# ST LAURENCE'S COLLEGE COMMUNITY COMMITTEE

## Meeting Format

The LCC is intended to be an informal friendly space for the committee members to work together and for the Chairs to communicate the hot topics from their area.

It is a chance for the greater Laurie's community to come along and hear what is happening around the school, have open dialogue in the form of a forum with the CLT and to understand what is needed and how we as a community can contribute to event execution & planning.

We will work collaboratively to resolve issues facing different Chairs and brainstorm across the attendees to work out how we can best support each other for the benefit of the boys and the whole college community.
