# Real People Real Success

Don't just take our word for it, hear from tradespeople who've successfully transitioned into business owners with Get Handy:

## Poppy

Had the best day today at the beginner's Get Handy workshop. Anna's extensive knowledge of the trade and calming nature was the perfect criteria for a trainer. I went along with a friend and learnt so much in one day! My hat goes off to Penny, Anna and their team for making these multiple workshops available.

## Chel

This was a great experience. I have come away feeling much more confident in my skills and ready for the next course.

## Leanne

A wonderful and supportive environment to learn those skills you'd always wondered about - I'm no longer scared of the drill!

## Jodie Slater

This one day workshop was perfect for me. I have come away feeling a lot more confident and ready to tackle some jobs I have been putting off. The instructors were very knowledgeable, the instruction level was neither too low nor too high and I got a lot out of the day. Group size of ten was perfect.
