

Naracoorte Lucindale Council is consulting the community on a Masterplan for the Frances township

Naracoorte Lucindale Council

Community Consultation

Project Summary

We'd like you to be involved in contributing ideas and suggestions to ensure Frances is an attractive and vibrant town now and in the future.

The views expressed by the community will be used as a guide to develop a Frances Masterplan. The Masterplan will identify projects for Council to focus on as well as identifying community led projects.

The Masterplan will inform Council's Annual Business Plans and Budgets and the Major Projects and Infrastructure plan.

Council is the custodian of the plan but its implementation is reliant on the community, businesses, State Government and Council to implement.

Background

Theme 4 of Council's Strategic Plan is Liveable neighbourhoods - a range of well-planned neighbourhoods and public space, designed with a strong sense of identity and place.

The outcomes for this theme are:

- A well-planned district that meets the current and future needs of the community

To achieve this Council needs to proactively plan and develop townships to meet the needs of the community.

This includes developing a Masterplan for the Frances township in partnership with the community.

To start the discussion Council met with interested community members who identified a list of suggested actions which have been compiled into a draft Masterplan.

Have we got it right? Have you other ideas and suggestions?
