The amount paid by the issuer satisfies the obligations of the purchaser under general condition 15.5 to the extent of the payment.
- 15.7 Nothing in this general condition limits the rights of the vendor if the purchaser defaults under this contract or repudiates this contract, except as provided in general condition 15.6.
- 15.8 This general condition is subject to general condition 14.2 [deposit].

16. BANK GUARANTEE

- 16.1 This general condition only applies if the applicable box in the particulars of sale is checked.

 - (a) settlement;
 - (b) the date that is 45 days before the bank guarantee expires;
 - (c) the date on which this contract ends in accordance with general condition 35.2 [default not remedied] following breach by the purchaser; and

- 16.6 The vendor may claim on the bank guarantee without prior notice if the purchaser defaults under this contract or repudiates this contract and the contract is ended. The amount paid by the bank satisfies the obligations of the purchaser under general condition 16.4 to the extent of the payment.
- 16.7 Nothing in this general condition limits the rights of the vendor if the purchaser defaults under this contract or repudiates this contract except as provided in general condition 16.6.
- 16.8 This general condition is subject to general condition 14.2 [deposit].

17. SETTLEMENT

- 17.1 At settlement –
 - (a) the purchaser must pay the balance; and
 - (b) the vendor must –
 - (i) do all things necessary to enable the purchaser to become the registered proprietor of the land; and
 - (ii) give either vacant possession or receipt of rents and profits in accordance with the particulars of sale.
- 17.2 Where settlement is not conducted electronically, settlement must be conducted between the hours of 10.00 am and 4.00 pm unless the parties agree otherwise.

- 17.4 The purchaser must pay all money other than the deposit in accordance with a written direction of the vendor or the vendor's legal practitioner or conveyancer.

18. ELECTRONIC SETTLEMENT

- 18.1 Settlement and lodgement of the instruments necessary to record the purchaser as registered proprietor of the land will be conducted electronically in accordance with the Electronic Conveyancing National Law. This general condition 18 has priority over any other provision of this contract to the extent of any inconsistency.
- 18.2 A party must immediately give written notice if that party reasonably believes that settlement and lodgement can no longer be conducted electronically. General condition 18 ceases to apply from when such a notice is given.
- 18.3 Each party must –
 - (a) be, or engage a representative who is, a subscriber for the purposes of the Electronic Conveyancing National Law;
 - (b) ensure that all other persons for whom that party is responsible and who are associated with this transaction are, or engage, a subscriber for the purposes of the Electronic Conveyancing National Law; and
 - (c) conduct the transaction in accordance with the Electronic Conveyancing National Law.
- 18.4 The vendor must open the electronic workspace (“workspace”) as soon as reasonably practicable and nominate a date and time for settlement. The inclusion of a specific date and time for settlement in a workspace is not of itself a promise to settle on that date or at that time. For the purposes of any electronic transactions legislation (only) the workspace is an electronic address for the service of notices and for written

communications.

- 18.5 This general condition 18.5 applies if there is more than one electronic lodgement network operator in respect of the transaction. In this general condition 18.5 “the transaction” means this sale and purchase and any associated transaction involving any of the same subscribers.

To the extent that any interoperability rules governing the relationship between electronic lodgement network operators do not provide otherwise –

- (a) the electronic lodgement network operator to conduct all the financial and lodgement aspects of the transaction after the workspace locks must be one which is willing and able to conduct such aspects of the transaction in accordance with the instructions of all the subscribers in the workspaces of all the electronic lodgement network operators after the workspace locks;
- (b) if two or more electronic lodgement network operators meet that description, one may be selected by purchaser’s incoming mortgagee having the highest priority but if there is no mortgagee of the purchaser, the vendor must make the selection.

- 18.6 Settlement occurs when the workspace records that –

- (a) there has been an exchange of funds or value between the exchange settlement account or accounts in the Reserve Bank of Australia of the relevant financial institutions or their financial settlement agents in accordance with the instructions of the parties; or
- (b) if there is no exchange of funds or value, the documents necessary to enable the purchaser to become registered proprietor of the land have been accepted for electronic lodgement.

- 18.7 The parties must do everything reasonably necessary to effect settlement –

- (a) electronically on the next business day, or
- (b) at the option of either party, otherwise than electronically as soon as possible –

if, after the locking of the workspace at the nominated settlement time, settlement in accordance with general condition 18.6 has not occurred during the hours that the settling ELNO operates in the State of Victoria.

- 18.8 Each party must do everything reasonably necessary to assist the other party to trace and identify the recipient of any missing or mistaken payment and to recover the missing or mistaken payment.

- 18.9 The vendor must before settlement –

- (a) deliver any keys, security devices and codes (“keys”) to the estate agent named in the contract;
- (b) direct the estate agent to give the keys to the purchaser or the purchaser’s nominee on notification of settlement by the vendor, the vendor’s subscriber or the electronic lodgement network operator;
- (c) deliver all other physical documents and items (other than the goods sold with the land to which the purchaser is entitled at settlement), and any keys if not delivered to the estate agent, to the vendor’s subscriber or, if there is no vendor’s subscriber, confirm in writing to the purchaser that the vendor holds those documents, items and keys at the vendor’s address set out in the contract; and
- (d) give, or direct its subscriber to give, all those documents and items and any such keys to the purchaser or the purchaser’s nominee on notification by the electronic lodgement network operator of settlement.

