Trinity College Twilight Fete: Another Great Success

What a great success last week's Twilight Fete was for the P&F and the College community! It was very encouraging to see so many people at the event and wonderful to see our students and their friends having such a great time! Once again we were blessed with some perfect weather and in these circumstances, the twilight format suits this time of year so well!

Once again, I take this time to thank the small P&F committee which was behind Friday night's fete: to Mrs Raelene Weissel, Mrs Karen Braun, Susan Collins and Mrs Kaylene Kurtzer (the Executive of the P&F) I offer my sincere thanks and congratulations! The generosity and commitment shown by these three ladies towards the fete and the College was extraordinary and should not be taken for granted. Friday night would simply not have been as successful as it was if it was not for the efforts of this year's P&F Executive.

Well done!

International Trips

"They say travel broadens the mind; but you must have the mind"
G.K. Chesterton (1921)

The College's international study tours are designed to broaden the mind and enrich the cultural and educational experiences of Trinity students.

Following the wonderful success of this year's inaugural study tour to Europe, I am pleased to announce that the College plans to offer the following international study trips:

- A French study trip to New Caledonia in September 2013
- A study tour of Europe in the June/July break of 2014

The focus of the trip to New Caledonia is to provide students studying French as an elective study in Years 8, 9, 10 or 11 a chance to immerse themselves in a French speaking culture and setting. The College last sent students to Noumea in 2009 and knows that culturally and educationally such an experience is very beneficial for students wanting to extend their French skills. There will be two options for this wonderful trip and these are outlined below:

1. **Hotel-stay option.** *8 nights stay - \$ 2,692.00 approx.*

This figure includes:

- air travel from Albury to Sydney to Nouméa and return
- transfers to and from the airport
- accommodation in the hotel for **8** nights, shared room
- half-day guided city tour of Noumea by coach
- eight two-hour French lessons
- travel insurance

2. **Home-stay option.** *14 nights stay - Two students with each family. \$3,933.00 approx.*

This figure includes:

- air travel from Albury to Sydney to Nouméa and return
- transfers to and from the airport
- accommodation with a family for **14** nights, shared room, all meals
- half-day guided city tour of Noumea by coach
- eight two-hour French lessons
- travel insurance

Madame Bennett plans to take the students to Phare Amadée as part of the trip in 2013 – an island about an hour’s boat ride off Noumea, where the snorkelling is magic and they are taught how to tie pareos and climb coconut trees.

Europe 2014: The study tour to Europe will encompass rich experiences across a number of subject areas for students, including English, History and Visual Arts. I am not sure that the 2014 trip will use exactly the same itinerary used as the basis for this year’s tour but feedback has indicated that the itinerary was very worthwhile and enjoyable across many areas. Europe holds a vast array of opportunities to explore and therefore the College may look to vary the itinerary to take in a couple of new experiences and places for those involved. Certainly, the College would look to run a trip of 2.5 – 3 weeks and take in significant places of interest to maximise the cultural and educational opportunities for students. Students in Years 9, 10 and 11 in 2014 are those students who would be eligible for this proposed trip. The estimated cost of such a trip would be in the vicinity of \$5,500.

Of course, before the College gets ahead of itself with any commitments and planning, we need to determine if we have the numbers to make the trip viable. At least 10 students would be required for the trip to New Caledonia to go ahead and 20 students for the trip to Europe. Therefore I would ask that students and their parents discuss these opportunities and if they are interested in pursuing the idea, please do so by emailing an initial expression of interest to the following email addresses:

French tour: Noumea@trinityac.nsw.edu.au

Europe tour: Europe@trinityac.nsw.edu.au

Expressions of interest can also be delivered to the front office of the Albury campus of the College and should be received by Monday, 19 November.

Pastoral Care News

It's that time of year again! Christmas time is fast approaching and our annual class food hampers for St Matthew's Church has begun. This year, we would like to focus on helping the new refugee families in particular, that are living amongst us. Christmas is a difficult time for many families and it is a wonderful tradition that the students at Trinity give so generously to this cause.

Could I ask that all food items sent in be non-perishable and that their use-by date has not expired. Also, could I ask that items such as toiletries, kitchen items, coffee mugs, towels, washers etc be considered. Small gifts for girls and boys such as hair bands, lip gloss, craft items, matchbox cars, puzzles, colouring books are also appropriate.

I am hoping that over the next couple of weeks, each class will have a hamper organised and that class members can start bringing in items to contribute. We thank parents and students once again for their generosity. This is definitely a tradition that we would like to continue here at Trinity.

Extension Question Week 2

Answer - More Cheese

No. Six cuts are the fewest number of cuts needed to produce the twenty-seven smaller cubes. Stacking doesn't result in fewer cuts. Think of it this way: that innermost cube of twenty-seven must be formed by a cut on each of its six sides.

Extension Question Week 3 - Toothpick Squares

Use twenty-four toothpicks to solve each of these puzzles. Draw your solutions on a sheet of paper.

1. Use 24 toothpicks to make two squares of equal size.
2. Use 24 toothpicks to make three squares of equal size.
3. Use 24 toothpicks to make six squares of equal size.
4. Use 24 toothpicks of equal size to make eight squares of equal size.

Crunch 'n' Sip 2012

Last week all of the junior school classes participated in the crunch 'n' sip competition. The aim of the program was to promote healthy eating and to encourage discussions and awareness around the importance of healthy eating. For each healthy piece of food in your lunch box you would earn one point. The class with the most points has won a fruit and veg platter to share, and the individual winners from each class have won a canteen voucher for a free healthy lunch order.

These are the winners:

6EP won the class prize!!

KKM - Oscar Beatie

KDP - Harley Purkis

1KS - Daiken Mansell

2JH - Blake Elliott

2AP - Aiden Heinrich

3SO - Madison Purkis

3JT - Mattea Kelly

1TO - Ariel Hudson-Halford

5SM - Melissa Hudson-Halford

6EP - Emily McDonald

6KW - Monique Conibear

4TC - Tom Summerfield

Well done to all of these healthy eaters. It really was fantastic to see such healthy lunch boxes at our school. Remember, healthy eating starts at home! Many thanks.
