I joined **Senior Helpers** in May 2023. Coming from a background in Robotics and Mechatronics Engineering, I wanted to start my own business in a field where I could make a significant difference in people's lives. I found the **Senior Helpers franchise** to be a great opportunity.

One of the standout features of the Senior Helpers franchise is the access to knowledge and support from both the head office and fellow franchisees. Jonathan and Kylie are exceptional in their support for franchisees. The strong network among all Senior Helpers locations fosters a welcoming environment, enabling you to gain knowledge and experience in the field quickly.