- (a) the particulars of sale specify that GST (if any) must be paid in addition to the price; or
- (b) GST is payable solely as a result of any action taken or intended to be taken by the purchaser after the day of sale, including a change of use; or
- (c) the particulars of sale specify that the supply made under this contract is of land on which a ‘farming business’ is carried on and the supply (or part of it) does not satisfy the requirements of section 38-480 of the GST Act; or
- (d) the particulars of sale specify that the supply made under this contract is of a going concern and the supply (or a part of it) does not satisfy the requirements of section 38-325 of the GST Act.

- 19.3 The purchaser is not obliged to pay any GST under this contract until a tax invoice has been given to the purchaser, unless the margin scheme applies.

- 19.4 If the particulars of sale specify that the supply made under this contract is of land on which a 'farming business' is carried on –
- (a) the vendor warrants that the property is land on which a farming business has been carried on for the period of 5 years preceding the date of supply; and
 - (b) the purchaser warrants that the purchaser intends that a farming business will be carried on after settlement on the property.
- 19.5 If the particulars of sale specify that the supply made under this contract is a 'going concern':
- (a) the parties agree that this contract is for the supply of a going concern; and

 - (c) the vendor warrants that the vendor will carry on the going concern until the date of supply.
- 19.6 If the particulars of sale specify that the supply made under this contract is a 'margin scheme' supply, the parties agree that the margin scheme applies to this contract.
- 19.7 In these general conditions –
- (a) 'GST Act' means *A New Tax System (Goods and Services Tax) Act 1999* (Cth); and
 - (b) 'GST' includes penalties and interest.

20. LOAN

- 20.1 If the particulars of sale specify that this contract is subject to a loan being approved, this contract is subject to the lender approving the loan on the security of the property by the approval date or any later date allowed by the vendor.
- 20.2 The purchaser may end the contract if the loan is not approved by the approval date, but only if the purchaser –
- (a) immediately applied for the loan; and
 - (b) did everything reasonably required to obtain approval of the loan; and
 - (c) serves written notice ending the contract, together with written evidence of rejection or non-approval of the loan, on the vendor within 2 clear business days after the approval date or any later date allowed by the vendor; and,
 - (d) is not in default under any other condition of this contract when the notice is given.
- 20.3 All money must be immediately refunded to the purchaser if the contract is ended.

21. BUILDING REPORT

- 21.1 This general condition only applies if the applicable box in the particulars of sale is checked.

 - (i) a registered building surveyor;
 - (ii) a registered building inspector;

 - (iv) an architect,
 which is –
 - (v) prepared in compliance with Australian Standard AS 4349.1-2007;
 - (vi) identifies a current defect in a structure on the land; and
 the author states is a major defect.
 - (b) gives the vendor a copy of the report and a written notice ending this contract; and
 - (c) is not then in default.
- 21.3 All money paid must be immediately refunded to the purchaser if the contract ends in accordance with this general condition.
- 21.4 A notice under this general condition may be served on the vendor's legal practitioner, conveyancer or estate agent even if the estate agent's authority has formally expired at the time of service.
- 21.5 The registered building practitioner may inspect the property at any reasonable time for the purpose of preparing the report.

22. PEST REPORT

- 22.1 This general condition only applies if the applicable box in the particulars of sale is checked.
- 22.2 The purchaser may end this contract within 14 days from the day of sale if the purchaser –
- (a) obtains a written report from a pest inspector which is prepared in accordance with the relevant Australian Standard approved on behalf of the Council of Standards Australia and which discloses a current pest infestation on the land and designates it as a major infestation affecting the structure of a building on the land;
 - (b) gives the vendor a copy of the report and a written notice ending this contract; and
 - (c) is not then in default.
- 22.3 All money paid must be immediately refunded to the purchaser if the contract ends in accordance with this general condition.
- 22.4 A notice under this general condition may be served on the vendor's legal practitioner, conveyancer or estate agent even if the estate agent's authority has formally expired at the time of service.

- 23.3 The purchaser must provide copies of all certificates and other information used to calculate the adjustments under general condition 23 if requested by the vendor.

The specified period in the clearance certificate must include the actual date of settlement.
- 24.3 The remaining provisions of this general condition 24 only apply if the purchaser is required to pay the Commissioner an amount in accordance with section 14-200(3) or section 14-235 of Schedule 1 to the Tax Act ("the amount") because one or more of the vendors is a foreign resident, the property has or will have a market value not less than the amount set out in section 14-215 of the legislation just after the transaction, and the transaction is not excluded under section 14-215(1) of the legislation.
- 24.4 The amount is to be deducted from the vendor's entitlement to the contract consideration. The vendor must pay to the purchaser at settlement such part of the amount as is represented by non-monetary consideration.
- 24.5 The purchaser must –
- (a) engage a legal practitioner or conveyancer ("representative") to conduct all the legal aspects of settlement, including the performance of the purchaser's obligations under the legislation and this general condition; and
 - (b) ensure that the representative does so.
- 24.6 The terms of the representative's engagement are taken to include instructions to have regard to the vendor's interests and instructions that the representative must –
- (a) pay, or ensure payment of, the amount to the Commissioner in the manner required by the Commissioner and as soon as reasonably and practicably possible, from moneys under the control or direction of the representative in accordance with this general condition if the sale of the property settles;

(c) otherwise comply, or ensure compliance, with this general condition;

despite –

(d) any contrary instructions, other than from both the purchaser and the vendor; and

24.9 The vendor must provide the purchaser with such information as the purchaser requires to comply with the purchaser's obligation to pay the amount in accordance with section 14-200 of Schedule 1 to the Tax Act. The information must be provided within 5 business days of request by the purchaser. The vendor warrants that the information the vendor provides is true and correct.

