There are lots of positive changes happening in the Heart of Beaconsfield. South Fremantle High School is becoming Fremantle College, TAFE is relocating and The Housing Authority would like to update and build new homes in the Davis Park precinct. Some of these changes could take decades, but the City of Fremantle and its project partners want to ensure that when things happen, they happen in a coordinated way.

The City would like the community’s help in creating an overall vision and masterplan for the area. The vision and masterplan can then be used to guide future development on particular sites such as the Davis Park precinct and the TAFE site and ensure the best possible outcomes in the decades to come.
WE WANT YOUR HELP TO CREATE A VISION AND A MASTERPLAN FOR THE HEART OF BEACONSFIELD

**Sense of place**
What do you think is the character and spirit of Beaconsfield?

**Community feel**
What community networks do we have and how might we support and enhance them?

**Public open space**
Do we have enough public space, for the right uses and in the right places?

**Housing for everyone**
How can we improve the diversity and affordability of housing in the area?

**Getting around**
How can we improve connections through the area? What would make it easier for people to find their way to, from and within the area?
PROPOSED REDEVELOPMENT AREA

Sustainability
Do you have any particular ideas that might show leadership or innovation in sustainability and design?

Uses other than housing
Besides housing, what other uses do you think we should attract to make the place appealing and interesting to all population groups?

Building forms
What kind of buildings will add to the identity and character of the area?

If you have thoughts on these or other themes relating to the future of the Heart of Beaconsfield you can:
• Record them on the City’s My Say website mysay.fremantle.wa.gov.au
• Register to participate in up-coming workshops on 23 May 2017 using the website mysay.fremantle.wa.gov.au
• Make written notes and send them to: The City of Fremantle, Att: The Heart of Beaconsfield, PO Box 807, Fremantle, WA 6959 or email with subject line ‘The Heart of Beaconsfield’ to planning@fremantle.wa.gov.au
Planning and Development - Indicative timing

The following diagram shows an estimate of timeframes for the planning and development of key precinct sites within The Heart of Beaconsfield masterplan area. Timelines will become more certain once the initial planning is completed.

The City of Fremantle and our project partners encourage everyone to have their say and get involved in informing the future development and revitalisation of Beaconsfield.
