School plan 2018-2020

Central Sydney Intensive English High School 8288
# School background 2018–2020

## School vision statement
Central Sydney Intensive English High School (formerly known as Cleveland Street Intensive English High School) welcomes newly arrived permanent and long-term temporary resident students as they embark upon their educational journey in their new country. This supportive and diverse learning community is committed to building student resilience, knowledge and creativity so that they may achieve their full potential as futures focused learners and contributors to Australian society.

## School context
Central Sydney Intensive English High School provides innovative English language, orientation, wellbeing, settlement and high school preparation programs to secondary aged, newly arrived students requiring intensive English as an Additional Language tuition.

The school's quality intensive English curriculum is referenced to NESA syllabus outcomes and the Intensive English Program Curriculum Framework. The transition to high school, Technical and Further Education and school to work programs are taught by highly skilled and specialist English as an Additional Language teachers.

Students learn in age, stage-based, level of English language proficiency classes with senior students participating in Year 11 language-based elective courses. Intermediate and Transition level students learn in project-based learning environments. Students are supported in their development as community members, performers and leaders through extra-curricular activities, including the Student Representative Council.

A specialist school counsellor, careers adviser, librarian, wellbeing team, school learning support officers–ethnic and other agencies support students and families in their settlement.

## School planning process
This plan was developed in consultation with the school community and through a review of the progress of achievements in the 2015–2017 School Plan and self-assessment using the School Excellence Framework. The school community has committed to the following three strategic directions for 2018–2020:

- Highly engaged new arrivals students who are successful in their learning and settlement.
- Ongoing application of high expectations and quality teaching practices and leadership development across all programs.
- Strengthened partnerships with parent, other agencies and learning communities.

In 2018 the school will move to a new, futures designed school in Mitchell Road, Alexandria.

In 2019 a new chapter begins as Central Sydney Intensive English High School establishes new practices and continues to develop innovative learning programs in its new location.
School strategic directions 2018–2020

**STRATEGIC DIRECTION 1**
Successful New Arrivals Learners

**Purpose:**
To have a whole school approach ensuring all students participate successfully in their intensive English language, literacy, numeracy, high school preparation and settlement programs to be skilled, independent learners with clearly articulated educational goals.

**STRATEGIC DIRECTION 2**
Quality Teaching and Leadership

**Purpose:**
To provide a quality learning environment for new arrivals students. Teachers are involved in research, cross curriculum collaboration, data analysis and professional learning to continually reflect and innovate their classroom practice to build capacity and leadership density for whole-school improvement.

**STRATEGIC DIRECTION 3**
Building Community Connections

**Purpose:**
Upon relocation at our new school site in 2019 to establish new community links and further enhance student learning and settlement by expanding communication strategies to improve and strengthen connections with our newly arrived parents and carers, learning communities, support agencies and business partners.
## Purpose
To have a whole school approach ensuring all students participate successfully in their intensive English language, literacy, numeracy, high school preparation and settlement programs to be skilled, independent learners with clearly articulated educational goals.

## Improvement Measures
- Student survey responses indicate high level of engagement in learning and settlement experiences.

## People

### Students
Flourish and develop as confident, self-directed English language learners in futures focused learning environments.

### Staff
Teachers
Commit to ongoing professional development and collaboration to support innovation in the delivery of quality new arrivals high school preparation programs.

### School Learning Support Officers–Ethnic
Participate in professional learning to ensure currency in skills and program knowledge to successfully support student learning.

### Parents/Carers
Understand and engage in learning initiatives to support their child’s learning and growth as confident, independent learners.

### Leaders
Use student progress, individual enjoyment of learning indicators and achievement data to inform key decisions such as resourcing, staffing and continues support of innovative programs and initiatives.

## Processes

### 1.1 Students develop independent learning and second language acquisition skills through the continuous improvement, and ongoing development of our new arrivals intensive English teaching and learning programs incorporating computer assisted learning, personalised learning and criteria-referenced and formative assessment.

