2024 PRICING

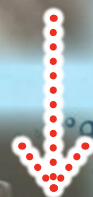

- Minimum application temp -6°C .
- Service range temperature -23°C to $+80^{\circ}\text{C}$.
- Available in 7 colours, one for each day.

**Dissolves
completely
when
immersed
in water!**

dissolvotags.com.au

Dissolves completely within
seconds when immersed in
water of any temperature!

Remember all our labels are completely biodegradable!

Dissolvo labels feature a biodegradable adhesive and will **dissolve quickly when immersed in water. Works perfectly with industrial or personal dishwashers.**

This material provides moderate adhesion that will stick to hard plastic and stainless steel, glass and other hard surfaces. Dissolvability reduces clean-up time and eliminates bacteria-harboring adhesive residue and build up.

Labels available in 7 convenient daily colours!

Important Storage:

Note: Dissolvo labels are extremely sensitive to humidity and temperature. Storage conditions should be maintained at 23° C and 50% RH (relative humidity.) Labels should remain wrapped when stored and used within six months from purchase.

FULL WEEK RANGE OF COLOURS ARE:

BLUE YELLOW RED BROWN GREEN ORANGE BLACK

USE BY: _____

Actual size: 73 mm x 44 mm

- Using these Dissolvo labels helps reduce the risk of a food borne illness outbreak resulting from cross-contamination from bacteria clinging to label adhesive.
- And because these labels completely dissolve, there's no residue left to clog your drains.
- Our labels work to minus 23°. They also work in fridge and freezers.
- Dissolvo labels meet the requirements for indirect food contact.

Video Demonstration for Dissolvo labels.
