

St Luke's Anglican School Prospectus

Early Learning Centre, Primary, Middle & Senior School

Inspired by Christ, educating to develop exceptional individuals.

Principal's Welcome

On behalf of our staff, students and families, welcome to St Luke's Anglican School. St Luke's Anglican School is an independent school from Kindy to Year 12. We are a community committed to the values of Faith Performance Honour while embracing new technologies, ideas and opportunities.

As a dynamic community of people who care about each other and encourage individual pursuits, St Luke's Anglican School is committed to nurturing and educating each student for their future.

Our strong and positive school culture based on firm foundations of trust, respect and active collaboration nurtures and encourages our students to realise their potential in a safe environment.

We embrace a passion for learning whether it be in academic endeavors, sporting performance, cultural excellence, spiritual growth or service activities. We believe International students bring a richness of culture to our school.

We invite you to discover our school, to ask questions about what matters most to you, and to witness the energy, substance and care of our school community. You will find warmth in every welcome, respect for each individual and a vibrant learning community of students and staff.

We look forward to welcoming you to the St Luke's family!

Kind regards
Mr Craig Merritt
Principal
St Luke's Anglican School

About St Luke's Anglican School

St Luke's Anglican School was founded in 1994 as a co-educational school, offering seamless education to students from Kindy to Year 12. Twenty five years on, St Luke's Anglican School continues to cater for students across their lifetime in school.

St Luke's Anglican School has grown with the community over the years in Bundaberg, with 740 students currently enrolled. The School offers two streams per year level from Kindy to Year 6, and a diverse curriculum for Middle and Senior students to keep them engaged and working towards their bright futures.

We are inspired by Christ, and committed to educating students to develop exceptional individuals.

