SMART, SKILLED AND HIRED
YOUTH EMPLOYMENT

Get connected to training, mentoring, work experience and support to help you become work ready.

Proudly funded by

NSW Government

The Salvation Army Employment Plus
You may be eligible for the Smart, Skilled and Hired Youth Employment program, if you meet the following criteria:

- are aged 15 to 24 years
- are not currently participating in employment services
- are not working more than 27 hours per week

1. **Get in touch**
   Visit us or phone 136 123 to check your eligibility. One of our local Youth Employment Consultants will be in touch with you.

2. **Come in for your first appointment**
   The first meeting will take about an hour to allow your consultant to better understand your specific circumstances and goals. You will complete a pre-employment survey which helps us to tailor our services for you. Please bring photo ID and your resume (preferably on a USB stick).

3. **We work together to find you a job**
   Your consultant will create a specific plan with you. They will recommend activities, identify suitable vacancies and help you through the application process.

**Training**
We can assist you with suitable training and education to help you gain the qualifications and skills you need to access particular industries.

**Work experience**
We can link you up with relevant work experience and volunteer activities that provide you with skills, experience and references.

**Assistance with expenses**
To help you get and keep a job, we can cover some early costs such as public transport fares, petrol, uniforms and footwear.

**With you all the way**
We don’t just help you get a job – we’ll help you keep it. We understand that adjusting to work can be challenging. Sometimes people can feel anxious and perhaps struggle with developing new skills or other things like finding transport. For the first six months after you start working, we’ll keep in touch to offer advice and help.
