Application and cashflow guidance

General guidance

QRIDA has Regional Area Managers based in Brisbane, Bundaberg, Cloncurry, Emerald, Innisfail, Kingaroy, Mackay, Rockhampton, Roma, Toowoomba and Townsville who can assist you with any questions. To speak to your local Regional Area Manager, please contact QRIDA on **Freecall 1800 623 946**.

Please complete each section in the application form and forward it to QRIDA with the required attachments (listed on page 7). Incomplete applications or missing attachments are likely to cause delays in assessing your application and may result in the application being declined.

Cashflow guidance

The cashflow forms should be completed by those who understand the business best. This is usually the owners and operators of the business. Your Accountant or Financial Advisor may be able to assist, if needed.

A projected cashflow, in which you estimate as accurately as you can the income and expenses for a current/future period, is probably the most important tool your business can have. You should base your projections on your historical results (past financials) and your knowledge of what might be different this year and the following year. The ability to check your actual results with what you expected will assist you to make critical decisions about your business.

QRIDA requires a monthly cashflow for the current year, plus the next full financial year. Microsoft Excel versions of the cashflow form are available to download from the QRIDA website, www.qrida.qld.gov.au. If you utilise the Excel cashflow, the totals will automatically calculate and you may find it is easier to complete. If you have your own computer prepared cashflows, please feel free to send them instead.

Completing a cashflow

The steps below outline how to complete a QRIDA application cashflow:

1. Fill in your name and QRIDA Client Identification Number (if known) at the top of the form and complete the relevant year.
2. Income
 - Refer to your past financials for suitable headings or use those shown as a guide. Please note that livestock/stock sales are shown (not the profit), with purchases shown in the purchases section of the form. These monthly figures should agree with the total sales shown in Section 9 (page 4-5) of your application form.
 - All income should be shown, including personal wages, interest and dividends from investments, rents from properties, any other personal income, government assistance and all business income. Use your historical records to estimate when income will be received, but adjust for your knowledge of any changes to sales patterns or income receipts. Do not include the QRIDA loan amount you are applying for.
3. Expenses
 - Again you should refer to your past financials for suitable headings for your business. Please use the headings shown as a basic guide. These will also assist you with the timing of payments. Do not include non-cash items such as Depreciation or Bad Debts in your cashflow.
4. Purchases
 - Here you should include all your livestock/stock purchases in the months when you expect to pay for them. These figures should agree with the total purchases shown in Section 9 (page 4-5) of your application form. Capital purchases would include major items such as vehicles or equipment (the cash amount paid excluding lease/HP etc), major renovations or improvements, new fences, irrigation equipment etc. Please make a note of the type of capital purchase. Include in this section the costs to restore your business from Section 5 (page 2-3).
5. Other Expenses
 - Here you would list all of your:
 - lease, hire purchase or chattel mortgage payments - interest on overdraft or similar type of non reducing facility, and
 - total repayments on term loans, personal loans, private loans, housing loans and credit cards.You also need to record your personal drawings, medical contributions and payments, education expenses for yourselves or dependants and life insurance payments.
6. Surplus or (Deficit)
 - This total will be automatically calculated if you are using the Microsoft Excel version of this form from the QRIDA website. If you are completing the form manually, please calculate the difference between Income and Expenses. If income is greater, you have made a surplus or profit. If Expenses are greater, you have made a (deficit) or loss.
7. Opening and Closing Bank Balances.
 - If completing the cash flow for the current year, the opening bank balance of your overdraft or operating account for July should be taken from your bank statement and adjusted if necessary for outstanding cheques. If completing the cash flow for the following or subsequent years, the opening bank balance will be the closing bank balance from the previous year's cash flow which you have completed.

The purpose of this calculation is to provide an estimate of your bank balance (the closing balance) at the end of each month, and indicate your peak debt or credit. The closing balance is calculated by adding the opening balance to the monthly surplus or (deficit), which then becomes the opening balance for the next month.

How QRIDA will determine your borrowing needs:

The level of assistance for which you may be eligible will be determined by:

1. Establishing from your cashflow budgets accompanying this application the anticipated Peak Closing Debit Balance of your working account over the next 12 months.
2. Deducting from that figure any available cash contribution and/or drawdown of undrawn lines of credit, (excluding your overdraft limit) to be applied toward your post disaster working capital needs.
3. Then deducting your full overdraft limit (if any).

Sample calculation of needs using the sample cashflow budget	Example one	Example two
Funding	Amount	Amount
Peak closing bank balance shown on cashflow projection	\$261,000	\$261,000
Less your contribution - cash or investments	nil	\$30,000
Less overdraft limit	\$200,000	\$200,000
Indicated cashflow shortfall	\$61,000	\$31,000
