FRANCHISEE TESTIMONIALS

Shane Doyle, Poolwerx Bendigo – Retail & mobile

What I love about being part of the Poolwerx brand is being a franchise partner. And 'partner' is the keyword in that. All of our other franchisees are partners in our business who can coach us and work with us...it is a big family. We're not here on our own.

Melinda & Matthew Wyper, Poolwerx Mill Park – Mobile

We found Poolwerx was the easy choice for us because its values were aligned with our values. It was family orientated, it was quality first, it was people first and that's what attracted us to the brand.

Malcolm Price, Poolwerx Upper North Shore – Multi-store & mobile

The support structure at head office is deep. All the tools are there to succeed – whether it's technical support, marketing support or HR support as you expand your team. Ultimately, what you actually get is security of inventory and security of service.

Owning a franchise with Poolwerx means you have a support team helping you every step of the way. From technical experts, HR to marketing, we're here to help you achieve your business goals.

SUPPORT GROWS SUCCESS

Starting your own business is a big step. However, by investing in a franchise, you have support across crucial areas of your business that can impact success.

SUPPORT

- Behind your business is an experienced team dedicated to growing and supporting you. This extends beyond the financials, with the franchisor team assisting in all areas.
- At Poolwerx, we started our Poolwerx Welfare Fund to support our network in their time of need including floods, sickness and personal problems.

TRAINING

- Your franchisor understands your business and the market. That's why training is provided upfront - a great opportunity for anyone changing careers.
- Ongoing training is provided. At Poolwerx, we conduct training every year. We call this 'Development Season' and it helps keep our network competitive.

BRANDING

- Working with a well-known brand means that a lot of the hard work is already done for you. You'll also have access to various marketing opportunities through national, regional and local campaigns.

MARKETING

- As part of your franchise fees, you'll contribute to a national marketing fund. This fund is used to promote brand awareness, run promotions and inform your clients. It's one less thing you need to worry about as the marketing team executes it all for you.

HUMAN RESOURCES

- Recruitment, understanding legislation, regulating employment contracts and staffing are key concerns for any business. That's where the franchisor's HR team can support you with recruitment campaign assistance, navigating legislation and expert advice with HR challenges.

HOW WE GROW YOUR BUSINESS AND YOUR VISIBILITY

When starting your business with Poolwerx, you'll have access to our award-winning marketing team to support you through all aspects of promotion, from opening, seasonal sales, national marketing campaigns and local area marketing. As Australia's largest established pool service brand, we have the tools to ensure our brand is ahead of the competition.