24.10 The purchaser is responsible for any penalties or interest payable to the Commissioner on account of late payment of the amount.

25. GST WITHHOLDING

25.1 Words and expressions defined or used in Subdivision 14-E of Schedule 1 to the Tax Act or in the GST Act have the same meaning in this general condition unless the context requires otherwise. 25.4 The remaining provisions of this general condition 25 apply if the purchaser is or may be required to pay the Commissioner an *amount in accordance with section 14-250 of Schedule 1 to the Tax Act because the property is *new residential premises or *potential residential land in either case falling within the parameters of that section, and also if the sale attracts the operation of section 14-255 of the Tax Act. Nothing in this general condition 25 is to be taken as relieving the vendor from compliance with section 14-255.

25.5 The amount is to be deducted from the vendor's entitlement to the contract *consideration and is then taken to be paid to the vendor, whether or not the vendor provides the purchaser with a GST withholding notice in accordance with section 14-255 of Schedule 1 to the Tax Act. The vendor must pay to the purchaser at settlement such part of the amount as is represented by non-monetary consideration.

25.6 The purchaser must –

despite –

- (d) any contrary instructions, other than from both the purchaser and the vendor; and
- (e) any other provision in this contract to the contrary.

25.8 The representative is taken to have complied with the requirements of general condition 25.7 if –

- (a) settlement is conducted through an electronic lodgement network; and
- (b) the amount is included in the settlement statement requiring payment to the Commissioner in respect of this transaction.

25.9 The purchaser may at settlement give the vendor a bank cheque for the amount in accordance with section 16-30 (3) of Schedule 1 to the Tax Act, but only if –

- (a) so agreed by the vendor in writing; and
- (b) the settlement is not conducted through an electronic lodgement network.

However, if the purchaser gives the bank cheque in accordance with this general condition 25.9, the vendor must –

- (c) immediately after settlement provide the bank cheque to the Commissioner to pay the amount in relation to the supply; and
- (d) give the purchaser a receipt for the bank cheque which identifies the transaction and includes particulars of the bank cheque, at the same time the purchaser gives the vendor the bank cheque.

25.10 A party must provide the other party with such information as the other party requires to –

- (a) decide if an amount is required to be paid or the quantum of it, or
- (b) comply with the purchaser's obligation to pay the amount,

in accordance with section 14-250 of Schedule 1 to the Tax Act. The information must be provided within 5 business days of a written request. The party providing the information warrants that it is true and correct.

25.11 The vendor warrants that –

- (a) at settlement, the property is not new residential premises or potential residential land in either case falling within the parameters of section 14-250 of Schedule 1 to the Tax Act if the vendor gives the purchaser a written notice under section 14-255 to the effect that the purchaser will not be required to make a payment under section 14-250 in respect of the supply, or fails to give a written notice as required by and within the time specified in section 14-255; and
- (b) the amount described in a written notice given by the vendor to the purchaser under section 14-255 of Schedule 1 to the Tax Act is the correct amount required to be paid under section 14-250 of the legislation.

25.12 The purchaser is responsible for any penalties or interest payable to the Commissioner on account of non-payment or late payment of the amount, except to the extent that –

- (a) the penalties or interest arise from any failure on the part of the vendor, including breach of a warranty in general condition 25.11; or
- (b) the purchaser has a reasonable belief that the property is neither new residential premises nor potential residential land requiring the purchaser to pay an amount to the Commissioner in accordance with section 14-250(1) of Schedule 1 to the Tax Act.

The vendor is responsible for any penalties or interest payable to the Commissioner on account of non-payment or late payment of the amount if either exception applies.

HOW RATES ARE CALCULATED

Rates are calculated by multiplying the Capital Improved Value by the rate in the dollar as shown on this notice. Capital Improved Value is the value of land plus buildings/improvements.

RATE CAPPING

Council has complied with the Victorian Government's rates cap of 3.00%. The cap applies to the average annual increase of rates and charges. Rates and charges for your property may have increased or decreased by a different percentage amount for the following reasons –

- (i.) The valuation of your property relative to the valuation of other properties in the municipality;
- (ii.) The application of any differential rate by Council;
- (iii.) The inclusion of other rates and charges not covered by the Victorian Government's rate cap.

COMPARATIVE DIFFERENTIAL RATES

All rating differentials adopted by Council for 2025/2026 are shown for comparative purposes only. The rates shown are based on the same rateable valuation.			
Differential	General	Commercial	Farm
CIV	\$2,250,000	\$2,250,000	\$2,250,000
Rate in \$	0.00148690	0.00245330	0.00095160
	\$ 3,345.53	\$ 5,519.93	\$ 2,141.10

PAYMENT OF RATES

Should you wish to pay in full, you may do so by the first instalment due date of 30 September 2025 to avoid incurring interest charges and recovery action.

