# DOES Your BOSS know you're Here?

## Could this Niche headlight restoration training hand you back your freedom?

# I'm too old for this sh#t

Roger Murtaugh  
"lethal weapon"

## This was me back in December 2018.

The Account Manager for a large construction supply company on the Sunshine Coast. Humming along, Kicking Goals, smashing KPI's... I was set, for life. Then, like a smack in the head with a wet fish came these 7 soul crushing words.

### "Phil we have to let you go"

The next 6 months were hell. **No Job, No Money**, a fresh mortgage, and the worst part? after 8 years I was out of touch with "the game"  
**I was officially "too old for this sh#t"**

### That's when I saw the un-seeable.

Hundreds of cars with crappy headlights.

Suddenly they were everywhere. Roads, Carparks, Shopping Centres, gnawing at my curiosity like a dog on a bone... Until finally, I caved, and needed to know more.

### The next few months were a blur.

Research, Develop, Test - Repeat. I needed a pro system that solved this issue. Then, In August 2019 I cracked it, and launched 20twenty headlight restoration

Most people would rather... strap a raw chicken to their thigh and jump into croc infested waters than work a 40 - 60 hour week in a job they hate. or at a workplace where they **just. feel. stuck.**

or even worse, constantly worrying about job security because the management team are mouth breathers.

### Yep, I've been there.

You're experienced, capable, and still one restructure away from having to starting over. The problem isn't your job. It's will that job be there in 5, or 8 years time.

## Introducing Headlight Restoration Mastery

### Based on a process mastered in 2019

"Headlight Restoration Mastery" is the culmination of hours of process refinement on thousands of vehicle headlights, whilst solving the many challenges faced when establishing a **professional niche business.** testing, refining, and perfecting the system under Aussie conditions Hot, cold, humid, or dry - This is professional trade training designed to prepare you for paid work

## Now it's your turn to learn

- A valuable trade skill
- Where to find your best customers
- How to overcome the challenges of a niche business
- Which software ties it all together.

## Here's what we know

1 in 3 vehicles on Australian roads are driving with cloudy or yellowed headlights -

### That's 33% !

And the Alarming thing is... Every New vehicle sold today will lose headlight clarity within 3 - 5 years... A Crazy Statistic !

*A growing, repeat-demand service market...*

you can tap straight into with our proven trade skills and niche business training.

- 💡 Maybe you've never owned a business before... Craving a better Work/ Life Balance.
- 💡 Love your current job, but feeling like you're "Spinning your wheels" right now.
- 💡 Or maybe building a team of your own is more your style.

*Whatever your situation - HRM on-line training can help you get there.*
