

# 3 Ways to Conduct a Weekend Service Evaluation Meeting

## The Win

Anything you evaluate you can celebrate and improve.

## The Key

Focus more on what worked than what didn't work

## Face to face

Start with what worked then what can we improve.

What worked: what was God up to, feedback from others, what happened in your heart

What could we improve: limit the number of focal points, sometimes rate aspects of the meeting (worship, offering, announcements, parking, kids, ushers and so on), how can we move from 5 to 6, not 5 to 9

What's coming up this week?

What about Sunday week?