Allocation of payments

Whenever you make a payment the money is allocated in this order (as applicable):

1. Legal costs
2. Interest charges
3. Overdue Council and Victorian Government rates, charges and levies
4. Current year Council and Victorian Government rates, charges and levies

Instigation of recovery action for outstanding rates and charges will incur a recovery fee.

Dishonouring of a cheque or direct debit payment will incur a payment rejection administration fee.

INTEREST PENALTY ON LATE PAYMENTS

Late or non-payment of instalments will incur penalty interest at a rate of 10% per annum as set out under Section 2 of the Penalty Interest Act 1983. Any current year overdue instalments will accrue from the due date of the instalment until paid.

The amounts shown on this notice will not necessarily include all outstanding amounts for legal costs and interest at the date of payment. Please contact our Customer Service to find out the up-to-date total due before making payment. Arrears of rates and charges continue to attract interest until paid in full.

PENSIONER CONCESSIONS

To be eligible you must hold an appropriate pensioner concession card, reside at the address for which you are claiming a concession, and the address on the card must be the same as your residential address. Application forms and eligibility details are available at www.surfcoast.vic.gov.au

RATES ASSISTANCE/HARDSHIP

If you are experiencing difficulty paying your rates and charges, please contact Council's revenue department to confidentially discuss alternative payment plans. Legal proceedings can be avoided by communication with Council staff. Owners of rateable land may be eligible to enter into alternative payment plans or defer rates and charges. Interest will not accrue on any Council approved payment plans whilst the payment plan schedule is being met. Please contact Customer Service or apply for a Rates Payment Plan Application via www.surfcoast.vic.gov.au/about-us/permits-and-forms, click on 'Rates', or refer to Council's Hardship Policy via our website.

PROPERTY OWNERSHIP/ADDRESS CHANGES

Council must be notified in writing of changes to ownership and postal addresses. Liability for payment of rates remains with the owner listed on Council's records until a Notice of Acquisition is received from the purchaser.

ANNUAL PROPERTY VALUATION

The Valuer-General Victoria is responsible for all property valuations. Valuations are undertaken every year and represent the level of value as at 1 January, having regard to the existing condition of the property.

WHAT IS THE AVPCC?

Each property is allocated an Australian Valuation Property Classification Code (AVPCC). This code is used to determine the land use classification for Emergency Services and Volunteers Fund (ESVF) calculation purposes.

The Valuer General of Victoria will determine the predominant/primary use when allocating the AVPCC to the land.

DISAGREEMENT WITH NOTICE

If you disagree with your rates notice and choose to appeal, you must still pay your rates by the due date. Regardless of any objection or appeal, rates must be paid as assessed by the due dates, otherwise interest will be charged. If your objection/appeal is successful, we will credit your account or refund.

If, after receiving your rates notice, you believe you own property that may be eligible for an exemption from the municipal charge, please contact Customer Service.

VICTORIAN GOVERNMENT EMERGENCY SERVICES AND VOLUNTEERS FUND

The Emergency Services and Volunteers Fund (ESVF) has been introduced by the Victorian Government to replace the Fire Services Property Levy. Under the new Fire Services Property Amendment (Emergency Services and Volunteers Fund) Act 2025, Council must collect the ESVF on behalf of the Victorian Government. Each property is allocated an Australian Valuation Property Classification Code (AVPCC) by the Valuer General Victoria which is used to determine land use classification for the ESVF. Please refer to www.sro.vic.gov.au/esvf for further information about this Victorian Government levy and direct any questions relating to this charge to the ESVF SUPPORT LINE: **1300 819 033**

About your rates and charges

Victorian Government Charges

Emergency Services and Volunteers Fund (Replacing Fire Services Property Levy)

The Emergency Services and Volunteers Fund (ESVF) is a new levy introduced by the Victorian Government, effective from 1 July 2025. It replaces the previous Fire Services Property Levy.

The ESVF itself is designed to provide financial support to a broader range of emergency services. Its purpose and rate are not set by Council. Council is required to collect and pass the funds on in full to the Victorian Government.

The ESVF is calculated based on a fixed charge, which varies by property type, and a variable charge based on the property's capital improved value (CIV).

Concessions are available for eligible pensioners, veterans, and single farm enterprises. Additionally, eligible CFA and VICSES volunteers and life members may receive a rebate on their principal place of residence or farm.

Enquiries about the ESVF, its uses and how rebates work need to be directed to the **Victorian Government ESVF Support Line: 1300 819 033** or email esvf@dtf.vic.gov.au

Further details can be found on the Victorian Government's Department of Treasury and Finance website: www.dtf.vic.gov.au/emergency-services-and-volunteers-fund

Increase to Environment Protection Authority Levy impacting Waste Service Charge

Our Waste Service Charge is separated from general rates to ensure that waste charges are aligned with the actual costs of delivering waste services.

Our waste service costs are increasing each year, and in 2025-26 will be heavily impacted by a 27.8 per cent increase in the Victorian Government (Environment Protection Authority) Municipal Waste Levy.

