3 Proposed land for biodiversity certification

List all parcels of land proposed for biodiversity certification. The land proposed for biodiversity certification is the land proposed for future development. A map showing the boundaries of the biodiversity certification area is also required. Sections 4 and 5 deal with the area(s) of land conservation measures will be implemented on.

If any area of the land is identified as being in a 'red flag area' (see section 2.4 of the Biodiversity Certification Assessment Methodology), biodiversity certification cannot be conferred unless the Director General has determined that the impacts on the red flag area may be offset (a 'red flag variation').
