a call sign for his infamous 'short set'.

BEN KINGSTON
A versatile player whose ferocious serve resulted in many points.

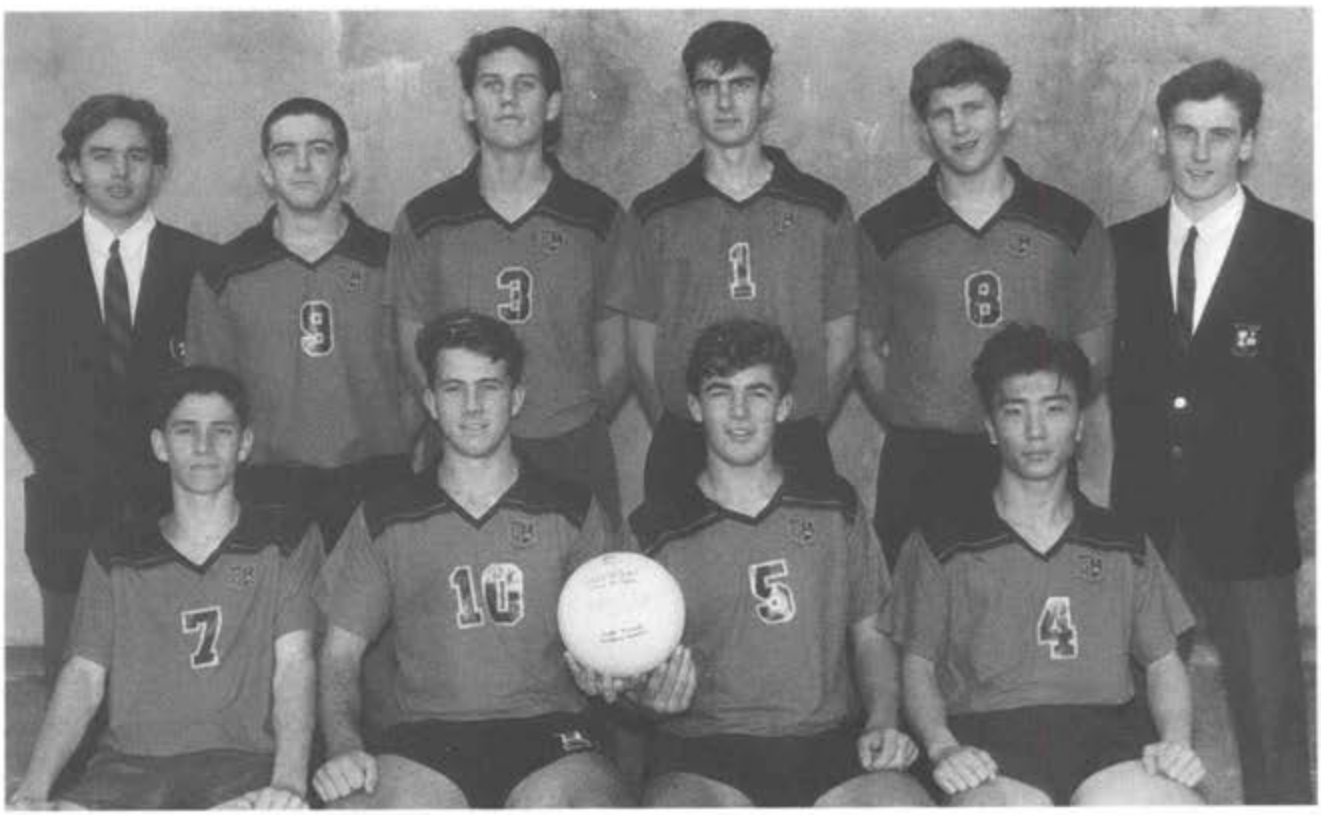
CHRIS BARBELER
This 'blocking bandit', all 6ft 3ins of him, never failed to show his supreme expertise at the net.

DAVID PARTRIDGE
David's confidence built up throughout the season until he developed into a finely tuned volleyballer.

JOHN PARK
John's distinct style added an extra dimension to the team's play.

CHRISTIAN BOUCOUSIS
Thriving on pressure, Chris was never overcome by the intensity of the game. He was a player who always kept his 'cool'.

WARD SQUIRES
Ward was never one to back down on a chance. A player who always gave of his best when asked.



1STS

2nd Row: C Boucousis; A Gibb; C Barbeler; T Lunney; A Gordon; D Partridge.
Front Row: B Kingston; T Miley (Capt); W Squires; J Park.
Coach: Mr G McConville

2NDS

Our novice players began their Volleyball careers with an unbeaten season! Congratulations, especially to the stayers, who remained committed to both training and game play throughout. Special thanks go to Peter Coghlan, Angus Scown, Mark Blinco, Paul Schauer and Stephen Larkin whose consistent co-operation, dedication and positive contribution enabled them to improve their Volleyball skills and ensured their success. Thanks must also go to Mr McConville and Mr Muir for their patience, input and time.

MS S COX

2NDS

2nd Row: M Blinco; P Coghlan.
Front Row: S Larkin; J White; P Cook; A Scown.
Coach: Ms S Cox

UNDER 15

The Under 15 volleyballers started off the season with a great confidence boosting win over BBC of 4-1. We then headed off to Toowoomba to go down in a disappointing loss in a close last set. Ipswich then came to us and we had another convincing win in which the Terrace team had far too many skills for them. Churchie was our next assignment, and this was by far our best game of the season. We lost the first set and bounced back brilliantly in the second set, but unfortunately, we went down 15-13 in a real cliff-hanger, with great games from Edwin Cooke and Manny Monsour. Our last game was against Nudgee. We started off poorly but came back strongly in the second set. Consistently good performances were shown by Raefe Gundelach, Mark Power, Justin Lorenz, Lyle Netto, as well as improved performances by Ryan Squires and Tim Harrington.

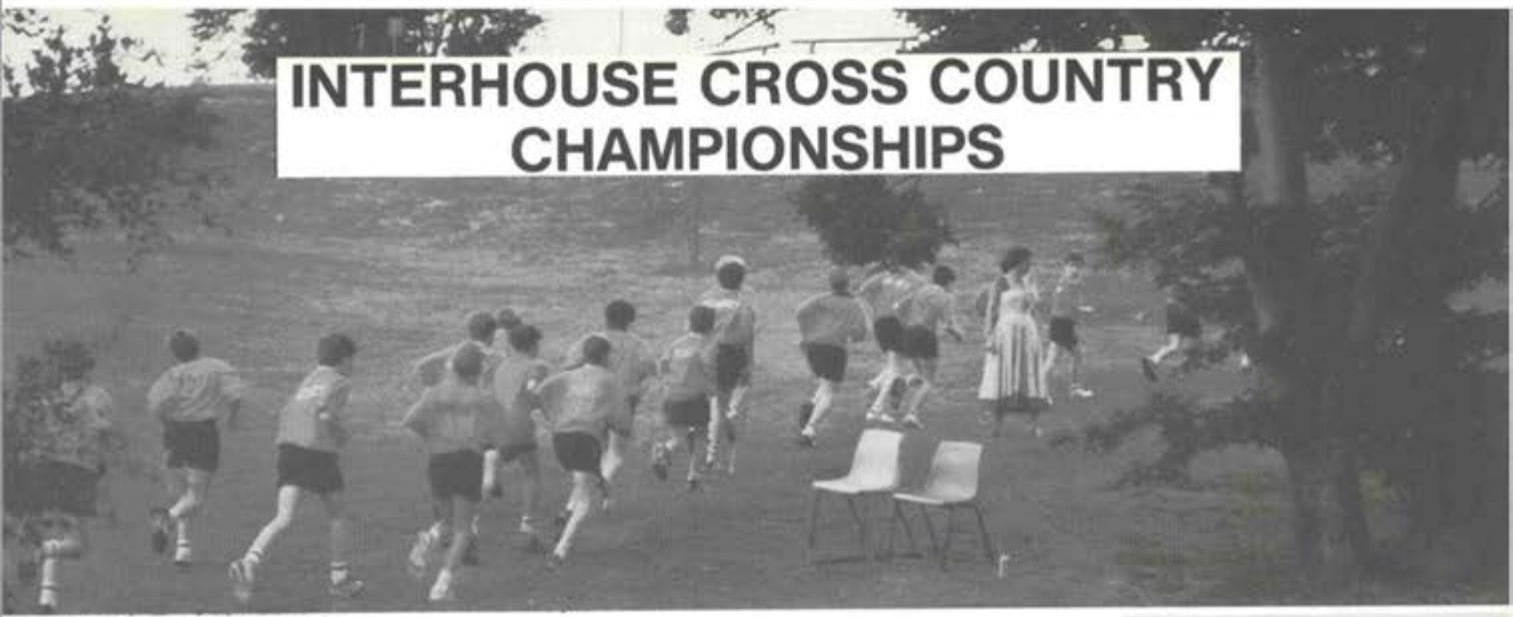
Thanks to Mr Muir, who taught us all the basics as no one had ever played Volleyball before. We finished off the season winning four out of our six games played. A great time was had by all who played.

STEVEN MACANN
Captain

U15

2nd Row: J Lorenz; M Power; E Cooke; R Squires.
Front Row: E Monsour; S Macann; T Harrington; L Netto. Absent: R Gundelach.
Coach: Mr R Muir

INTERHOUSE CROSS COUNTRY CHAMPIONSHIPS



On Wednesday, 15 April, Barrett House recorded its first sporting championship since the beginning of House competitions in 1991, by winning the Cross-Country Championship.

Barrett House runners performed magnificently throughout all the age groups, to record a run-a-way victory. The battle for the minor placings were intense, with four of the remaining five Houses separated by only 42 points.

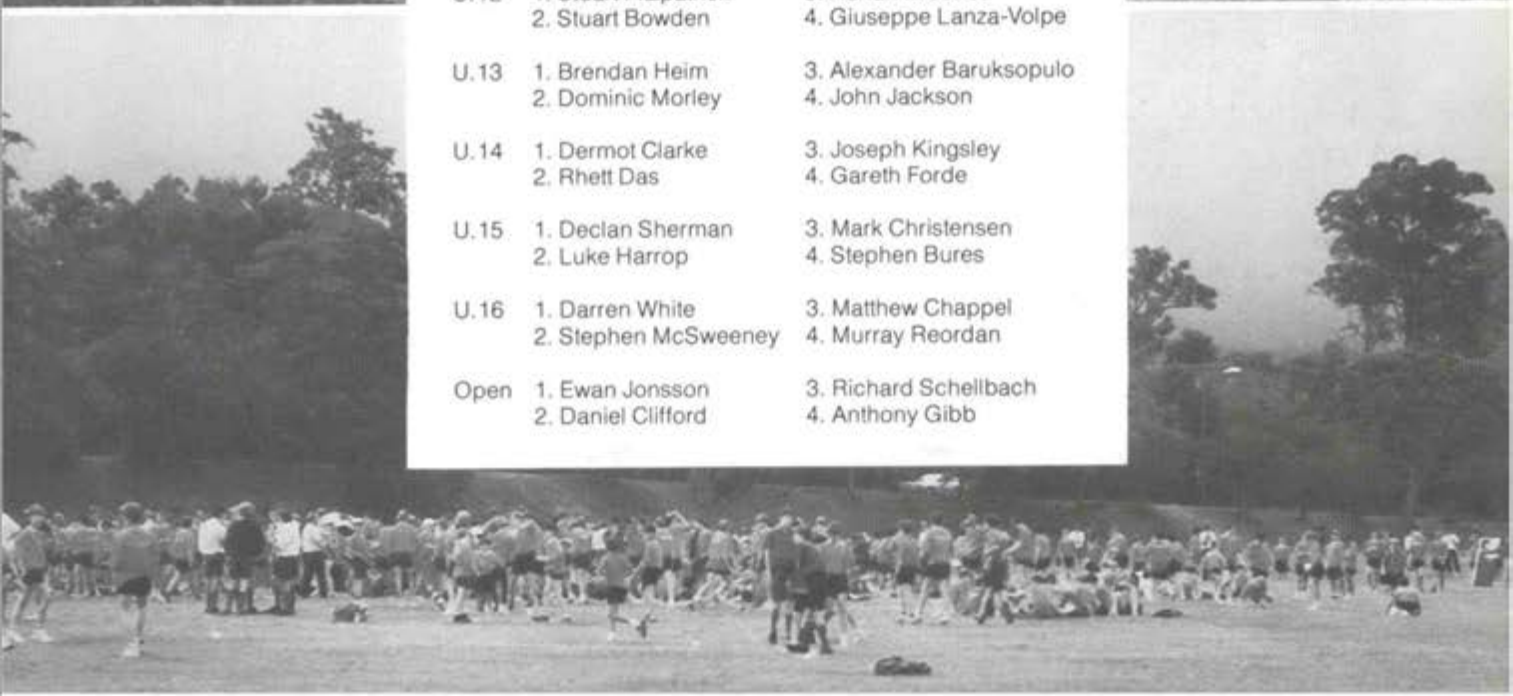
All runners are to be congratulated for their determination and effort. Special congratulations to the following runners who gained College Championship places.

(Mr) M BROAD

The Final points and placings for the 1992 Interhouse Cross-Country Championships were:

1.	Barrett	784 points	4.	Treacy	961 points
2.	Reidy	934 points	5.	Windsor	976 points
3.	Mahoney	950 points	6.	Kearney	1166 points

U.10	1. Sean Bowes	3. Jonathon Cottee
	2. William Armstrong	4. Matthew Neumann
U.11	1. James Duffy	3. David McPhillips
	2. Stephen Hogg	4. David Laverty
U.12	1. Stuart Fitzpatrick	3. Adrian M Jones
	2. Stuart Bowden	4. Giuseppe Lanza-Volpe
U.13	1. Brendan Heim	3. Alexander Baruksopulo
	2. Dominic Morley	4. John Jackson
U.14	1. Dermot Clarke	3. Joseph Kingsley
	2. Rhett Das	4. Gareth Forde
U.15	1. Declan Sherman	3. Mark Christensen
	2. Luke Harrop	4. Stephen Bures
U.16	1. Darren White	3. Matthew Chappel
	2. Stephen McSweeney	4. Murray Reordan
Open	1. Ewan Jonsson	3. Richard Schellbach
	2. Daniel Clifford	4. Anthony Gibb



ANZAC DAY MEMORIAL SERVICE

As Anzac Day fell in the mid-semester break, the staff and students commemorated Anzac Day on the first day of Term Two.

After Br Magee's introduction, the school was addressed by Mr Peter Bliss who recalled his four years as a Terrace student from 1956 to 1959. During that period, Terrace Gentlemen were expected to take part in three activities - the Senior Boys Choir, Rugby and Cadets.

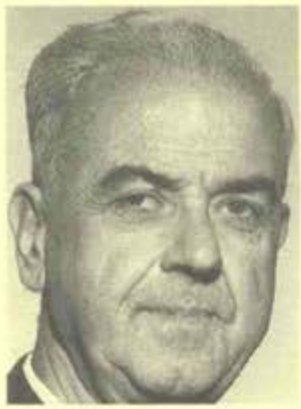
Mr Bliss explained how all Years 9,10, 11 and 12 students were expected to belong to either the Terrace Army or Air Force Cadets. They dressed in uniforms left over from the First World War every Monday and after school paraded around carrying old 303 rifles.

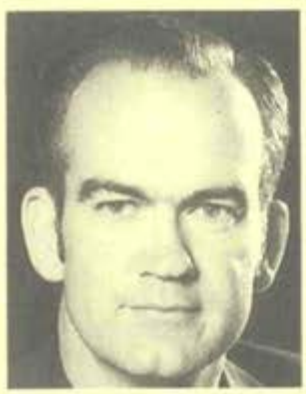
Every Anzac Day, the Terrace Cadets joined their counterparts from other schools and the men and women from the Regular Armed Forces to march through the streets of Brisbane. All gathered for lunch in Albert Park after the March and it was here that the Terrace students met some of the original Anzacs.

As one of these students, Mr Bliss listened to the Anzacs' stories of Gallipoli. It was their stories of mateship, sport and two-up which he remembered above all else.

Mr Bliss explained that Anzac Day spurs those memories and he feels that he received a first hand understanding of what the original Anzac tradition was all about. Today he has seen that tradition grow so that now on Anzac Day, we rightly remember and honour all the men and women who have fought for or served Australia in the Armed Forces, and especially those who were Old Boys of Terrace.

Mr Michael Broad, Mrs Sandra Mannion, Ben White, Juergen Landmann, and Luke Abercrombie helped Br Magee lead the school in prayer. The staff and students then reflected as Anthony Crombie played the Last Post.





TERRACE AND THE CHRISTIAN BROTHERS

Say "Terrace" to any good Queenslander, and he'll respond not with a street or road or house but a school. It is conceivable that he may not know that that school is St Joseph's College, Gregory Terrace, Brisbane - but for several hundred reasons (just look around for illustrious old boys), he'll know Terrace is a school for boys which has been turning out men for well more than a century.

The first roll had only twenty-six names; six months later the roll call had increased and boasted fifty-five names; today eleven hundred boys attend this College. Terrace has given outstanding service to the State of Queensland in all aspects of ecclesiastical, professional, political, business and sporting life.

Terrace didn't start out to educate only the illustrious potential and it still doesn't.The first Headmaster Brother J. Barrett described the school's opening "for the humbler and middle class". Today we would describe Terrace as a good example of social mobility.

The second generation of Terrace boys, in majority, entered the Public Service. The third entered the professions. Today a quarter of the roll call would be descendants of the first.

The first community of Christian Brothers (the Brothers are very strong on community) arrived from Ireland and started teaching in the historic Pugin's Chapel on July 5, 1875 beside St Stephen's Cathedral. Very soon plans were drawn up for the permanent school and residence on Gregory Terrace, and the foundation stone was laid on September 19, 1875.

Here on the Terrace, the first austere monastic building of porphyry stone, quarried from nearby Leichhardt Street, still stands. Today it is monastery for the Brothers, surrounded by more than a century of ever increasing buildings and thousands of boys who have passed through its classrooms.

How did all this happen? Today's Christian Brothers are quick to give the credit to "the extraordinary Brothers who have taught here", the first to teach Greek, Latin, French, Maths establishing a tradition of learning....Headmasters including Brother B F Magee (1916 to 1922) and perhaps the greatest of them all, Brother J S Campbell or "Doc" as he came to be known so affectionately by hundreds of his grateful old boys.

We are the first to recognise that buildings do not make a school. The Christian Brothers have always seen themselves as confirming and extending the education that has to be given continually to Catholic youth by their parents, who are their first teachers in their own homes. The Brothers have not required the results of surveys and questionnaires carried out in recent years in Australia and overseas to be convinced that the Catholic school bears abundant fruit, only when teachers and parents work in intimate partnership.

A close partnership of parents, Brothers and boys has always been the ideal at which the most zealous members of the Terrace family have aimed. Their constant anxiety has been to mould Terrace into the sort of Christian community which would be a model of what God intends the whole Church to be.

Speaking on the occasion of the centenary celebrations of the College, Archbishop Rush referring to the qualities that St Paul thought should characterise a good Christian, said, "They are the qualities true Terrace men have always striven to acquire. New men, men first of all, but men chosen by God, joined to Him and loved by Him, you must be compassionate, kindly in judgment, always humble, gentle and affable, quick to bear another's faults."

This willingness to forgive is inspired by a desire to grow more like Christ, who is the very heart of the Christian school and the whole reason for its existence. In a word it is love that must bind all natural Christian qualities together - love for Christ, for one another and for all people.

As we arrive at yet another milestone in the life of this great College, the appointment of the first lay Principal, it is right for us Christian Brothers to feel that the work of the past one hundred and eighteen years has been worth while if the Terrace of tomorrow continues to produce men of absolute integrity and character, who, like the best Terrace men of the past, believe in Christ and are committed to Him and are ready to bring His influence to bear on the world of their time.

No longer can we live in the past, to ape the manner or customs of earlier generations. No period in the world's history has seen such rapid change as the last century. But the essential nature of man as we approach the twenty-first century is what it was in 1875. The Living Christ is today as He has always been. Should we lose sight of Him, then Terrace will have no meaning.

Terrace will continue to fulfil the aims of its founding fathers and the long line of Christian Brothers who have laboured here by sending her sons out into their trades and professions, their homes and public life, proclaiming by word and deed the Christ whom they have learned to believe in and love.

(Br) B E WALKER
Community Superior

STUDENT LITERARY WORK

THEY JUST WANT THE POWER

Parliament - it squabbles,
Over a country losing money
Like a gambler in Las Vegas.
Its foreign debt is huge,
The unemployment's high.
Its leaders don't seem to
Care. They want the people to be
Ignorant, just so long
As we vote for the
Nationals or the Liberals or
Some other party they're members of.

NICHOLAS COGHLAN

THE JELLYBEAN MURDER

"A shadow crossed 47th Avenue, and that's all I know," said the witness. "So you don't know anything about the murdered jellybeans, huh? Oh well, you can go now because I need some sleep". When I got home I looked in the mirror and saw one tire Pink Panther. I slipped into bed and had a good long think about the jellybeans but that didn't last long because I fell asleep. The next day, I went to the scene of the crime to check it out. I took finger prints but strangely enough, they were the prints of a cat paw. How does this explain the shadow that the witness saw? I checked out the local area but no cats were missing and no one had a cat so I decided to call it a day. That night, I realised that it could have been a small dog, but why, why kill all the jellybeans in the factory? I went to the house of the small dog and his paw was exactly the same as the one in the factory so I asked him why he did it. He said, "Woof woof, bow wow, bark, woof". Translation: "I was jealous because my owner liked jellybeans more than he liked me and so three nights ago I suffocated them with a plastic bag and that was that."

The next day I got my cheque and I found out for sure that crime doesn't pay.

Damian Barnes

WE MERELY WANT BREAD

A brick through a window started the riot,
and I, a 'nigger', was caught in the fight.
Black man against white man, the battle lines drawn.
But the slogans we fight for are now tired and worn.

The police soon arrived yelling for calm,
but were unable to control the crazed racial farm.
I was smashed in the face, battered and torn,
trying to run, then tackled on a lawn.

Our cry goes unanswered, though our children starve and die.
Education lacking, taught how to lie.
White man watches slow to give aid,
the voters said 'no!' the President obeyed.

Drugs and weapons rule our streets,
even black cops are afraid to walk these beats.
Our houses are vermin ridden, ready to collapse,
whilst death and crime continue, without lapse.

We will never stop fighting, whilst our young and old die,
the riots continue, as popular as pie.
But the looters aren't black, we fight till dead.
Whilst they want toasters, we merely want bread.

PETER RAWLINGS

WORLD-CLASS WAR

Our world is discordant,
we alter the way of life.
It is absurd to say we are flawless,
the perfectionists in strife.

No longer can this repulsive behaviour
be kept from seeking eyes.
A disillusioned community,
exhaling destitute cries.

We perceive the unintelligible,
but shun the obvious.
A manipulation of all things beautiful -
we destroy the things that sustain us.

These animals of death, for instance,
we drop upon our kin.
And then we cry out for more power,
to save our trivial skin.

We fight under the cover of nature.
Cradled in the arms of Mother Earth.
But we just run through with our machines,
as if the forest had no worth.

There are corpses scattered everywhere,
strewn across the ground.
All of this death and mutilation,
piled up in one huge, limp mound.

But, we classify above all things
the magnificence of man.
The sufferance can never be told,
except through heart and hand.

PAUL SERNIA

SOCIETY

As from first breath, destinations set,
Society governs, regulations rule.

'Strive, achieve, face, conquer!' a never
ending chant from hidden faces.
'Be not yourself, but what is expected of you'

Confusion evident, direction unknown.
Time passes ... questioning forgotten, complacency
overwhelms.
Shallow, empty,
Old.

What now? life wasted, only destination, challenge
left to fulfil in life is death.

DAN WHITE

THE PUMPKIN BLUES

Jim stopped. "Calm down," he thought, "you're not doing anything wrong, all you're doing is going into a perfectly normal old man's house and asking for a pumpkin." The thought sounded pretty stupid and Jim gave a weak laugh, but straightened up when he thought of the reason behind it.

Jim gave the door a firm knock, but he still couldn't stop feeling a little scared and nervous. The old man gave him the creeps. Some kids at school said that the house was haunted and the old man was an evil wizard or ex-chainsaw serial killer. He hoped they were wrong. It was a well known fact that this house, in the middle of a withered garden bed, was in fact the home of a retired magician, The Great Cantini. Jim knocked once again and the door slowly creaked open, spilling a thick musty smell from the dark hallway ahead. Jim looked down at his feet, half expecting to see the dense air.

"Hello, my name is Jim Reily, I'm twelve years old and I'd like to talk to you about a bit of a prob ... " Jim stopped when he looked up. There was no one there. He gave an embarrassed laugh and looked around the quiet street to see if anyone saw him making a fool of himself. Jim quickly ducked into the dark hall ahead and gazed around.

As his eyes adapted to the dark, Jim noted many rooms along the corridor. In the open doors, he could recognize devices used in familiar magic tricks that used to amaze him when he was younger. Other rooms contained rusty machines whose uses, Jim thought, had been forgotten long ago.

Jim reached the end of the corridor and the door again creaked open revealing a small, dusty room with an old Persian rug carpeting the bare wooden floor. There, a wrinkled man sat, reading a browned volume from the shelf behind him, he stopped reading and looked directly at Jim. Jim glanced at him nervously then turned his attention to the large faded sign in the corner. It read, "The Great Cantini On Show Now. Tickets Only 5p. Summer Fair 1934." Cantini slammed the book shut, releasing a great dust storm from it's weathered pages. Startled, Jim looked up.

