

How to book an online inspection

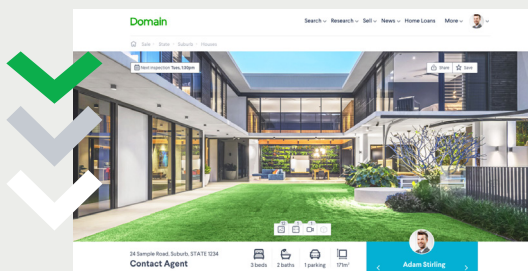

An online inspection allows property seekers to view a property they are interested in using video streaming technology. Online inspections will take place via video chat platforms such as Skype, WhatsApp, Zoom, Facetime or Google Hangouts, and are organised

by the listing agent. As with a private inspection, agents will be available to answer questions the property seekers may have about the property and can also assist them with downloading and setting up programs to allow the online inspection to take place.

To inspect a property from the comfort of home, follow these steps on Domain:

STEP

1 On the listing of your choice, scroll down to 'Inspection times'.

STEP

2 Select the 'Request online inspection' button.

Inspection times

Inspections and auctions are still happening

While open home inspections and in-person auctions are currently not permitted, you can still reach out to the agent to request a private inspection or enquire about an online auction.

Want to visit this property?

Get in touch with the agent to schedule a 1:1 private inspection.

[Request private inspection](#)

Can't inspect in person?

Contact the agent to request a personal walkthrough of the property over video call.

STEP

3 Ensure your details are up-to-date and add any further information for the agent. Then select 'Request details'.
The listing agent will be in touch to organise a video call at a time that is suitable for you.

Handy Hits

- Fill out as many details as possible like email address and phone number so the listing agent can get in contact promptly
- Advise preferred days and time for the private inspection

Ask about this property

MY ENQUIRIES

- Please advise lease period
- When is the inspection time?
- Are pets allowed?
- Is parking available?