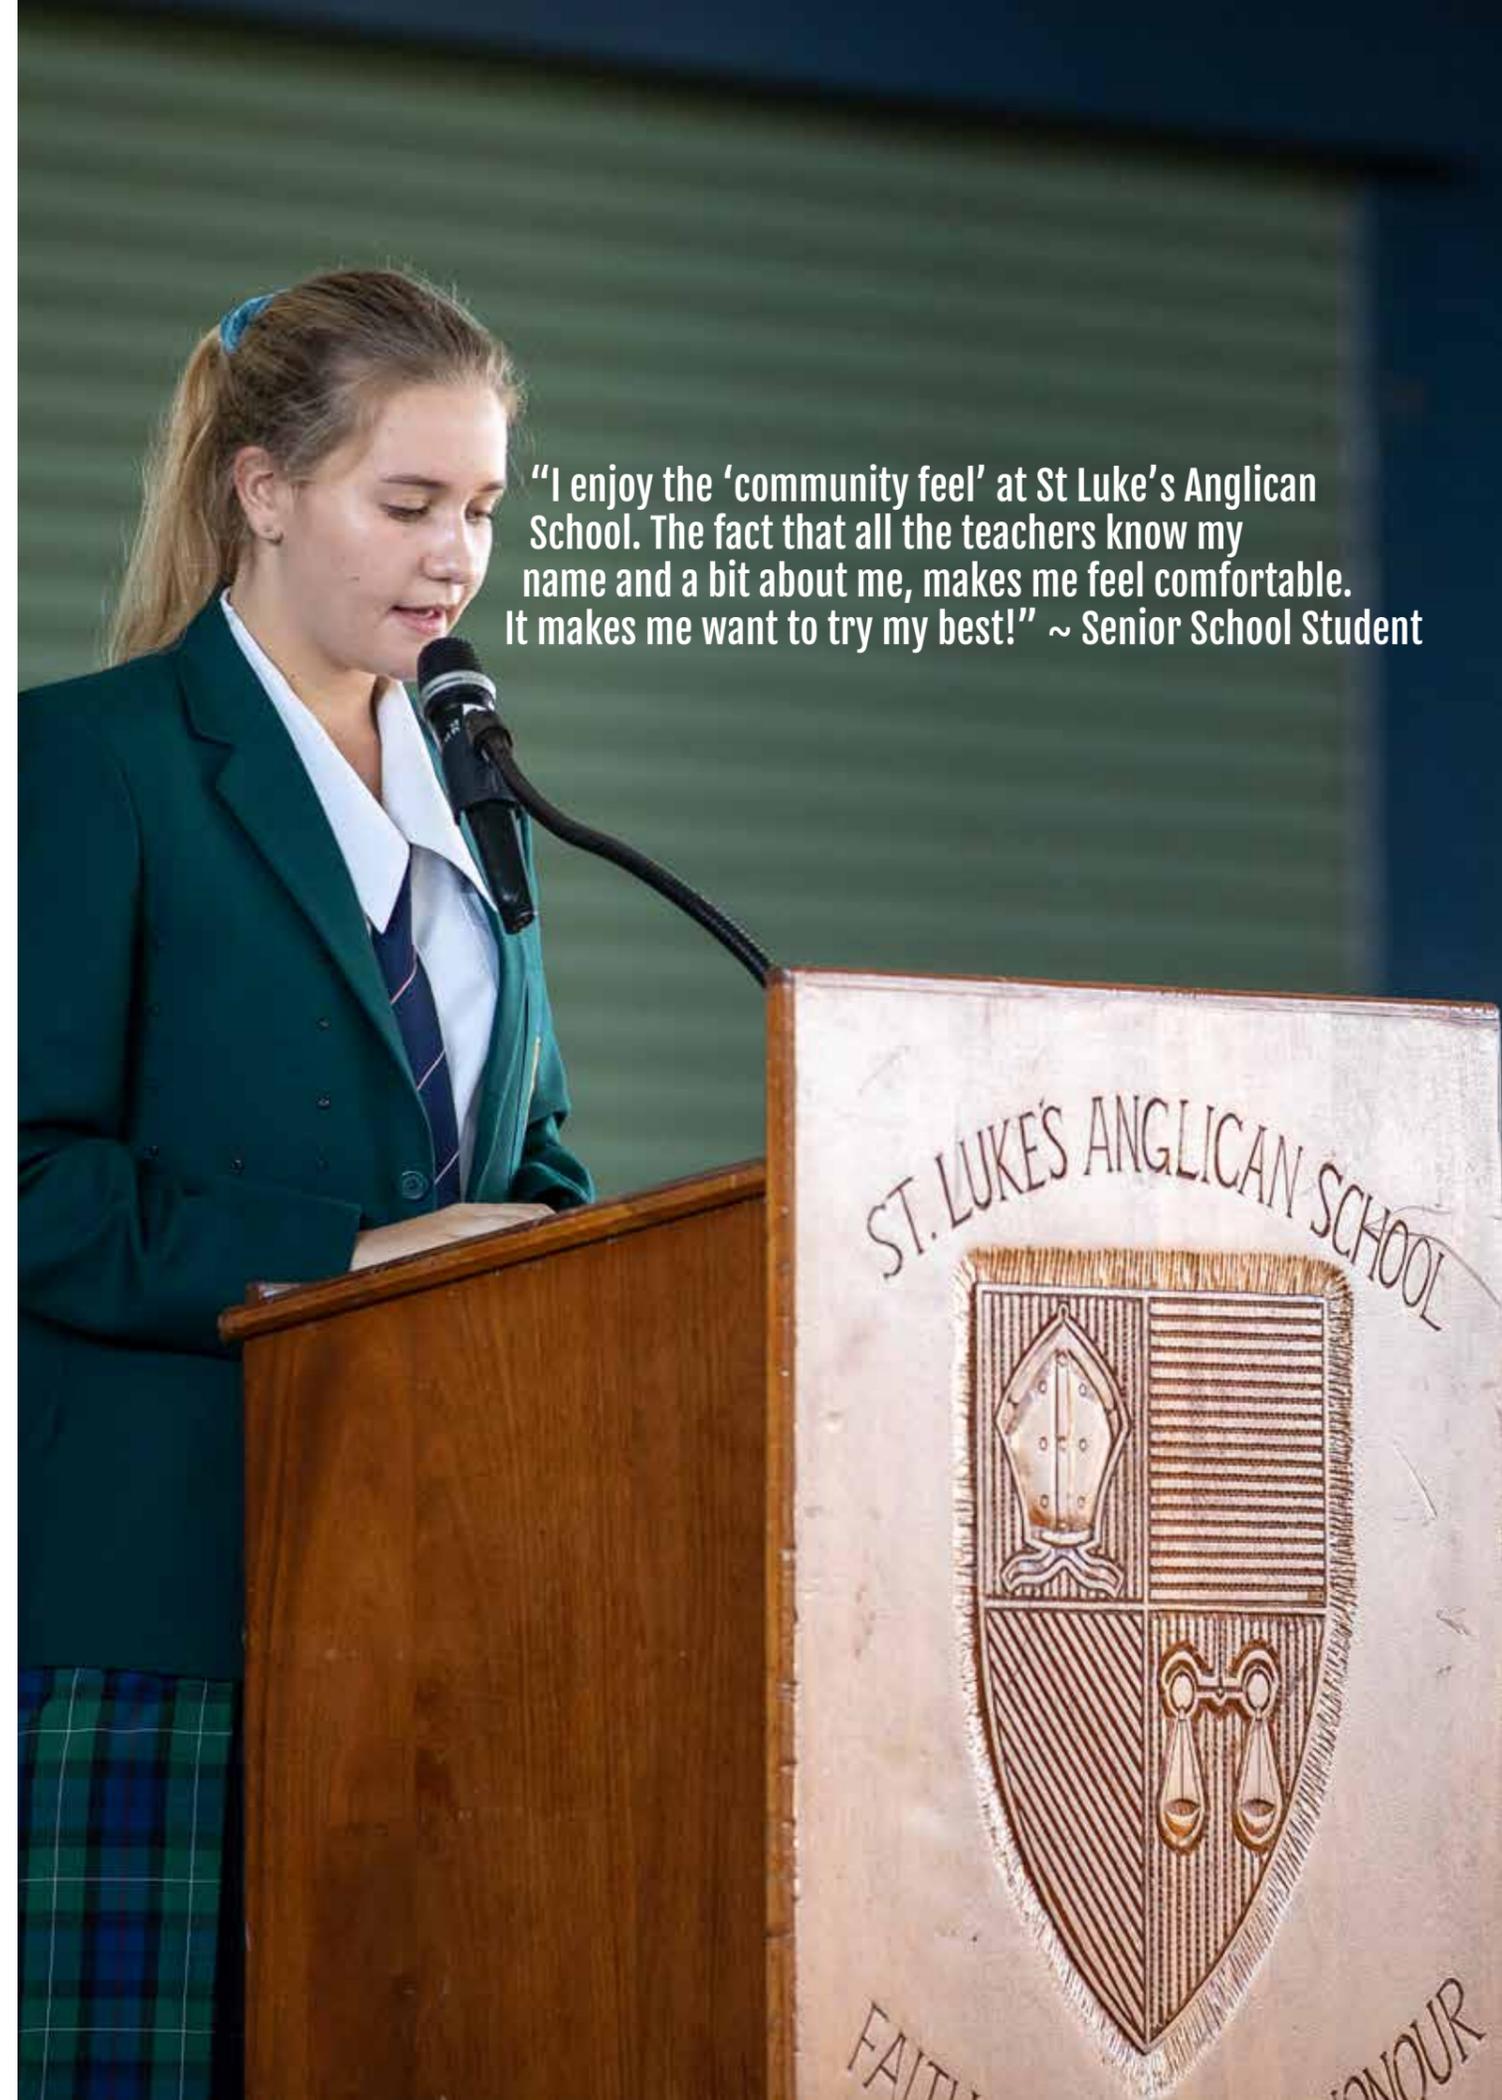

In 2019, our School made a firm commitment to our community to deliver on our (5) Strategic Priorities; Dynamic Learning, Inspired Teaching, Developing Character, Connected Community and Nurturing Growth.

Our Mission is to be a dynamic and inclusive learning community, grounded in our Anglican tradition and embracing excellence, service, innovation and global thinking. Our graduates will be known for their strength of heart, mind and character with a clear understanding of their place in God's world.

All members of our school community aspire to uphold our values through Faith Performance Honour. These values are given life through 'The St Luke's Way'. This gives guidance to all members of our school community for their actions and behaviours.

