## Background

We are continuously seeking ways to improve accessibility to the city for all modes of transport, including motorcycles and scooters.

Over the last three years we have actively increased motorcycle parking in the city, both on-street and on-footpath resulting in over 1,000 free on-street motorcycle parks and 140 on-footpath motorcycle parks; of which only 24 parks are timed controlled.

Because most of the on-street and on-footpath motorcycle parks are unrestricted, and used by motorcyclists to park all day, visitors who travel to the city by motorcycle have advised us that they often find it difficult to find a park.

The purpose of trialling timed motorcycle parks in Hindmarsh Square and Kintore Avenue is to better understand the need and demand for short term motorcycle parking in the city, and to better support motorcycle access for visitors and shoppers to the city.

## What happens next?

The trial will begin 7 January 2019 and run for a six-month period. The 11 motorcycle parks that will form part of the trial in Hindmarsh Square and Kintore Avenue will be clearly identifiable on-street through signage.

This engagement will run concurrently with the timed motorcycle parking trial, and will therefore close at 5pm Friday 7 June 2019.

Following the trial, all feedback will be analysed and presented to Council to decide whether to implement the timed parking controls on a permanent basis, and whether further timed motorcycle parking locations in the city should be considered
