

# Dredging the Gold Coast waterways

Sustain. Enhance. Promote.

[www.gcwa.qld.gov.au](http://www.gcwa.qld.gov.au) | Find us on 

Our waterways are vital for our city's economic prosperity and social well-being. An important part of our role is maintaining safe navigational access. In the four years since our establishment, we've invested \$8.5million dredging 10 channels in:

-  *The Broadwater*
-  *Tipplers Passage*
-  *Biggera Creek*
-  *Labrador Channel*
-  *Cabbage Tree Point*
-  *Jacobs Well*
-  *Coomera River*
-  *Canaipa Passage*

More dredging is planned for completion in the next four years. We'll be investing over \$7.5million in these waterways:

- Canaipa Passage*
- Coomera River*
- Eastern Channels*
- Main Channel South*
- Nerang River*
- North Channel*
- South Channel*
- South Wavebreak Island Channel*
- Tipplers Passage*

*Keeping our waterways open for everyone*