This levy is collected by Council on behalf of the Victorian Government via our waste service charge and waste disposal charges at our transfer stations and landfill.

Increases in the Victorian Government Municipal Waste Levy over the past eight years are outlined below.

Financial Year	EPA Landfill Levies per Tonne for Municipal Waste	Annual Increase %	Increase % From 2018-19
2018-19	\$32.22	N/A	N/A

Accompanying this letter is 'Provision of Services Documents' outlining the conditions of connection.

Part A - Includes a schedule outlining the specific requirements and charges for the connection, and remittance advice.

Part C - Water Supply by Agreement (To be signed by you and returned to Barwon Water)

Your chosen plumber will also need to engage Barwon Water to complete the connection to our water main and for the supply and installation of the master meter and sub meters. Barwon Water works will not proceed until the group's representative has confirmed with Barwon Water the final number of participating members of the Group, and their payments have been received.

PART B
WATER SUPPLY BY AGREEMENT
STANDARD CONDITIONS AND DEFINITIONS

Under the authority of and subject to the provisions of the Water Act 1989 and relevant bylaws Barwon Region Water Corporation (**Barwon Water**) may enter into an agreement with a person (the "**Customer**") for the supply of water to property owned or occupied by that person (the "**Land**").

Terms and Conditions:

1. Supply

Subject to the Customer satisfying any prerequisites as advised to the Customer by Barwon Water, Barwon Water shall supply water to the Land by providing a point of connection located as specified by Barwon Water.

2. Entitlement to supply

2.1 All rights of the Customer for the supply of water on these terms and conditions are personal. No right or entitlement to a supply of water runs with the Land.

2.2 Barwon Water shall not be obliged to continue a supply of water to the Land if the Customer ceases to own or occupy each part of the Land.

2.3 If the Customer ceases to be the owner or occupier (as the case may be) of the whole of the land, the Customer shall give Barwon Water notification in writing of the change not later than two days prior to the intended change.

2.4 The Customer shall advise any future owner or occupier of the land or part of the land:

a) That the supply of water to the land is by agreement with Barwon Water which does not run with the land and such potential owner or occupier will need to deal with Barwon Water in relation to continuing supply of water to the land;

b) If water is supplied through any private reticulation water system owned by a third party, that the potential owner or occupier will need to deal with the owner/s of that system in relation to its continued use to convey water to the Land.

3. Purpose of supply

3.1 Water taken by the Customer shall be used only for purposes specified by Barwon Water.

3.2 Barwon Water does not undertake to supply water of a specific quality or quantity or to provide any degree of pressure or continuity of supply. If Barwon Water becomes aware that the quality of supply is unsatisfactory for any of the purposes specified by Barwon Water, Barwon Water may suspend or terminate the further supply of water.

4. Prohibition on on-supply

4.1 The Customer is prohibited from selling or on-supplying water to other users.

4.2 The Customer shall not extend, nor permit any other person to extend any private water reticulation system connected to the point of water supply, to facilitate the provision of a supply of water to other land unless with the written consent of Barwon Water.

5. Temporary nature of supply

5.1 The provision of water on these terms and conditions is a temporary means of supply with Barwon Water having no obligation to either continue to provide supply or move to the provision of an alternate supply whether temporary or otherwise.

5.2 The provision of water supplied on these terms and conditions shall not be relied on by the Customer as a ground of objection to the provision of a permanent supply of water to the land as a serviced property under the Water Act 1989.

5.3 If the Land becomes a serviced property within the meaning of the Water Act 1989, then the Customer shall, if and when required by Barwon Water, cause the private works to be disconnected at the point of supply. Barwon Water may require the customer to contribute to the cost of the water supply system, which will be made available for connection as a consequence of the land becoming a declared serviced property.

6. Meter

6.1 Barwon Water shall provide a meter appropriate for registering the quantity of water supplied to the Land. Barwon Water shall retain ownership of the meter.

6.2 The Customer shall not, nor cause or permit any other person to, bypass or interfere with Barwon Water's water meter recording the volume of water delivered and acknowledges that to do so constitute an offence under the Water Act 1989.

6.3 Should the said meter fail to register or, in the opinion of the Executive Manager Customer Services or his nominee or such other officer of Barwon Water having responsibility for this function within Barwon Water ('**Authorised Officer**'), register incorrectly during any period, then by inspection of previous records or in

such other way as he thinks fit he may estimate the quantity of water supplied during the said period and the Customer shall be deemed to have been supplied with the quantity so estimated and shall pay for such quantity at the rate and in the manner hereinafter provided. Any dispute shall be finally determined by Barwon Water by its Authorised Officer.

6.4 Where water supplied on these terms and conditions is supplied to the Customer through a private water reticulation system that supplies water to other customers, and the volume of water recorded by a meter placed to record all the water passing through the private water reticulation system is more than the total volume of water recorded by all meters placed to record the water passing from the private water reticulation system to each customer connected to the private water reticulation system, then the Customer shall:

- a) in the event that Barwon Water by its Authorised Officer in its sole discretion, but acting reasonably, cannot determine a more equitable apportionment of the cost of that volume of water being the difference in volumes recorded, pay in equal shares with all other customers taking water through the private water reticulation system, the cost of the water comprising that difference, or
- b) Where Barwon Water makes an unequal apportionment of the cost of the water, pay to Barwon Water the sum so determined.