"Welcome, I've been expecting you," Cantini muttered in a dry, hoarse voice. Jim stared at the old man. 'He must be crazy,' he thought, 'I didn't tell...'

"Anyone know you were coming here?" Cantini interrupted. He gave a long dry cackle. "Sit down here boy, and I'll solve your problem."

"A couple of days ago," Cantini began, "You were in your grandfather's garden raking, and you tripped over and planted the rake in a prize winning pumpkin, cancelling all your grandad's chances of winning the spring pumpkin festival competition. And you're afraid that your grandfather's not going to forgive you unless you somehow find a way to make him win the competition."

Jim was shocked, "How did you know all of that?"

"A magician can't give away all his secrets," Cantini replied. "I also know that you've come to me for some help because someone told you that I grew giant pumpkins."

"Yes, is this true?" Jim asked, even though he severely doubted it after seeing the state of Cantini's garden.

"Sometimes I do. But I don't part with them easily," Cantini said.

Jim crossed his fingers and hoped that all his money ($5.72) would cover the cost of an 80kg pumpkin.

"I tell you what I'll do. When you and your grandad are happy with each other again, I'll give it to you," Cantini said.

"Simple," Jim said brightly, "give me the pumpkin and we'll be happy in no time."

"No," Cantini said, "I'll be watching you and I'll give you the pumpkin when I think you deserve it, but hurry, there's only a few days left until the competition."

Jim trudged out of the dark house, disappointed that he didn't get the pumpkin. He thought of grandad and the eight months he took growing the pumpkin.

At home, Jim saw his grandad gazing blankly at the mutilated remains of his treasured pumpkin. He was mumbling to himself, "eight months of growing, down the drain."

Jim felt amazingly guilty and a sickly feeling crept up into his stomach, he thought grandad had what he jokingly called the Pumpkin Blues. Jim burst into the barn, "Grandad, I'm really sorry." Grandad turned to Jim with a dazed look that seemed to say, 'Nothing really matters anymore.'

"That's okay," Grandad said dully, without changing his expression, "Anyone could have made that mistake, I'll just have to wait till the next fair in three years time."

Three years, Jim thought. He was worried if grandad would last that long. He was already eighty-seven and all that he enjoyed doing now was tending his vegetables. Above all, Jim wanted to help his grandfather win the competition.

At night, Jim switched off the light and thought of other ways to make grandad happy. He dozed off but was woken abruptly by the yells of his grandad outside. the barn was on fire. Jim jumped out and helped his grandad with wet blankets and water. His grandad handed Jim a wet towel, "Put this over your face, it'll help stop you breathing smoke". Grandad ran into the house and grabbed an axe and started hacking at the pillars that held the water tank that loomed above the barn. At last it was loose, Grandad kicked the pillar and the tank toppled over, spilling it's contents over the fire, completely smothering it. The fire was out.

Jim and his grandfather sat on the front step of the house, black with smoke. "That was a close one," Jim's grandad said, "a little longer and it would have caught onto the house. We're lucky and I'm happy that no one was hurt."

What was that? Jim thought, He's happy? "You're happy?" he asked grandpa.

"You bet I am," Grandad said cheerfully, "none of us are hurt, and you can forget about that little accident with the pumpkin, it doesn't matter anymore."

Jim smiled. He was happy, Grandad was happy and Cantini, he thought, was probably watching.

Jim fell asleep in the soft bed. It didn't matter anymore if grandad didn't win the pumpkin competition tomorrow, Jim thought, the main thing is he's happy.

Jim was woken early by the sounds of the telephone filtering through the half-closed door. He heard Grandad pick it up. The man on the other end spoke quite excitedly, Jim could hear him well.

"Are you William Reily?" He asked.

"Yes, I'm Bill Reily," replied Grandad, "What can I do for you?"

"Well, you, sir have won first prize in the Spring Pumpkin Festival for your giant pumpkin of 120kg."

Jim couldn't wait to see the look on his grandfather's face.

CHRIS SEET

BACK TO THE PAST

5, 4, 3, 2, 1... I have been transported back in time to China. In those days China was called Cathay. Coincidentally, I had landed right beside Marco Polo. I asked him whether I could travel round with him. He at first was concerned about me, but then he gave me the nod.

He said his family helped Kubla Khan, the great almighty leader. In 1271 the three Polos and I travelled by boat to Palestine. From there we travelled by caravan across Asia. Khan was even more friendly when we reached his court in Peking.

He also sent us on many missions to different parts of China. In 1292, two years before Khan died, we left for home. We reached Venice after being away for twenty-four years and Marco's relatives barely recognised him.

In 1298 Polo and I were taken prisoner in a sea battle between Venice and Genoa. In prison, I helped him write a tale of his journeys. We titled this book The Book of Marco Polo. We mentioned the strange customs such as the use of paper money. We also told of the wars Kublai Khan fought in. This book was so amazing, people thought it a hoax. Historians actually found out that places Polo and I had spotted were accurately described.

JAMES DUFFY

OUR COUNTRY

The water glitters brightly
The sun scorches the sand.
The cool wind blows gently
And the waves reach up like hands.

Yet not too many miles away
The grass is dry and thin
Dust and Dirt blows through the air
Floating on the wind.

Moisture is not present here
No flowers and no trees.
The land is flat and constant
As far as the eye can see.

But still there is another land
Where the sun is warm and bright
And the clouds and mist that float around
Can turn the day into night.

The powdery white snow is scattered
Across the mountains' sides
The air is fresh and pleasant to breathe
A great beauty undenied.

Away from the hills but not to far
We find the smoke and steam
An enormous collection of concrete and brick
Where rubbish pollutes the streams.

Our country is really a wondrous land
But it could be better today
And if we keep on abusing it
It just might fade away.

ANDREW SIMPSON

INCOMPLETE LIFE

I open my eyes
to find life no longer.
Gone, irreplaceable,
to whom can I turn.
I go alone,
names say they care.
I'm never alone,
there's always a watcher.
The life didn't even
wave me farewell.
Life, she left,
for the good of her ...

B.S.

FRIENDS

Friend's should be there when they're needed,
alway's with a kind word.
They shouldn't be out to get you,
or back-stab you whenever they turn.

They should be there to help you,
and defend you when others make fun.
They shouldn't just storm off and leave you,
and should never encourage those jokes.

Good friends are alway's hard to come by,
like Wheat that is lost in the Chaff.
If ever you really should find one,
hold on to him with all your might.

A friend must be ready to forgive you,
as you should be to forgive him.
No matter what on Earth comes between you,
you should stand by him through thick and thin.

James Martin

ENVIRONMENT

Everything can only take so much,
Nothing can take this.
Very quickly our Earth is dying,
It's us who have to save it.
Recovery will be long.
Open your eyes to the damage,
Nobody can deny,
Mother Earth is dying.
Everyone must help,
No one will go unaffected.
To our generation we've been given this task,

to save Mother Earth.

CHRISTOPHER PHILLIPS

TALENT QUEST

Friday, 29 May saw the Grand Final of 1992 Terrace Talent Quest in the Campbell Centre.

Many students competed in the heats during School Lunch hours prior to the night. All finalists are to be congratulated on the high standard of their performances.

The six House choirs competing for the trophy showed great enthusiasm and flair in their choice of material and level of presentation. Mahoney conducted by Mrs Linda Carrington won the trophy by a narrow margin.

The prize winners on the night were:

JUNIOR:

1st: ..... Michael Jude (piano)
2nd: ..... Simon Quinn (cello)
3rd: ..... Sam Johnson and Chris Nolan (flute and oboe)
4th: ..... Michael Jude (french horn)

INTERMEDIATE:

1st: ..... Andrew Simpson (saxophone)
2nd: ..... Francois Mirza (violin)
3rd: ..... Anthony Crombie (trumpet)
4th: ..... Michael Rogers (trumpet)

SENIOR:

1st ..... Paul Barbagallo (clarinet)
2nd ..... Brendan Wong (piano)
3rd ..... Stephen Baker and Adam Worthington (harmonica and piano)
4th ..... Marco Palmieri (saxophone)

BATTLE OF THE BANDS WINNER

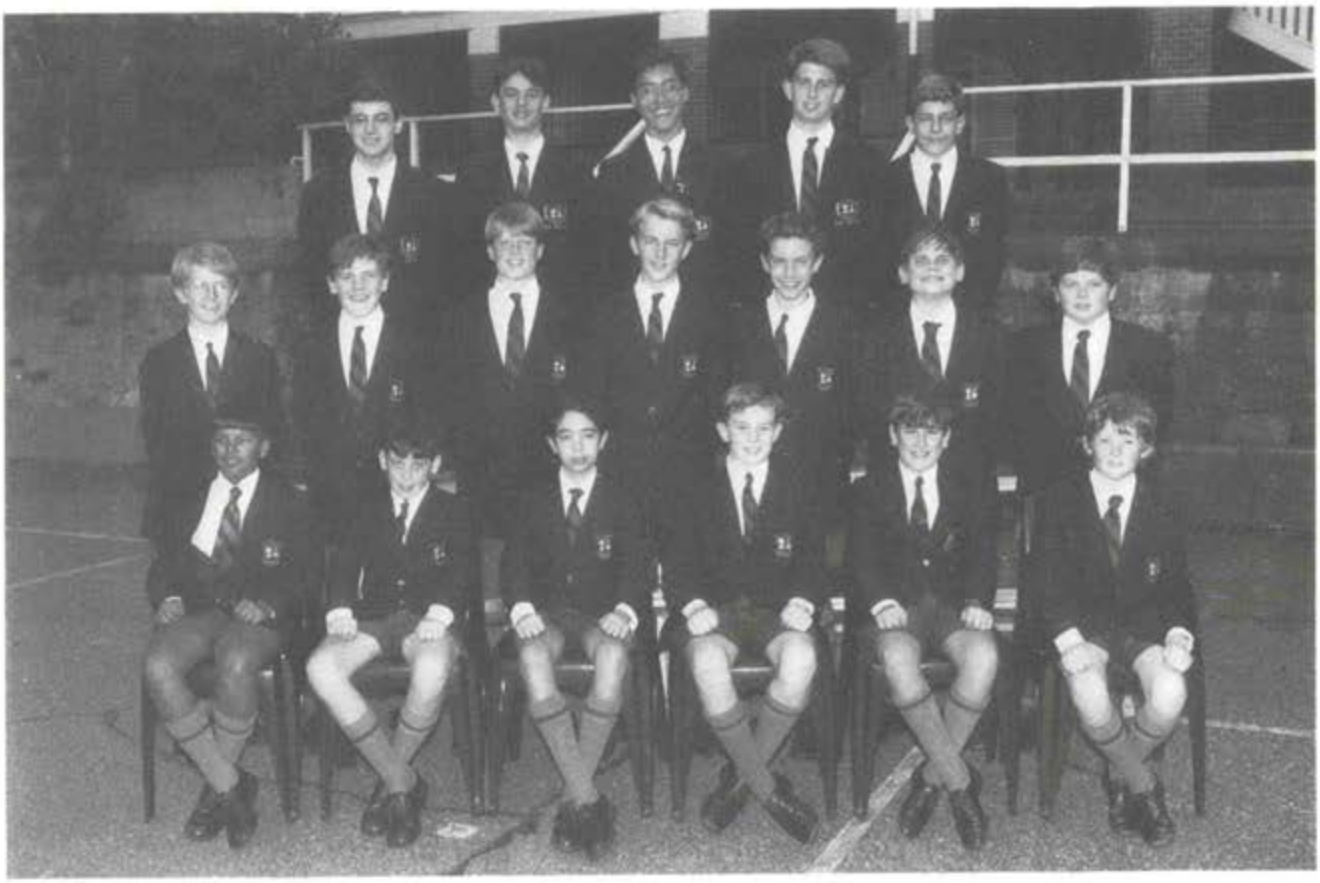
A Waller; D Widdicombe; M Steele; T Lunney
(Havoc)

POPULAR VOTE:

Stephen Baker and Adam Worthington.

The overall winning house scoring the most points was Kearney.

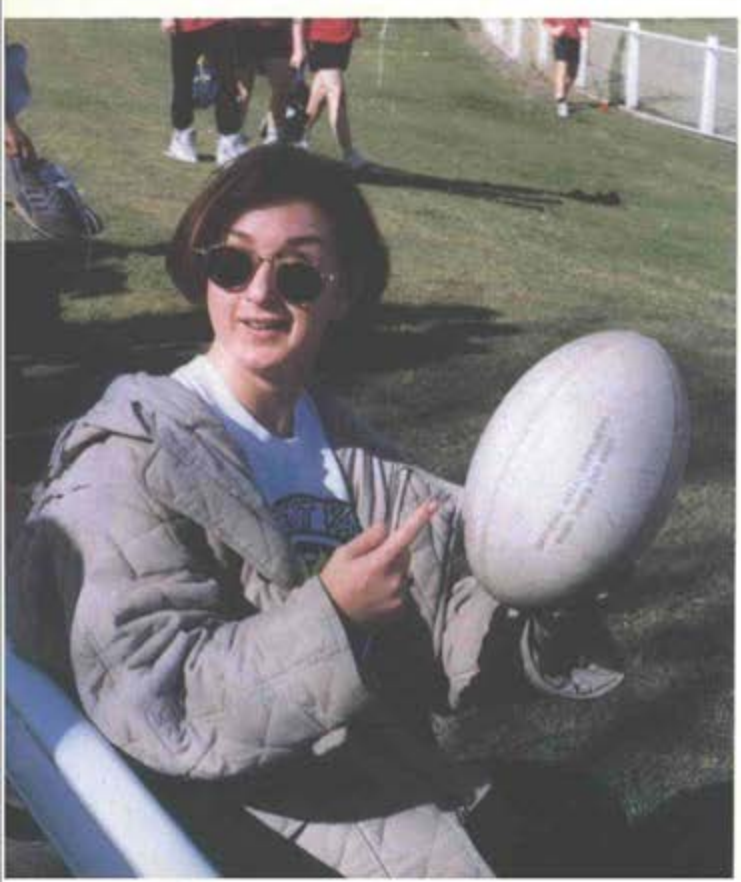
Thanks must go to all staff who assisted in the weeks of heats as well as on the night, especially Mrs Jean Jacobson and Brother Walker.

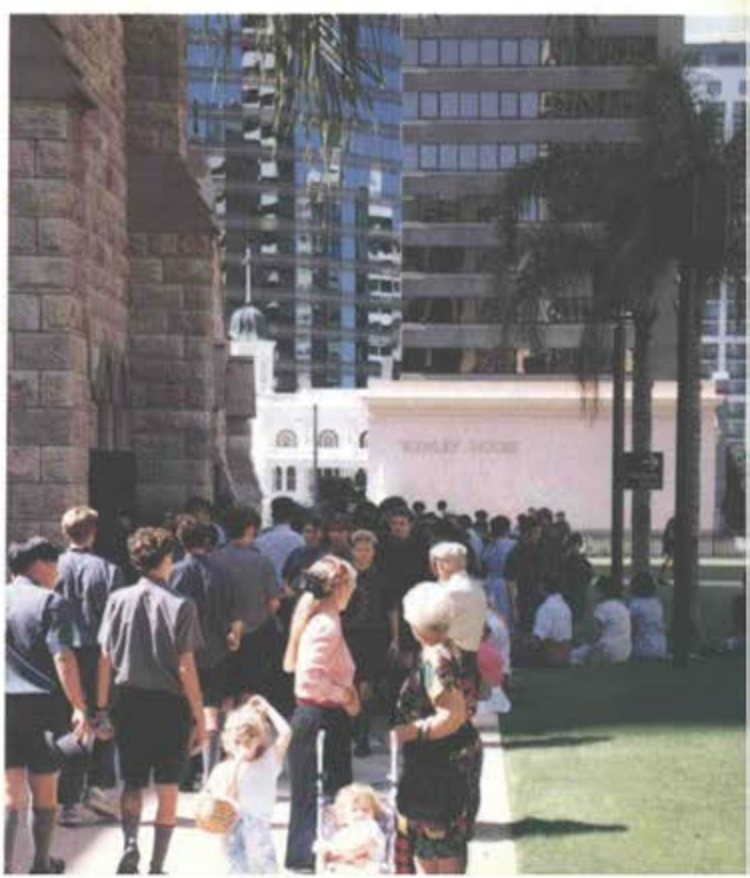


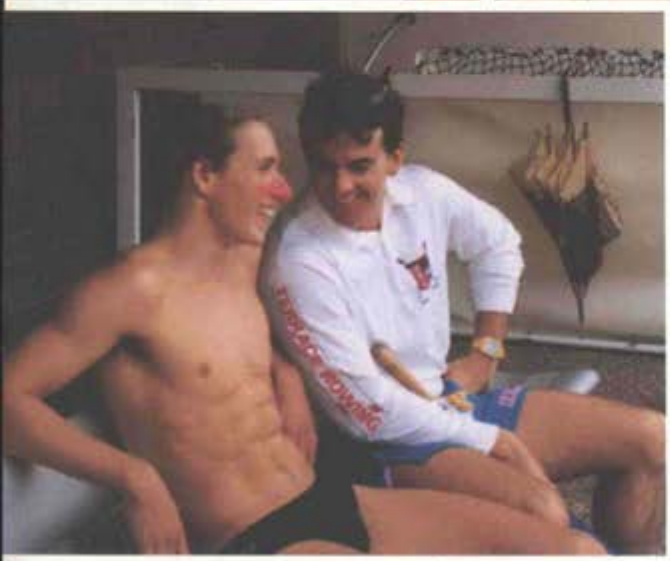
TALENT QUEST FINALISTS

3rd Row: P Barbagallo; M Palmieri; B Wong; A Worthington; N Crimmins.
2nd Row: R Kowalski; M Rogers; E Romaniuk; A Simpson; S Baker; A Crombie; A Rayfield.
Front Row: M Jude; S Johnson; F Mirza; S Quinn; M Toon; C Nolan.

LADIES







SOCCER

1992 saw Terrace Soccer gain new depths of success. The success of our First XI this season (Premiership runners-up) highlights the improvement of all teams in the past few years. The popularity of the sport at Terrace is quite evident by the numbers of boys playing and spectating.

A great deal of thanks must go to our coaches this season. It was due to their time, effort and expertise that we had such success. To Mr Mulvey our Coaching Director, Mr Knight (1st XI), Br Magee (2nd XI), Mr Skelcey (Under 15), Ms Fapani (Under 14B), Mr Harvey (Under 13A), Mr Ivanetti (Under 13B), Dennis Burns, Lawrence English and Christian Yates (13C) Terrace is most grateful.

Special thanks must also go to the Terrace Soccer Supporters Committee, led by Mr Tim Harrington, whose fundraising and support of Terrace Soccer has been tireless. To Mrs Ursula Schauer for her continued effort towards Terrace Soccer must go many thanks. A word of appreciation must also go to Br Magee and Mr Broad for their continued interest and support for Soccer's development at the College.

Finally to the players. All players should be very proud of their efforts this season. The Terrace spirit glowed from the players as they strove to improve themselves and when they took on the opposition. The hard work you have all done this year has helped develop a strong base on which Terrace Soccer in the future years can truly build on.

MR GLENN McCONVILLE
(Soccer Liaison Officer)

1ST XI

The First XI team had an excellent season and was very close to winning the 1992 GPS Premiership. The team equalled second spot, just two points from victory. Congratulations.

The team showed a lot of enthusiasm and worked hard in all aspects of the game. This showed in the results of the competition, as we only lost one game out of the nine competitions games.

During the season, the team travelled to Sydney to play three top Sydney schools, only narrowly losing two of the three games and drawing with St Edmund's, which was the most entertaining game of the tour. The tour proved to be of great value both soccerwise and socially.

The squad was led by Captain David Enever and Vice Captain Peter Frederiksen. Thanks go to all team members. I hope most of you will continue playing Soccer after leaving school and I wish you all the very best in your chosen careers.

R KNIGHT
(Coach)

At the commencement of the 1992 season an expectation was placed on the First XI to do well. The boys who decided to play Soccer this year and were selected for the team did themselves and their College proud. The competition for selection was tough and those actually selected had to play well each week to retain positions sought after by talented and promising upcoming players.

With many of this year's team returning from last year's First XI, their experience and ability contributed no end to the success of this team. Their experience, along with the guidance of new coach, Ray Knight, fired up the team for a great season.

Once again, the team travelled south for the chance to play three of Sydney's top Soccer schools. Although two narrow losses and a draw were not what we would have hoped for, the Soccer standard demonstrated in these games was good enough for any player to feel proud.

For the First XI to finish the year second on the Premiership table by one point, can only show the talent of this year's side. Although there is disappointment that the team were so close to Premiership glory, we can feel proud that we rose from sixth place last year. Congratulations must go to the skilful, great players who made up 1992's First XI.

The team was led by Captain, David Enever and Vice-Captain, Peter Frederiksen. Thanks must go to all players who represented this year's team and all those who supported us in our endeavours this season. All that is left to say is congratulations team on a job well done and it is hoped that you benefited from playing Soccer for Terrace this year.

1ST XI

2nd Row: S Russo; J Harrington; M Dowling; T Lunney; D Cavallucci.
Front Row: T Harrington; A Scown; J McMillan; D Enever; P Frederiksen; R Cavallucci; R McKay.
Absent: P Haegens; M Gallagher; M Beach; T Hession.

2ND XI

Despite finishing the season third on the GPS ladder, with four wins and two draws, the Second XI were arguably the most unfortunate team in GPS Soccer. On only two occasions did the first choice players compete, as the team was plagued by injuries throughout the season, with seven players injured in a 1-1 draw with Churchie and five out against a strong Southport side which won 2-1. However, a team as successful as the Second XI should not dwell on its losses. The team played entertaining football throughout the year and was rewarded for it with their best wins against Brisbane Grammar (the first team since 1988, in the age group, to beat them) and Nudgee College, a 2-1 triumph, which was a fitting ending to the year. Many thanks to Br Magee for his time, effort and expertise throughout the season. A season to remember.

DARREN SANTUCCI

2ND XI

2nd Row: S Russo; L Doolan; R Pose; D Burns; A Saunders; M Beach; R McKay.
Front Row:P Cabiddu; K Lau; D Santucci; S Sorbello; B Harris; B Hann.

U15

The U15 Soccer team had a mixed season. We had a promising start, but this did not carry on after the holiday break. All the players had the skills, but did not choose to use them at the same time. Despite this, we always put in a 100% effort and had an enjoyable season.

PAUL TARVIT

U15

2nd Row: P Rush; J Woolhouse; J Nickel; R Chisholm; D Cavallucci; B O'Neill.
Front Row:S Halsall; L Broadhurst; S Jones; T Harrington; L Nicholas; P Barry; P Tarvit.

U14A

The season began relatively slowly, with the team needing a couple of games together before they started playing cohesively. The highlight of the Season came midway through, with a hard fought win over IGS - Ipswich's first loss in two years. From that game on, it all came together for the team. The players trained well and played with consistency and skill. Congratulations to a team who performed well throughout the season.

(Mr) GLENN McCONVILLE

U14A

2nd Row: P Sernia; L O'Mahony; A Poli; J O'Neill; G Littleton; T Mollee; M Cazzolato.
Front Row:M Humphries; M Frederiksen; B Bridges; S Knight; M Harris; A Busteed; J Inglis.

U14B

The 14B's started off a little shaky and luckily it took the trial games to get them back on the right track. They finished the season with only one loss in the GPS competition and the finale against Nudgee certainly capped off a good season. Thanks to Glenn McConville and Alan Niven for their time and effort in training and also the enthusiastic support by our regular parents. This was greatly appreciated. Over the season, the boys improved enormously in skill and team work and I hope their enthusiasm for Soccer continues.

(Ms) JUDE FAPANI

U14B

2nd Row: A Jackson; J Doidge; J Maidens; G Crawley; S McMorrow; N Coghlan; S Kenny.
Front Row: M Fernandez; S Norris; B Brant; J Martin; T Hiew; S Jones; D Rush.

U13A

When a team loses each week, it is evidence of commitment and love of the game that surfaces. We went through the season without a competition win, yet all Under 13A players continued to train and play as though they were Premiers. Greater people have quit because they haven't won, not so the Under 13A's. They developed throughout the season to form a team of competent players who were unlucky to lose on some occasions. I wish the Under 13's more success in the coming years and I am confident this will occur if they continue to "PLAY THE GAME".

(Mr) LUKE HARVEY

U13A

2nd Row: S Martin; S Hay; N Ephraums; D Knight.
Front Row: M Williams; A Wall; J Jackson; A Rohan; S O'Gorman; A Doolan; A Rada.

U13B

The season will hold fond memories for the players and spectators who followed the 13B Soccer team. All players strove hard to achieve the best possible results. Special thanks to our coach Mr Luke Ivanetti.

U13B

2nd Row: M Pettiford; M Rogers; S Graham; P Gregg.
Front Row: P Chan; M A Lim; A Chan; A Gault; H Glance; J Fludder; M Vowles.

