

PFS – Trusted Experts in Project Delivery

Precise Fitout Solutions (PFS) delivers end-to-end project solutions with expertise, precision, and a client-first approach.

Our fully integrated, in-house capabilities include interior design, construction documentation, compliance consulting, and complete supply and trade management ensuring seamless delivery across every stage of the project lifecycle.

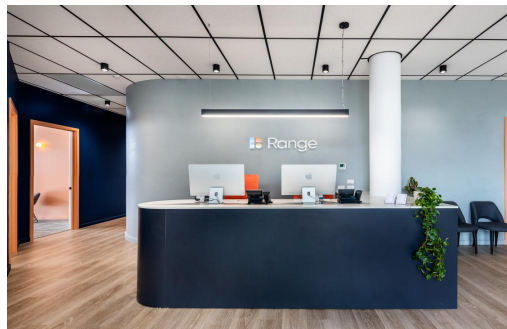

Supported by a highly skilled internal carpentry team, PFS is equipped to manage everything from demolition through to the construction of complex interior structural fit outs.

With over 30 years of industry experience, we are fully licensed and insured, providing our clients with certainty, quality, and reliability from concept to completion.

PFS is a commercial interior design and structural fit out company specialising in building: Medicinal Cannabis Dispensaries, Pharmacy, health retail Outlets, Medical /Allied Health Centres, Retail, Hospitality and Offices.

Mark Garbelotto is the Managing Director of Precise Fitout Solutions and a registered Interior Designer and Commercial Builder with the Building and Plumbing Commission.

He specialises in high-quality interior fitouts across a range of sectors, including medicinal cannabis dispensaries, pharmacies, medical centres, offices, retail, and hospitality environments.

With a strong focus on precision and performance, Mark leads his team with a commitment to delivering exceptional outcomes—on time and on budget. His hands-on approach and attention to detail provide clients with confidence and peace of mind throughout every stage of the fitout process, from initial planning through to final delivery.

Mark Garbelotto and the team at Precise Fitout Solutions are enthusiastic about the opportunity to collaborate and deliver your project.

Our commitment to quality, precision, and attention to detail ensures outcomes that align seamlessly with your vision, budget, and timeline.