Our parents have identified 10 top reasons they have chosen St Luke's Anglican School for their family:

- #1 Quality of Teaching
- #2 Balanced Education
- #3 Academic Standards
- #4 Facilities and Resources
- #5 The School's Values
- #6 The Schools Reputation
- #7 The Range of Subject Choices
- #8 Class Sizes
- #9 Focus on Pastoral Care, Providing a Safe and Caring Environment
- #10 Quality Education at a Reasonable Expense

"I enjoy the 'community feel' at St Luke's Anglican School. The fact that all the teachers know my name and a bit about me, makes me feel comfortable. It makes me want to try my best!" ~ Senior School Student

Early Learning Centre

St Luke's Early Learning Centre recognises that families have their own culture and belief system which makes us all unique, and we seek to provide an environment that honours such differences. We encourage families to participate in their children's learning journey, to communicate and work collaboratively with our highly qualified staff. All of the staff at St Luke's are open to differences in family structure, values, views on parenting, and the role of children within the family.

St Luke's Early Learning Centre views education as a collaborative as well as an individual journey whereby children are encouraged to participate, verbalise and have ownership of their learning environments. We believe children learn and develop through play in an all-inclusive environment where they feel happy and secure.

Children at the Early Learning Centre experience a learning environment which is flexible and open-ended. This design promotes positive and creative dispositions for their future learning years. Teachers integrate play with intentional teaching strategies and encourage ideas or new concepts that may expand their existing knowledge.

Children have an opportunity to participate in physical activities and engage in discussions about health and safety. Children are encouraged to explore habits and routines that promote healthy lifestyles and good nutrition.

Our St Luke's Anglican School Early Learning Centre has been awarded for exceptional national quality in early education.

Primary School

St Luke's Anglican School Primary provides exceptional opportunities for children to believe in themselves and ask that they always give their best to tasks. Academic challenge and risk-taking are encouraged as an integral part of building confidence and competence. We strive to provide a welcoming, caring and secure environment where children can flourish. Our Primary classrooms are equipped with up-to-date technologies and have been recently refurbished, to embrace 21st Century learning within a vibrant and flexible educational environment.

