## Project Information

### Purpose

To identify priority actions for the Adelaide City Council associated with the Access and Inclusion Strategy.

### Background

Council's Access and Inclusion Strategy was developed at a time when there was an increased focus on disability in Australia. The *National Disability Strategy 2010-2020* and *Strong Voices: A Blueprint to Enhance Life and Claim the Rights of People with Disability in South Australia (2012-2020)* had recently been released and the National Disability Insurance Scheme was going through the Federal Parliament (and was legislated in March 2013).

The Access and Inclusion Strategy is Council's strategic framework to guide planning and aims to encourage collaboration with the community to achieve the six desired outcomes:

1. Adelaide City Council programs, services and events are inclusive
2. Adelaide City Council buildings, facilities, streets and parks are accessible
3. Adelaide City Council information is accessible
4. Adelaide City Council has a clear, readily available and accountable feedback process for access and inclusion actions
5. Adelaide City Council provides opportunities for all people to participate in the decision making of Council
6. Adelaide City Council and the South Australian Government take a collaborative approach to access and inclusion planning for the City.

### Benefits of the project

This consultation is an opportunity for Council to connect with people who are using the city on a regular basis, to understand what their priorities are, within the existing framework of Council's Access and Inclusion Strategy.

### Project Impacts

Feedback provided will be used to inform planning across the City of Adelaide for 2016/17 and beyond.

### Timeline

Consultation opens Monday 2 November 2015 and closes Monday 7 December 2015.

### How do I provide my feedback?

- (1) Participate in the online discussion forum
- (2) Make a written submission
- (3) Drop in to speak to one of the Access and Inclusion Advisory Panel members at the City Library between 12pm-4pm on Thursday 3 December.

Providing contact details in a feedback form is optional, however, the reason we are asking for this information is because we want to know a little more about who you are and how you use the City to ensure we get a higher quality of data to go along with your feedback. The data will help us analyse feedback from specific groups (e.g. age, gender, City users), which in-turn will provide a richer and more valuable response to help Council make decisions.
