

Week 2

SPRING SCHOOL HOLIDAYS SEP-OCT 2026

MONDAY
5th Oct

Paint!!!

**NO
PAINTBRUSHES
ALLOWED!**

One gloriously messy Artrageous day. Roll it, drip it, swing it, splatter it, spin it, stamp it and scrape it as we discover ridiculous new ways to make art. Expect pendulum painting, marble tracks, gravity art, giant experiments!

TUESDAY
6th Oct

Wild Inventors

**Inspired by
Nature. Built by
You.**

Discover nature's clever engineering, then explore our curated collection of intriguing materials, wheels, mechanisms and loose parts to design, build and test your own wild inventions. Imagine it, build it, test it and make it even better!

WEDNESDAY
7th Oct

Candy Store

**A Chocodelicious
Artrageous Class**

Explore edible creativity alongside candy-inspired crafts! From making chocolates and sweet treats to decorating cookies and lollipops!

THURSDAY
8th Oct

PRISM: The Science of Colour

Light • Colour • Illusion

Experiment with prisms, mirrors, reflection, refraction, optical illusions and coloured light, then turn your discoveries into kaleidoscopes, suncatchers and luminous art. A colourful collision of physics, creativity and wonder.

FRIDAY
9th Oct

The Curious Cabinet

Fairies, Gnomes & Tiny Treasures

Become an artist, explorer and collector as you create unusual specimens, tiny treasures, mysterious objects or magical artefacts for our extraordinary Cabinet of Curiosities.

5 to 11 years old **Kids Programme**

Artrageous Explorers (5-8)

Artrageous Creatives (9-11)

Each day's theme is thoughtfully adapted for different ages — so younger explorers and older creatives each get their own artistic challenge, all under one roof. Painting, Drawing, 3D Making and Construction stations are always available, and our scheduled activities may grow and change throughout the day in response to the children's own curiosity and ideas.
