Your family with beautiful natural smiles and *everyone* relaxed and looking great...  
Margherita personally guarantees it.

**The 100% All Smiles Guarantee™** - Margherita's guarantee for you - Naturally all my work is backed by a 110% satisfaction guarantee. As I specialise purely in family portraits I'm proud to say that it's rare that I don't get a great shot of everyone, but if for any reason you're not totally enthralled with your images I'd love to make it up to you with a romantic meal (with your special person) at one of my favourite restaurants - the fabulous 'Alchemy Restaurant & Bar' on the river in Brisbane.

"I never realized just how much I would love my family portraits"

After having some major surgery followed by 5 months of chemotherapy.. It was the biggest wake up call to prioritize my life on what's important, we had put off having family portraits for a couple of years. Now, if I wasn't going to be around, I did want something special for my girl to look at and SEE the love I have for her. After a friend recommended her we called the wonderful Margherita... We all really enjoyed the session. Our family's love shone through each image. I felt beautiful despite my appearance. My lovely husband and his Mum sat nearly in tears. Each day is a blessing from God. Each day now we have a vibrant snapshot into our life and love, some fun, some serious. I can't say I have a favourite, but I do love the one of my beautiful girl gazing from in front of the old shed. Thanks so much Margherita, its clearly evident you love what you do ... "I'm pretty sure I've heard of kissphotography, please tell me more..."

Margherita's portrait studio kissphotography specialise in creating Family Portraits. All her portraits are taken in natural outdoor locations - not in a studio. Her *studio* is a 'mobile studio' and she also conveniently shows you your images at your home. Margherita is also a published author - recently publishing our gorgeous coffee table book - this book captured a stunning collection of family portraits of Brisbane families and it was very excitedly received. She is well known throughout South-East Queensland for her natural and relaxed family photos and is described as being fun, very easy to get along with and a genuinely-natural people person who brings out their best.
