10197NAT Certificate IV in Acting for Stage and Screen

This course is for those wanting to explore the craft of professional acting at an in-depth level. You'll learn all the important skills you need to get started in professional acting: how to audition, how to make industry contacts, how to create memorable characters, how to act for the camera, how to act on stage, and more. You'll also develop your voice and your body for the rigours of acting through our specialist voice and movement training.

CUA40513 Certificate IV in Musical Theatre

Love singing, dancing and acting? In this course you'll do all three. This program is for students looking to develop their skill set as triple threat performers with a view to industry. Plus - we take you to New York or London (depending on the year) as part of the course! There you'll meet high level professional performers and get to work with West End or Broadway coaches to accelerate your training, as well as seeing some fantastic musical theatre live on stage.

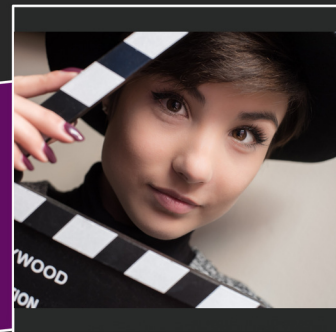

10295NAT Advanced Diploma of Performance

Once you've completed a Certificate, you can move on to the Advanced Diploma! In this course we increase your capacity as a professional actor. You'll work hard exploring a range of theatrical and cinematic genres, gain more confidence in front of a camera, and not only will you walk away with the confidence to enter the industry, you'll also have a range of auxiliary skills such as voiceover artistry, stage combat, and TV presenting.

The Thrive Program - Years 7-12

Want to get your training started as soon as possible? You can - if you join our Thrive Program. It's a specialist performing arts program where you spend five days a week with Perform Australia (yes, in school hours!). We're taking applications now for Year 11 in 2020. Complete our Certificate IV in Acting for Stage and Screen and the Advanced Diploma, as well as your academic studies (e.g. Maths, English, Science). This is an opportunity not to be missed!
