Monday 19 October – 14 December	Tuesday 20 Oct – 8 December	Wednesday 21 Oct – 9 December	Thursday 22 Oct – 10 December
Our Human Operating System 5-8yrs \$220 (8 sessions excl. Labour Day) Homeschool: Mondays 10am – 11:30am Afterschool: Mondays 3:30pm-5pm Explore the amazing engineering, chemistry and biology of the human body. Students will investigate movement, breathing, circulation, the brain and more through hands-on activities. By tracing how water, air, minerals and energy circulate between the Earth and our bodies, we will discover how humans are part of the Earth system. Join us to tackle big questions about biology, ecosystems and what truly makes us human. My Body Systems  circulatory system skeletal system nervous system respiratory system digestive system	ROBOTICS - Homeschool 8-16yrs \$248 (8 sessions) Tuesdays 10am – 12pm Robotics promotes teamwork, design & creative thinking, programming skills and perseverance. Students will work with a teammate, working together to problem solve as they create a solution to the term's new challenge. Future proof your child! ----- ROBOTICS - Foundation 8-13 yrs \$248 (8 sessions) Tuesdays 3:30pm-5:30pm A class especially for children beginning to work with robots or with limited experience. Children will work in pairs with our VEX IQ kits to problem solve as they create a solution to Term 4's challenge. Intro to programming.	Our Human Operating System 8 -13yrs \$248 (8 sessions) Homeschool: Wednesdays 10am – 12pm Afterschool: Wednesdays 3:30pm-5:30pm Explore the amazing engineering, chemistry and biology of the human body. Students will investigate movement, breathing, circulation, the brain and more through hands-on model making, electronics experiments and design challenges. By tracing how water, air, minerals and energy circulate between the Earth and our bodies, we will discover how humans are part of the Earth system. Join us to tackle big questions about biology, ecosystems & what truly makes us human. 	ROBOTICS - Experienced 8-13 yrs \$248 (8 sessions) Thursdays 3:30pm-5:30pm Robotics promotes teamwork, creative thinking, perseverance & programming skills. Students work with a teammate to problem solve and create. Using VEX IQ kits, newer students build from instructions while those who have been with us before will be encouraged to be creative in their build as they create a solution to Term 4's challenge. Coding is incorporated.

STEAM-ED Charitable Trust

671 Cameron Road, Tauranga

Ph 022 377 3209 or 07 571 0711

STEAM-ED's mission is to equip students with the skills and mindset needed to thrive in tomorrow's rapidly evolving world, through the delivery of high-quality STEAM programmes.

Our after school and home-school classes are run by an Educator and a Teaching Assistant. All staff are police vetted, and we have at least one first aid certificated at all times.

Age Groups – as specified on the flyer. These may be slightly flexible to accommodate siblings for parent's convenience.

Programme Rules:

STEAM-ED has rules, safety procedures and boundaries for all children that must be complied with:

- Treat others the way you would like to be treated.
- Respect your own and other people's belongings.
- Children must be seated when eating or drinking.
- Keep all comments positive or constructive.
- Children are not to go out of bounds without a staff member/volunteer.
- No violence, verbal or physical will be tolerated.
- Inappropriate behaviour is not tolerated and will be handled swiftly.
- Any behaviour that compromises the safety and wellbeing of the child, staff or another child will result in the child responsible being suspended immediately. No refunds will be given in this case.

· Children should not attend if they are unwell. COVID-19 will be treated like any other illness. STEAM-ED follows MOE recommendations for schools. It is personal choice whether staff and children wear face masks indoors.

FEES

Robotics classes – \$248 per term (2hr sessions for 8 weeks)

STEAM Seniors – \$248 per term (2hr sessions for 8 weeks)

STEAM Juniors – \$220 per term (1.5hr sessions for 8 weeks)

Late Pick up may result in additional charges @ \$10 per 15min.

Sibling Discounts – 25% Discount off 2nd, 3rd (or more) child's fees booked same term

Parents in Attendance

We encourage children to attend our classes independently. Should you feel that your child needs your support during class time, please discuss this with us.

Communication: Parents/Caregivers must notify STEAM-ED of any absences as soon as possible. Should you have any queries, concerns or feedback please feel free to speak with the STEAM-ED Supervisor.

Any complaints should be directed to the STEAM-ED Manager in writing. Parents may request our Complaints Procedure by emailing info@steamed.nz.

Parents/Caregivers are responsible for ensuring STEAM-ED has up to date contact and medical information through regularly reviewing the information supplied through Enrolmy.

Unauthorised Pick-Ups: Parents/Caregivers must inform the STEAM-ED staff if their child is to be collected by a person not listed on Enrolmy as authorised to do so. Staff will not release the child to a person who is not authorised until the parent/caregiver has been contacted.

Medication: If any medication needs to be administered to your child whilst they are at STEAM-ED, please see the Supervisor for the appropriate documentation.

Media: Unless you choose 'No' to photographs on Enrolmy, photos of children may be taken during the session and used as advertising on flyers & social media.

Late Bookings: If you book your child in part way through the term, you will only be charged for the sessions remaining.

Cancellations/Refunds: To cancel a booking, please contact STEAM-ED. Refunds may be made at the discretion of the STEAM-ED Manager. If for any reason

STEAM-ED cancels the programme before it starts, all students registered and paid for will be given a full refund