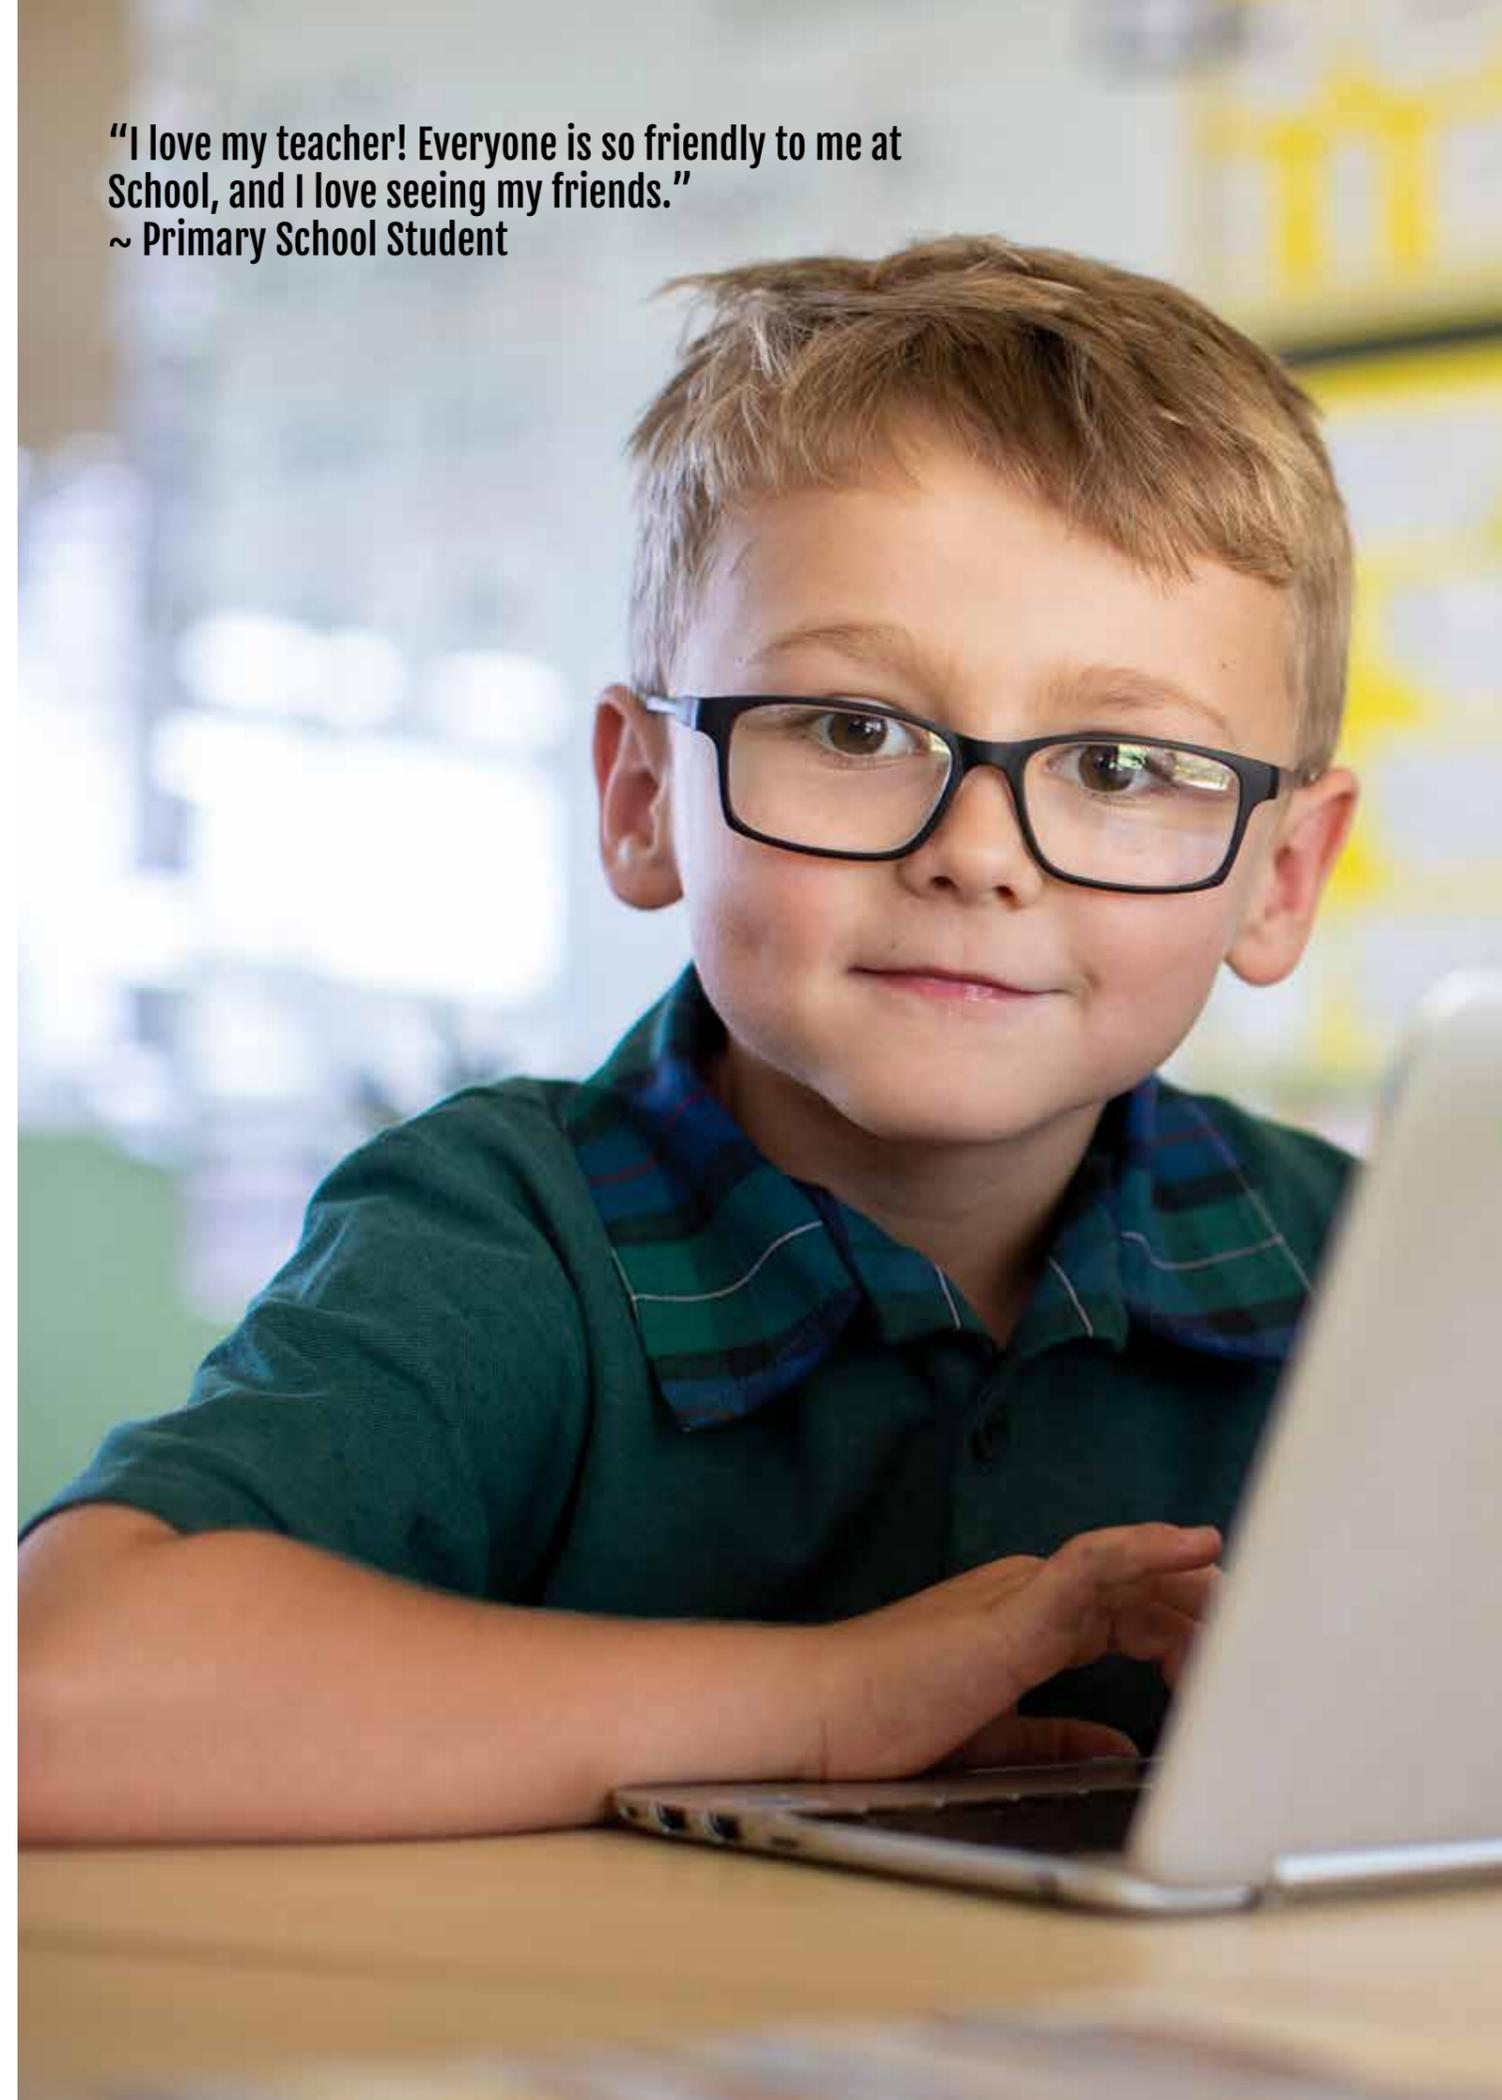

Our flexible learning environments enable and enhance the innovative teaching and learning we design for our students as they develop the 21st Century 'super skills'. Our classrooms are flexible learning spaces that inspire creativity and promote deep learning for students through communication, critical thinking, collaboration, character and citizenship. Our Primary School classrooms are a dynamic place, where the teachers and students are able to engage in an array of rich and varied learning experiences facilitating learning embedded in the use of technologies while responding to individual learning needs.

