

What Council Provides

Council provides buildings, structures and infrastructure which are used to deliver services associated with open space, including public amenities, displays (art & historical), shelters and seating, BBQ facilities, playgrounds, skateparks, soundshell, gazebos, sports infrastructure and water features.

Council's open spaces represent a significant investment by the community, so it is important that this infrastructure meets a level of service acceptable to the community and other key stakeholders now and into the foreseeable future.

Naracoorte Lucindale has a population of approximately 8,300 and it is anticipated that this will remain relatively constant for the term of this Plan. In some circumstances, services may be reduced or better managed ensuring that Council's open space areas do not become a liability to Council with additional assets needing to be maintained. Whilst it is Council's intention to provide the best possible services to the community it is also imperative that the services are financially viable going forward.

Council continues to be committed to working with identified and future partners and not in isolation in the delivery of a robust and well managed open space network over the coming years.

Strategic Context

By 2026 NLC will be:

The best place in regional South Australia to live, work, do business, raise a family and retire.

Created by having a Prosperous Community with Healthy Landscapes, Liveable Neighbourhoods and a focus on Harmony and Culture.

An organisation known for:

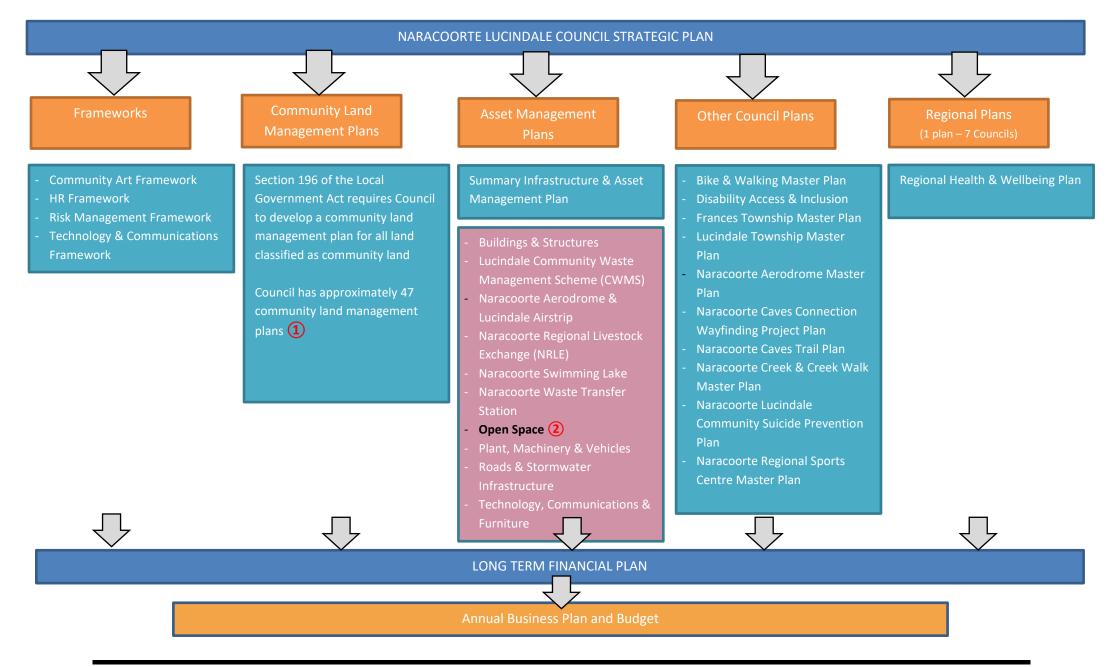

Progressive Leadership with strong community connections, efficiently managing our shared assets, services and natural resources.

The third theme, **Harmony and Culture**, focuses on a safe, health and diverse community celebrating our similarities and difference.

- An inclusive community
 - Facilitate community interaction through appropriate planning.
- A creative and artistic community
- Learning community
- A health and resilient community
 - Development of open spaces to improve community lifestyles
 - Encourage participation in physical activity and healthy lifestyles
 - Ensure access to a range of high quality active and passive recreation facilities

The fourth theme, **Liveable Neighbourhoods**, focuses on a range of well-planned neighbourhoods and public space, designed with a strong sense of identity and place.

- A well planned district that meets the current and future needs of the community
 - Proactively plan and develop townships to meet the needs of changing demographics, and preserve the rural atmosphere and open spaces.
- A safe and integrated transport network
 - Provide a diverse range of walking and bike paths across the district
- Preserve the built heritage and character of the district

Open Space Management Plan 2020 - 2030

Community Land

Most Council Open Space is on land classified as Community Land.

Section 193 of the Local Government Act 1999 defines community land as: -

All local government land (except roads) that is owned by a council or under a council's care, control and management at the commencement of this section (the commencement date) is taken to have been classified as community land unless—

(a) the council resolves to exclude the land from classification as community land within three years after the commencement date; and

(b) the land is unaffected by provisions of a reservation, dedication, trust or other instrument that would prevent or restrict its alienation. (2) Before the council resolves to exclude land from classification as community

The commencement date was 1 January 2003.

