The Northern Territory has been very fortunate with the impact of the corona virus epidemic with no community transmission and no reported new cases for the past few months.

Pubs, clubs and restaurants were permitted to re-open across the Territory from 15 May 2020 with restricted patron numbers and on 5 July 2020 the patron number limits were removed and venues began operating under the "new norm".

Carbine Club of NT wasted no time getting its calendar of events back on track holding the annual members only Founders' Lunch a week later on Friday 12 June 2020. Members must have been missing the fellowship during the lockdown as we had the best attendance at a members only lunch for some time with 45 making the trip to Palmerston.

Our host for the day was Vice President and hotelier Justin Coleman who had arranged a private room at the Coleman Group's newest venture Landmark@Gateway. With the appropriate safety measures in place attendees enjoyed a splendid lunch accompanied by a quality wines and first class service. Great to see Founding Member Ted Bailey AM in attendance along with Life Members Andrew Bruyn and Peter Bailey.

The day provided the perfect opportunity to make acquaintance with new members Shane Dignan and Andrew South who were inducted at the 2020 Annual General Meeting. President Michael Bridge made the introductions and presented Shane and Andrew with their CC ties prior to the serious business of wining, dining and fellowship getting under way.

In keeping with tradition, complimentary busses transported attendees to and from the lunch. Fair to say the trip back to the CBD was considerably more boisterous than the outward journey – possibly due to the presence of a well-stocked esky for 20 minute journey !

Go **Alex Peroni**! 😊👍

20-year-old Tasmanian Alex Peroni has taken out third spot in the FIA Formula 3 race in Austria - it's his F3 podium debut!

It's also his first F3 race since he survived a monster crash in Italy last year, which left him with a broken back after he somersaulted through the air at 250 kilometres per hour.
