

In 2008 we opened Luxe Bakery and our focus from the start was all about quality, consistency, service, innovation and great people. 14 years on and our values haven't changed; we are all about making it easy and hassle free for our valued customers. With online ordering and 3pm cut off for next day delivery across our whole range, we strive to make it easier to manage your daily bread and pastry requirements. Our highly skilled artisan bakers specialise in handmade sourdough and specialty yeasted breads. Our pastry chefs handcraft beautiful pastries and cakes, made daily with the freshest ingredients. At Luxe Bakery we are truly customer focused. We believe the best people provide the best customer experience.

OUR PROMISE