Through fostering a love of learning, we are dedicated to ensuring every child's formative years of schooling are an enjoyable, fun and secure experience. Our Primary School encourages students to be actively engaged in their learning experiences whilst exploring all that our curriculum offers. Students work with teachers to develop core skills in Literacy and Numeracy.

The Primary School curriculum is student-centred rather than subject-centred. We recognise that students learn differently from each other, and strategies and programs implemented in classrooms reflect that reality. Through inquiry-based learning, like Walker Learning, our students develop the wonder of 'Why?'. Whilst the amount of curriculum time for each subject is nominally allocated, teachers are encouraged to integrate subjects where possible, without losing the integrity or academic rigour of any subject. Primary School teachers embrace a number of age-relevant pedagogies in their teaching, including inquiry, collaboration, active and experiential learning, differentiation (recognition of learning styles), choice, and authentic and reflective assessment, while embracing a Positive Growth Mindset.

Lessons staffed by talented subject specialists in Languages, Music, and Sport expose students to a broad curriculum. We encourage each student to enjoy learning through engaging units of work that are linked to real-life experiences. We believe in our students and provide them with opportunities to extend their abilities academically through extension projects, clubs, competitions, and independent learning.

**"I love my teacher! Everyone is so friendly to me at School, and I love seeing my friends."
~ Primary School Student**

“We feel that St Luke’s Anglican School genuinely care about our children. They want our children to succeed as much as I do. I can’t thank the school enough for what they have done for both our daughters.”
~ Middle School Parent

Middle School

Educators at St Luke's take inspiration from the eclectic mix of students enrolled in the Middle School Program, who share a diverse range of learning styles and needs. The primary principle that underscores the Middle School educational process is the need to make learning relevant, engaging and challenging.

Highly qualified and experienced Middle School teachers have found that approaching an experiential-style of learning that encourages students to acquire knowledge from within the classroom as well as in the real world brings out the best academic results of students in their care. Students love to be able to apply what they have learned to real life situations and explore ideas and concepts beyond the pages of a textbook.

Students in the Middle School become active in research projects as well as adventure-learning in camps and excursions. They undertake peer activities that inspire teamwork, and learning through Service, where our students can undertake meaningful community-based activities.

Our new Middle School building superbly caters for the type of learning espoused by our Middle School philosophy through the creation of open spaces, outdoor precincts, flexible learning areas and breakout rooms. Aesthetically, the building is extremely inviting and creates a wonderfully stimulating and appealing environment in which to teach and learn.

Senior School

Our Senior School is an energetic and engaging place for students to become mature young men and women who are equipped for their years beyond school.

We aim to produce individuals who are independent, thoughtful and compassionate, and who will provide leadership and Service to the community as mature young adults.

We provide a holistic education for all students through a stimulating and engaging program of curricular and co-curricular experiences. We believe that all students have the ability to develop attitudes and skills to achieve their goals and dreams for their future.

Our students can choose from a wide range of academic subjects, enabling them to pursue their passions and plot their course for future studies.

Students entering Year 10 can already select subjects similar to those they will choose from in the Senior Program. All Year 10 students undertake English, Mathematics, Humanities and Science subjects. In addition, Year 10 students will choose 3 elective subjects from the remaining list, granting them a well-rounded course curriculum that will shape their own personal evolution.

Students entering Years 11 and 12 are offered a broad range of subjects from which to choose. With the exception of the subjects indicated in the Curriculum Handbooks, all subjects are OP eligible. Extension English and Extension Music are only offered to students in Semesters 3 and 4 of their Senior program, and there are prerequisites required if this is the course of study students wish to undertake. Vocational subjects are also offered in Years 11 and 12.

We know that St Luke's Anglican School students have bright futures ahead of them. In 2018, 95.9% of Year 12 graduates from St Luke's Anglican School were engaged in education, training or employment in the year after they completed school. 73% continued in some recognised form of education and training, with a bachelors degree being the most common. A further 22% transitioned directly into paid employment with no further study.

“St Luke’s Anglican School offers a well-rounded education, and the opportunities on offer are great! The School develops good citizens to go out into the community.”
~ Senior School Parent

**“St Luke’s Anglican School has an excellent culture where there is a strong respect between students and teachers. This has been built over many years and it’s a reward we reap today.”
~ St Luke’s Anglican School Teacher**

Support Services and Student Wellbeing

Research proves that the cognitive development of students is inextricably linked with their emotional and physical well-being, and schools that concentrate only on academia can never hope to fully maximise the potential of their students, whose lives revolve around school, work, family and personal issues.

