

NAVY CAREERS INFORMATION SESSION

The Royal Australian Navy offers you the chance to be a part of world events that will change your life and the lives of others.

We'll train you to make the most of your own natural abilities and to gain world class qualifications in a huge range of exciting jobs.
The Navy will teach you everything you need to know from scratch.

If you possess a willingness to lend a hand, have a keen sense of adventure and are a strong team player, then you can be a part of something greater than you could ever imagine. Peacekeeping efforts in East Timor, evacuations in the Solomon Islands and rescues off the coast of Australia; you could be a part of all these amazing events.

To learn more, attend the **Navy Careers Information Session**.