U13C

Losing the first game by eleven goals was not exactly the most perfect way to commence the Soccer season. However, as the team we played our first match against was the BBC A team, we managed to salvage some pride. Throughout the season, under the expert coaching of Lawrence English, Christian Yates and Dennis Burns, the U13C's managed to improve their Soccer skills to a standard which could no longer be called pathetic. Indeed, in our second last game of the season, when we played John Paul College 13B's, we won by 3 goals to 2. This win was the cause of much celebration, as we had won more games than the 13A's! We capped off our most enjoyable season by a trip to the 'Ekka'. All up, I think the 13C's can be proud of their efforts throughout the season, and I am sure that all of us are looking forward to coming back next year as the 14C's.

REMI KOWALSKI

U13C

2nd Row: E Romaniuk; S Kerwick; D Burns (Coach); M Seeto.
Front Row: L Coles; S Johnson; B Hutchinson; C Peters; D Spencer; J Duggan; D Woolhouse.

SOCCER SUPPORTERS COMMITTEE

The 1992 season has now closed. The Committee and I are most appreciative of the help of the team managers, coaches and the Terrace parents, who have contributed their valuable time to our successful 1992 season.

We would also like to thank Br L E Magee for his valiant efforts in coaching the 2nd XI. Mr Michael Broad, Director of Sport, Glen McConville, Soccer Master, and Mr Michael Mulvey, Director of Coaching, must also be recognised for their continuing efforts with our sons to ensure that the skill level of the sport continues to improve through all our teams.

Special mention must be made of Mr Ray Knight's (Coach 1st XI) tremendous success in developing the team into a disciplined and cohesive unit which achieved joint second place in the G.P.S. Premiership as well as playing particularly well on their joint Sydney Tour with the Rugby teams. With several members of the team still to complete Year 12, I am confident we are well placed for another successful season in 1993.

Our annual dinner was again a complete success and we would like to thank sponsors who contributed the prizes and our volunteers who made the evening possible.

In 1992 your committee has allocated $8,000.00 of funds raised to the Tennyson Redevelopment Programme to ensure the continued improvement of the two Soccer grounds.

We again encourage all parents whose sons play Soccer, to become involved in the Soccer Supporters Committee in order to bring together that wealth of experience which no doubt exists, to continue to develop Soccer at Terrace. Certainly your association with your son's chosen sport does bring personal rewards and strengthens family bonds.

(Mr) TIMOTHY HARRINGTON
President

EDMUND RICE DAY

On 1 June this year, Gregory Terrace celebrated Edmund Rice Day. Edmund Rice was the founder of the Christian Brothers in Ireland nearly two hundred years ago. It was fitting to celebrate with a whole school Mass in the morning, acknowledging his Catholic way of life. To many, the highlight of the day was enjoying McDonalds for lunch. A cheeseburger and drink was welcomed by almost everyone as it was a good change from tuckshop or a cut lunch.

The afternoon's activities included a performance by Terrace's finest musicians. Terrace students witnessed the winning acts performed in the talent quest. The talent and skill of these fine gentlemen was appreciated by all, as the talent of certain individuals has never before been revealed to the school.

The day, which honoured both Edmund Rice and the cultural students of the College, was enjoyed by all.

TOM O'SHEA

CHESS

During 1992 Terrace fielded teams in the B, D and E divisions of the Interschool Chess Competition which was conducted on Friday evenings from May to mid October. By participating in this competition the boys contested matches not only against GPS, non GPS Private Schools and State High Schools. In each of the three divisions contested the four team players are graded onto boards 1, 2, 3 and 4. This makes for evenly matched games and the overall result is a closely fought competition.

At the time of writing this article, the B Grade team of Charles Pizzato (Year 7) Cahn Hewitt (Year 12) John Bampton (Year 10) and Cameron Stirling (Year 6) were narrow leaders with one round of games to be played. As this is only the second year that Terrace has contested the B Grade, this is a very creditable result. A special mention should be made here to Charles Pizzato, who, to this point, is undefeated on board 1 of the B Grade competition.

The stalwarts of Terrace Chess, Stephen Daddow (Year 12) and Jason Lowe (Year 12) once again contested the D Grade competition along with Juergen Landmann (Year 12) and a newcomer to our chess ranks Simon Hogg (Year 12). Terrace had been D Grade Chess Premiers in 1990 and 1991 and once again the boys have performed well. The final round of the competition will determine whether or not it will be '3 in a row' for our D Grade team.

E Grade Chess continues to be a 'testing ground' for our young and up and coming players. Through increased awareness of Chess in the College, there are quite a number of enthusiastic young players ready to fill the places of those Year 12's who will be leaving the College at the end of this year.

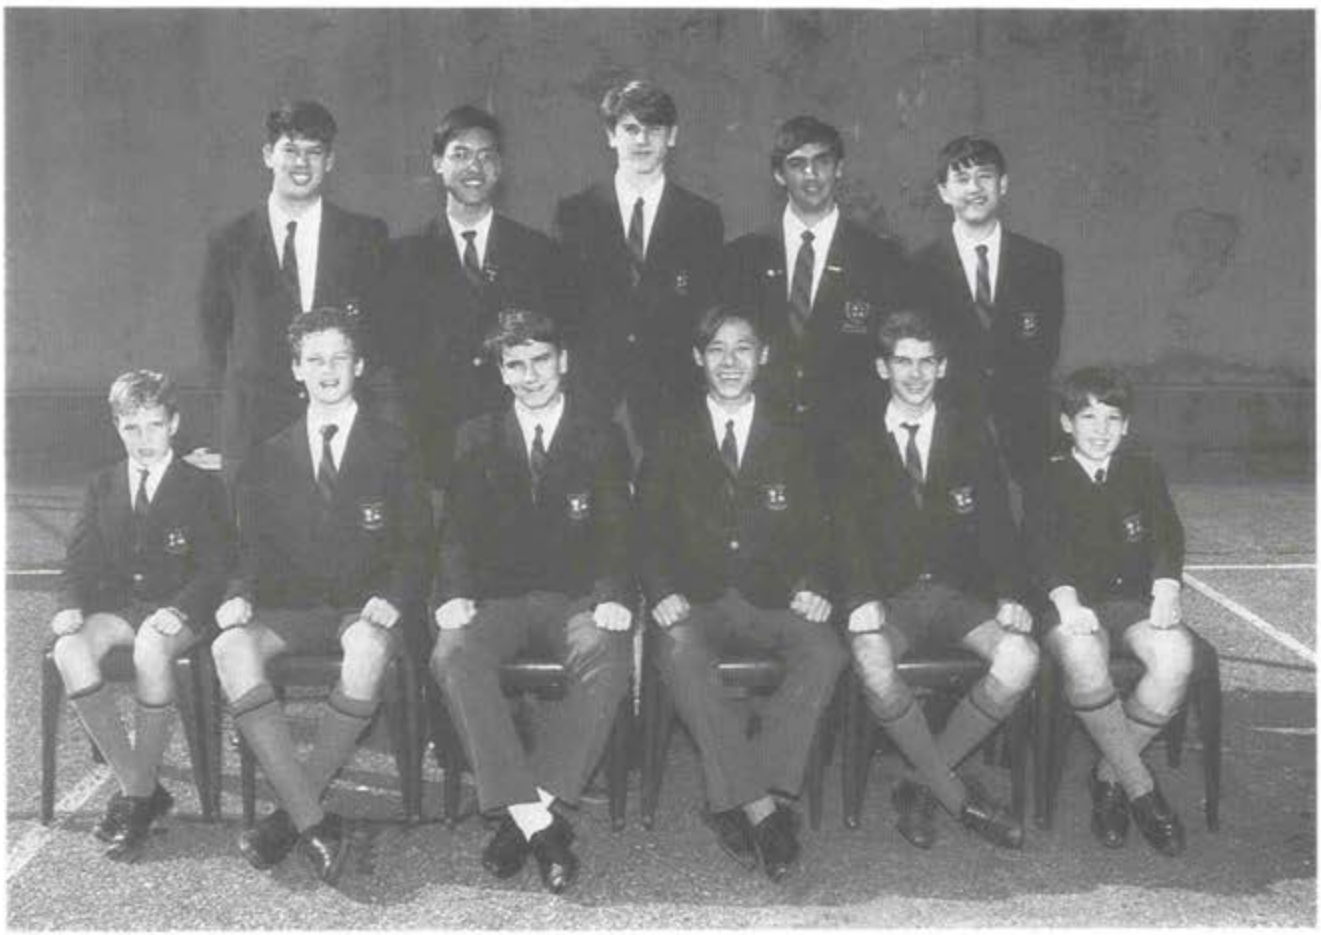
In July/August Charles Pizzato travelled to Germany and competed in the World Chess Championships in the Under 12 age group. Here he contested eleven games, nine of which saw him matched against professional chess players (twelve year old children who play chess for ten hours per day and study school subjects in four week blocks every four months). He was successful in 6 of these encounters placing his equal 20th in the World. Due to this fine effort he was offered a twelve month scholarship in Hungary. When we consider that a mere twenty of these scholarships are offered each year, this is quite a feather in Charles's cap.

Since returning from overseas Charles has contested and won the Under 14 Queensland Championships and was placed Third in the Under 18 State Titles.

Next year we hope to field a team in the A Grade of the Interschool Competition. I am sure that the enthusiasm and talents of our young players will see us through the rigorous competition encountered each year at this level.

In conclusion I would like to thank the parents and boys for their participation and support of Chess at Terrace.

MR G LUDLOW

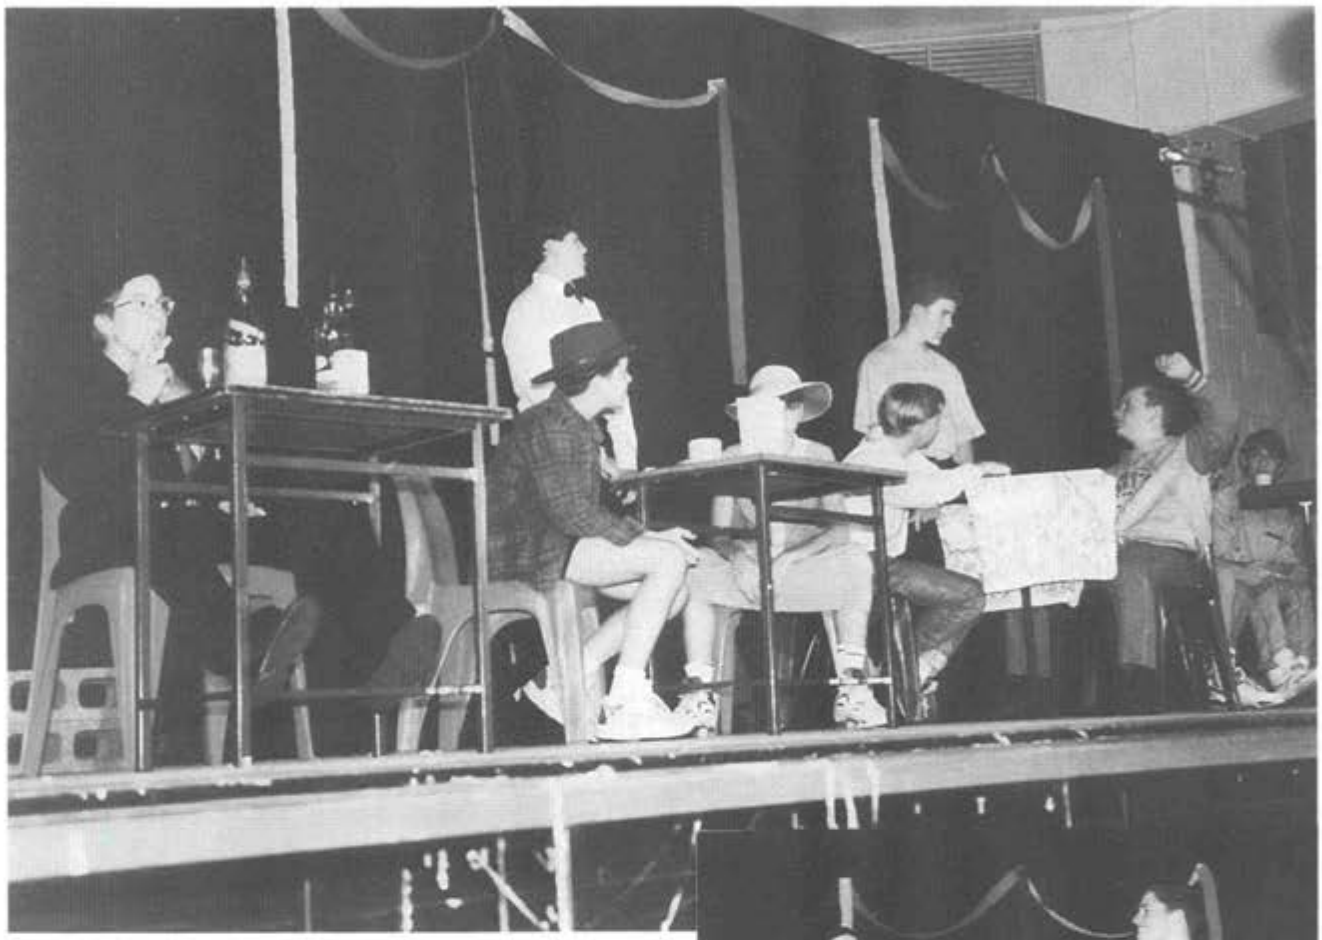


2nd Row: S Daddow; B Wong; S Hogg; J Landmann; M Wong.
Front Row: C Stirling; S Graham; C Hewitt; J Lowe; J Copley; C Pizzato.

INTERHOUSE TRACK AND FIELD

The annual Interhouse Track and Field Championships were held on 9 July at Nudgee College. On a bitterly cold morning and with a late start to proceedings, the program eventually got under way with some outstanding and creditable performances from athletes of all ages. Both the Age Championships and House Events were streamlined somewhat from previous years. Staff support and enthusiasm from the student body developed into a tense battle between the six Houses. The Age Championship events revealed some exciting prospects and talents throughout the College. Thanks must go to all members of staff for their help on the day; the grounds staff of the two colleges; the parents who helped with the food and drink stalls; Mesdames Gibson, Corness, O'Neil and Sheil for their help with adjudication during the day. The final House placings were as follows: 1. Barrett 2131 pts; 2. Mahoney 2004 pts; 3. Windsor 1872 pts; 4. Treacy 1692 pts; 5. Reidy 1687 pts; 6. Kearney 1507 pts.

FRENCH CONCERT



Bastille Day in France is a day of celebration and rejoicing, commemorating the historic storming of the Bastille prison by French revolutionaries in 1789. The execution of King Louis XVI and his wife was a significant occasion for the people of France, but for Australians, Bastille Day was not a turning point in society and government. Even so, the French students and teachers of Gregory Terrace participated in a French pageant that would have made anyone proud - French, Australian or otherwise.

The evening kicked off with "La Marseillaise," a French song calling the soldiers of Marseille to arms. This was followed by a welcome song by Year 8 Mahoney, and a rap song from 5 Blue. A very "different" item was the Year 8's sendup of TV ads, which was complemented by a wild piece by 7 Gold - a circus scene with a difference.

An interlude by Anthony Crombie on trumpet provided the large audience with a chance to savour some of the musical talent that Terrace has to offer. This was augmented by 6 Blue's performance of "Lundi Matin." Another item by 6 Blue gave the audience an insight into what sounds can be heard in a French forest.

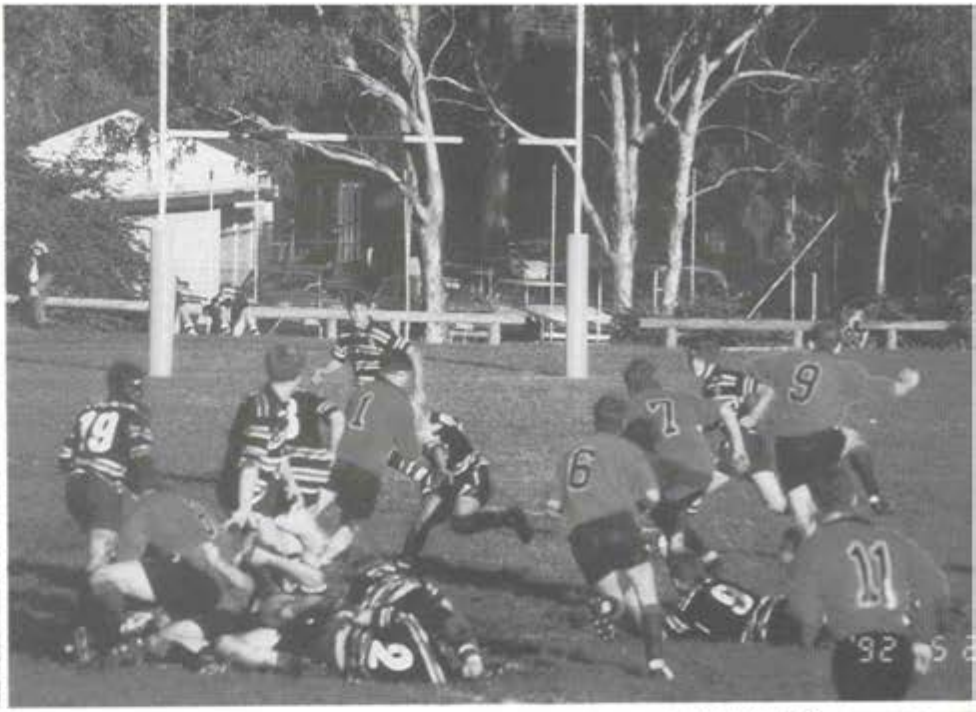
A restaurant scene by Year 9 was followed by the hilarious "Mes Petits Lapins", a story about sick little rabbits who can't play in the garden until they're better. Year 11 French then displayed their talent by presenting a dialogue in a barbershop. Brendan Wong played a piano piece, which preceded another entertaining performance by 6 Blue. This French version of the Three Little Pigs was clearly one of the audience favourites - the antics of the big bad wolf delighted young and old in the Campbell Centre.

More advertisement sendups by Year 8 were succeeded by 7 Blue's tale of a little kitten's struggle to get a fly out of his milk. Year 9 performed a scenario in a classroom, one which some students can relate to. This was followed by Anthony Crombie on trumpet. Year 5's African song came next, and 7 Blue's "Plaisir d'Amour" was an item not to be missed, as was the Year 11 performance after it. This skit told of Monsieur Jourdain's (Peter Gibson), desire to be a gentleman, and how he set about doing it by getting spelling lessons from the Philosopher (Matthew Edwards).

"Sur le Pont", a song performed by Year 6, set the stage for another song, this time by Year 7 Blue. This was "Fais ton dodo", a lullaby followed by a class round. Anthony Crombie gave another recital on the trumpet which was followed by Year 10's item for the French Concert. With the well appreciated help from Madame Stafford, the class of 27 acted out King Louis' arrest at Versailles, and execution of him and his wife - all complete with special effects and string trio.

Many thanks to the staff and students who helped to make the 1992 French Concert the stunning success that it was. Special thanks must go to Mr Tilly, who compered the concert, and Mrs Stafford, Mrs Robinson and Mrs Barry who spent so much time and patience getting this marvellous event organised. It was a great night out, judging from the applause of the crowd, and one which can hopefully be even better in years to come.

BEN MCGARRY



RUGBY

Looking at the Rugby season as a whole I have no hesitation in naming it a success. If one looks solely at results for 1991 compared with 1992, this year was far more successful with overall wins against the other schools.

With the help of the Director of Coaching, Mr McBain, and all coaches, a system of squad training was introduced with enormous benefit to all teams, specifically the lower grade teams.

Special congratulations must go to the Under 14A and B teams which remained undefeated for the season. All involved should feel rightfully proud of their achievements.

I extend thanks to all coaches, managers, referees, players, parents and friends, Old Boys and students who in any way gave of their time to Terrace Rugby. To all the helpers in the Tuckshop, Doctor's Room, Pavilion and Barbeque special thanks for your continuing support. To Mr McBain and the members of the Rugby Supporters Committee the College is grateful for your time and effort on behalf of all Terrace Rugby players. It is great to have so many involved in such a great sport and I look forward to a better and more skilful exhibition of Terrace Rugby in 1993.

MICHAEL BROAD

1ST XV

The 1992 Rugby season began with high expectations of the team. However, the season did not reach these expectations and on results it was not the most successful Rugby season Terrace has had in recent years. However, this is not to detract from the team. Throughout the season they showed, on many occasions, the quality of Rugby that they were capable of playing. The games against IGS and BGS had the opposition in awe of the quality of Rugby played by Terrace. Unfortunately the team was unable to play to their full potential for the entire game throughout the season.

As a coach I could not question the team's commitment and dedication. In every game the players gave of their best and always battled to the end. To this end they did themselves and their school proud.

Injuries were severe this season, which resulted in over twenty players playing for the 1st XV at some stage throughout the season. To all of these players, congratulations and thank you for your efforts throughout the season. I hope that many of you continue with your Rugby in the future and gain the many benefits that Rugby has to offer.

Any Rugby season needs the help of many people. There are some people I would like to thank - Mr David Logan for his work with the team this year. He is a fine coach and commended respect from the players because of his knowledge and enthusiasm. I enjoyed working with David and thank him for the season. Thanks also must go to Mr Mark McBain and Mr Michael Broad for their valuable assistance and input throughout the season.

A number of other people must also be thanked:

- The mothers - for their hospitality at Tennyson
- Team Manager - Daniel Butler
- Ball boys
- The Rugby Committee - for their support, both financially and in their presence at the games.

Congratulations to the 1992 Captain, Nicholas Stiles, on his season as Captain and his selection as Captain of the 1992 Queensland Schoolboys and Australian Schoolboys Rugby teams. This is a great honour. Congratulations Nicholas.

Nicholas Stiles
1992 Queensland Schoolboys
and
Australian Schoolboys Representative

A number of awards were given for the 1992 Rugby season, and they were:

Best and Fairest..... Nicholas Stiles
Best Forward..... Benjamin Daly
Best Back..... Anthony Gibb
Most Improved Player ..... Peter McIntosh

(Mr) MICHAEL CARROLL

3rd Row: J O'Neil; I Thomson; B Daly.
2nd Row: G Gower; T Miley; J McLaughlin; D Butler (Manager); D Guivarra; J Britton; S Atkinson.
Front Row:R Kuter; P McIntosh; A Gibb; N Stiles; A Hatherly; M Doyle; L Taylor.

2ND XV

The 2nd XV had a highly successful year, winning five of their eight GPS fixtures. They played seventeen games in all, including those against schools from Japan and England, and tour matches in Sydney, winning eleven. The results are even more impressive when considering the constant team changes that plagued our efforts to achieve continuity. The boys committed themselves to our team plan and this allowed them to wear down our opposition. They trained hard over a long season and were willing to accept advice and act upon it. A number of players graduated to the 1st XV, while others will make their mark on senior club Rugby if they continue to improve and enjoy their Rugby.

2ND XV

3rd Row: C Daykin; C Bliss; M Canniffe; S Monsour; S Carrick.
2nd Row: M Doyle; M Willcox; G Kits; R Hodgins; J Brooks; J White.
Front Row:D Clifford; L Kirke; D Partridge; R Baker; D Scutt; T Noonan; B Lunn.

3RD XV

Despite not having the most successful season, the effort and determination demonstrated by the thirds this year kept us competitive throughout the season. No one school dominated the competition in this age group, and it was only short lapses in concentration that cost the team more victories. There were some excellent performances by the team against ACGS and BGS. By the end of the season the team started to function very well. This was partly due to the hard work that the players put in at training. A special thanks goes to Mr Mobbs for coaching us through a tough season.

SIMON CHRISTENSEN
(Captain)

3RD XV

3rd Row: D Petrie; S Kennedy; N Barclay.
2nd Row: D Lette; W Squires; W Taylor; N Siebert; S Larkin; R Clifton.
Front Row:C Hewitt; C Rowe; M Edwards; S Christensen; A Isaac; M Serafini; M Boyle.

4TH XV

The 4th XV began the season on an extremely high note with three convincing wins. Our premiership hopes were jolted with a narrow loss to Ipswich before the holiday break but were revived once again with victory in the fifth round of competition. With an injury ridden pack, we were unable to maintain our form, losing the final three games and finishing the season with an assorted bag of results. Special thanks to Mr Bliss whose untiring efforts were rewarded with occassional glimpses of Rugby brilliance.

4TH XV

2nd Row: B Kelly; K Baines; S Townsend; C Broadhurst; S Creagh; M Blinco; L Frost; D Cullen.
Front Row:M Boyle; R Tiernan; M Edwards; W Taylor; D Petrie; M Szylkarski; S Kelly.

5TH XV

The 5th XV experienced mixed fortunes in 1992. With a win/loss record of 2 and 3, one might say that we failed. However, that is far from the truth. The side continually displayed tremendous spirit and guts, and thoroughly deserved its heartstopping victories against IGS and TSS. Although numbers at training were inconsistent, and new players ran on each week, the core of the team grew close, and became the backbone of the side. Special thanks must be given to the coaches, Mrs Tobin and Mr Tiernan, for their continual support, encouragement and advice.

RAYMOND TIERNAN
(Captain)

5TH XV

3rd Row: R Darbyshire; P Leighton; C Purcell; J Landmann.
2nd Row: M Chong; N Glenn; D Clark; L Abercrombie; S Smith; S Every.
Front Row: J Trivett; M Boyle; A Waller; R Tiernan; D Widdicombe; J Demetrovics; T O'Shea.