7. Fees and charges

7.1 The Customer shall pay Barwon Water's charges for the supply of water, which shall be as advised to the Customer from time to time.

7.2 In the event that Barwon Water's charges for the supply of water or other moneys due to Barwon Water are unpaid for a period greater than 30 days, Barwon Water may, in addition to recovering the amounts due in a court of law discontinue the supply pursuant to paragraph 11.

8. Customer works

8.1 The Customer shall install, maintain, alter or repair any private water reticulation system connecting to the point of water supply provided by Barwon Water, in accordance with the reasonable requirements of Barwon Water and all relevant Acts, Regulations and by-laws.

8.2 The Customer should consider providing on-site storage for water to cater for circumstances of interruption to or restriction of the supply of water.

9. Interruptions to supply

9.1 Barwon Water's main or other works from which the Land is to be supplied may be shut off with or without notice for maintenance repair or operational reasons. Barwon Water shall when reasonably possible, notify the Customer when there is or may be an interruption to supply for such purposes.

10. Variations to supply

10.1 Barwon Water may at any time replace alter or abandon the water reticulation system serving the point of connection to the Land. If Barwon Water considers it appropriate to continue to supply water to the Customer, the Customer shall bear the cost of any works which are necessary to maintain supply or provide an alternative means of supply.

11. Termination of supply

11.1 Barwon Water may at any time elect in its sole discretion to stop the supply of water to the Land. Barwon Water shall give not less than thirty days written notice to the Customer of its intention to stop supply unless for good reason beyond the control of Barwon Water the supply cannot be reasonably maintained during that period, in which event Barwon Water may give such lesser period of written notice as is reasonably appropriate in the circumstances.

11.2 In the event that Barwon Water discontinues the supply of water the Customer shall, in accordance with all relevant Acts, Regulations and by-laws, disconnect the Customer's private reticulation works at the point of supply. In the event that the Customer does not cause the disconnection to occur as required by Barwon

Water, Barwon Water may cause such work to be done and the cost of so doing shall be recoverable from the Customer as a debt due to Barwon Water.

12. Variations to terms and conditions

12.1 Barwon Water may amend, vary, add to, or replace any of these terms and conditions of supply by giving the customer not less than 30 days written notice of the proposed changes.

13. Application of By-laws

13.1 Any matters relating to the supply, use of and charges for water provided under this agreement not specifically provided for in these terms and conditions of supply shall be in accordance with the provisions of Barwon Water's by-laws made from time to time for the regulating of supply and use of water within the area under Barwon Water's jurisdiction.

**CURRENT LAND TAX AND

Notes to Certificate - Land Tax

Certificate No: 98503272

Power to issue Certificate

1. Pursuant to section 95AA of the *Taxation Administration Act 1997*, the Commissioner of State Revenue must issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

Amount shown on Certificate

2. The Certificate shows any land tax (including Vacant Residential Land Tax, interest and penalty tax) that is due and unpaid on the land described in the Certificate at the date of issue. In addition, it may show:
 - Land tax that has been assessed but is not yet due,
 - Land tax for the current tax year that has not yet been assessed, and
 - Any other information that the Commissioner sees fit to include, such as the amount of land tax applicable to the land on a single holding basis and other debts with respect to the property payable to the Commissioner.

Land tax is a first charge on land

3. Unpaid land tax (including Vacant Residential Land Tax, interest and penalty tax) is a first charge on the land to which it relates. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any such unpaid land tax.

Information for the purchaser

4. Pursuant to section 96 of the *Land Tax Act 2005*, if a purchaser of the land described in the Certificate has applied for and obtained a certificate, the amount recoverable from the purchaser by the Commissioner cannot exceed the amount set out in the certificate, described as the "Current Land Tax Charge and Vacant Residential Land Tax Charge" overleaf. A purchaser cannot rely on a Certificate obtained by the vendor.

Information for the vendor

5. Despite the issue of a Certificate, the Commissioner may recover a land tax liability from a vendor, including any amount identified on this Certificate.

Apportioning or passing on land tax to a purchaser

6. A vendor is prohibited from apportioning or passing on land tax including vacant residential land tax, interest and penalty tax to a purchaser under a contract of sale of land entered into on or after 1 January 2024, where the purchase price is less than \$10 million (to be indexed annually from 1 January 2025, as set out on the website for Consumer Affairs Victoria).

General information

7. A Certificate showing no liability for the land does not mean that the land is exempt from land tax. It means that there is nothing to pay at the date of the Certificate.
8. An updated Certificate may be requested free of charge via our website, if:
 - The request is within 90 days of the original Certificate's issue date, and
 - There is no change to the parties involved in the transaction for which the Certificate was originally requested.

Pursuant to section 95AA of the *Taxation Administration Act 1997*, the Commissioner of State Revenue must issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

Amount shown on Certificate

2. The Certificate shows any commercial and industrial property tax (including interest and penalty tax) that is due and unpaid on the land described in the Certificate at the date of issue.

