Scholarship Policy Statement

Our College's mission statement – In pursuit of individual excellence – encapsulates our approach to education and emphasises the individuality of the process in which we believe.

By building on students' abilities and developing their varying talents, we aim to achieve success for every child in some area of the curriculum. To do this, we must accept differences among students and encourage each of them to find and build upon his or her individual strengths. Our underlying assumption is that self-esteem and confidence, the foundations of balanced lives, are achieved through repeated success, encouragement and care.

We recognise the role that we must play in preparing our students for healthy, productive lives in a rapidly changing world. To this end, our educational program is based on five key premises:

Christian Living:	We follow Christian values and beliefs within the Anglican tradition.
Technology:	All students must be prepared for a world of rapid and wide ranging technological change.
Environment Awareness:	Through understanding and action, we can all respond to the pressing environmental issues of our time.
Multi-culturalism:	Our students must function effectively in the cultural diversity of our nation and the world.
Australian Identity:	To be Australian and to demonstrate the values and characteristics of our country are important for individual identity and national well-being.

To achieve our mission, we offer a broadly-based curriculum and a strong extra-curricular program. We believe that only through vigorous involvement in the College's offerings can students get the best from their education and fulfil their God-given potential.

Families of all backgrounds are warmly invited to be part of our College and to share in our vision for excellence.

Each offer of scholarship is subject to the completion of a successful enrolment interview which requires full disclosure of any special needs or learning disabilities.

Please note that it will not be possible to enter into further discussions about an applicant's suitability, once the final decision has been made.

The College Council reserves the right to determine annually the College's scholarship offerings (ie. how many and/or which categories).

STUDENT PROGRESS WILL BE EVALUATED ANNUALLY AND WHERE EXPECTATIONS HAVE NOT BEEN MET, THE STUDENTS WILL BE ASKED TO JUSTIFY THE CONTINUANCE OF HIS/HER SCHOLARSHIPS.

Mrs Janelle Lecinski
Deputy Principal