6TH XV

3rd Row: J Demetrovics; M Blinco; E Maughan; P Coghlan; J Marschke; J Whiteoak; C Daykin.
2nd Row: K Hogan; G Taylor; M Hynes; A Taylor; N Siebert; J Butler; L Cole.
Front Row: M Beck; M Auld; J Olejnik; M Stewart; S Townsend; C Macuga; M Szylkarski.

7TH XV

3rd Row: M Beck; C Morris; S Burridge; E Maughan; D Roberts.
2nd Row: M Boyle; P Cook; C Davies; J Olejnik; A Isaac; M Auld; A Chapman.
Front Row: D Spender; J Butler; A Taylor; R Colligan; M Reilly; K Hogan; N Stella.

U16A

If 'guts' and determination alone won games then the 16A's would have lost very few - their only poor performance was against BSHS. They showed real character in the remainder of their games, notably in narrow defeats at Ipswich, against Nudgee and in a nail biting win over ACGS. However, other factors such as individual skill levels, the ability to make decisions and take play options, timing and knowledge of the game, also contribute to improving performances. As the boys move on to the Open grades, they would do well to remember that good players work on all aspects of the game in order to improve. Michael Morrison captained the side well and led by example. He was ably supported by Mick Vitanza and Nick Cavallaro in the pack, with strong contributions from Mark Dunsdon and Ben McGrath in the backs. Two much improved players in the backs were Ben Donnelly and Andrew Quinn. They regularly put in crunching tackles and ran with determination.

S TILLY
Coach

U16B

The 16B's proved to be one of the more dominate teams through the season with only 2 loses and 2 draws the team finished a creditable third. The team's strong forwards captained by Kent Martin always made sure the ball was available and the backs with Andrew Sexton at the helm made sure of the points. Special thanks to Mr Tilly and Anthony Vintanza for their support and coaching.

M. TOON

U16A

2nd Row: M Dunsdon; S Martin; C Sergiacomi; D McGrath; D Dunworth; A Quinn; D McConaghy; B Donnelly.
Front Row: D White; N Cavallaro; M Vitanza; M Morrison; M Ritchie; B Dilk; D Swan.

U16B

2nd Row: S Rollston; C Rayfield; A Sexton; D Mann; J O'Hara; K Durack; W Craven; B Petrie.
Front Row: M Toon; M Jackson; D Goosem; K Martin; S Kropman; D O'Hanlon; S Millichamp.

U16C

The 16C's proved from the very start of the season they would be a team to be reckoned with. Centring their game on bone-jarring defence in the backs and committed running and rucking in the forwards, the team came away suffering only one defeat during the season. The 'guys' were wonderful to coach and all players had terrific playing seasons. They showed what true team spirit can achieve. Well done the Mighty 16C's!

B. SWAN

U16C

2nd Row: D Stone; A Joseph; D Christ; B Careless; S Barry; W Craven; J Chan.
Front Row: F Currie; N Canniffe; E Kendall; M Hishon; S McSweeney; M Sykes; M Guarrera.

U16D

The 16D's had a memorable year, only losing two games out of eight games for the year. The team played to the best of their abilities throughout the season, Richard Binstead being outstanding. All round, a good season was had by all, and we'd like to thank our coach Mr Des Craven.

JOHN STRAKER

U16D

3rd Row: D Bridges; G Reordan; J Farrell; J Straker; M Reordan; D Carrick, A Carrick.
2nd Row: A Gibson; C Reid; N Mott; J Elliott; C Smith; J Kenny; J Ruddy.
Front Row: S White; D Fletcher; J Curran; M Smith; N Williams; M Noonan; J O'Keeffe.

U15A

After a slow start to the season, plagued by injuries and withdrawals, marked by several painfully close defeats in the dying minutes, the season turned around and hard work paid off with a 'gutsy' win against Churchie. That turning point was the beginning of what finished as a very satisfying and rewarding season where the team showed a unique spirit, renewed attitude, and vastly improved skills, which augur well for future years. Many thanks to all who have assisted throughout the year, particularly the B's players, and their coach Gerard Delaney.

GUY AND TODD GIBBONS
(Coaches)

U15A

3rd Row: A Taylor; M Christensen; A Alford; R Bishop; D O'Brien.
2nd Row: N Spencer; M Fanning; A Morris; A Green; J Sykes; S Macann; M Crowdey.
Front Row: J Byrne; D Sherman; P Cook; T Gordon; D Mackintosh; A Macksey; A Macksey; C Norden.

U15B

The Under 15B's this year showed promise for the years ahead. The season was highlighted by an upset win over Ipswich Grammar, seven points to five, at Ipswich. The rest of the season saw the B's as a hard team to beat, (only losing by five points to both BSHS and BBC). The Under 15B's had a tough season, but with the effort they put in this year we look forward to a season with more rewards next year. Thanks to Mr Delaney for all the time and expertise he gave throughout the season.

HARRY GALLAGHER

U15B

3rd Row: E Cooke; M Boulton; N Dwyer.
2nd Row: Z Casagrande; L Harrop; P Joseph; H Gallagher; M Dalton; R Gundelach.
Front Row:S Tutt; J Roberts; L George; K Kelly; M Power; M Tuton; C Bell.

U15C

The Under 15C Rugby season was one of mixed fortunes. Despite failing to win a game in the first half of the season, the team, spurred on by their coach, Tim Doyle, managed to win two and draw one of their last four games. These late season victories were a result of some great teamwork, blended in with some individual brilliance shown by Andrew Brosnan and Gerard Ariotti. This could be seen as a promising sign for the 1993 season.

L MACDONALD

U15C

2nd Row: J Condon; P Hawkins; S Kann; A Flynn; G Newcombe; A Sheil; L Graham.
Front Row:B Grice; J Tracey; D Fenech; A Brosnan; G Ariotti; L Meldon; L Macdonald.

U15 D AND E

The 15 D and E teams improved with every game played. They were eager at training and the combination of one squad for all training sessions ensured the competition for places in the teams was healthy. Their willingness to listen to coaches will allow them to fight for higher team positions next year. Led by the infamous front row of Trent Achurch, Richard Impiombato and Matthew Rynn, the forward pack was never outgunned, and the backs, even with constant changes, developed into a formidable unit. To our head coach, Mr Cooke and to Mr Monsour who took over the forwards in the latter part of the season, the squad extends our deep gratitude for giving their own time and enthusiasm. A very high level of school spirit was achieved by the Under 15D and E teams thanks to our manager Mr Denning and his assistant Dr Rynn. The squad also thanks those parents who supported us at the matches.

MATTHEW RYNN

U15D AND E

3rd Row: D Johnson; M Croker; S MacKenzie; P Curtain; J Turnbull; B Watt; T Achurch; M O'Loan.
2nd Row: E Thistlethwaite; P Hefferan; D Steele; R Impiombato; M Kuter; J Bowden; M Forsyth; N Drake; W Taylor.
Front Row:T Knight; E Monsour; A Barrett; C Murchison; M Rynn; B Gates; C Allison; D Halsall; J Mangano.

U14A

The 14A's had a most successful year leading Terrace football in 1992. Being undefeated premiers was a great achievement by the 14A's. This could not have been done without our coach Ken Edwards, who made the difference between winning or losing the premiership. Dominic Townsend (Captain) led the forward pack to victories with dedicated defence and demoralizing attack. The backline was spurred on by Stephen Willcox's dominate kicking game, combined with Michael Burke's crushing defence and Matthew Hedditch's finishing ability near the try line. Overall the team played very well as a unit and a special mention to the supporters who supported us all the way during the season.

DANIEL GEORGE
AND DONNY GAMBARO

U14A

2nd Row: J Ganim; A Thomson; D George; D Prosser; S George; M Baker; G Forde; S Milanovic.
Front Row:S Myers; M Burke; D Clarke; D Townsend; S Willcox; D Hedditch; T Parry.

U14B

The U14B's had a very successful 1992 season, remaining undefeated throughout the GPS competition. All fifteen players are to be congratulated on a season which developed a solid team effort, surrounding some fine individual talent. Our ever improving forward pack, often drove with great commitment to lay down attacking opportunities for our back line. The team is well deserving of their unblemished record. Thanks also to Mr Muir for his coaching throughout the season.

U14B

2nd Row: J Atkinson; A Stumpo; C Oneto; J Westlake; V Forgione; S Tatnell; T McMeniman; J Josephson.
Front Row:K O'Regan; A Gordon; T Parry; R Gooley; M Heraghty; B Rodney; B Gordon.

U14C

Congratulations on a great season. Winning six out of eight matches and narrowly missing the premiership is a true indication of the courage and enthusiasm of this team. They always gave their very best on and off the field. The Captain, Ben Johnson led the team by example. The forwards continuously laid the foundation for the running backs to score many impressive tries.

(Mr) M STOWER
(Coach)

U14C

3rd Row: P Petty; T Carrick; J Carter.
2nd Row: P Ruzzene; A Marschke; S Petty; D Tynan; P Sullivan; A Houston.
Front Row:D Bartels; P Hunter; J Brown; B Johnson; R Randell; M Katter; B Warnick.

U14D

It would almost be impossible to summarise the Under 14D Rugby team's season in such a small space. The season began brilliantly with big wins in our first four GPS fixtures. However, in the latter half of the season, our lack of tough games proved costly against our competitions' best. These three games could have easily been won were it not for short lapses in our concentration. If this team could maintain pressure all 50 minutes a game, we could defeat anyone. Should the team stick together in the future, success should be guaranteed. Special thanks go to the Stewart family, in particular Michael, who gave up time in his Senior year to coach us. To them and to everyone else involved with this team, we hope 1992 was a memorable season for you.

BERNARD CARROLL
(Captain)

U14D

3rd Row: B Brown; S Winter; J Carter.
2nd Row: M Stewart; P Doolan; C Stringfellow; J Hillman; L Barker; N Crimmins; M Curley; L Cole.
Front Row: S Nash; S Galvin; H Christiansen; B Carroll; J Ho; A Stirling; A Rayfield.

U14E

3rd Row: L Hawkins; V McCormick; B Carrick; S Knight; J Hooiveld; J Green; A Simpson.
2nd Row: P Coghlan; B Tiley; K Manifold; M Gilbert; M Martin; A Jones; C Phillips; J Kendall; P Noonan.
Front Row: W Henningham; S Galvin; D Goodwin; R Conquest; H Christiansen; C McGrath; J McMahon.

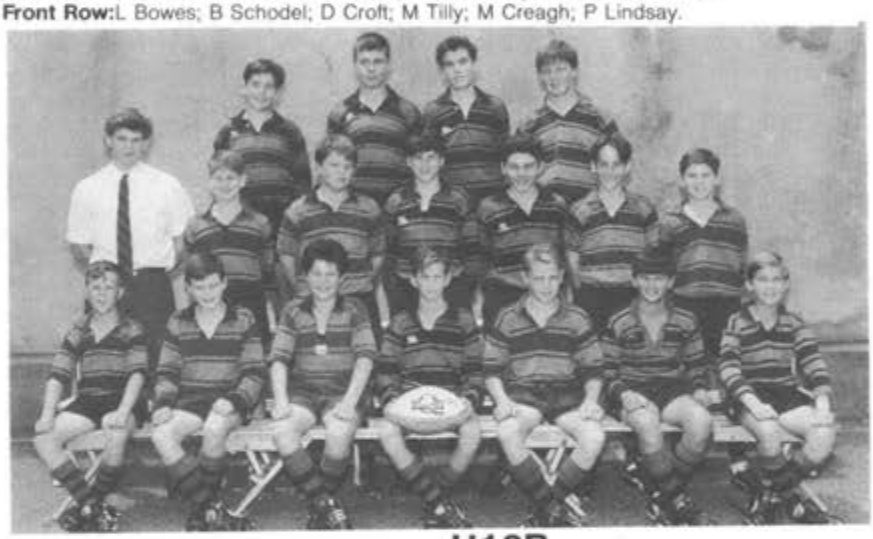
U13 A-E

If the 1992 Under 13 Rugby season is remembered for anything, it will be for the large numbers who wished to play the game. Five teams competed most weekends with the emphasis on playing running Rugby. The season started with three major goals, those being to learn the rules and playing of the game, to tackle and to run the ball. Although tentative in some areas, the real results of this platform to Terrace Rugby may not be seen until later years. It is hoped that these boys will take with them into future years the lessons they learnt in Under 13. Coaching Director Mr McBain must be commended for his support to this challenging age group.

NEIL WHARTON
(Coach)

U13A

3rd Row: T McCoy; A Baruksopulo; J Vedelago; M Gray.
2nd Row: L Johnston; B Heim; R Clarke; P McCafferty; L Donald; T Bauer.
Front Row:L Bowes; B Schodel; D Croft; M Tilly; M Creagh; P Lindsay.



U13B

3rd Row: B Hyde; B Shaw; A Baruksopulo; S Bowman.
2nd Row: A Gordon; N Macksey; G Bowman; G Fraser; M Tilly; J McNamara; N Heim.
Front Row:T McPhillips; M Moloney; L D'Alterio; D Grice; T Burgman; D White; J Hughes.

U13C

3rd Row: J Smith; C Cornish; T Vallely.
2nd Row: S Cox; B Cavanagh; L Johnson; M Chen; L Ryalls; T Doneley.
Front Row:D O'Rourke; M Tutt; A Crombie; D White; M Norden; J Cullen.

U13D

2nd Row: G Potter; A Kerr; R Harrington; D Martin; A McKee; K Barker; A MacDonald.
Front Row: M Myers; M Patching; B Curran; J Brennan; T O'Rourke; R Charlston; D Joyce.

U13E

2nd Row: D Swan; S O'Connor; M Whiteoak; L Douglas; A Lane.
Front Row: M Rowell; C Walsh; J Hawkins; J Schrauwen; N Salmon.

CIC RUGBY

Terrace entered eight Rugby teams aiming to emulate some fine performances from the previous year. A special congratulations must go to the 11B's who, have remained undefeated for two years running. This year every Rugby team proved to be competitive and all boys should be proud of their efforts. Congratulations must go to the members of the CIC and Brisbane West teams who went on to play the final of the Brisbane Zone competition. They were Stuart Bishop, James Stott, Nikolai Cella, David Tiley, Anthony Kelly and Sam Handy. Special mention must go to those parents who supported CIC Rugby throughout the season and the coaches who placed an enormous amount of time and energy into the coaching of each team.

U12A

Congratulations to all the members of the Under 12A Rugby team on a season well done. The team showed improvement all the way through the season. Special congratulations to Luke Johnson, Tim Reid, Sam Handy and Matthew Cavanagh on having very good seasons. On behalf of the team I would like to thank Mr Rod Tiley for his endless amounts of time put in at training and at the games. Terrace Rugby thanks you very much. Even though the team only won as many as they lost their displays of 'gut's and determination' against other, physically larger sides, was a pleasure to watch. Well done boys your rewards are not far away.

(Mr) D CARROLL
(Coach)

U12A

2nd Row: J Burke; D Tiley; K Foster; S Bishop; M Cavanagh; J Conaghan; N Cella.
Front Row:A Barnes; S Handy; T Reid; A Isherwood; A Burke; D Macann.
Absent: J Stott.

U12B

The 12B Rugby team for 1992 was an impressive sight on a good day. The 12B team, winning three games and losing five games, had some exciting runs from Stephen Norden, Christian Ganim and Alex Ritchie along with the whole forward pack. The backs worked in defence and thanks to the centres and the blind side runs by Tom Butler gained a bit of ground. I would like to thank Mr Golding for his time in coaching and putting the side together. I think, on average, the 12B side had a pretty good season.

DAVID WALSH

U12B

3rd Row: M McFarlane; M Hodge; J Bartels; A Ritchie; M Gregg; N Gundelach; C Day.
2nd Row: S Andree; C Ganim; N Lynagh; T Butler; D Fanning; S Norden; T Moore.
Front Row:B Long; T Mitchell; D Maccarone; D Walsh; A Jones; C Conte; C Farrelly.

U11A

The Under 11A's had a sensational season, only losing two games throughout the season. Every game was played with courage and determination. The team's forward pack worked tirelessly through the season. With our backs showing superb pace, the team was well balanced. Special thanks to the coach Mr Michael MacDermott and to Mr John Vincent. Well done team for your great effort throughout the season.

DAVID McPHILLIPS
(Captain)

U11A

2nd Row: P Farrell; N Mottram; S Hogg; M Gilbride; R Flynn; P Leahy.
Front Row: T Vincent; M Grigg; M Horrigan; D McPhillips; D Bliss; A Daddow.
Absent: B Canniffe; S Reid.

U11B

The Under 11B's, what a team! With players such as hard working forward Luke Marrinan and the elusive halfback Tim Green, it was not surprising that the team remained undefeated throughout the season. They did have two draws to Nudgee (0-0) and St Lawrences (4-4). The high point of the season was the (46-0) dubbing of St Pat's. This game featured two fabulous tries by the elusive fullback, Stuart Bowden. Stuart took all the kick-offs and had the uncanny ability of making the ball land whenever he wished. A person who shouldn't go unmentioned is James Duffy. James made many substantial breaks and kicked many conversions. All in all this was a great season and the team deserves a round of congratulations. Thanks to Mr Robba for coaching the team.

MORGAN McMENINAN
(Captain)

U11B

3rd Row: M Vierow; S Bowden; J Duffy.
2nd Row: L Marrinan; W Guthrie; P Slater; S McEvoy; A Davison.
Front Row: D Conte; D Sandaver; A White; M McMeniman; T Green; L Arthy-Beardon.

U11C

The 11C's had an enjoyable season with four wins and one draw. In the beginning of the season many good players were moved up but eventually we had a settled team. Even if the results do not show it we always tried our best (not at training, but on Saturdays). Thanks to Mr Nick Robba for coaching in the first half of the season. The 11 C's were not a team of champions but a champion team. Three cheers for the 11C's.

MICHAEL HAMILTON
(Fullback)

U11 C AND D

3rd Row: M Whittaker; B Woolhouse; M Hamilton; D Delahunty; M Knapp; P Colwell; A Jones.
2nd Row: A McFarlane; T Kelly; S Quinn; M Keating; Q Cregan; D Hayes; D DeWitt; N Hipgrave.
Front Row: A Silvestro; E Ohlrich; C Stirling; S Martin; C Cavanagh; M Sorbello; J McMorrow.

U11D

The Under 11D's have had an extremely successful season, only losing two games. Brendan Griffin on the wing, who was virtually uncatchable, was one of the main try scorers during the season. Edward Ohlrich also had a great season. Our forward pack was strong but we were often penalised for collapsing the scrum. Hopefully next year we will have a full team as we often had to borrow players.

U10A

With a nucleus of experienced club players, a sprinkle of natural athletes and some determined players keen to learn the game, the 10A's had a winning combination. Only losing two games the players has shown they have a lot of potential just waiting to be tapped. Several players from the 10B's filled in gaps during the season (one in particular earning a position by the end of the season) and will also continue to improve and challenge the current team.

U10A

3rd Row: M Gaggin; M Devine; J Cottee.
2nd Row: M Macann; S Turnbull; A Spike; A Carroll; J Callaghan.
Front Row:C Mitchell; A Cella; M Neumann; B Casagrande; T Barton; B Andree; N Myers.

U10B

The Under 10B team had a very successful season. We only won three or four games but learnt many skills and enjoyed all practice afternoons. Our forwards showed courage in the lineouts and our backs proved dependable in defence. Thanks to all our parents for their support and encouragement. All boys enjoyed playing and cannot wait until next season to put on the boots as Under 11's.

JAMES CLARKE
(Captain)

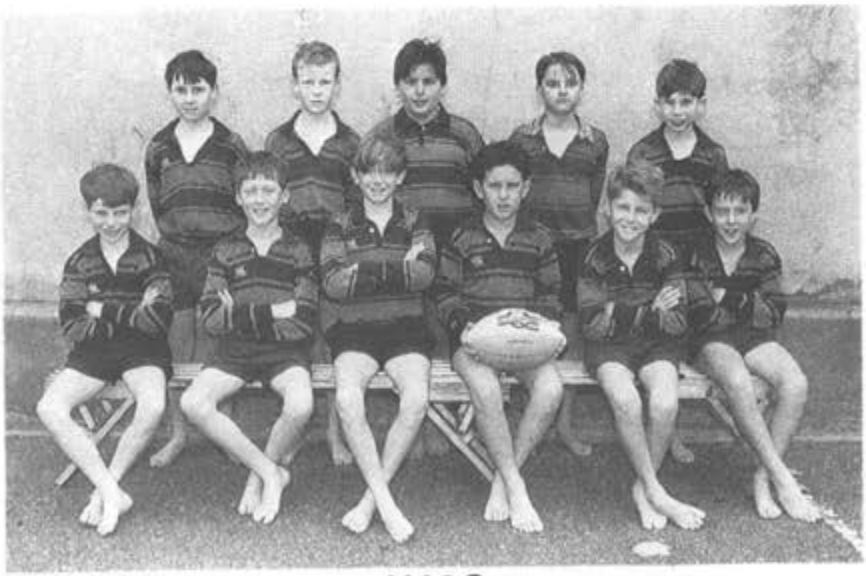
U10B

2nd Row: J Moore; C Houston; P Murphy; S Harrington.
Front Row:D Purcell; G Byrne; J Ganim; J Clarke; C Marshall; G Butler.
Absent: C McKeering.

U10C

The 1992 Rugby season was, for many members of the 10C team, a new experience. Training and games were enjoyed by all, and many new skills were introduced and practised. Great improvement was evident and the final victorious game against Nudgee was a fitting conclusion to an enjoyable season. Many thanks to the seniors, Michael Doyle, Clinton Macuga and Dominic Robertson for coaching and encouraging the team both at training sessions and Saturday games.

(Mrs) PATRICIA MACUGA



U10C

2nd Row: S Boyd; C Osborne; C Rinaudo; N Macuga; T Foley.
Front Row:C Hudson; P Clair; B Robertson; L Walsh; M Bint; C Hood.

RUGBY SUPPORTERS COMMITTEE

The purpose of the committee is to assist the school to foster and develop the playing of the game of Rugby by our sons.

Coaches

The Committee extends its thanks to all those who assisted with the coaching of all teams throughout the season. We also express our appreciation to the coaches of the 1st and 2nd XV for their dedication and commitment to their demanding roles. Your committee continued to underwrite the position of coaching director and specialist coaching staff. The committee funded the attendance of two delegates to the ARFU seminar in Canberra.

Rugby Programme

The Rugby programme in its second year of publication continues to be a significant fund raiser and is the focal point of all boys participating on the rugby field.

Tennyson Redevelopment

Your committee made a substantial donation to this project and is committed to ongoing financial support to bring this marvellous venue to its maximum potential.

Rugby Tour

Our support for this annual event continued again this year. The committee provided the prize for the tour raffle: the proceeds of which go to reducing participants' costs. We also provided each boy with a special tour jumper.

Gymnasium Equipment

The rugby committee provided further equipment to the gymnasium this year continuing its long standing commitment of providing the very best facilities for use by all boys and sports at Terrace.

Merchandising

The committee introduced a new and wider range of merchandise which was well received and initial sales were heartening.

Social

More than five hundred guests attended the 1992 Rugby Dinner which once again was an unqualified success. We thank our many generous sponsors for their donations of refreshments and raffle prizes. A special thank you to those senior students who assisted on the night. Our thanks also to the Chairman Chris Handy and guest speaker Geoff Shaw. Our committee also supplied two delegates to assist the running of the Terrace Sportsman's Dinner. Your committee continued to provide first class hospitality to visiting schools through our barbeques and refreshments facility. This service is greatly appreciated by all concerned.

Life Membership

Dr Robin Godsal was granted life membership to the St Joseph's College Rugby Committee in recognition of his outstanding support for Terrace Rugby, particularly on our visits to New South Wales. On behalf of all of those associated with Terrace Rugby both past and present we offer our sincere congratulations and appreciation to Dr Godsal.

Committee

I record my appreciation to all members of the committee for their support and assistance. The individual tasks undertaken by many members are too numerous to set out. I would however like to pay special tribute greatly appreciated. On behalf of the committee I acknowledge our friendship. I also acknowledge the co-operation and assistance of the Director of Sport, Michael Broad, and Director of Coaching, Mark McBain. Our special thanks go also to Joyce Rackemann and Helen Morrison from the Terrace staff.

Finally, I wish the incoming committee every success and look forward to Terrace Rugby going from strength to strength.

RAY ATKINSON
President

SENIOR FORMAL

The social highlight of the year for all 1992 Year 12's was the Senior Formal. Held on 11 August, the venue was the Grand Chelsea Banquet Room at the Gateway Hotel. Here, we observed those 'boys' whom we had grown up with, transformed into 'young men' of elegant attire; with equally stunning partners. The evening ran smoothly with entertainment always on hand with the Senior body's talented (and occasionally not so talented) dancers taking the floor with their own unique style! After supper had been served, whether or not this was planned we don't know, the Senior Band HAVOC was given the opportunity to express their talent. Composed of Danny Widdicombe, Terence Lunney, Michael Steele and Chris Morris, HAVOC currently holds first prize for the 'Battle of the Bands' rock competition. If their popularity and skill was a measure of the cheer that was raised when it was announced that they would play, perhaps they could be declared the highlight of the evening.

Thanks are in order to the management of the Gateway Hotel for their hospitality, the Terrace Ladies Group for their laborious efforts in decorating, those teachers present to share our memorable evening, and those Year 11 students who assisted with the ushering to tables. Special thanks must be directed to Mr Stower, Miss Sargent and my fellow Formal Committee members whose hard work contributed to the success of the evening. The 1992 Senior Formal was a resounding success which shall be remembered by all those who attended.

