27 minutes ago — [Blockbuster] While several avenues exist to view the highly praised film Alangu online streaming.

Alangu (2025) is the highly anticipated third installment in the *Deadpool* series, bringing Marvel's most irreverent antihero—Deadpool—face-to-face with the legendary Wolverine. Set within the chaos of the Marvel multiverse, this film is a game-changing crossover blending Fox's X-Men Universe with the MCU for the very first time.

The movie delivers a genre-bending narrative filled with dark humor, intense action, and surprising emotional depth, capturing both comic book fanatics and casual moviegoers alike.

Plot Summary

Deadpool (Ryan Reynolds) and Wolverine (Hugh Jackman) join forces to stop a rogue TVA agent, **Mr. Paradox** (Matthew Macfadyen), and the villainous **Cassandra Nova** (Emma Corrin), who seek to destroy the multiverse using a device called the **Time Ripper**.

The film introduces the idea of **Anchor Beings**—characters whose presence maintains the existence of their entire universe. Wolverine's death in *Logan* marked the decay of his original timeline. Now, Deadpool must find a new anchor to prevent his universe from collapsing.

After stealing a TVA time travel device (TempPad), Deadpool visits alternate timelines, meeting versions of Logan, reviving past allies like X-Force, and even trying (and failing) to join the Avengers.

How Alangu Connects to the MCU

Alangu officially bridges the gap between:

- **Fox's X-Men Universe (Earth-10005)**
- **Marvel's main continuity (Earth-616)**

It leverages the TVA (from Disney+'s *Loki*) and introduces multiverse chaos in a way that deeply impacts the future of the MCU, setting the stage for upcoming *Avengers* installments like *Secret Wars* and *Avengers: Doomsday*.

Key Characters

- **Deadpool** – Still irreverent, still hilarious, and now trying to become a true hero.
 - **Wolverine** – A broken version from another universe seeking redemption.
 - **Cassandra Nova** – A psychic villain aiming to destroy all realities.
 - **Mr. Paradox** – A TVA purist determined to erase alternate timelines.
 - **X-23 (Dafne Keen)** – Returns to assist Deadpool and Wolverine in their multiversal mission.