Land that is acquired or comes under Council's care, control and management after the commencement date is taken to have been classified as community land unless *the council resolves before it becomes local government land that it is to be excluded from classification as community land.*

If the Council wishes to remove the community classification from any land it is required to gain the consent of the Minister (in addition to other actions). *(refer section 194 Local Government Act 1999).*

Community groups and organisations lease Open Spaces across the district and in many cases have erected infrastructure and other improvements on the land, which are owned by the lessee. For the management of these areas please refer to the relevant lease agreement.

Assets

Building Assets were revalued as at 1 July 2019 by Aaron Armistead, AAPI CPV #18353 of Preston Rowe Paterson based on the principle of market value or written down replacement value. Accordingly, total replacement value, total economic working life and residual economic working life were reliably established for each asset and the financial records of Council were restated in accordance with applicable Australian Accounting Standards.

What Does It Cost

There are two key indicators of cost to manage the open space assets. The average cost of existing assets for the term of this plan and the total planned expenditure on existing assets required to deliver current service levels in the next 10 years.

The average cost of existing assets for the term of this plan (maintenance plus depreciation) of the Open Space Assets is estimated at \$940,708 per annum.

Council's average planned expenditure on existing assets (maintenance plus capital renewal) over the life of this plan is \$851,416 per annum which gives a sustainability index of 91% (this is because the renewal expenditure identified as warranted over the period of this plan is less than the depreciation for the same period).

The total forecast expenditure to provide the Open Space assets over the period of this plan is \$11,984,504 (incorporates maintenance, operating, debt servicing and capital [renewal & new]).

This is an average of \$1,198,450 per annum.

Forecast Income

Operating

The current forecast operating income for the term of the plan is \$70,861.

Operating income includes grant income in 2020-21 and 2021-22 and annual rental charges for the Lucindale Recreational Ground.

Capital

The forecast capital income for the term of the plan is \$60,000.

Loan Borrowing

No new loan borrowings are forecast for the term of the plan.

Forecast Expenditure

Operating

Operating includes costs associated with operating the assets. This can vary for each asset but includes costs such as consumables, electricity, insurance and water.

The current forecast operating expenditure for the term of the plan is \$410,724.

Maintenance

Maintenance includes costs associated with maintaining the assets. This can vary for each asset but includes costs such as cleaning, inspections and repairs. This can also include internal costs (staff and plant) to maintain the asset.

The current forecast general maintenance expenditure for the term of the plan is	\$6,484,042
The current forecast specific maintenance expenditure for the term of the plan is	<u>\$ 456,441</u>
The current forecast total maintenance expenditure for the term of the plan is	\$6,940,483

Depreciation

The current forecast depreciation for the term of the plan is \$2,466,593.

Debt Servicing Costs

The current forecast debt servicing costs for the term of the plan are: -

Principal:	\$28,218
Interest:	\$ 1,355

	20-21	21-22	22-23	23-24	24-25	25-26	26-27	27-28	28-29	29-30
Naracoorte Town Square Amenities - Principal	28.2k									
Naracoorte Town Square Amenities - Interest	1.4k									
TOTAL	\$29.6k	-	-	-	-	-	-	-	-	-

Capital - Renewal

Capital - Renewal are capital costs associated with renewing or replacing current assets.

The Asset Revaluation undertaken by Aaron Armistead, AAPI CPV #18353 of Preston Rowe Paterson, open space review discussed at Council workshops during 2020 and inspections by Council Officers have been used to establish the expected timeframe for renewal of assets.

Playground equipment and site improvements are valued at cost and estimated remaining lives as at 30 June 2020 and staff knowledge have been used to estimate year of replacement.

The current forecast capital (renewal) expenditure for the term of the plan is \$1,573,678.

Capital - New

Capital - New are capital costs associated with upgrading current assets or adding new assets.

The open space review discussed at Council workshops during 2020 and Master Plans for the Naracoorte Creek & Creek Walk, Naracoorte Caves Trail, Frances and Lucindale have been used to establish the plan for new assets.

The current forecast capital (new) expenditure for the term of the plan is \$3,030,046.

TOTAL	\$9,407,076	\$8,514,161		\$11,984,504
AVERAGE	\$940,708	\$851,416	91%	\$1,198,450

Notes and Assumptions

- Income and expenditure increase by Adelaide Consumer Price index as at 31 December (which
 incorporates data from the preceding 12 months from 1 January) forecast is 2% annually for the term
 of the Plan
- Employee costs increase by 2.5% annually
- Depreciation for new assets is calculated at 5% per annum

Capital projects are identified by: -

- Customer requests (external & internal)
- Asset data
- Inspections and audits
- Master Plans the Naracoorte Creek & Creek Walk, Naracoorte Caves Trail, Frances and Lucindale
- Open Space Review

Opportunities for Improvements

- Mobile App for inspection and documentation of open space assets
- More detailed inspections
- Consistent, regular inspections resulting in comparative date that provides a more mature assessment of planned renewals and programmed maintenance