DARREN ROBERTS
President of the Formal Committee

MUSIC

Music in the classroom this year included several excursions to the Queensland Performing Arts Centre, first for the Years 8 and 9 in March, then the Primary School in July, and the Years 9 - 12 elective students in August.

The Year 5 instrumental program ran as usual, with introduction to the instruments and preparation of the students in first semester, and group lessons in second semester. This program ran smoothly, even though we had a change of teacher in July, with Mrs Joan Watts leaving and Mrs Yvonne Carr arriving in August. It was thanks to these two teachers, Mr Stephen Stanfield, and Mrs Linda Carrington that the change-over went smoothly. The Music Department would like to thank Mrs Watts for her work with the students and choirs, her enthusiasm and her ideas which she endeavoured to put into practice while she was here. We would also like to thank the Primary staff for their co-operation with the Year 5 instrumental program.

This year, the Year 8 students competed in a class vocal competition in Term 3 and an instrumental competition in Term 4.

The Year 9 students were trialing the revised version of "In Tune with Music Book 1" and they worked through it with great enthusiasm.

The co-curricular music program was as busy as ever. Beginning in Term 1 with an instrumental information evening, the program included auditions for the musical, followed by the Band Camp at Edmund Park to accommodate the increased numbers in the Concert and Intermediate Bands. This venue proved very successful. A very enjoyable concert for St Patrick's Day featured all the

large groups and Sharon Wharton and the Queensland Irish Association Dancers as guest artists. On St Joseph's Day, the Concert Band and the choir performed at the whole school Mass at St Stephen's Cathedral.

Second term was dominated by the Talent Quest with the largest number of entries ever received. The heats were held in the lunch hours with parents doing the judging, and the rock bands having a separate day and judging for their Battle of the Bands. The finals concert was held in the Campbell Centre, to which our grand piano has been permanently moved. We would like to thank all the judges who helped with this quest. On the following Monday, Edmund Rice Day, the finalists performed for the school.

Third term was the term of the musical. Rehearsals for 'West Side Story' leads and for choreography had been going on all year, and for the cast all through second term. Third term saw a weekend rehearsal at Terrace, followed by rehearsals shifting to All Hallows, where the whole performance was brought together under the guidance of the production team. It was a highly successful production, and one which those involved will long remember.

Early in this term the Primary school had the pleasure of hearing a concert given by the Concert Band and Orchestra from St Kevin's in Melbourne.

Our orchestra was conducted by Mr John Varney in Semester I when Mrs Williams was unable to conduct, and when she left, her position as string teacher and conductor was taken by Mr Stephen Stanfield. The Music Department would like to thank Mrs Williams for her great contribution to the string program during her years at Terrace, and Mr Varney for helping out in a time of need.

INTERMEDIATE BAND

CONCERT BAND

Mr Ross Capern organized a very successful Stage Band Workshop in August in preparation for their appearance at Southbank for the World Rowing Competition on 3 October.

The musical contribution to the Year 5 Orientation was a performance by the Intermediate Band followed by the Stage Band. At the Year 8 Orientation the Orchestra and the Concert Band performed.

In Term 4, Mr Stanfield organized a workshop for the orchestra, a move greatly appreciated in view of their missing out on Music Camp earlier in the year. This was in preparation for the Music Department concert which featured all large groups, and later Speech Night. The Stage Band competed in the Festival of Music, but the Concert Band was unable to do so due to a lack of flute players. Both Concert and Stage Bands played in the Mall for Children's Week, and on Speech Night the Orchestra, the Concert and Stage Bands performed, along with all the Seniors in a spectacular choral item.

The final appearance of the orchestra and bands was at Br Magee's farewell in November. The performance of so many musicians was a fitting tribute to the encouragement he has given these students during his short term here.

I would like to thank all the music and instrumental staff for their hard work during the year. I would also like to thank the rest of the staff for their co-operation and particularly the performing arts teachers for their collaboration with the musical, and a special word of thanks to the Terrace Music Association for their constant support and encouragement.

(Mrs) JEAN JACOBSON
Head of Department - Music

LITURGICAL MUSIC GROUP

Front Row:M Kuter; T Shannon; L Cole; Dr P Webb; P Barbagallo; B Wall.

TERRACE MUSIC ASSOCIATION

It gives me great pleasure to report yet another successful year for the Terrace Music Association. The continued improvement and dedication of our musicians is undoubtedly due to the example of an extraordinary group of diligent, talented and hard working members of the Music Department. Not only are we hearing better sound but we seem to be enjoying success in the difficult task of raising funds for the diverse group of bands, orchestra, ensembles and choir. I believe the Music Association has been successful in its endeavours to help and support the music staff and music generally within the college.

Communication has been very effective during the year with the regular production of the Terrace Music Notes. I would like to thank Ian Dorricott for his considerable effort in this area.

Supper provided by the parents (not just the committee members) on concert nights has been delicious and abundant. It was so encouraging for me to send a letter home requesting assistance and to receive such an overwhelming response. Thank you for your support - being able to spread the load makes it so much easier on everyone.

Perhaps the area in which the association has been most successful has been fundraising. Our main source of revenue in the past has been the Talent Quest and the concerts we have held. Because music operates from such a small base of families, raising significant sums of money was difficult. However our involvement in the running of a bingo session each week and the school dances have improved our financial position greatly. It has enabled us to assist with the purchase of curtains for the Campbell Centre and to buy equipment for the orchestra and the bands. The curtains will not only allow us to have more professional act and scene changes but it should also assist with the acoustics in the Campbell Centre which we all agree are not the best for any function. Thank you to Les Simpson for organizing the rosters and to all the parents for turning up so consistently.

I should like to pay tribute to Mrs Carmel Cole and to Mrs Margaret Stewart who this year complete many years of involvement with the association. Thank you both for your support and encouragement over the years.

Another word of appreciation must go to Brother Walker for his constant support and advice. Despite his huge work load he still managed to put on barbeques for the boys and organize afternoon tea for visiting teachers.

The musicians have been involved with a number of events including the Academic and Induction Mass, Band Camp at Maroon, St Patrick's Day Mass, Music Information Evening:

Instrumental Programme, Musical "West Side Story", Talent Quest Heats Talent Quest, Stage Band Workshop, and the Chelsea Flower Show.

I have no doubt that the college is very appreciative of the efforts of the music students and their teachers. Their efforts add polish to so many functions for the school.

The Committee members have been a fine group of people to work with and I thank them for their efficiency, support and readiness to help. In particular, I thank Mrs Fran Nolan as Secretary and Mrs Carmel Cole as Treasurer.

On behalf of the parents, students and our committee I would like to thank Mrs Jacobson, Mrs Carrington, Mr Dorricott, Mrs Carr, and Mr Stanfield for their involvement and dedication to the school. I believe their involvement (above and beyond the call of duty) is the reason that music has made such great strides at Terrace in the past few years.

The Committee, I am sure, would join me in expressing thanks also to Brother Magee, Staff and Students at Terrace, Mrs Ursula Schauer, Mr Richard Kloza, All Hallows Convent School, Westpac Banking Corporation, and all the others who have helped during the year.

I have enjoyed my two years as president and I look forward to witnessing the continuing growth of the Terrace Music Association as we support our sons in the development of their musical education.

I wish the new committee every success in the year ahead.

WEST SIDE STORY

- FROM THE OTHER SIDE OF THE PROSCENIUM

"Do you think it is going to be alright, Miss?" asked one of the leads during a break in a seemingly endless rehearsal.

"It is going to be very good, the audience will love it," Mrs Hines replied confidently.

As far as musicals go, West Side Story is considered complex. As a school musical, complex seems completely inadequate as a descriptive term - impossible comes closer. Consider that each night of performance there were 45 cast (all of whom have to sing, dance and act, preferably simultaneously), as well as 100 (or so) technical and back-stage crew (each of which is required to do at least three things at the same time, whilst filling in for someone else on the wrong side of the stage). You start to appreciate the logistically nightmarish situation that is at the heart of a great experience.

To fully appreciate a musical, an audience must be presented with a believable picture on stage. The audience should not be aware of the technical details - they are well done if they are invisible. Consider, if you will, what the audience doesn't get to see or hear: the hive of activity going on behind the scenes (as witnessed by an eavesdropped 'headset' conversation):

Nat: Who is getting that dummy off?
Helen: Khyam, do you have Maria, Anita, Chino, Conseula, Teresita, Rosaila, Bernardo and Nibbles over with you?
Justin: Does someone at the sound desk have a head set on?
Blair: I'll do it, but the cups also need to come off - can you do that Susanna?
Khyam: Um. No!
Justin: Does someone at sound have a headset? Can lighting check please?
Susanna: What was that Blair?

Helen: Khyam, do you have a bunch of Sharks over with you? They are on in less than a half a page?
Nat: Has anyone seen the knife?
Justin: Is there anyone at lighting with a headset?
Blair: No!
Michael: Yes. What do you want?
Khyam: Um. No! Wait, who should be here Helen?
Nat: I need the knife, I have Riff here and he wants his knife. I am not going to panic.
Blair: Susanna, you there?
Khyam: I have a mob of Jets here, Helen?
Susanna: Who is getting that dummy off?
Helen: Lights down NOW! - Scene change people.
Nat: Don't panic - I found it.
Khyam: They are Sharks, not Jets - did you want Sharks or Jets ... Helen?
Helen: Um. Yes, I think so.
Susanna: Who is getting that dummy off?
Michael: Ready with the lights.
Helen: Lights up NOW
Nat: The dummy is still ON!
Helen: Lights up NOW
Michael: No worries.
Mr W: Nice flying tackle of the dummy, Blair.
Susanna: Do you think the audience noticed?
Nat: Nah!
Nathan: Praise be to Manumana!

The Terrace - All Hallows' joint production provides students with an invaluable opportunity to strive for artistic excellence. It also provides a major social event that brings people together in the 'protected' environment of the theatre. This year, I was privileged to be part of a production involving a cast of young men and women (most of whom were in Year 10) and crew (from Year 9 to 12) who rose to the challenge that 'West Side Story' provides with great professionalism, pride and unbounded enthusiasm and patience.

I will maintain that students work quality rises to meet expectation. This is certainly true of the technical crews assembled for the show. Impossibly high standards were set, unreasonable deadlines were given, and wonders were achieved. The crew managers deserve special mention as mediators in this process.

It was indeed a privilege to work with a group of teachers and parents as dedicated as our production team. This production would not have been possible, had it not been for the monumental amounts of time taken in planning and rehearsing stage action by the Director, the Choreographers and the Musical Director. It is rare to find a bunch of teachers who work so well together. The end result was a show that was owned by the entire cast and crew.

(Mr) PETER WHITEHOUSE
Producer

TOURNAMENT OF THE MINDS

Think of as many different forms of the word 'cold' as you can!

This was the impromptu question asked at the Tournament of the Minds.

This year was Terrace's first in the competition and it saw some promising results. The tournament attracts school children from all over Australia and offers a very different type of contest.

The teams were required to answer an impromptu question in which one point was awarded for an ordinary answer and three points for a creative response. We were also given a long term problem where we were allowed six weeks to come up with a solution. As a team, with no external help other than Mr Hawthorne's hassling, we solved the problem by means of a very innovative play. This involved the convincing of a female editor (Ben Juratowitch) to run the unusual story uncovered by a young reporter (David Cavallucci).

Points were awarded on the basis of originality, diversity, creativity and humour. The competition developed many skills including those of teamwork, brainstorming and creativity. Useful life skills, such as applying make-up and walking in high heels, were also practised.

The tournament was an enjoyable, different and beneficial activity which should become an integral part of Terrace.

Thanks to Mr Hawthorne for his encouragement and time.

BEN JURATOWITCH

We were given a mission. To seek out walls to crash into. To move forward. To boldly go nowhere faster than any have gone before!

This may sound familiar although it is a variation that is new, and not unlike the competition which we entered into this year. It was something that Terrace had not done before, and we eagerly took up the challenge. It was called "Tournament of The Minds", and involved a group of seven people consisitng of Michael Boulton, Nicholas Seet, Paul Sernia, Nicholas Coghlan, Paul Petraitis, Chris Peters and Nicholas Lorenz.

We were entered in the Maths/Engineering section which involved the creation of a lunar module. It may sound easy, but when the vehicle was powered by one mousetrap and it had to travel a certain distance, things became a lot more complicated.

Because of this, we arrived at the competition grounds with our hearts set on coming last. But, to our surprise, after a few problems (the car wouldn't move!), we finished coming second overall.

We are all very pleased with these results, and are eagerly looking forward to entering the competition next year.

GPS CROSS COUNTRY

The first aim of the Cross Country team this year was to improve the school position in the GPS competition. Although the eventual improvement was only marginal, it was, nevertheless, an improvement.

A secondary aim was to create an awareness that running was back on the agenda in the school sporting calendar. This aim was also achieved.

For the first time for many years, boys were actually training for Cross Country on the slopes of Victoria Park after school and although the number was not large, again the start has been made. It is possible to fit Cross Country and middle distance training into any sports programme and indeed such training will enhance any conditioning programme. At Victoria Park there is an ideal venue and this facility has actually been underused for years.

Now we have commenced, we need to keep going with the momentum. The GPS races showed there are several boys in the age groups capable of gaining high places (i.e. in the top 20) but they alone will not bring about a running revival. We need all those boys who finish from first to twelfth in the school championships to make a contribution.

Cross Country is the ideal conditioner for middle distance races in September and October and, if there is to be a revival in the Track and Field season, then a focus needs to be made on the eleven middle distance events in the Track programme.

On the day, all runners performed well. However, special congratulations must go to Darren White (U/16), who finished third with an outstanding run. Both the Under 14 and Open age groups runners produced performances that lifted our overall placings. Congratulations to all our 'men of spirit' on a fine effort.

CAPTAIN'S REPORT

This year's cross-country season started with the Interhouse carnival at Victoria Park on 15 April. This annual event provides an opportunity for students to test their ability at covering the four to eight kilometre courses, with the first six place getters from each house gaining the chance to try for age champion.

Carnivals leading up to GPS were held on most Saturdays during Terms 2 and 3. Throughout these events, Terrace had a small band of competitive runners in each age group. It is always encouraging to see boys who may never win, competing with a spirit that typifies a Terrace runner. This spirit was no more evident than at the GPS Carnival held at Nudgee College. Terrace, this year, redeemed itself from last position, which will hopefully be the foundation for a stronger team in the years to come.

On behalf of the team, I would like to thank Mr Tony Booth and Mr Michael Broad who continually gave their time and support in coaching and organising the team this year. Also thank you to those supportive parents who devoted their time to help keep the Cross Country competitors running.

CIC CROSS COUNTRY

CIC Cross Country was held at the Southport School on Monday 7 September. This is the one time of the year that an invisible sport becomes visible. Gregory Terrace was placed sixth in the Aggregate this year from a field of fourteen schools.

Whilst we had no individual winners, all our athletes performed admirably. Some performances that deserve highlighting are as follows: the inspirational efforts of Matthew Neumann and Stephen Hogg who went from strength to strength during the season; the courageous performances of Sean Bowes, Chris Osborne and Tim Edwards; the dedication of Matthew Edwards, James Duffy, Adrian Jones and Stuart Bowden. Whilst it is impossible to detail the contribution of each squad member, suffice to say that each, in his own way, gave of his best during the season.

Thanks must also go to the senior athletes, who generously gave of their time to coach and run with the squad. To Declan Sherman, Andrew Taylor, Geoff Newcombe, Justin Bowden, Steven Lewis, Stephen Kann and Justin Butler, a sincere thank you for all your efforts in encouraging and enthusing the athletes. Lastly, the biggest thanks must go to the athletes themselves for their dedication to their sport. Well done.

(Mrs) JAN CAMERON

Front Row: T Edwards; S Bowes; J Cottee; P LeClercq; A Cassidy; M Edwards; D Purcell; N Myers.

WALKATHON

Glad in the freedom of school let out, the majority of students and staff enjoyed the mid July weather as they took to the fifteen kilometre course from the College to Tennyson. As was to be expected some arrived an hour or more before others, some enjoyed it immensely, others found it painful exercise and some found it an opportunity for some creative orienteering.

Organised by an enthusiastic Mr Rick Sivyer and controlled by staff and parents, safety was the order of the day. Upon arrival at Tennyson the hungry walkers enjoyed sausage burgers and a drink followed by Interhouse tug-o-wars.

The students then played the staff in a game of touch. A rugby team made up of 16 A and 2nd XV players enjoyed a game against Hurstpierpoint College from England. The students wisely drew with the staff and defeated the visitors.

All in all, the exercise and the fundraising were successful. The total proceeds will be used for the upgrading of sporting facilities at Tennyson.

BR B E WALKER

AUSTRALIAN RULES

OPEN

Australian Rules really took off this year with over fifty students wanting to play in the two teams. The Opens had a tough start to the season meeting three of the strongest sides in the competition losing all three games. After a week off due to a bye, the Opens came back to show their ability and with some sheer determination and a will to win they won their next three games in an outstanding fashion. The improvement the team showed throughout the year was enormous which showed out when three of our players were selected to represent the Independent Schoolboys Team of the year.

Absent: J Churchill; S Atkinson; L Christopher.

UNDER 15

The U15 team experienced mixed fortunes in the 1992 Independent Schools Competition. Most players had not experienced the AFL Code and a lack of teamwork and game skills resulted in our first loss. With a more committed approach to training, our playing ability improved rapidly. Although unsuccessful during the season, we provided strong competition for our opposition. The season was fruitful as it gave us the opportunity to play a new sport and schools outside the GPS. Thanks to Mr Ben Blizzard for his expert coaching.

ANDREW MORRIS

ST VINCENT de PAUL SOCIETY

When everyone starts their weekend at 3:05p.m. on a Friday afternoon, a small group of students trudge up a steep hill to arrive at an old ladies' retirement home, 'Villa Maria'. At this home, they then spend the next hour visiting old, retired citizens. What is it that makes them give up their Friday afternoons for this? The answer is the spirit of the St Vincent de Paul Society at Terrace.

Frederic Ozenham, the founder of the St Vincent de Paul Society, stressed that the primary aim of the organization was the visitation, an expectation which Terrace has reached through our weekly visits to Villa Maria and Palm Lodge retirement homes.

Easter, St Patrick's Day and Mother's Day provided a highlight to our visits at Villa Maria when the Terrace and All Hallows conferences combined in attempts to orderly distribute Easter eggs, sweets and cards to every lady in the hostel - somehow we managed!

Vincentians are told that, if they are to be friends of others, they must first be friendly with each other, a goal which Terrace St Vincent de Paul reached. This year, Terrace hosted a Mass which saw more than 200 youth members celebrate the Eucharist and socialize over afternoon tea. Terrace also attended a dance held at Marist Brothers', Ashgrove, under the auspices of the St Vincent de Paul Society.

Special thanks should go to Dr Peter Webb, our spiritual adviser, for his relentless contributions to our group. A special mention also to Matthew Dixon, a non-office bearing Senior, who helped the two Vice-Presidents (Justin Marschke and Michael Young) and the President (Juergen Landmann).

Congratulations should also be extended to all the members on their faithful commitment throughout this year. May this Society, an integral part of the Terrace Catholic development, continue to grow in strength next year and in the future.

JUERGEN LANDMANN
(President)

BASKETBALL

For the first time Terrace competed in the State Open Schoolboys Basketball Championships held in Toowoomba during the September holidays. In the first two days Terrace managed to finish in second place in its pool, with two solid victories, one loss and a forfeit (the other school was frightened to show up). This enabled the team to move straight into division one, and from there the going was always going to be tough. However, Terrace showed great tenacity to very nearly cause some big upsets. In finishing tenth out of twenty-three teams, Terrace more than held its own. Except for a lack of experience in close games, any one of these games could have been Terrace victories.

Terrace Basketball players have worked tirelessly this season to register another successful season. Determining a successful season we shouldn't look back directly at the amount of wins and losses, but more to, what our teams at Terrace learnt.

My opinion is that our teams have enjoyed success in attitudes and on the scoreboard as well. There are many people who have given their time to pass on to our Terrace Basketball players the type of values that I believe are important in forming individual players and mostly TEAMS. I thank all the managers and the supporters committee who have been of great assistance to us throughout the year as well as to their respective coaches.

Terrace Basketball has a very strong program which it has undertaken with teams in not only the GPS competition but also the BBI (club) competition. There are so many boys wishing to play Basketball that it is difficult to cater for them all with coaches and games. Vic Lorenz has been a tireless worker for our non-GPS teams and without his drive these teams may never had got off the ground.

Our Terrace 13's, Terrace 1st, 2nd and 3rd teams competing in the BBI competition are representing Terrace proudly thanks those boys and coaches for all their efforts.

Remembering at time of printing the annual, the Basketball season is not completed so a final result for teams is not possible but our Opens are having a successful season in the GPS competition with four wins out of six games and also a Club Championship in the U/18 Div. 2 Boy Competition, run earlier in the year was a highlight for the team.

Two teams are undefeated with two rounds to go , they are the 14A and 15A. Both teams have played very well this year and have earned the praise they are receiving for their efforts. Overall all the teams have played to the best of their ability and as coaching director it makes my job that much easier with such an enthusiastic squad of players. My last thank you goes to all the coaches this year. Terrace had managed to assemble I believe the finest coaching staff of any high school in the State and this can only be a positive step for Terrace's future in Basketball.

I look forward to seeing Terrace Basketball further improve in 1993 and the future and the efforts of so many dedicated parents, coaches and players will ensure this occurs.

STEVE McLEOD
(Director of Coaching)

Front Row:G Taylor; D Robertson; B White; P Gibson; N Siebert.

1ST V

Terrace Basketball assumed a higher profile than ever before and a part of this was due to the success of the 1992 First V team.

With the appointment of NBL veteran, Brendan Joyce to the position of coach, the team was destined for a strong season.

It was an honour and a pleasure to captain such a strong and unified team. Dale Robertson, as vice captain, epitomised the strength of this side with his unmatched one-on-one skills.

The guards were a bustling unit. Nathan 'Red Dog' Siebert constantly scored using his penetrating drive and his outside shot. Adam Taylor was the team's brains trust, setting up the 'plays', whilst Greg Taylor, playing the early part of the season, had a deadly shot.

The forwards continued the talent. Ben Daly was an offensive juggernaut always unsettling the opposition whilst Peter Gibson's rugged style earned him both points and rebounds.

Finally the 'Big Men' of the team: Andrew McGruther was our deadly scoring machine, Santi Burridge the leading rebounder, Iain Thomson our demon defender and Ewan 'Hydro' Corness mastered the fine art of blocking.

However our success lay with the way we combined as a team rather than our individual skills. Ours was a united effort that led to the 1992 First V being the most successful in Gregory Terrace basketball history.

All the team members wish to thank Mr Brendan Joyce and Mr Steve McLeod for the time they spent coaching us, and to Mr Siebert and Mr Taylor our managers.

BEN WHITE
(Captain)

2ND V

The Second V's season was not as successful as we were anticipating at the beginning of the GPS competition. We started the season off on the wrong foot and were beaten 25-7 by BBC. In the second round we played State High and lost narrowly. Toowoomba Grammar provided us with our first win of the season. This lifted the spirits of the players and the following week we played strongly against Ipswich Grammar, the strongest team in the competition. After the September break, our lack of training showed when we played Churchie, but Anthony Isaac showed us all how to shoot when he put in a perfect lay-up for Churchie. We played some close games for the rest of the season, improving our individual and team skills as we played each game. The team would like to thank Brendan Barrett for spending his time training us and Mrs Frost for helping out at the games.

CHRIS DAYKIN

2ND V

2nd Row: J McMillan; A Isaac; S Townsend; J Marschke; M Edwards; L Frost.
Front Row:R McKay; L Cole; C Daykin; G Taylor; A Scown.

U16A

21 Aug. saw Terrace meet BBC at BBC, for round one of the GPS season. It was a close match, however Terrace grabbed a two point victory. Round 2 against BSHS was the first home game and Terrace won convincingly with a 51 - 19 scoreline. The second home game of the season was against TGS where Terrace won by nineteen points. Ipswich was the fourth game of the season. The game was played at Ipswich. Terrace looked out of the match at half-time, but a strong second half saw the match become a nail-biter. After the holidays, Terrace met ACGS at Terrace. It was a very close game but Terrace went down by two points.

A very big thank you must go to Mr Hawthorne, who trained the team for the whole year. Your help was very much appreciated.

PETER GIBSON

U16A

2nd Row: R Gregg; I Thomson; D Mann; P Gibson.
Front Row:B Dilk; D Bartlett; Mr J Hawthorne; J King; D Stone.

U16B

The 16B's in 1992 showed a vast improvement winning more games in their first three outings than all of last year. This was achieved by an early start to the season with entry into the BBI competition. Inexperience in close games proved to be our biggest downfall. Overall Terrace 16B's had an enjoyable season with some success and a general improvement in our skills and teamwork. Thanks must go to Mr John Hawthorne for coaching us during the BBI competition, Mr Michael Gregg for looking after us during the games and a special thanks to Laurie Bartlett our coach during GPS.

NATHAN CANNIFFE

U16B

2nd Row: C Rayfield; J Straker; R O'Sullivan; D Gleeson; N Caniffe.
Front Row:F Currie; D Swan; S White; K Baines.

