ADMISSION PATHWAYS TO ECU

We believe everyone should have the opportunity to access a university education. That's why we've created a range of entry options.

The admission process can vary, based on whether you're in Year 12, your educational qualifications, whether you're a domestic or international student and the course for which you are applying.

To find out which process applies to you, visit ecuworldready.com.au/entry

Please note there are minimum admission requirements to enter ECU courses, and some courses also have additional prerequisites and/or special admission requirements.

Please refer to ecuworldready.com.au for the admission requirements of your course.

We recommend you contact us for a personal consultation about your options with one of our experienced Future Students staff.

Please refer to the back of this brochure for a range of contact options.

CURRENT YEAR 12 STUDENTS - ENTRY REQUIREMENTS

- If you have an ATAR, or you're aiming to have one at the end of the year, you may meet our entry requirements for an undergraduate course. All current Year 12 applicants applying with an ATAR must achieve WACE and meet English competency.
- If your ATAR doesn't meet entry requirements for the course you've chosen, you have some options:
 - If you've attended a school on our ECU Access eligible schools list, your selection rank may be adjusted upwards and you may meet entry requirements for an undergraduate course. Please search ECU Access List at www.ecu.edu.au for more information.
 - Alternatively, you may apply for consideration via our Experience Based Entry Scheme.
 - Or, you can search for another course with a lower ATAR requirement.
 - Or you may be eligible for our UniPrep course which we recommend you include as a preference on your application.
- If you've completed a Diploma or an Advanced Diploma, you may meet our entry requirements for an undergraduate course. You may also be eligible for recognition of prior learning. We call this advanced standing.
- If you've completed a Certificate IV & ATAR English you may meet our entry requirements for an undergraduate course.
- If you've completed a Certificate IV & received an A in General English, you are required to submit Experience Based Entry Scheme documents with your application to be eligible for an undergraduate course.
- If you've completed a Certificate III, you may be eligible for one of our UniPrep courses. We will also ask you to satisfy English competency.
- If you have no ATAR or VET qualifications, but you've achieved WACE and meet English competency you will be eligible to apply for our UniPrep Course.
- If you are a current Year 12 student and will obtain an ATAR, please apply through TISC.
- For current Year 12 students who will not obtain an ATAR, please apply directly to ECU.

ECU's Experience Based Entry Scheme assesses an applicant on a variety of measures including academic history, relevant experience including work and life skills.

- you satisfy any prerequisites for the course you want to apply for

If you are a current Year 12 ATAR student seeking admission for Semester 1, please submit your course application via TISC.

If you don't have an ATAR, but satisfy English competency, please submit your application and documentation using our online admission system.

As an applicant, you are asked to provide:

- Your academic records