### 1.2 Students develop futures focused skills including critical and creative thinking and collaborative skills through project-based learning experiences in varied contexts across the curriculum.

## Evaluation Plan
Progress on achievement of Strategy 1 will be monitored across the curriculum area milestones each term with final evaluation occurring annually through review of outcomes using the School Excellence Framework.

## Practices and Products

### Practices

#### 1.1
Through ongoing learner-focused professional development all teachers engage in continuous action-research to ensure high quality, relevant and research-informed English as an Additional Language practice is embedded in all teaching and learning programs, assessment and evaluation to ensure successful student learning outcomes.

#### 1.2
New arrivals students’ orientation to and participation in English language acquisition and learning in their new country ensures that they are engaged and futures focused learners.

### Products

#### 1.1
All teaching and learning programs reflect syllabus currency and evidence-based teaching strategies optimising student learning across a flexible repertoire of explicit and dynamic learning, assessment and evaluation strategies.

#### 1.2
All students upon transition demonstrate improved second language acquisition outcomes in conjunction with developing futures focused learning skills.
# Strategic Direction 2: Quality Teaching and Leadership

## Purpose
To provide a quality learning environment for new arrivals students. Teachers are involved in research, cross curriculum collaboration, data analysis and professional learning to continually reflect and innovate their classroom practice to build capacity and leadership density for whole-school improvement.

## Improvement Measures

- All teachers demonstrate currency of EAL pedagogy, syllabus content, knowledge and evidence-based, future-focused practices.
- All teachers and leaders have used the Australian Professional Standards and Professional Development Plans to identify and monitor specific areas for development or continual improvement.
- All School Learning Support Officers and School Administration Support Staff have professional learning plans.

## People

### Students
Engage in changed learning environment, be skilled and confident in new learning strategies and successfully acquire English as an Additional Language.

### Teachers
Engage in professional learning and work collaboratively to maximise currency of teaching and learning programs and practices.

### Staff
**School Learning Support Officers—Ethnic**
Develop professional learning plans that reflect continuous development of knowledge in and understanding of the curriculum they support delivery of in the classroom.

### Parents/Carers
Will have an understanding of what and how their children are learning and receive regular information of their progress.

### Leaders
Ensure instructional leadership supports the ongoing development of staff capacity.

## Processes

2.1 Teachers are skilled and supported across a range of professional learning experiences in the development of high quality teaching and learning programs which include project-based learning, criteria-referenced assessment, referenced NESA syllabus outcomes and formative assessment.

2.2 Build staff capacity in the delivery of futures focused learning using research and data informed processes, and through a continuum of support and collegial leadership structures in cross-curricula professional learning teams.

2.3 Provision of professional learning to support teacher accreditation, maintenance and leadership.

## Evaluation Plan
Progress on achievement of Strategy 2 will be monitored across staff professional activity milestones each term with final evaluation occurring annually through review of achievements using the School Excellence Framework.

## Practices and Products

### Practices

2.1 The school's curriculum provision and evidence-based teaching practices provide a high expectations quality teaching framework within which all students develop their English language skills and are successfully orientated to learning and settling in Australia.

2.2 A culture of collegial leadership and collaborative professional learning that builds the capacity of all staff.

2.3 The professional learning program supports teachers' accreditation and maintenance.

### Products

2.1 Through professional learning and in collaborative teams teachers develop, implement and evaluate teaching and learning and programs to ensure student success in learning and settlement.

2.2 Professional learning team meetings are structured to support cultural change and ensure development of capacity of all staff.

2.3 School professional learning is scheduled and registered through MyPL where appropriate. Teachers understand their responsibility for maintaining their accreditation with NESA.
Strategic Direction 3: Building Community Connections

Purpose

Upon relocation at our new school site in 2019 to establish new community links and further enhance student learning and settlement by expanding communication strategies to improve and strengthen connections with our newly arrived parents and carers, learning communities, support agencies and business partners.

Improvement Measures

- Student, staff, parent and community partner surveys indicate that they have increased information from, connection and satisfaction with the school.
- New community links identified and connections made.
