Monopoly Go dice: getting more rolls and strategic play

Dice are the essential resource in Monopoly Go, dictating your movement around the board and impacting your ability to collect rent, acquire properties, and engage with the game's mechanics. The more dice you have, the more opportunities you have to progress and strategically influence the game.

Here are the key ways to acquire and utilize dice in Monopoly Go:

1. Free Monopoly Go dice links

- Official Sources: Scopely, the developer of Monopoly Go, periodically releases free dice links through their official social media channels, such as Facebook

and Instagram, according to PCGamesN and VG247. These links can grant you free dice rolls and sometimes other in-game bonuses.

- Time-Sensitive: These links are often time-sensitive, so it's recommended to check official sources or reputable gaming communities and forums frequently to find the latest active links.
- Redeeming Links: To redeem a link, ensure you've reached level 15 and unlocked the "Album" feature. Then, simply click the link on the device where you have Monopoly Go installed. The game should open, and a notification will confirm your free dice reward.
- Caution: Exercise caution with links from unofficial sources, as some could be scams or lead to expired links, according to VG247.

2. In-game methods to earn free dice

- Daily Rewards: Log in daily to claim bonuses, which often include free dice rolls.
- Completing Boards & Leveling Up: Progressing through the game, completing boards, and leveling up consistently reward you with additional dice rolls.
- Events & Tournaments: Participate in limited-time events and tournaments, as completing milestones and ranking well can earn you substantial dice rewards.
- Albums & Stickers: Collect stickers and complete sets or albums to receive free dice rolls as rewards.
- Community Chest: Help your friends open community chests for free dice rolls, notes VG247.
- Friend Invites: Invite friends to play Monopoly Go using your referral link to earn bonus dice rolls when they join and connect their Facebook account.
- Quick Wins & Missions: Complete daily missions and Quick Wins objectives to unlock rewards like free dice rolls.
- Auto Roll Regeneration: Your dice rolls regenerate automatically over time; the rate depends on your net worth.

- Free Gifts: Claim free gifts available in the in-game store every eight hours once your net worth reaches 15 or higher.
- Landing on Shields: If you have full shields and land on a shield tile, you'll receive free dice rolls instead.
- Connecting Accounts: Connecting your Monopoly Go profile to your Facebook account or phone's contact list can also earn you extra dice.

3. Strategic dice usage

- Plan Your Moves: Before rolling, analyze the board and consider the optimal moves to maximize your gains or avoid risks.
- High-Value Properties: Prioritize landing on and acquiring properties that offer high returns on investment, such as the orange and red property groups, which have higher probabilities of being landed on, according to Texas A&M.
- Conserving Dice: While participating in events and using high multipliers for greater rewards can be beneficial, be mindful of conserving dice when strategically advantageous, suggests RPGStash.
- Dice Odds: Understand the probabilities of rolling specific numbers to make informed decisions about your moves, according to RPGStash. For example, a roll of 7 has the highest probability with two dice.

Remember, while free dice can provide a significant advantage, mastering strategy, managing your resources wisely, and engaging with the community are essential for long-term success and enjoyment in Monopoly Go.
