

EASYTRAK

EasyTrak Conveying Systems

Economical | Modular | Customised

Cost-effective, quality conveying solutions backed by Foodmach's guaranteed service and support.

In a world of lighter, more complex packaging and high speed equipment, your production line is only as fast as its conveyors.

EasyTrak conveying systems are tailored to handle:

- Any type of product – from electrical to cosmetic and automotive
- Primary containers – plastic/glass/metal
- Secondary cases – cartons/multi-packs/shrink-packs/open trays

FOODMACH

Automation | Robotics | Integration | Turnkey Projects
