ScreenBar® Series

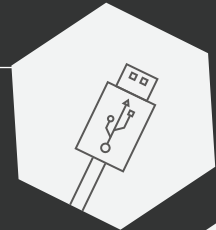

What goes best with a monitor is our BenQ ScreenBar series. It is a monitor light designed specifically for monitor use.

BenQ ScreenBar has a clip-on function that allows the lamp to sturdily attach to the top of your monitor, saving a great amount of space on your desk. It is easy to use.

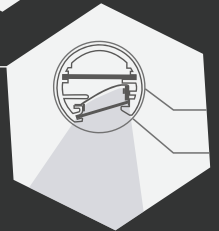

USB port

Simply plug it in to the USB port of the monitor or computer and you're good to go.

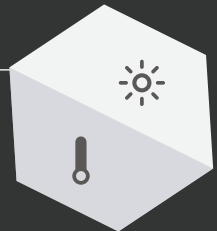

Screen Glare Free

Most importantly, the vertical design of the LED strip prevents the light from shining directly into your eyes and doesn't cause screen glare, which helps reduce eye strain.

Customizable Lighting

The smart technology provides you with various settings of brightness and color temperatures which allows you to customize your desired lighting, whether you are working or wanting to relax.

With BenQ ScreenBar Plus, the Dial gives you an elegant control of the light so you can adjust it with ease. ScreenBar Halo with a wireless controller and Back Light is the most compatible version in the series, mounting on any monitor whether flat, curved or thin, giving users an unrivaled lighting experience. Our modern BenQ ScreenBar monitor lights are the best accessories for your monitor, and you will surely have the best digital screen experience.
