

FOOD SERVICE | RETAIL | EXPORT

A close-up photograph of a hand sifting white flour over a ball of dough. The flour is captured mid-air, creating a soft, ethereal cloud. The background is a solid, vibrant blue, which makes the white flour stand out. The lighting is soft, highlighting the texture of the flour and the dough.

About

ABOUT US

With over 30 years expertise, Casa Della Pasta is a proud, passionate and leading Australian producer, of authentic and traditional hand-made style, pasta, gnocchi and pasta sauce products.

Our trusted and traditional methods, guarantee great quality and good value products. We prefer to source the majority of our finest quality ingredients locally, to bring together nutritious, delicious, classic and contemporary product offerings for our customers.

Offering a wide variety of pasta formats, fillings and sauces, Casa Della Pasta can supply frozen or fresh product and can conveniently optimize and customize product to suit our customer's preferences.

Benefits

- ✓ Broad range of products & formats
- ✓ Customised product, frozen for convenience
- ✓ Choose from pre-cooked for speed of preparation, or traditional pasteurised
- ✓ Convenient pack sizes
- ✓ Nationwide delivery*

ABOUT OUR PASTA

Superior Freezing Technology (IQF)

Freezing is the best way to preserve food without having to add any preservatives. Casa Della Pasta has chosen state-of-the-art cooking and deep-freezing technology (IQF – individual quick freeze) which keeps our products at their optimum freshness, flavour and nutrition, ensuring our customers experience our 'hand-made' quality and taste.

Benefits of freezing pasta

- ✓ Natural and free from preservatives
- ✓ Extends shelf life which reduces wastage
- ✓ Saves time without compromising quality
- ✓ Provides convenience and flexibility

This is why frozen pasta is quicker to cook and achieves a superior al dente bite in comparison too dry pasta.

Pasteurisation

Our unique and patented method of pasteurisation, which effectively steams the pasta through an industrial chamber, ensures your pasta is robust enough to withstand the rigors of the "back of house kitchen" yet still maintains the appearance of fresh home-made pasta when served to your customer.

*Nationwide delivery. Outside Capital Cities may incur additional costs.

Pre-Cooked Pasta

Casa Della Pasta can also provide pre-cooked pasta options for its busy customers. Pre-cooked pasta reduces cooking time by up to 70%, as product has already been cooked through the manufacturing process, not to mention other efficiencies such as efficient utilisation of staff and reduced energy footprint.

Our Packaging

Cases are made of quality resistant cardboard for low temperatures, labels are rich with information concerning the product and specific storage instructions for customers. Inside the case, product is protected in a freezer grade sealed bag and labelled appropriately.

Shelf Life

Shelf life for all frozen product is 12 months from date of manufacture. Fresh product shelf life is 45 days.

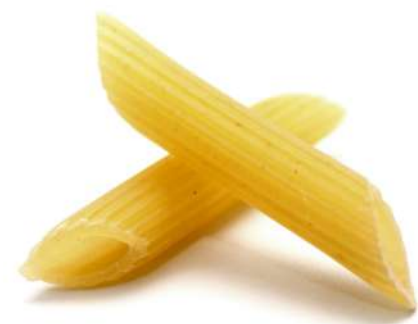

QUALITY

- 7 Chefs follows high industry food safety standards when it comes to nutrition, quality and the safety of our ingredients and products.
- The strength of our commitment to safety and quality is demonstrated by the following certifications:
 - HACCP: We operate under the HACCP (Hazard Analysis and Critical Control Points) food safety system, ensuring that our ingredients are safely transformed into high-quality and cost-effective ingredients.
 - SQF (Safe Quality Food): Our Global Food Safety Initiative (GFSI) certification, assures buyers and customers that food has been produced, processed and handled according to the highest standards.
- Retailer Approvals: We supply multiple retailers with products both under our own brands and the retailer brands, and meet the strict approval processes of the various retailers to be able to make products on their behalf.
- 7 Chefs regularly undergoes rigorous food processing audits from certified external bodies, to ensure our products are safe and importantly, so customers can have confidence when it comes to enjoying our delicious products!