U15A

This season is proving to be a very successful one for the 15A's as they are presently undefeated and look to continue this form to the end of the season. Skills, teamwork and understanding between players have been on a continuous and gradual increase. Thanks should also go to Mr Kurt Fern, the ever-enthusiastic and committed coach whose continued support and efforts are very much appreciated by all.

TRENT GIACOBONE

U15A

2nd Row: W Pike; R Chisholm; M Christensen; A Taylor.
Front Row:J Tracey; D Spiez; P Burke; T Giacobone; B Bell.

U15B

1992 was a learning experience year for the Under 15B's. Upon compiling this report the season was a little over half way completed with the team recording many close results without a win. We suffered some disruption with changes in personnel early in the season. Most of the players were new to Basketball competition, however, as the season progressed player ability and teamwork showed marked improvement. Consistent performances were given by all, in particular, Andrew Sheil, Paul Barry, John Martin and Chris Bell. The team wishes to thank coaches Gavin O'Sullivan and John Tan for their coaching efforts plus team manager Mr Tony Sheil.

U15B

2nd Row: C Bell; M Boulton; A Stewart; B O'Neill.
Front Row:P Barry; A Sheil; J Martin.

U15C

While this year hasn't been totally prosperous for the team it hasn't been a loss either. Pre-season training has produced a group of people who now play as a team in the BBI competition (club basketball). We hope to prove ourselves a force to be reckoned with this season and with Ben Brown and Nick Seet leading the scoring this should be a good season!

ANDREW GRANT

U15C

2nd Row: M Masci; A Grant; N Seet; B Brown; P Sullivan.
Front Row:B McGarry; D Fenech; M Wiecek.

U14A

The 14A's has proven to be one of the most successful age groups, winning their first five games. The team was led by Marcus Barrett with some strong inside play and Matthew Hedditch the defensive hustler of the team. All boys associated would like to thank Mr S McLeod for coaching us with skill and enthusiasm, and Mr Winter for his managerial skills.

Duncan Corness

U14A

2nd Row: D Prosser; T Carrick; S Winter; M Barrett.
Front Row:K Hernandez-Rush; P Doolan; S Willcox; J Lorenz; D Corness.

U14B

After a loss to BBC in the first round by only a narrow margin, the 14B's have consistently played at a very high standard. With Simon Nash putting in a consistent effort along with Steven Milanovic and Matthew Harris to bring Terrace a very successful season. Thanks to Mr Petraitis and Mr McLeod for coaching us this season.

U14B

2nd Row: A Stumpo; D Baker; S Milanovic.
Front Row:S Nash; A Thomson; P Petraitis; M Harris.

U14C

During the first few weeks of the basketball season the 14C's did not play in a particular league or division but it was managed so that each Saturday we had a game to play. Each game was different and the outcomes were mixed. Due to the changes in our opponents standards each week we did lose the majority of games but we did also have some big wins. Then we were entered into the Brisbane Basketball Inc. Competition (BBI) and started to play in division three of the competition. We have not yet completed the season but in the BBI we are performing well. I am sure that with coach Mr Glen Pettiford the overall outcome will be creditable.

U14C

2nd Row: R Randell; B Beckwith; J Feely; S McMorrow.
Front Row:C McGrath; C Netto; R DeBarros.

U14D

The U14D's began as just the left overs of the higher teams, and many of its members hadn't played a game of basketball before. Yet within the first two games the level of skill improved out of sight and some of the players showed that they could readily play in higher teams. This was best highlighted by the way the first game was lost by over thirty points and the second was lost by two points which came to full time foul shots. In short it was a thoroughly enjoyable season in which we gained the skills to help us with all our future basketball.

U14D

2nd Row: J Doidge; B Carrick; D Tynan; J Hillman.
Front Row:J Rowell; D Hourigan; J Ho.

U13A

After a bad loss to BBC, a determined Terrace team came back to lose by only one point to State High in a game that could have easily been won. The next week the 13A's got up to win against a less experienced Toowoomba Grammar side. David Croft, Lawrence Thomas and John Vedelago led the charge. After a close loss to Ipswich, Terrace got up to their biggest win of the season against, Churchie. With three games remaining Terrace is hoping to finish the season on a high. With special thanks to Mr Ken Edwards for his expertise coaching throughout the season.

DAVID CROFT and
JOHN VEDELAGO

U13A

2nd Row: S Petty; L Thomas; J Vedelago.
Front Row:M Creagh; D Grice; N Lorenz; D Croft.

U13B

The 13B Basketball team had a shaky start losing the first game to BBC. But after that embarrassing defeat the team picked itself up to win a considerable number of its matches. With impressive performances from Matthew Edwards, Nick Crimmins and David Martin, the team had a good season. Special thanks must go the Mr K Edwards and Andrew Vievers, who coached us through a memorable season.

PAUL CHAN and
PHILLIP PETTY

U13B

2nd Row: L Ryalls; N Crimmins; P Petty; L Hawkins.
Front Row;M Edwards; L Douglas; J Brennan; P Gregg; P Chan.

U13C

The 13C Basketball team took part in the BBI Competition. Many had little or no experience but listened to their coaches and improved with each game. Thanks to Miss Jude Fapani and Mrs Margaret Doolan for all their efforts.

U13C

2nd Row: G Potter; E Romaniuk; S Johnson.
Front Row:S O'Gorman; J Schrauwen; D Spencer; M Rowell.

BASKETBALL - BBI COMPETITION

TERRACE I

2nd Row: D Robertson; S Burridge; A McGruther; E Corness.
Front Row:N Siebert; G Taylor; A Taylor; B White.

BASKETBALL SUPPORTERS COMMITTEE

1992 has been a year of great change for Terrace basketball. The tremendous work put in by Ken Edwards over the past years has started to bear fruit. The commitment of the Coaching Director, Basketball - Steve McLeod in his new role, and of his coaching staff has achieved the best results to date. The involvement of a large band of parents, old boys and the students has all been harnessed into meeting our goals of improving skills and being competitive every time a team goes onto the court. The organisation of facilities and rosters and the support of the Director of Sport, Michael Broad was always appreciated.

Special thanks to Steve McLeod and Cameron Gibson for organising and supervising the trip to Toowoomba for the State Championships, a first for Terrace basketball. The twelve players won their way into the top division and came back well satisfied with some fine performances.

Again, the organisation of Friday night games and team entries into the Brisbane Club competition was a great way to develop talent not always possible through the GPS games. The open students won the Brisbane Under 18 Div. 2 Club Championship. The value of the participation of C and D teams in organised competition is demonstrated by some players from these 1991 teams improving to play GPS in 1992.

Thank you to Steve and all who made 1992 the best year yet for Terrace, and for setting the platform for even better results in the years to come.

MICHAEL GREGG

FALLS CREEK SKI TRIP

How many times have you heard people say that their holiday was the greatest? But we mean it - we'll have to use that old cliche again and say that this was the greatest holiday we've ever had!

On 19 September we left the school in high spirits, but as the trip progressed we experienced the dampening effects of a painstakingly slow bus trip.

By about 1pm the next day, we had arrived at the base of the mountain but there was no snow in sight! The bus had become unusually quiet, expectations were high. As we progressed up the mountain we could all relax and breath a sigh of relief. The snow was there alright!

We arrived at our lodge, 'The Falls Creek Country Club', in perfect weather - clear, blue skies, plenty of snow, all lifts operating. The next morning wasn't as great, but the conditions were well suited for easing back into form. Unfortunately, when Tuesday came around, so too did the rain, and lots of it. That is Victoria for you. The weather did improve for the rest of the week and despite it, the skiing was sensational with a wide variety of runs suitable for the beginners and advanced skiers.

The accommodation and meals were quite good although as the week progressed we became aware of the abundance of bacon in Falls Creek. Its presence was noted at every meal! The night time activities were enjoyable: snow fights, a disco, swimming, in-house videos just to mention a few.

The ski trip was, as usual, a roaring success and once again credit and thanks must go to Mr Mulherin, Mr McConville, Ms Cox and Mr Rush, who thankfully was able to join us at very late notice. Thanks also go to Mr Carroll, who, for the second time, organised a great trip but was unable to attend himself. Those of you who weren't there missed an excellent time.

BRUNO WATT, BEN BECKWITH,
PAUL SULLIVAN, MICHAEL BOULTON,
LAWRENCE GEORGE.

PERISHER/SMIGGINS SKI TRIP

Thirty-nine students from Years 10 and 11 departed the College on Saturday 19 September bound for Perisher-Smiggins. The bus trip saw the introduction of a new sport - synchronised sleeping. The staff led the way with new and unusual ways to snooze in uncomfortable bus seats. However the students soon caught on and far surpassed everyone with their techniques.

Necessary meal stops were made on the way. Most of the boys couldn't believe their eyes when Mr Muir, Mr Celegato and Ms Sinnamon became the short order cooks at our breakfast stop at BP Yass. The service station's lack of staff meant that breakfast was not necessarily served with a smile.

After arriving at Ski Rider Motel and outfitting everyone, the group was ready to hit the snow. No one was disappointed with what they found. Thirteen tour members headed off to beginner lessons whilst our more experienced skiers headed for the slopes.

Unfortunately bad weather and uncomfortable conditions forced the group off the snow early on Tuesday. Lunch and part of the afternoon was spent at Jindabyne.

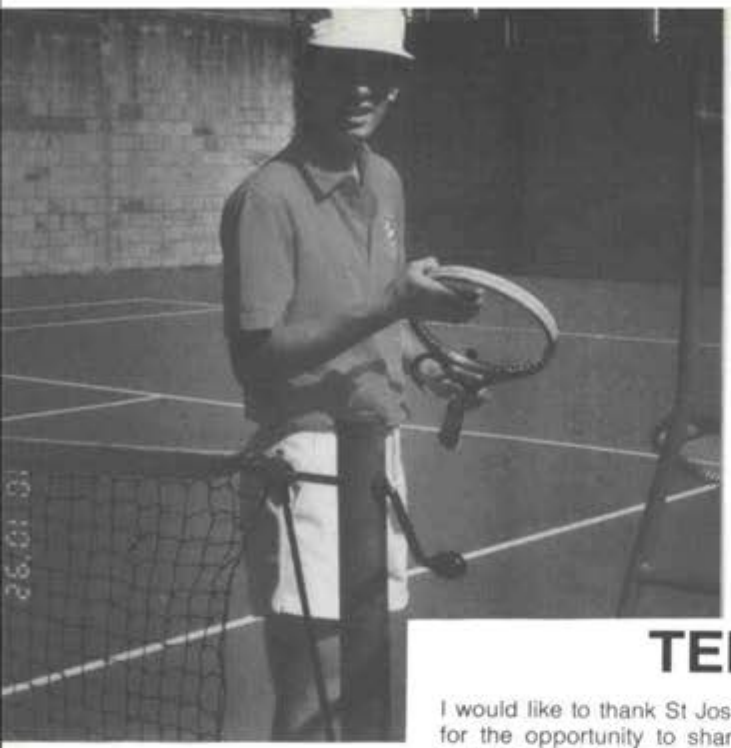
Ski Rider offered the group a variety of entertainment. Wednesday was Karaoke Night with Ms Sinnamon appearing as a guest judge. James Elliott dressed in a black balaclava and a silver glove was the first act to mime (screech) 'Thriller' by Michael Jackson. Zac Casagrande and John Condon performed a song from West Side Story. The final Terrace Act was Paul Joseph's rendition of an AC/DC song. Other guests began to doubt the neutrality of a certain judge when the boys were consistently scored at ten! Halloween came early with a theme party on Thursday night which saw our boys asking 'trick or treat?'

Bad weather on Friday caused an early departure from Perisher Smiggins. The afternoon was spent in Canberra culminating in a feast at McDonald's.

The long bus trip home saw a continuation of the Video Marathon to entertain everyone.

Thanks to Mr Celegato, Ms Sinnamon and Mr Muir for all their help and support and to the boys for making the trip an enjoyable and problem-free week. We hope to see many of you in the snow again next year.

MISS SARGENT



TENNIS

I would like to thank St Joseph's College, Gregory Terrace for the opportunity to share the combined knowledge of Trevor Fancutt, Chris Fancutt and Brett Page with your students. This knowledge combined with the displayed enthusiasm and school spirit should provide future success. The school is fortunate to have a solid parent support group headed by Graham Chappel. I would personally like to thank all the parents who have shown their support throughout the C.I.C. and G.P.S. seasons. Thanks also go to the teachers at the school who have helped throughout the year.

This year has been a settling in period for Fancutts and Terrace Tennis. The G.P.S. and C.I.C. teams have played well this year and this will be improved upon. Success is a building process and I feel confident that with some hard work and dedication, Terrace Tennis will achieve many successes.

Some personal tennis success of note, is that of Robbie Sorbello who recently toured Europe and Asia with the Australian 14 years and under tennis team. He had an excellent result in Holland where he won a doubles tournament. I would like to congratulate him on that achievement.

I am very proud and honoured to be associated with tennis at St. Joseph's College, Gregory Terrace and look forward to a long and fruitful association with the school.

CHRIS FANCUTT

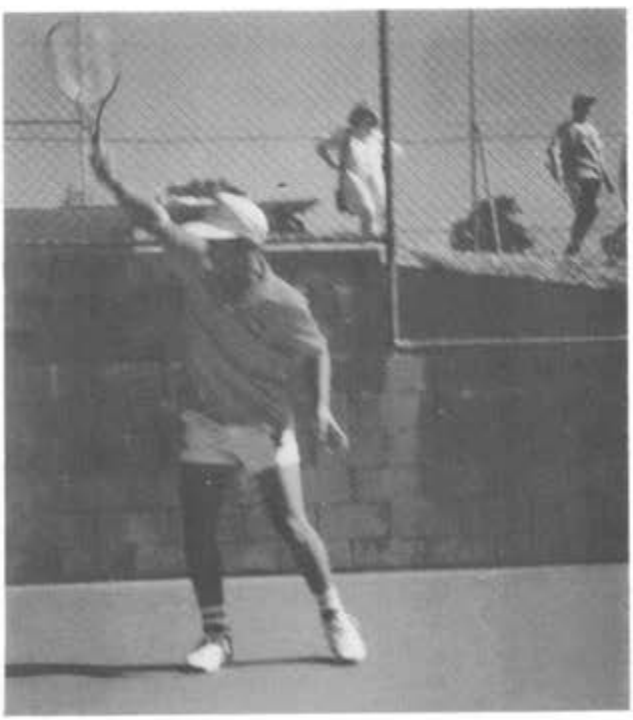
* The editors apologise that due to publishing deadlines, the results from the last two rounds were unavailable.



1ST IV

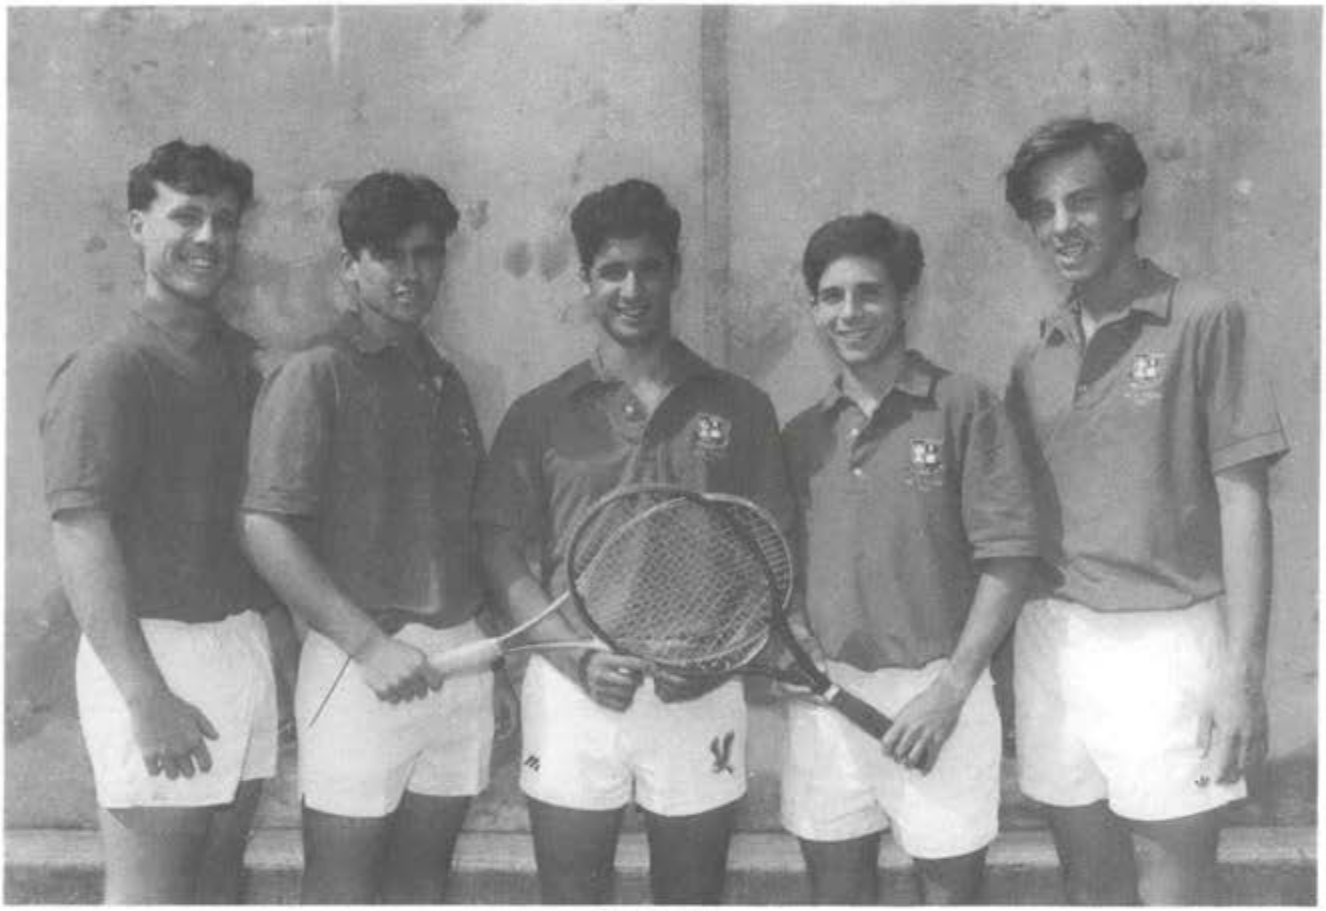
Tennis at Terrace underwent major reconstruction in 1992. With the development of the Tennis Supporters Committee, tennis acquired greater organisation and support.

The First IV has been fortunate to be under the guidance of well known tennis professional, Mr Trevor Fancutt. Such steps have undoubtedly led to what has been Terrace's most successful season since its last premiership win in 1955.

This year, the team comprised Anthony Ross, Robert Sorbello, Ryan Rayfield and David Daffey. In addition, the team's reserve Adam Hatherly proved himself a worthy player who could be called upon when in need. Although a young team, the First IV was rich in talent and possessed a vital ingredient ... determination.

At the time of writing this report Terrace remained undefeated after six rounds of competition. Consequently, the team is placed half a point ahead of arch rival, Nudgee. In achieving this, the awesome quartet had displayed, throughout the season, qualities which made them a very much feared team among other GPS schools.

State and nationally acclaimed players, Anthony Ross and Robert Sorbello, have dominated their opponents by winning every match to date. They continue to act as the cornerstone of the First IV's success. Remaining duo, Ryan



1ST IV

A Hatherly; A Ross; R Sorbello; D Daffey; R Rayfield.

Rayfield and David Daffey have complemented the work done by Robert and Anthony through positive and aggressive play.

One can only attribute the team's success, however, to our coach Mr Fancutt. From the start of the season, Terrace knew that success was a pre-determined factor. Without his presence the team would not be vying for the Tennis premiership.

With only two teams to play, Terrace is focused and determined to create history. Nevertheless, St Joseph's College can be relieved to know that its Tennis programme has never looked healthier. The team hopes that in the years to come, Terrace will build upon the success that has prevailed in 1992.

TENNIS SUPPORTERS COMMITTEE

As I started to write this report, I was very conscious that at this time last year Terrace did not have a Tennis Supporters Group. Thus the Group have had a most inviting challenge and generally we feel that we have made a positive impression on the College and its tennis fraternity.

The major task was to establish a Coaching and Development Programme. The Fancutt Organisations were selected after an advertising campaign, and extensive interviews with short listed applicants. Terrace now offers private lessons, available to all boys, as well as professional training for both Primary and Secondary representative teams.

During the first semester of 1992 Terrace sponsored thirty boys in teams in the Men's Metropolitan Tennis Association fixtures. Again a first for the College.

Although we might not continue the Men's Met. participation in 1993 other plans are in train to extablish tennis as a year round sport at the College. Watch this space for further progress in 1993!

Terrace continues to fight its battle with the Council regarding completion of the tennis shelter between the courts in Victoria Park. Maybe in next year's report we'll be able to advise of its completion.

Naturally participation in the Group is open to all members of the Terrace family and we'd welcome new members at our monthly meetings. This is particularly true for the parents of Primary boys where we are short of representation.

GRAHAM CHAPPEL
(President)

DEBATING

In today's sophisticated society it is essential to have a logical mind, proficient speaking ability and a persuasive manner. These three abilities and more are developed through debating, a department in which Terrace has excelled in 1992.

The GPS season saw varied results for Terrace. The Year eight division of the competition was the most successful for us. They won the majority of their debates and showed us that Terrace debating has quite a bright future. A special congratulations should go the Senior D team (Julian Lincoln, Patrick King and Matthew Edwards), and their coach Mr Denning for completing the season undefeated.

The highlight of the GPS season was against our old rival Nudgee College. Terrace emerged convincing winners on the night, winning ten out of twelve debates. A success rate of over eighty percent is quite an achievement, particularly against Nudgee. Well done to all GPS debaters.

The QDU season was a very successful one for Terrace. The Year Eight (2) team (Remi Kowalski, Daniel Joyce, Eugene Romaniuk and Sam Johnson) and the Junior B (2) team (Joseph Kingsley, Bernard Carroll, Mark Baker and Julian Farrugia) remained undefeated throughout the preliminary rounds before being narrowly defeated in the final. One Year Ten team (Declan Sherman, Tim Gordon, Simon Tutt and Edwin Cooke) also reached the finals before being knocked out. Congratulations to all teams on their efforts.

Terrace endeavoured to develop its junior Debating through social debates. BGGS invited our Year Eights and Nines to compete in what turned out to be a very enjoyable and rather informal afternoon. All Hallow's also invited our Year Eights for a slightly more serious debate which proved most beneficial to all. These events proved just how enjoyable debating can be.

The annual debating dinner was a great finish to a marvellous year. This year the debating dinner was very well attended and our primary debaters were included as well. At the dinner, gratitude was extended to all our coaches, who were Mr Denning, Mr Pauley, Mr Perry, Mr Martin, Mrs Katter, Mr Wall, Mr Patane, Miss Salmon, Mrs Lincoln and of course our hard working debating master, Mr Tindall. I would now, on behalf of all debaters, like to thank them again for their time and efforts throughout the year. Terrace Debating is looking very promising for the future. On behalf of all senior debaters we wish the debating department the best of luck for the years ahead.

PRIMARY DEBATING, PUBLIC SPEAKING AND CHESS

1992 saw a strong interest in the Primary's only C.I.C. cultural event. In Year 7 we fielded two extremely competitive debating teams and two public speaking teams. As with other years our teams meet with mixed success, but only as far as results were concerned. The dedication of the teams was admirable with many lunch hours involved in preparing for their debates and presentations.

Running concurrently with debating and public speaking, Year 5, 6 and 7 students had the opportunity to compete in the chess competition. A friendly, informal atmosphere prevailed with many students playing for hours. The talent discovered in Year 5 will sorely form a firm base for the future of Terrace chess.

I would like to acknowledge the efforts of Mrs Mannion who assisted in co-ordinating this year's season. Mrs Mannion's assistance to both myself and the teams was invaluable and greatly appreciated by all. Thanks must also be extended to Juergen Landmann who dedicated his time to coaching one of our debating teams.

To Michael Stewart, Liam Hayes, Sean Townsend, Matthew Varvari, Martin Deveney and Luke Abercrombie who willing assisted in the adjudicating, on behalf of all a sincere thank-you.

I would finally wish to thank all the parents who consistently attended each round and assisted in providing supper when here at the College.

TRACK AND FIELD

How can a school that is so successful at rugby, rowing swimming etc not be a success at Athletics? When I committed myself to the position I assumed that if we were able to develop a strong coaching team, then over a four year period the school would become a force in athletics.

I based this premise on other GPS schools that I have coached athletics at and assumed that the same keenness to succeed existed here. Unfortunately this has not eventuated and the numbers turning up for training are far lower than other coaches and I expected.

There is no doubt that this season this school has the most highly qualified group of athletics coaches of ANY other school in Queensland. The coaching staff consists of Tony Booth, a senior coach and the most successful school coach in Queensland, Frank Knight, a level 2 coach and recognised as one of the best hurdles coaches in Queensland and used extensively by the Australian Track and Field association and Little Athletics in Queensland, Peter Nash a successful throws coach sought after by many schools and myself an IAAF, Australian and senior coach.

However it does not matter how successful the coaches are, they have to have athletes to coach! I do not want to labour the situation but one example is where for hurdlers indicated that they would be at training on a Sunday but on the day, no one turned up.