Student Services at St Luke’s include those areas of school outside the academic curriculum including Student Protection, Pastoral Care, Behaviour Management, Student Leadership, Middle and Senior School Assemblies, Bus Transport, Student Counselling and Student Welfare, Personalised Performance Programs and many other student programs and issues as they arise in our changing world.

St Luke’s Pastoral Care Program is clear evidence of how seriously we take our responsibility to educate every unique student. Our guidance and support places emphasis on learning experiences which develop skills necessary to live productively in our complex society. St Luke’s students are offered countless opportunities to practice decision-making, problem solving, develop positive thought patterns, build sound interpersonal relationships, and work cooperatively and interdependently with others.

The St Luke’s school motto, Faith Performance Honour, are words that we work hard bringing to life within every student and as our school identity.

Our values are given life through our phrase ‘The St Luke’s Way’. This phrase gives guidance to all members of our school community for their actions and behaviours.

Faith

Serving God, respecting yourself and others, being tolerant, compassionate, empathetic and socially responsible.

Performance

Setting aspirational goals and working towards them, be organised, be involved, work with others, show commitment and do your best.

Honour

Show pride in your presentation, have pride in your work, embrace a growth mindset, your actions reflect what is morally right and be proud of your school.

Personalised Performance Programs

The School offers a number of Personalised Performance Programs to enable students, who are elite performers in their chosen field, the opportunity to balance these commitments with academic endeavours. Entry into the program requires students to meet a certain level of achievement in regard to their co-curricular activity. Programs are devised on an individual basis to give flexibility thereby ensuring students have every opportunity to achieve their potential academically as well as to meet the demands involved in training and preparation for the co-curricular activity.

Co-Curricular Activities at St Luke's Anglican School

All co-curricular activities are underpinned by a philosophy of participation. It is important that all students feel they have an opportunity, irrespective of ability, to be involved in and to contribute to the programs. In all areas students achieve to a very high level supported by outstanding staff.

In addition to Sporting and Arts activities, the Primary School also offer Science Club, Code Club, and the 'Big Ideas' Expo. A Makerspace in the Learning Hub allows students to explore, practise and refine many of the valuable skills required for the future - the ability to collaborate, think critically, innovate, integrate and create technologies to solve real world problems.

Co-Curricular Activities (Sport)

At St Luke's we offer a broad range of co-curricular opportunities. Twenty five sports and associated clubs are available for students to participate in each year. Sports currently on offer include:

Athletics	Australian Football

- \$185 - 5 days per week

School Shop (Workbooks/Stationery and Uniforms)

Please visit www.stlukes.qld.edu.au for more information.

Building Fund Donation (Tax Deductible)

\$200 per annum or \$50 per term may be paid to the The Building Fund Donation on a voluntary basis. St Luke's Anglican School has been endorsed as a deductible gift recipient under item 2.1.10 in sub-division 30-B of the Income Tax Assessment Act 1997, therefore all donations to the building fund are fully tax deductible.

Next Steps for Enrolment

We would like to invite you to make an application for enrolment at St Luke's Anglican School. The choice of a school for your child/ren is one of the most important decisions you will make as a parent. We want to assist you in any way we can.

You can book a tour of our school, or if you are ready to put an application in, you can do so online at www.stlukes.qld.edu.au.

Early Learning Centre Enrolments

We invite you to book a tour and experience first-hand the caring and exciting environment that our Early Learning Centre children love. Your child must have reached the age of 3 years before they are eligible to commence kindy. Children attending the kindy program are between the ages of 3 and 4 years and fully toilet trained. Children who enrol in the Pre-Preparatory class must have turned 4 years of age before 30 June in the year of entry to be eligible to commence.

Primary, Middle and Senior School Enrolments

Choosing a school for your son or daughter is one of the most important decisions that parents will make, and we want to invite you to spend some time at our School. Come and see for yourself why hundreds of families decided that St Luke's is the perfect school to usher their children through the resplendent educational and development terrain of childhood into early adulthood.