Australian Valuation Property Classification Code (AVPCC)

3. The Certificate may show one or more AVPCC in respect of land described in the Certificate. The AVPCC shown on the Certificate is the AVPCC allocated to the land in the most recent of the following valuation(s) of the land under the *Valuation of Land Act 1960*:
 - a general valuation of the land;
 - a supplementary valuation of the land returned after the general valuation.
4. The AVPCC(s) shown in respect of land described on the Certificate can be relevant to determine if the land has a qualifying use, within the meaning given by section 4 of the *Commercial and Industrial Property Tax Reform Act 2024* (CIPT Act). Section 4 of the CIPT Act Land provides that land will have a qualifying use if:
 - the land has been allocated one, or more than one, AVPCC in the latest valuation, all of which are in the range 200-499 and/or 600-699 in the Valuation Best Practice Specifications Guidelines (the requisite range);
 - the land has been allocated more than one AVPCC in the latest valuation, one or more of which are inside the requisite range and one or more of which are outside the requisite range, and the land is used solely or primarily for a use described in an AVPCC in the requisite range; or
 - the land is used solely or primarily as eligible student accommodation, within the meaning of section 3 of the CIPT Act.

Commercial and industrial property tax information

5. If the Commissioner has identified that land described in the Certificate is tax reform scheme land within the meaning given by section 3 of the CIPT Act, the Certificate may show in respect of the land:
 - the date on which the land became tax reform scheme land;
 - whether the entry interest (within the meaning given by section 3 of the Duties Act 2000) in relation to the tax reform scheme land was a 100% interest (a whole interest) or an interest of less than 100% (a partial interest); and
 - the date on which the land will become subject to the commercial and industrial property tax.
6. A Certificate that does not show any of the above information in respect of land described in the Certificate does not mean that the land is not tax reform scheme land. It means that the Commissioner has not identified that the land is tax reform scheme land at the date of issue of the Certificate. The Commissioner may identify that the land is tax reform scheme land after the date of issue of the Certificate.

Change of use of tax reform scheme land

7. Pursuant to section 34 of the CIPT Act, an owner of tax reform scheme land must notify the Commissioner of certain changes of use of tax reform scheme land (or part of the land) including if the actual use of the land changes to a use not described in any AVPCC in the range 200-499 and/or 600-699. The notification

must be given to the Commissioner within 30 days of the change of use.

Commercial and industrial property tax is a first charge on land

8. Commercial and industrial property tax (including any interest and penalty tax) is a first charge on the land to which the commercial and industrial property tax is payable. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any unpaid commercial and industrial property tax.

Information for the purchaser

9. Pursuant to section 27 of the CIPT Act, if a bona fide purchaser for value of the land described in the Certificate applies for and obtains a Certificate in respect of the land, the maximum amount recoverable from the purchaser is the amount set out in the Certificate. A purchaser cannot rely on a Certificate obtained by the vendor.

Information for the vendor

10. Despite the issue of a Certificate, the Commissioner may recover a commercial and industrial property tax liability from a vendor, including any amount identified on this Certificate.

Passing on commercial and industrial property tax to a purchaser

11. A vendor is prohibited from apportioning or passing on commercial and industrial property tax to a purchaser under a contract of sale of land entered into on or after 1 July 2024 where the purchase price is less than \$10 million (to be indexed annually from 1 January 2025, as set out on the website for Consumer Affairs Victoria).

General information

12. Land enters the tax reform scheme if there is an entry transaction, entry consolidation or entry subdivision in respect of the land (within the meaning given to those terms in the CIPT Act). Land generally enters the reform on the date on which an entry transaction occurs in respect of the land (or the first date on which land from which the subject land was derived (by consolidation or subdivision) entered the reform).
13. The Duties Act includes exemptions from duty, in certain circumstances, for an eligible transaction (such as a transfer) of tax reform scheme land that has a qualifying use on the date of the transaction. The exemptions apply differently based on whether the entry interest in relation to the land was a whole interest or a partial interest. For more information, please refer to www.sro.vic.gov.au/CIPT.
14. A Certificate showing no liability for the land does not mean that the land is exempt from commercial and industrial property tax. It means that there is nothing to pay at the date of the Certificate.
15. An updated Certificate may be requested free of charge via our website, if:
 - the request is within 90 days of the original Certificate's issue date, and
 - there is no change to the parties involved in the transaction for which the Certificate was originally requested.

Windfall gains tax is a first charge on land

3. Pursuant to section 42 of the *Windfall Gains Tax Act 2021*, windfall gains tax, including any accrued interest on a deferral, is a first charge on the land to which it relates. Therefore, a purchaser may become liable for any unpaid windfall gains tax.

6. A purchaser cannot rely on a Certificate obtained by the vendor.

Information for the vendor

7. Despite the issue of a Certificate, the Commissioner may recover a windfall gains tax liability from a vendor, including any amount identified on this Certificate.

Passing on windfall gains tax to a purchaser

8. A vendor is prohibited from passing on a windfall gains tax liability to a purchaser where the liability has been assessed under a notice of assessment as at the date of the contract of sale of land or option agreement. This prohibition does not apply to a contract of sale entered into before 1 January 2024, or a contract of sale of land entered into on or after 1 January 2024 pursuant to the exercise of an option granted before 1 January 2024.