To those athletes who have been training and shown the commitment required most have achieved significant improvements in performance. Our relay teams have continued to improve and their performances at GPS will be some indication of what can be achieved by those who train.

To those of you that did not come down to training this year please give it a go in 1993. I guarantee that whatever is the event you are interested in your performance will improve if you turn up for training.

Finally I would like to thank the coaching staff, Michael Broad and the athletics captain John O'Neil for the determined efforts they have made to bring success to the school.

JOHN LUCAS

CAPTAIN'S REPORT

The 1992 Track and Field season has been one of great change for the Terrace team. For the first time a Track and Field Director of Coaching, Mr John Lucas, has been employed by the College. Under his direction and with the expertise of four other class coaches namely Mr Tony Booth (middle distance), Mr Anthony Arrow (sprints), Mr Peter Nash (throws), Mr Frank Knight (hurdles), the team entered the season with enthusiasm and dedication. This was shown at the pre-season barbeque and training run at Tennyson for the athletes and their families, with a large number of boys attending.

Along with these successes at the GPS carnival, earlier in the season eleven of our athletes were selected as members of Metropolitan East Regional Track and Field Team to compete at the State titles. Of these eleven, Paul Schauer (Under 16) and Robert Gooley (Under 14) qualified fastest in their events.

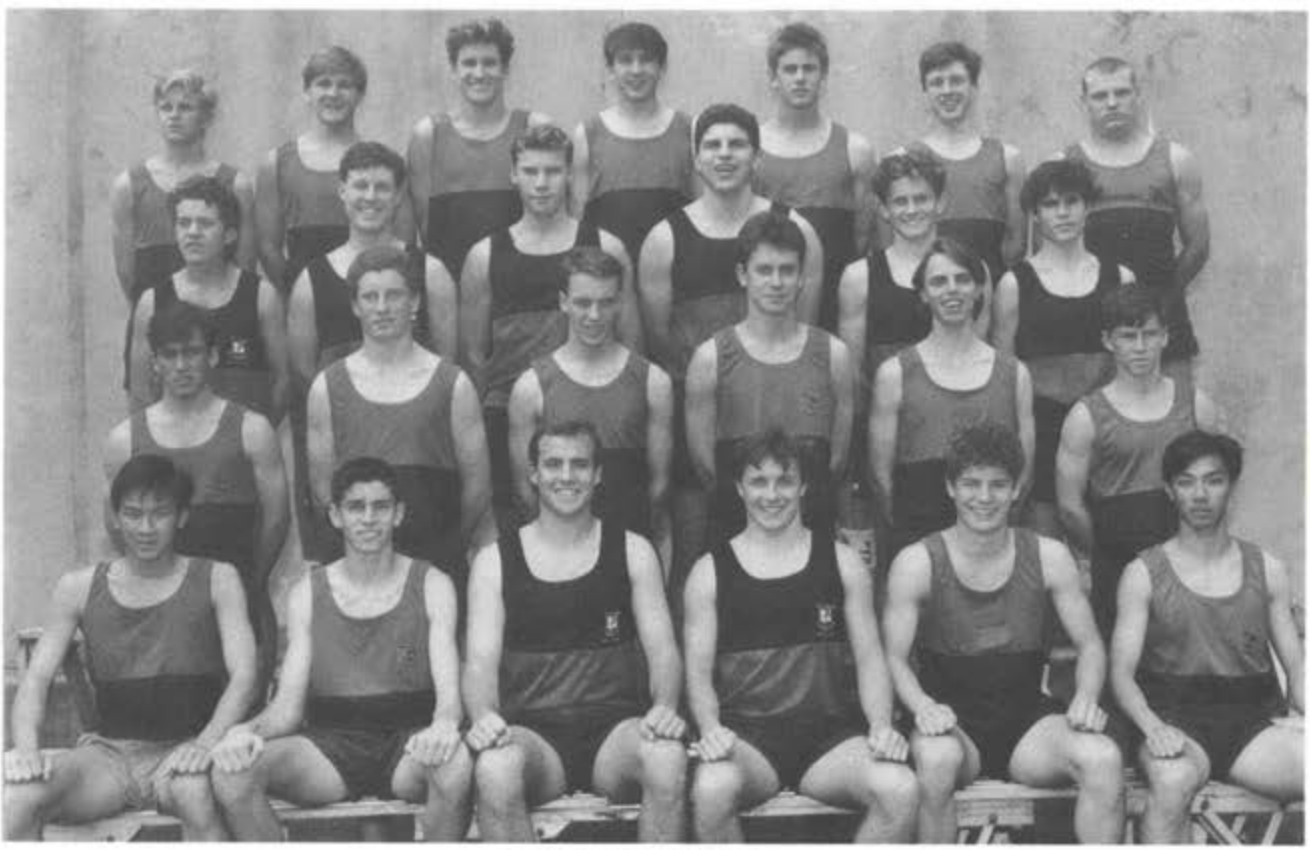
The dedication of all athletes was shown at training and weekly lead up carnivals to GPS. Our thanks to the teachers and parents who supported the team at these carnivals.

At the GPS Track and Field carnival held at QE11 on 24 October, the team tried hard to finish in eighth position and thus accomplished their goal of moving from last place.

There were a number of outstanding performances by our athletes on the day. The highlight of the day for all Terrace athletes and spectators saw a superb run by David Clarke to win the U14 1500m in a new GPS record time.

Other creditable performances were:

L Thomas ..... U13 High Jump 2nd (on a countback)
D Townsend ..... U14 High Jump 2nd (on a countback)
M Burke U14 800m 2nd
N Lorenz U13 800m 3rd
P Landy U15 100m 3rd
P Schauer U16 100m 3rd
T Gordon; P Landy; A Stumpo; A Green ..... U15 100m relay 3rd
Darren White U16 800m 3rd
Darren White U16 1500m 3rd
R Schellbach ..... Open 800m 3rd
M Gray ..... U13 Discus 4th
M Chappel ..... U16 High Jump 4th



OPEN AND U16

4th Row: D White; D Bowden; M Chappel; D Mann; M Morrison; N Williams; P Schauer.
3rd Row: R Schellbach; A Hatherly; D Robertson; B Daly; J Kenny; R McKay.
2nd Row: D Goosem; D White; N Siebert; E Jonsson; S Carrick; M Thorsen; B Hann.
Front Row:M Chong; B Kingston; J O'Neil; D Clifford; A Scown; K Lau.
Absent: P Coghlan; L Christopher.

Two awards were given after the GPS carnival to:

D Clarke ..... Jack McAuliffe Memorial Trophy - Most creditable performance at GPS

R Shellbach..... GTOBA Trophy - Most Improved Athlete.

The team owes a great deal of thanks to the coaches and we hope that the personal bests recorded made their efforts worthwhile. The athletes also acknowledge the efforts of Mr Jim Gibb and the Track and Field Supporters' Committee who have played a major role in supporting Track and Field over the last two years and have been instrumental in the major task of constructing the running track as an integral part of the Tennyson redevelopment.

Let us hope that 1992 goes down in Terrace history as the year our College began its resurgence in Track and Field - a revitalisation that will take Terrace to the top of the GPS Track and Field tree within a few years.

JOHN O'NEIL
(Captain)

EDITOR'S NOTE : John O'Neil achieved a third place in the Open Discus.

TRACK AND FIELD SUPPORTERS COMMITTEE

The Track and Field/ Cross Country Support Committee is one of the newer support groups at Terrace. It was formed in 1991 with encouragement and financial support for the Rugby Committee. Three areas of focus were determined and the committee has concentrated its efforts to:

- encourage and support participation in Track and Field by both the boys and the teachers
- facilitate higher standards of coaching
- provide facilities/equipment and develop a 'presence' of Track and Field at Terrace.

Of course very little can be done without money and the fundraising efforts in 1991 were very important. The proceeds from two very financially successful dances gave us the means to put a support program in place.

The committee was therefore delighted to be able to facilitate the appointment of John Lucas as Terrace Track and Field coach. Having someone with John's skills and abilities is central to an effective foundation for the sport. John has put forward a four year plan with initial focus on Years 8 and 9 and the use of event specific athletes to act as coaches and demonstrators.

AGE CHAMPIONS

Front Row:N Lorenz (U13); D White (U16); L Harrop (U15); D Townsend (U14); D Robertson (Open).

While John's focus has been sprinting and the overall program, the middle distance group have been guided and enthused by Tony Booth. The very encouraging results of this group at the GPS carnival show we are on the way up. To both of these people, and Peter Nash our throws coach, the committee extends it thanks not only for their skill but also for their drive, enthusiasm and personal interest in the development of Terrace athletes.

In the area of facilities and equipment Terrace is in need of support. For instance at our Tennyson plying fields there in no indication the school is involved in Track and Field. To this end a great deal of time and effort has gove into the planning and preparation of a grass track. This facility is one of a number to be attempted as part of a major redevelopment of Tennyson. Special thanks go to Nev Morrison for the time and effort he has put into pulling the project together.

On the social side, the committee was able to host two successful functions this year. The first was our pre-season function held in August which had a two fold purpose. Firstly it was to mark the 'official' start of the season for the boys but also to five the parents an opportunity to get together and meet others with a similar interest. Judging by the numbers turning up and spirit of the day the function achieved its aims and will probably become a part of the seasons activities.

Secondly, the traditional post GPS dinner underwent a change of format due to the renovations at QE11. Holding the dinner at Tennyson certainly gave us the opportunity for the function to be more relaxed and 'homely'. Many thanks to the O'Neils and the Cliffords for their great work in ensuring the 'transition' was a great success.

Getting off the bottom of the GPS ladder in both Track and Field and Cross Country was an important first step. It shows what can be done. However there is still a long was to go and the committee was be doing all it can to support the boys and the teachers in their efforts to make Track and Field/ Cross Country a competitive sport at Terrace.

Finally congratulations to John O'Neil and Danny Clifford and their Track and Field/Cross Country teams for their improvements this year. Many thanks again to the coaches and teachers who have given their time to our boys.

(Mr) JIM GIBB

TERRACE SPEAKERS CLUB

In its fourth year, the Terrace Speakers Club continues to cultivate the talents of many public speakers. Under the guidance of Mr A Pauley, the club has run extremely smoothly and, in addition to this, has become quite popular amongst the student body.

The year began with a flourish of meetings which highlighted the enthusiasm of the members. Throughout the year, everyone who participated endeavoured to build upon their confidence in order to master the art of public speaking. Many members who had taken part in the Youth Leadership Course displayed a high degree of aptitude when standing before a group. We all know how difficult public speaking is and therefore those who did partake regularly in the activities, must be congratulated.

The Executive Committee were fortunate enough to act as guests at one of the meetings of the Indooroopilly Toastmasters Club, of which the Terrace Speakers Club is an affiliated member. This provided us with many new ideas which will inevitably aid in the development of the Club.

Our last meeting for the year was happily conducted in the presence of past members. The reunion proved to be very successful and we hope to make it a regular event on the calendar. To all the members, we, along with the Executive Committee, would like to thank you for making the year a pleasant and successful one.

DAVID DAFFEY
AND MICHAEL STEWART

Front Row: Daniel White; B White; D Daffey; M Stewart; D Roberts; M Dixon.

MOOTING

1992 is only the second year that Terrace has entered a team in the Brian Orr Mooting Competition. Organised by the Law Faculty of Bond University, the Mooting Competition attracted nearly thirty competitors in only its second year running.

The team was comprised of three members, all who played parts of equal importance. Representing Terrace, the team included Darren Roberts as Senior Counsel, Juergen Landmann as Junior Counsel and Gerard Tutt as the Advising Solicitor.

The first round saw Terrace face the challenge of Mooting with the very strong opponent Stuartholme. Terrace was unable to claim victory, and Stuartholme was to advance to the final and win the overall competition.

Many thanks must be directed to those whose guidance and expertise were to benefit the team. These were namely Miss Wright (Legal Studies Teacher) and Mr Busch (Solicitor).

The practical experience and knowledge gained will be of benefit to all team members. Terrace Mooting has started on a successful note and hopefully can look forward to such continued success.

DARREN ROBERTS

G Tutt; J Landmann; D Roberts

GYMNASTICS

The Gymnastics season started in Semester One, Term Two and continued until the GPS competition on 31 October 1992.

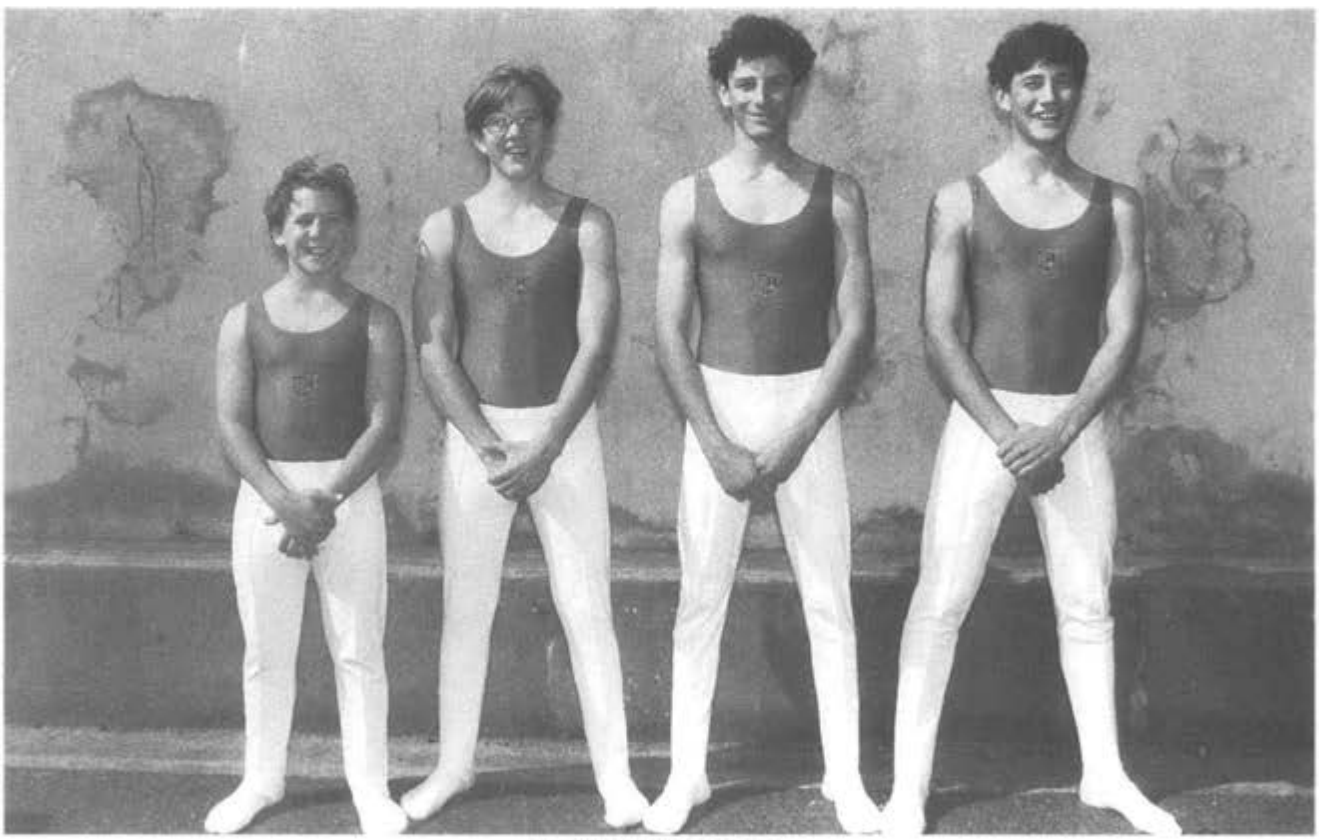
It was encouraging to see a large number of students participating especially Primary students from which our future gymnasts will be chosen to represent Terrace.

We were fortunate to have gained the expertise of Mr Anthony Haywood and an ex-Terrace student Mr Tim McCormack who gave their time to assist with coaching.

A squad of five gymnasts Ben Juratowitch, David Cavallucci, Zac Casagrande, Kris Kelly and Tim Abbott were chosen to represent the school at the pre-GPS competitions. These competitions proved to be very rewarding with Terrace winning four of the five meets. The squad participated in the Queensland Secondary Schoolboys Gymnastic Competition and gained second place. This was an outstanding achievement against some fine gymnasts and placed the Terrace squad with an outside chance to take the GPS Junior competition. However, on the day, Nudgee College and Anglican Church Grammar School proved to be too strong forcing Terrace into Third position. (Three points behind Nudgee and .9 of a point behind Churchie.) Terrace gained a total of 151 points, by far their best performance in recent years. Ben Juratowitch gained an overall third position with a total of 52.2 points. David Cavallucci gained Seventh position with a total score of 50.6. The total points were gained as follows:

	FLOOR	POMMEL	RINGS	VAULT	P/BAR	H/BAR	TOTAL
B Juratowitch	8.60	8.90	8.40	9.00	9.10	8.20	52.20
D Cavallucci	8.20	8.00	8.00	8.60	9.10	8.70	50.60
Z Casagrande	7.55	7.90	8.50	7.80	8.50	7.40	47.65
K Kelly	7.80	6.90	6.90	8.10	8.00	6.70	44.40

Highest three scores to count - Total 151.00



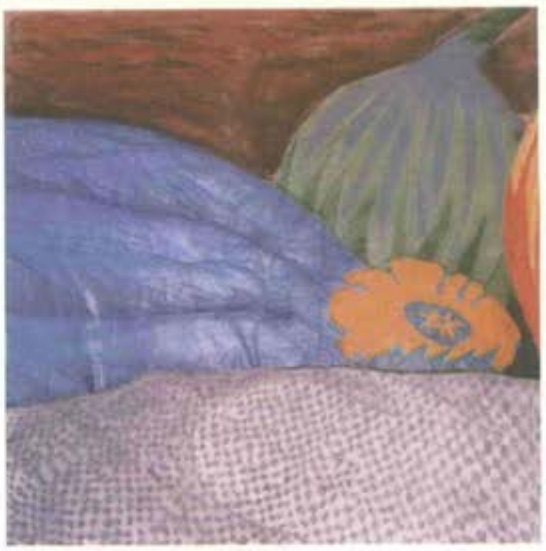
GYMNASTICS

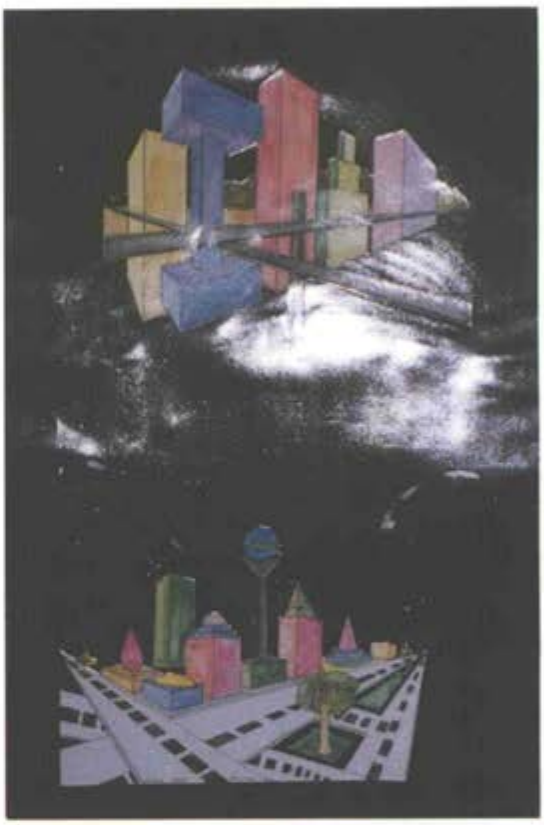
K Kelly; B Juratowitch; D Cavallucci; Z Casagrande
Absent: T Abbott

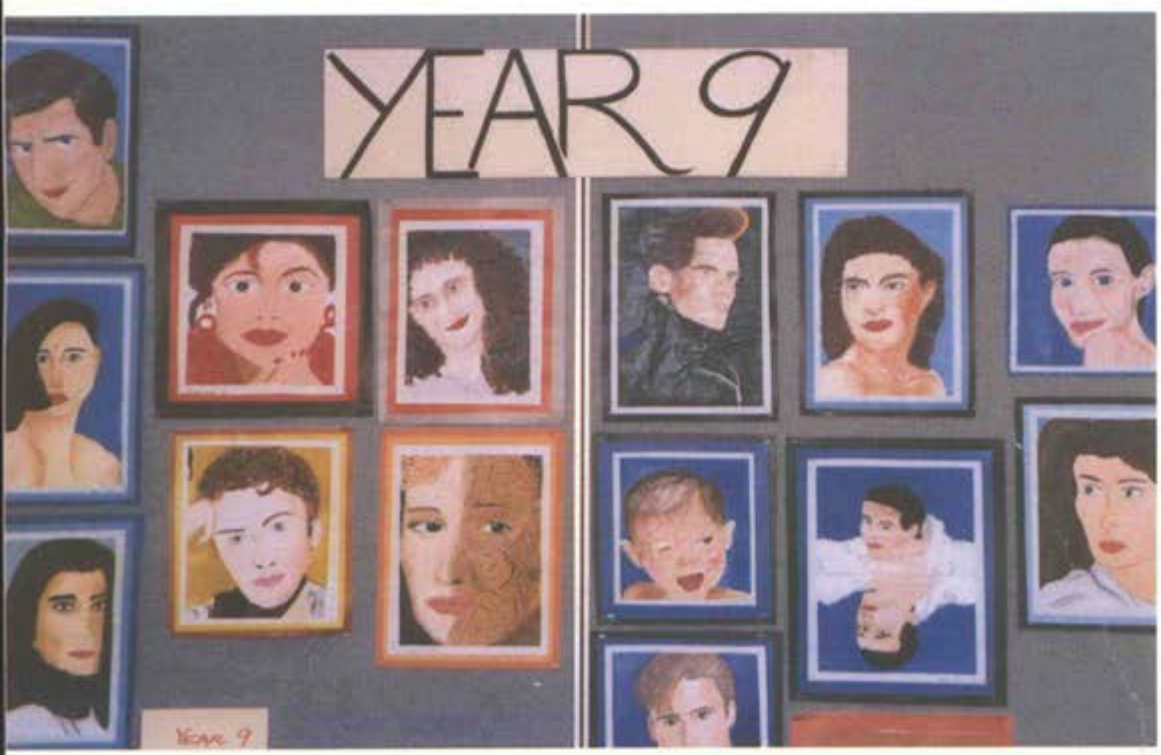
Tim Abbott participated in the B Division and gained Fourth position overall with a total score of 42.25.

My thanks must go to Bill McCulloch, Anthony Haywood and Tim McCormack for their enthusiasm and dedication throughout the year. I also thank the many parents for their assistance and words of encouragement and Mr Neil Wharton. Thank you also to all the Gymnasts for another successful year.

KEN HAINSTOCK







YEAR 9

THEATRESPORTS

"The Paranoid Schizophrenics" cried the M.C. and to the crowd's thunderous applause we entered the stage. The signal came from Justin, "Why do you keep feeding me dog food?" and we formed our final pose, took our place in the pit and the competition began.

Theatresports is a sport unlike any other. It requires skill (both physical and dramitic), wit, teamwork and the ability to perform in front of an audience. It is demanding, with a lot of training, but is a lot of fun.

Competition requires teams to perform one, two and three minute games with set rules and standards. The judges each score the team out of five points. The games vary from simple mimes to ballet and opera. The audience or M.C. elect the topics for the games at the performance so it is completely improvised.

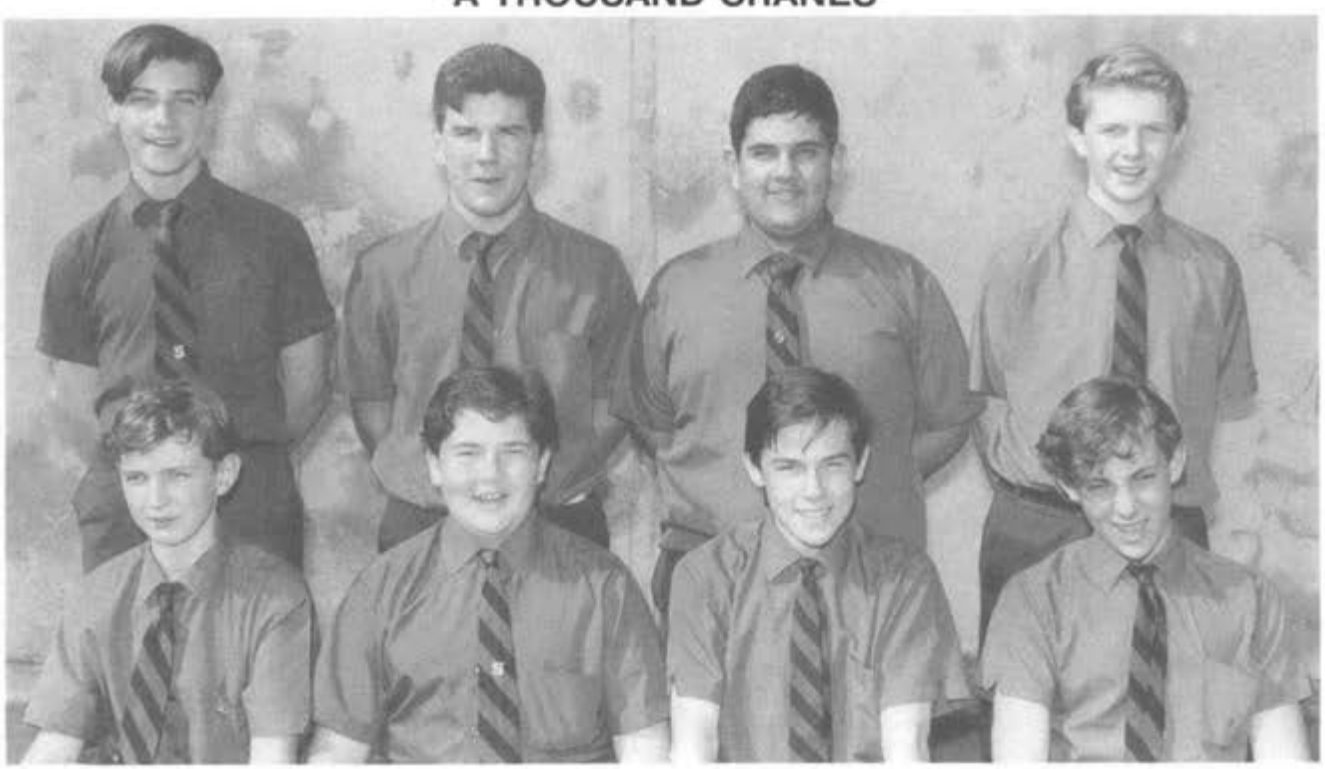
After winning the first refional heat, the Paranoid Schizophrenics advanced to the Brisbane final. The team of John Condon, Juntin Bowden, Kris Kelly, Andrew Crombie, Anthony MacDonald, Zac Casagrande and David Cavallucci performed admirably to finish third behind Stuartholme and the Anglican Church Grammar School who tired for first place.

