

Wivenhoe Hill Trails

As a result of feedback received from the community, 16km of new trails have been developed at Wivenhoe Hill. The multi-use trails offer mountain bike riders, horse riders, walkers and trail runners spectacular views of Lake Wivenhoe.

About Lake Wivenhoe

There are a range of recreational activities and facilities available at Lake Wivenhoe, located approximately 80 kilometres north-west of Brisbane. The lake is also part of South East Queensland's interconnected bulk water supply network that supplies the region's drinking water.

The Wivenhoe Dam was built on the Brisbane River and completed in 1984. The dam wall is 2.3 kilometres long, with five radial gates to release water. The lake's primary function is to provide safe, reliable water supply and is also used for flood mitigation.

Finding your way to Wivenhoe Hill

The Wivenhoe Hill trail entrance is located off Fig Tree Road, via the Hay Road exit on the Brisbane Valley Highway. Car and horse float parking is available at the trail entrance.

About the Wivenhoe Hill trail network

The trail network has been separated into four trails, each identifiable by an individual colour. This colour is also displayed on totem poles along the trails to provide direction. Please view the trail map before you begin and make sure you are aware of the length of your selected trails.

Mountain biking, horse riding, trail running and walking are permitted on the trails.

The trails have been rated class 3, as per the Australian Walking Trail Standard. A reasonable level of fitness is required. Trails are not suitable for wheelchairs. Ensure you wear correct footwear and allow time for rest breaks.

Multi-use trail rules

- Walkers give way to horse riders.
- Mountain bike riders give way to walkers, horse riders and trail runners.
- Trail runners give way to walkers and horse riders.
- Horse riders be aware of other users.

For your safety

- Be aware of local fauna and flora.
- Carry a first aid kit, insect repellent and water with you.
- Take your mobile phone with you.
- In the event of an emergency, or if you see a fire, call 000 or 112 immediately.
- Take all your rubbish with you.
- Stay on the trails.

Access

Access to all Seqwater sites, including the Wivenhoe Hill trail network, is only permitted between 6am - 6pm.

To download the full General Access and Use conditions, please visit our website www.seqwater.com.au.

Domestic pets

The areas around Lake Wivenhoe are home to an abundance of native wildlife, including koalas, which have been declared vulnerable by the Australian Government. Domestic pets cannot be brought into any of the catchment areas, lake or recreation areas at Lake Wivenhoe. Dogs are not permitted on the trails.

Please respect our neighbours

Some of the land close to the lake is private property. If a Seqwater sign is not displayed, that means the area is not a designated recreation area and you must not enter.

Before you visit

Check the recreation and safety notices section on our website for the latest information on access, closures and conditions before you visit any of our recreational areas.
