

# Let us introduce you to our range

## Artisan Gelato

There's a reason the Italians shared gelato with the world (and it's not because they made too much of it). It's delicious. And our small-batch gelato and sorbet is created using quality imported Italian ingredients – and the craftsmanship to match.

**Creamy gelato and fat-free fruit sorbet.**

## Dixie Cups

You know the saying – ‘good things come in small packages’? The same goes for ice cream. And every Everest Dixie Cup is a portion-controlled tub of happiness. Which means it's a great excuse to have seconds.

**Perfect for schools, caterers, cafes and the healthcare industry.**

## Gourmet & Classic Range

Made with an artisanal eye for the finer, tastier details, it's our best-selling range for a reason. Think decadent ingredients and fruit ripples. Think a flavour experience so good a second scoop is just about guaranteed. Think about it for long enough and you might start salivating.

**Real Ice cream, sorbet, soft serve and custard.**

## Bulk

Great value doesn't have to come at the expense of great ice cream. Give your tastebuds the gold star treatment. They'll be super grateful.

**Real ice cream made with 10% milk fat.**

## Retail

Eat me now or eat me later? Your favourite ice cream flavours are now available in a take-home 500ml tub.

Dixies have been a staple since 1958, but how could we make an icon even better? Pop our best selling flavours into 120ml tubs.

**Little cups. Big smiles.**
