Dear Sir or Madam,

Re: Vincent Street and Vincent Place Streetscape Upgrade

As part of our commitment to making Adelaide a greener and more sustainable capital city, we have committed to deliver a streetscape upgrade in Vincent Street and Vincent Place.

The upgrade provides an opportunity to explore, identify and implement (short term) streetscape improvements such as street tree and understorey planting, footpath widening and repaving, street lighting, traffic calming and general amenity improvements, as well as explore potential future opportunities such as overall improvements to traffic movement.

We are seeking feedback and support from the immediate community as well as wider users on possible upgrades for the streets. Community feedback will contribute to finalising the street designs. Following closure of the engagement and review of community feedback, the final design will be completed in July 2018. Works are anticipated to commence in late 2018.

Attached to this letter is additional project information, a feedback form and artist impressions of possible streetscape upgrade opportunities. There are several ways in which you can provide feedback:
