	With built-in turn signal lamps	-	S	S

S : Standard - : Not available

Standard and optional equipment availability may vary for individual markets.

* : Luggage capacity: Measured by VDA method.

** : ESP is a registered trademark of Daimler AG.

The ESP is designed to help keep the Vitara under control. However, its effectiveness depends on driving conditions and the state of the road surface.

If the tyres exceed their grip limit and the wheels start to spin or skid, it may not be fully effective.

Please note that the equipment is subject to change.
