3pm - 5pm extended day add-on: $15/day

Yarn Wrapped Decorations

Create your own festive decorations using colourful yarn, wrapping, winding and weaving your way around various Christmas shapes. Experiment with different colours and textures to make a unique decoration to hang on your tree or share as a handmade gift.

Christmas Stencil Splatters

Get creative with Christmas stencils, splashes and splatters! Cut out a festive shape, then have fun flicking and splattering paint to fill the space with colour. Once it's dry, add your

own finishing touches and festive details with pens to make a one-of-a-kind Christmas creation.

Tessellating Trees
Explore patterns, shapes and colour as you create a Christmas tree design with a twist! Repeat a smaller tree shape to build a larger tessellating pattern, then bring each little tree to life with watercolour, pencil and pen. Experiment with different colours and details to create a festive artwork full of pattern and personality.

Brilliant Bauble Building
Make your own colourful 3D Christmas baubles to add a handmade touch to the festive season! Decorate paper circles with patterns, colours and designs, then fold and layer them together to create a bauble that pops out in all directions. A fun way to turn simple paper shapes into something special for the Christmas tree.