The team would like to thank everyone who assisted them. Special thanks must go to Mrs Hines and Miss Wright for their expert coaching and support and to Adam Alford for printing the team's shirts and taking on the role of chief spectator.

DAVID CAVALLUCCI

2nd Row: J Condon; A MacDonald; D Cavallucci; Z Casagrande.
Front Row:J Bowden; K Kelly.

'A THOUSAND CRANES'



2nd Row: B Foat; J Maidens; A Landmann; G Hackett.
Front Row:P Rawlings; J Martin; M Marr; J Clifton.

YEAR 11 SEMI FORMAL

On Monday 19 October, the Year 11 students and their partners met at City Rowers Nightclub for the 1992 semi-formal. The night held many surprises for both partners and teachers alike, who could not believe that these schoolboys could miraculously transform into refined young gentlemen.

Overall the night was a huge success and many thanks must be extended to all who helped and the staff who attended the function. Special thanks must be made to Mr Mark Stower, Dean of Students, who organised the function and made sure the night was one to remember by all who attended.

B WALL

ACADEMIC REPORT

A visit to the College Hall besides taking one into that place in the school that is hallowed by tradition also highlights in a very dramatic manner the academic nature of this school and this for the major part of this century. When Public Exams were in vogue and not so many students were proceeding to the Senior Public Examination it was common to list the names and degrees of outstanding students of the College. There were not so many as there are now. There is an Honour Board on the wall that lists the names of past students of the College who have attained the singular honour of being a Rhodes Scholar. There are thirteen of them. These are but some of the hundreds of very successful students that have had at least a part, a significant part, of their education here at Terrace.

The College has continued to produce Senior Results that are very pleasing. As has been the custom in the past large numbers of last year's graduates moved to the various universities around Australia and, as far as I can ascertain, very few, if any, missed out on the course they had set their sights on months or years previously. In 1991 we had two hundred students that completed Senior. Twelve or 6% of the class secured the maximum pass of 990 points as it was then. Seventy-six or 38% of the class secured a TE score above 900. In 1989 it was 48%; in 1990 it was 38%. 1989 was a particularly good year in which some 13 students gained the maximum TE score. Suffice it to say the Senior results have been uniformly pleasing over recent years and we are happy to be able to report that state of affairs.

Congratulations to Andrew Burke and Liam Smith who were each awarded Australian Student Prizes by the Commonwealth Government, two of 100 awarded to Queenslanders.

It is good for us, teachers and parents, to take time for a moment and ask ourselves what it means to be a student or a disciple. Where there is effort to match ability good results will always be achieved. If there is superior ability coupled with industry then very pleasing results will be attained. If there is a lack of studious application then one's potential is never achieved. Boys need to be taught how to think and then how to learn and they also need a great deal of encouragement from their teachers and parents unless they are exceptional young men. The school is here to help the boys and if ever anything can be done to help them I see that being done.

It has been evident for some time that Australians, speaking generally, are not as articulate or as grammatically correct as they used to be. We have become used, again speaking generally, to accepting mediocrity in so many facets of our life. My earlier contention that we fail in articulation and grammar is borne out by statements emanating from the Universities and as a result there has been discussion regarding the advisability of making English a compulsory component of a student's profile. Mathematics has also come in for its share of consideration in this regard.

I think there is a need in Australia these days to raise the standard of English and the spoken word. In this, schools such as Terrace should take the lead. A definite and well-directed effort is everywhere needed to check the use of slang, mispronunciations and vulgarity in speech not to mention the all-too-frequent use of obscenities and very low forms of expression. Correctness in diction and a pleasing tone of voice are qualities that can be cultivated; they are qualities of very great value to the boy, and no teacher worth his or her salt can afford to neglect this very important part of the pupil's education. The excellence of the teaching done at Terrace is well proved by results obtained both now and later; but passes in examinations are not everything, and if refinement in speech and manners is lacking, our boys are beginning life with a serious handicap.

Occasionally boys are found to be lacking the polish that should really serve to distinguish them. Of course, a moron may speak with an accent refined and pleasant to hear, and yet disgust us by the shallowness of his thoughts; a scoundrel may have the manners of a perfect gentleman and yet repel us by his hypocrisy and deceit. But because the fool or the rogue may be polished and refined, it doesn't follow that a good Christian must be rough and rude. As a matter of fact we have every right to expect that Catholic education should produce culture and refinement as the natural fruits of virtue. Bad manners and rudeness of speech are the last things we should expect to see in boys who have been brought up in a Catholic school.

The educated Australian speaks English excellently with a clear and pleasing enunciation without a trace of affectation or "accent" of any kind, therefore it is all the more to be regretted that so many Australians mar their speech with slang and vulgarisms culled from the argot of city slums or even with hideous Americanisms, undesirable echoes of the cinema or pop star. Needless to say, a polished manner is no substitute for virtue and no one asks us to produce the smooth-tongued hypocrite but most people do expect to find culture and refinement in a boy educated in a College such as St.Joseph's.

It is, I believe, a wise move to introduce into the various courses that the College provides subjects such as Speech and Drama and Theatre where excellence in speech and diction may be pursued rigorously. Needless to say, these subjects must not be regarded as soft options and entry to such classes, particularly Theatre, will be by audition as well as by demonstration of a desire to follow on with what has already been satisfactorily completed in Years 9 and 10.

Education has changed greatly in recent years. The amount of paperwork for Administrators and Heads of Departments has grown enormously. Not a day goes by without some mail from the Board of Senior Secondary School Studies; not a week goes by without Seminars, Panel Meetings, Refresher Courses, Colloquiums - all very good indeed - but taking teachers away from their classes. The College Administration is very much aware of this situation and must weigh the advantages obtained by permitting staff to attend all these meetings that are called against the disadvantages accruing to the classes left without their ordinary teacher(s) for that day or those days. I see the proliferation of such "distractions" as something that the Board must deal with. Given all this I often wonder if students are taught any better these days than they used be before all these seminars and the rest appeared on the educational scene.

In addition to classroom teaching many other teaching aids and experiences have been employed:-

- This year for the first time over half the students in the Primary Classes participated in a National Primary Mathematics and English Competition. 241 schools in Queensland took part and many of our students received certificates of Credit, Distinction and High Distinction. Classroom teachers also found the feedback and results from these tests valuable in identifying the strengths and weaknesses of our students and would like to see in future all students participating in the competition.

- In August the whole Primary school and 16 secondary students took part in the Australian Schools' English Competition conducted by the Educational Testing Centre of the University of New South Wales. The competition was extended to Years 11 and 12 for the first time this year and it is planned that all our secondary students will compete in this competition in 1993. The results of the exam held this year are due about this time and very soon the College will receive State-wide statistics for comparison purposes. State-based and school-based certificates will be awarded at this time.

• During the year teams of boys from Year 8 to Year 10 competed in the Tournament of Minds. Terrace had one team in the Humanities division and one in the Maths/ Engineering division.

• The French students once again demonstrated their competency with the language by staging a very successful Bastille Day concert.

• Terrace entered 80 students in the Australian Schools' Science Contest this year. 55 boys gained certificates. There were 10 High Distinctions (the High Distinctions represented 1% of those doing the exam), 21 Distinctions and 24 Credits. Nation-wide there were 270,000 candidates while those from Queensland numbered 42,000.

• While on Science it must be reported that Simon Quinn of Year 5 recently won the Junior Section of the Annual Queensland Science Teachers' Competition. In addition, he was the over-all runner-up. Part of his prize was a tour around the mines of Brisbane, lunch and then a meeting with the Minister for Mines. As runner-up in the whole competition he was awarded a trip to Mount Isa.

• A great number of Guest Speakers for subjects such as Religious Education, English, History, Geography, Economics, Biology and other areas of school life have been at the school and added considerably to the classroom experience.

• Field trips in a number of subject areas such as Biology, Science, Geography and Art have taken place while the English, Foreign Languages and Music students have been to the theatre to performances of work being studied or for the purpose of enhancing their already acquired knowledge.

• Art students have contributed to the Excellence in Youth Art Exhibition at St. Paul's while students of Music from other schools joined our own musicians for Days of Excellence here at the College.

• Evenings have also been devoted to explaining to parents the ramifications of the Viviani Report and how it will affect the education of their sons. Evenings were also staged to provide assistance to boys and their parents in the matter of choosing their subjects for next year for those moving from Year 8 to Year 9 and those going from Year 10 to Year 11.

• Teachers are always ready to meet with parents should there be any matter parents would like to have clarified.

It seems to me that everything that is necessary is in place here at Terrace for students to do well in examinations and, indeed all facets of their life. However, it does require that students be diligent, co-operative, thoughtful and keen to learn. With these characteristics present, success in matters academic seems to me to be assured.

One cannot be greatly optimistic, no matter how hard the school tries, about the moral stature, sense of responsibility, developing maturity and so many other attributes that serve to make the 'person', unless it has powerful allies in home and society. If life outside the school pays only lip service to moral values, the need for assiduity, the real necessity of trying to develop a sense of responsibility, then the school labours under almost crippling difficulties. But this is true of so many other values that the school strives to impart.

A good school is not absolved from striving!

SPEECH NIGHT 1992

6 November

CAPTAIN OF THE COLLEGE
Archbishop F Rush Prize ..... *Benjamin P White*
Archbishop Rush - Terrace 1925-26, became Bishop of Rockhampton in 1961 and Archbishop of Brisbane in 1973.

VICE CAPTAINS OF THE COLLEGE
Dr R O'Donoghue Memorial Prize ..... *Stephen D Creagh*
Dr O'Donoghue - Terrace Senior 1925, later a professor at Springwood and Banyo, died ..... *James F O'Loan*
in 1953 when parish priest of Wavell Heights.

DUX OF THE COLLEGE
Laurence Healy Memorial Prize ..... *Kevin C-N Lau*
Laurence Healy - Terrace Senior 1935, began studying for the priesthood in 1939. He was killed in a car accident that same year.

PROXIME ACCESSERUNT
The Honourable Sir Joseph Sheehy K B E
Memorial Prize ..... *Robert A Kuter*
Sir Joseph Sheehy - a loyal old boy of Terrace who became Senior Puisne Judge. *and Brendan M Wong*

SPECIAL PRIZES

Br W M Reidy Memorial Prize
The boy who has best maintained the traditions of the school in leadership..... *Benjamin P White*
study and sport.
Br Reidy - four times Headmaster of Terrace (1905-08, 1923-25, 1931-34, 1941-46).

Brendan Higgins Memorial Prize
for Study and Sport ..... *Robert A Kuter*
Brendan Higgins - an old boy of Terrace who, when a fifth year medical student, drowned whilst scuba diving.

Prize for Significant Contribution to the College by a Senior House Leader ..... *Mark Serafini*

Leadership in Service Award ..... *Juergen K Landmann*
Yr 12 student selected by his peers for outstanding service to the College Community.

Peter Anthony Wadley Memorial Prize
(The Year 11 student who has best served ..... *Peter J Gibson*
the College in a quiet and mature manner)
Peter Wadley died as a result of a stroke during the Christmas holidays after completing Year 11.

The Fortitude Valley Rotary Club Prize ..... *Peter J K Tuton*
for the Interact Club Member who has displayed conspicuous service to the Club over the past twelve months.

Caltex Best All Rounder Award ..... *Christian P Ganim*
for the Junior School student who has best maintained the traditions of the College in service, study and sport.

ORATORY AND DEBATING

Br F Magee Memorial Prizes
for Oratory Senior Award ..... *Luke F Abercrombie*
Junior Award ..... *Paul V Petraitis*
Br Magee - Headmaster at Terrace (1916-1922).

Craig Andrews Memorial Trophy
for Senior Debating ..... *Martin R Deveney*
Craig Andrews Terrace Senior 1979 died of cancer 12 Jan 1980.

Service Award to Debating ..... *Juergen K Landmann*

G.T.O.B.A. Prize for Junior Debating ..... *Declan A Sherman*

MUSIC

Westpac Concert Band Prize ..... *Paul J Barbagallo*

Australian Academy of Music
Stage Band Prize ..... *Marco E Palmieri*

Terrace Music Association
Intermediate Band Prize ..... *Michael A Rogers*

Holt's Violin Shop String Prizes
Senior ..... *Brant R Harris*
Junior ..... *Christopher J Rada*

Eunice Wilkes Choir Prizes
(Donated by Terrace Music Association)
Senior ..... *Paul J Barbagallo*
Junior ..... *Stephen M Harrington*
Eunice Wilkes was for many years an accompanist at Terrace.

Mavis McAuliffe Memorial Prize for
College Chess Champion ..... Charles A Pizzato
Mavis McAuliffe - lived alongside Terrace where she and her husband Jack, an old boy of Terrace, worked for a number of years. They were enthusiastic Terracians.

SPORTS PRIZES

The S J White Family Prize
for the best All-Round Sportsman. ..... *R Adam Hatherly*
S J White Family - parents of three old
boys, David, Peter and Simon.

ATHLETICS

Roger Tunney Memorial Trophy ..... *Dale K Robertson*
Roger Tunney - Terrace Senior 1968, died
of cancer in 1969.

Gregory Terrace Old Boys' Association Trophy ..... *Richard H Schelibach*
for the Most Improved Athlete

Jack McAuliffe Memorial Trophy
for the most creditable performance in G.P.S. ..... *David F Clarke*
Championships by a Terrace Athlete.
Jack McAuliffe - an old boy of Terrace, lived alongside
Terrace, where he and his wife, Mavis, worked
for a number of years. They were enthusiastic
Terracians.

CROSS COUNTRY

Senior Award - Paul Brannelly Prize ..... *Ewan A Jonsson*
Paul Brannelly - Terrace Senior 1954, won the
1500 metres (1 mile) in the G.P.S.

Under 15 Award **Allan Edwards Prize** ..... *Declan A Sherman*
Allan Edwards - was, in 1965, the first Junior
to win the Senior Cross Country prize.

ROWING

E K Murphy Memorial Prize
for Best Oarsman ..... *Mark Serafini*
Donated by Mrs Murphy in honour of her husband.

Richard Sivyer Prize for
Service to the Club ..... *Michael P Doyle*
Richard Sivyer - Captain of the Boats at Terrace
in 1971.

Serafini Trophy
Open Sculling Champion ..... *Brett A Wilson*
Paul Serafini - Ex President of Terrow

Smith Trophy
U16 Sculling Champion ..... *Michael N Morrison*
Alan Smith - Ex President of Terrow

Cooney Trophy
U15 Sculling Champion ..... *Steven J Lewis*
Tom Cooney - Ex President of Terrow

CRICKET

Edmond Scott Memorial Prizes
Batting Award ..... *Robert P Gallagher*
Bowling Award ..... *Jules J McLaughlin*
Edmond Scott - an old boy of Terrace (1918),
father of Br Scott and very interested in sport.

G.T.O.B.A. Trophy
Fielding Award ..... *Adam R Hatherly*

TENNIS

College Champion ..... Yet to be decided
Stott Family Trophy
Bruce Stott was a former Captain of the First IV.

Eric Maidens and Family Trophy
for Primary Tennis ..... Yet to be decided
Eric Maidens, father of our present Primary school
teacher, coached Tennis at Terrace for 29 years.

RUGBY

Donald Watson-Brown Memorial Prizes
Best Forward ..... *Benjamin P Daly*
Best Back ..... *Anthony S Gibb*
Donald Watson-Brown - was a Terrace parent, very
involved in helping in Athletics and Football.

F G Forde Memorial Trophy
Best & Fairest ..... *Nicholas B Stiles*
F G Forde - father of 3 Terrace old boys -
Michael, John and Gerard

Brothers Rugby Union Club Trophy
for the Most Improved ..... *Peter G McIntosh*

Shaun Stapleton (1976-1978) Memorial Trophy ..... *Dominic L Townsend*
The most consistent player in any age division GPS competition

Shane Reid (1985-1986) Memorial Trophy
for the best utility player in Open Rugby ..... *David L Scutt*

SWIMMING

Aidan Hodgson Memorial Trophy
Senior Award ..... *Michael J Stewart*
Aidan Hodgson - was the Open Champion swimmer. While in
Senior he broke his neck in a swimming accident.

Donald Anderson Memorial Prize
Under 10 ..... *Michael R Macann*
Donald Anderson - died while a student here at
the College.

Lance Hedley Memorial Trophy
Most Improved Swimmer ..... *Matthew P Chappel*
Lance Hedley - died in the surf during the
Christmas holidays (1970-71) at the end of Year 11.

Eisentrager Trophy
The most creditable performance in the G.P.S. Championships
..... *Luke A Wallace*
Mrs Billie Eisentrager was employed in the
Primary School. She and her family were
very involved in Swimming.

BASKETBALL

Terrace Basketball Committee Trophy ..... *Andrew J McGruther*
for the Best and Fairest

SOCCER

Terrace Soccer Supporters Committee Trophy
for the Best and Fairest ..... *Peter A Frederiksen*

GYMNASTICS

The most creditable performance in the
G.P.S. Championships ..... *Benjamin Juratowitch*

C Pizzato (U14 Qld Chess Champion, U12 Aust. Champion)

J Duffy (State U11 Cross Country)

C Day (Bris. U13 Hockey)

TO SIR, WITH LOVE ...

What do you suppose he looks like? Will he make any changes? 'They' say he likes the idea of co-ed. schools. Brother White had achieved so much with the building program. 'They' say Shalom College don't want to see him go. Will we like him? Is it only three short years since these - and many similar - 'stories' did the rounds.

Well, it didn't take us long to appraise his good looks; and yes, he had enjoyed his time in a co-ed school very much. Did we get to like him?

You bet we did!

In the early days of 1990 with only the staff in attendance, it was evident that things at Terrace would indeed be different. There was the very genuine effort to get to know people quickly; the positive approach to ideas and suggestions for a smooth transition; the chain-smoking; the tireless energy; the good 'vibes' that were circulating. As is true of any well-run tuckshop the gossip line was already on the move. "Do you know, Ursula, he called each of those boys in and spoke to them about the responsibility they were accepting and they feel really confident about what they can achieve as prefects."

With the school year under way the students found their new headmaster didn't like to spend too much time in his office and you could never be sure just when he'd suddenly be in your group. At first it was somewhat disconcerting - was he really interested in what you had to say? After all, teachers are like parents, too old-fashioned to understand today's youth! But the signs of genuine rapport were beginning to show.

Meanwhile, parents, through their involvement in the committee structures, were being encouraged to make recommendations where it was felt the College community could be better served. Some of the changes that have come about may well have evolved over a period of time anyway, but occasions like the beautiful celebration Mass for the Induction of Prefects, have become very significant in the College calendar. That so many of the ambitions of the Terrace Mission Statement have, and continue to, become reality, owes much to the leadership of this man.

By term four of 1990, the grapevine spread the news that the Year 12 parents were especially pleased. The majority of these students had reached the end of their school years with a pretty good feeling about themselves, a strong sense of direction, a commitment to their faith, as well as the traditional pride in their College. The 'new boy' had achieved quite a bit in his first year!

In 1991 the College community embraced the vertical house system as a means of giving all students a greater sense of identity. This was quite a massive task but the enthusiasm from the top spread through the ranks and made the seemingly impossible, quite possible.

With extraordinary dedication he has guided the students towards a more active faith life, as well as allowing and encouraging them to question, to self-discipline, to accepting responsibility for their actions, to reaching their full potential.

His visible presence to all members of the Terrace family has been the beacon of hope, a link with the traditions so dear to all Terracians yet a light by which to face the challenges of the future.

As should always be true of (great) leaders, not everything he set out to achieve was greeted with enthusiasm. For some changes the timing was just 'not right'. Some pronouncements were decidedly unpopular. What was never in doubt was the total commitment. The Terrace family are indeed fortunate to have shared even three years of his unique style of proclaiming the Gospel.

For and on behalf of all the Terrace mothers who thank you for the example you have given her son/sons; who feel honoured for having shared a part of your life; who wish you fulfilment in your work; who haven't always agreed with you; and who will really miss you.

URSULA SCHAUER

GREGORY TERRACE OLD BOYS' ASSOCIATION

Standing: P Sayer; T Juratowitch; B McCormack; D. Rosengren; J. McIntyre; D Thomson; M Johnson; D Katter; X Kelly; B Curran.
Sitting: P Rosengren; A Gundelach; Br L E Magee; R Stenson; T Giles.

The President of the Association reports that the past year, as is always the case, has been a busy one for the Association. The Annual Mass and General Meeting was held at Mt Sion on Sunday, 16 February 1992 and was well attended.

The Annual General Meeting saw a large number of vacant positions filled by members who had not previously been associated with the Committee, the majority of them being quite junior in terms of the number of years since they had left Terrace. As an Association we find this encouraging and thank them for their support.

The Committee positions were filled as follows:

President: ..... Adrian Gundelach
Vice President: ..... Ross Stenson
Immediate Past President: ..... John O'Connor
Secretary: ..... Peter Rosengren
Assistant Secretary: ..... James McIntyre
Treasurer: ..... Tony Giles
Registrar: ..... Paul Sayer
Honorary Auditor: ..... John Quinn
Committee Members: ..... Marcus Johnson, Bernard Curran, Tim Juratowitch, Xavier Kelly, Michael Russell, David Rosengren, Ben McCormack, Doug Thomson, Dominic Katter

The Principal advised those present at the Annual General Meeting as to the changes that would occur in the structure and leadership of the College in 1993. It was not without regret that we accepted the news that the Christian Brothers would no longer be represented by a Principal at the College but in hindsight it was inevitable and the Association will support the College as it enters a new era in every way that it can.

The Annual Dinner was held at the Brisbane Club on Friday, 18 July 1992, with numbers in excess of one hundred and ninety again proving to be the highlight of our social calendar. As in past years almost without exception every senior class since 1950 was represented.

The Annual Golf day was held at the Indooroopilly Golf Course on Sunday, 23 August 1992 and, whilst numbers did not match those of previous years the thirty-two golfers who took to the course had a thoroughly enjoyable day. The Charles Morrissey Trophy was won by David Keatinge and Peter Rosengren, Seniors of 1982.

The remaining social event on the calendar was the Annual Race Day which was held at Eagle Farm on Saturday 12 September 1992. For the past several years the Race Day had clashed with student exams and school holidays and accordingly numbers were down but as a result of rescheduling the date with the Queensland Turf Club, in excess of one hundred people were present. The continued support of Castlemaine Perkins ensures that the Gregory Terrace Cup will remain as a permanent fixture on the QTC racing calendar.

The Association made financial contributions to the College during 1992 in order to restore the Armed Services Honour Board which is found in the College Hall and donated funds to the College to assist in the redevelopment of the College's sporting fields at Tennyson.

The writing of the college history is a major undertaking of the Association. Much of the research has been completed and the task of putting pen to paper is well underway. The completion of the college history will be given priority in 1993.

The 1993 year will bring with it many new challenges not yet experienced by any person connected with the College. The Old Boys' Association is looking forward to those challenges which the New Year will bring.

ACKNOWLEDGEMENTS

The Editors, on behalf of the College, wish to thank the following people for their contribution to the 1992 Annual:

Mrs Joyce Rackemann for word processing.

Mrs Kathy Wilson for assisting Mrs Rackemann.

Mr C Cawley and Robert Kuter for taking some of the informal photographs.

Ms S Cox and the English teachers who organised student literary work.

Br B E Walker for compiling the Archive Section.

Br Steele for his contribution of archival photographs.

Mr S Dougherty and the staff of the SOS Printing Group.

Mr M Stower and Mr M Broad for orgainising the formal College photographs.

K & K Photographers for the formal College photographs.

Mr Keith Bentley and Bentley's Camera House for photographic processing.

The staff, students and parents who contributed reports.

VICKI SARGENT AND SANDRA MANNION