General information

9. A Certificate showing no liability for the land does not mean that the land is exempt from windfall gains tax. It means that there is nothing to pay at the date of the Certificate.
10. An updated Certificate may be requested free of charge via our website, if:
 - The request is within 90 days of the original Certificate's issue date, and
 - There is no change to the parties involved in the transaction for which the Certificate was originally requested.
11. Where a windfall gains tax liability has been deferred, interest accrues daily on the deferred liability. The deferred interest shown overleaf is the amount of interest accrued to the date of issue of the certificate.

Due diligence checklist

What you need to know before buying a residential property

Before you buy a home, you should be aware of a range of issues that may affect that property and impose restrictions or obligations on you, if you buy it. This checklist aims to help you identify whether any of these issues will affect you. The questions are a starting point only and you may need to seek professional advice to answer some of them. You can find links to organisations and web pages that can help you learn more, by visiting the [Due diligence checklist page on the Consumer Affairs Victoria website](http://consumer.vic.gov.au/duediligencechecklist) (consumer.vic.gov.au/duediligencechecklist).

Urban living

Moving to the inner city?

High density areas are attractive for their entertainment and service areas, but these activities create increased traffic as well as noise and odours from businesses and people. Familiarising yourself with the character of the area will give you a balanced understanding of what to expect.

Is the property subject to an owners corporation?

If the property is part of a subdivision with common property such as driveways or grounds, it may be subject to an owners corporation. You may be required to pay fees and follow rules that restrict what you can do on your property, such as a ban on pet ownership.

Growth areas

Are you moving to a growth area?

You should investigate whether you will be required to pay a growth areas infrastructure contribution.

Flood and fire risk

Does this property experience flooding or bushfire?

Properties are sometimes subject to the risk of fire and flooding due to their location. You should properly investigate these risks and consider their implications for land management, buildings and insurance premiums.

Rural properties

Moving to the country?

If you are looking at property in a rural zone, consider:

- Is the surrounding land use compatible with your lifestyle expectations? Farming can create noise or odour that may be at odds with your expectations of a rural lifestyle.
- Are you considering removing native vegetation? There are regulations which affect your ability to remove native vegetation on private property.
- Do you understand your obligations to manage weeds and pest animals?

Can you build new dwellings?

Does the property adjoin crown land, have a water frontage, contain a disused government road, or are there any crown licences associated with the land?

Is there any earth resource activity such as mining in the area?

You may wish to find out more about exploration, mining and quarrying activity on or near the property and consider the issue of petroleum, geothermal and greenhouse gas sequestration permits, leases and licences, extractive industry authorisations and mineral licences.

Soil and groundwater contamination

Has previous land use affected the soil or groundwater?

You should consider whether past activities, including the use of adjacent land, may have caused contamination at the site and whether this may prevent you from doing certain things to or on the land in the future.

(04/10/2016)

Land boundaries

Do you know the exact boundary of the property?

You should compare the measurements shown on the title document with actual fences and buildings on the property, to make sure the boundaries match. If you have concerns about this, you can speak to your lawyer or conveyancer, or commission a site survey to establish property boundaries.

Planning controls

Can you change how the property is used, or the buildings on it?

All land is subject to a planning scheme, run by the local council. How the property is zoned and any overlays that may apply, will determine how the land can be used. This may restrict such things as whether you can build on vacant land or how you can alter or develop the land and its buildings over time.

The local council can give you advice about the planning scheme, as well as details of any other restrictions that may apply, such as design guidelines or bushfire safety design. There may also be restrictions – known as encumbrances – on the property's title, which prevent you from developing the property. You can find out about encumbrances by looking at the section 32 statement.

Are there any proposed or granted planning permits?

The local council can advise you if there are any proposed or issued planning permits for any properties close by. Significant developments in your area may change the local 'character' (predominant style of the area) and may increase noise or traffic near the property.

Safety

Is the building safe to live in?

Building laws are in place to ensure building safety. Professional building inspections can help you assess the property for electrical safety, possible illegal building work, adequate pool or spa fencing and the presence of asbestos, termites, or other potential hazards.

Building permits

Have any buildings or retaining walls on the property been altered, or do you plan to alter them?

There are laws and regulations about how buildings and retaining walls are constructed, which you may wish to investigate to ensure any completed or proposed building work is approved. The local council may be able to give you information about any building permits issued for recent building works done to the property, and what you must do to plan new work. You can also commission a private building surveyor's assessment.

Are any recent building or renovation works covered by insurance?

Ask the vendor if there is any owner-builder insurance or builder's warranty to cover defects in the work done to the property.

Utilities and essential services

Does the property have working connections for water, sewerage, electricity, gas, telephone and internet?

Unconnected services may not be available, or may incur a fee to connect. You may also need to choose from a range of suppliers for these services. This may be particularly important in rural areas where some services are not available.

Buyers' rights

Do you know your rights when buying a property?

The contract of sale and section 32 statement contain important information about the property, so you should request to see these and read them thoroughly. Many people engage a lawyer or conveyancer to help them understand the contracts and ensure the sale goes through correctly. If you intend to hire a professional, you should consider speaking to them before you commit to the sale. There are also important rules about the way private sales and auctions are conducted. These may include a cooling-off period and specific rights associated with 'off the plan' sales. The important thing to remember is that, as the buyer, you have rights.
