

Grow Your Church Through Visitors

Lesson Two: Appoint a Visitors Director

Appointing a Visitors Director is an important initial step that will focus your church

God Uses People Before Systems

The first thing is not to create a system or structure but to find a person. God uses people before he uses systems.

1. Create a position in your structure for a Visitors Director.

Consider this position to be as important as your Children's Director and your Worship Director.

2. Begin to pray for the best person to fill that role.
3. If your church is under 80 people in attendance, I recommend that the pastor become the first Visitors Director. Then as your church grows or when another appropriate person is trained the role can be filled by someone else.
4. The primary requisites for a Visitors Director is the:
 - a. ability to be organised
 - b. aptitude to be friendly

What is the Specific Role of a New People's Director?

Primarily it's to take everything in this course and action it.

While I'm not a big believer in job profiles because they are rarely looked at after the initial discussion.

I am a fan of simple goal regimes that help people achieve agreed outcomes.

Set up a simple goal regime with your Visitors Director that is based on our Checklist and have regular meetings with them to help them achieve those agreed outcomes.
